Under the Global Medium Term Note Programme (the "**Programme**") described in this Base Prospectus, each of Citigroup Inc., Citigroup Global Markets Holdings Inc. ("**CGMHI**") and Citigroup Global Markets Funding Luxembourg S.C.A. ("**CGMFL**" and, together with Citigroup Inc. and CGMHI, the "**Issuers**" and each an "**Issuer**") may from time to time issue Notes, in each case subject to compliance with all relevant laws, regulations and directives. References herein to the Issuer shall be construed as whichever of Citigroup Inc., CGMHI or CGMFL is the issuer or proposed issuer of the relevant Notes. The aggregate principal amount of securities outstanding under the Programme will not at any time exceed U.S.\$30,000,000,000 (or the equivalent in other currencies), subject to any increase or decrease described herein.

The payment and delivery of all amounts due in respect of Notes issued by CGMHI will be unconditionally and irrevocably guaranteed by Citigroup Inc. (in such capacity, the "**CGMHI Guarantor**") pursuant to a deed of guarantee dated 21 December 2015 (such deed of guarantee as amended and/or supplemented and/or replaced from time to time, the "**CGMHI Deed of Guarantee**") executed by the CGMHI Guarantor.

The payment of all amounts due in respect of Notes issued by CGMFL will be unconditionally and irrevocably guaranteed by Citigroup Global Markets Limited ("**CGML**") (in such capacity, the "**CGMFL Guarantor**" and, together with the CGMHI Guarantor, the "**Guarantors**") pursuant to a deed of guarantee dated 21 December 2015 (such deed of guarantee as amended and/or supplemented and/or replaced from time to time, the "**CGMFL Deed of Guarantee**" and, together with the CGMHI Deed of Guarantee, the "**Deeds of Guarantee**") executed by the CGMFL Guarantor. References in this Base Prospectus to "the Guarantor" and "the Deed of Guarantee" shall be to, where the Notes are issued

Notes issued by Citigroup Inc. will not be guaranteed by any entity.

Each Issuer, the CGMHI Guarantor and the CGMFL Guarantor has a right of substitution as set out in the Terms and Conditions of the Notes set out herein.

Notes may be issued on a continuing basis to Citigroup Global Markets Limited and/or Citigroup Global Markets Inc. and/or any additional dealer appointed under the Programme from time to time by the Issuers (each a "**Dealer**" and together the "**Dealers**") which appointment may be for a specific issue or on an ongoing basis. In relation to each issue of Notes, the Dealer(s) will be specified in the applicable Issue Terms (as defined below). However, each Issuer reserves the right to sell Notes directly on its own behalf to other entities and to offer Notes in specified jurisdictions directly to the public through distributors, in accordance with all applicable rules and regulations. Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the Issuer or the relevant Dealer. Notes may also be sold by the Issuer through the Dealer(s), acting as agent of the Issuer.

Pursuant to this Base Prospectus, Notes may be issued whose return (in respect of any interest payable on such Notes) is linked to one or more inflation indices ("**Inflation Rate Notes**") or one or more rates ("**Rate Linked Notes**") or the credit of a reference entity ("**Credit Linked Interest Notes**"), together, "**Underlying Linked Notes**", as more fully described herein.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the relevant Terms and Conditions set out herein, in which event, if the Issuer is Citigroup Inc., a supplement to the Citigroup Inc. Base Prospectus (as defined below) or, if the Issuer is CGMHI, a supplement to the CGMHI Base Prospectus (as defined below) or, if the Issuer is CGMFL, a supplement to the CGMFL Base Prospectus (as defined below), if appropriate, which describes the effect of the agreement reached in relation to such Notes, will be made available.

Each of the Citigroup Inc. Base Prospectus, the CGMHI Base Prospectus and the CGMFL Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**"), as competent authority (the "**Competent Authority**") under the Prospectus Directive. For the purpose of this Base Prospectus, "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measures in a relevant Member State of the European Economic Area. The Central Bank only approves the Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. An electronic copy of this Base Prospectus will be published on the Central Bank's website at www.centralbank.ie. Such approval relates only to Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2004/39/EC (the "**Markets in Financial Instruments Directive**") or which are to be offered to the public in any Member State of the European Economic Area. However, there can be no assurance that such applications will be approved or that, if approved, any such approval will be given within a specified timeframe. Application will be made to the Irish Stock Exchange plc (the "**Irish Stock Exchange**") for the Notes issued during the period of twelve months after the date of this Base Prospectus to be admitted to the official list (the "**Official List**") and to trading on its regulated market. Application may be made for the Notes issued by Citigroup Inc. to be listed on the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange. Application may be made for the Notes to be listed on the London Stock Exchange and admitted to trading on the regulated market of the London Stock Exchange and for any Notes issued under the Programme to be listed on the Italian Stock Exchange and admitted to trading on the electronic "Bond Market" organised and managed by Borsa Italiana S.p.A. (the "**MoT**") or any other relevant market organised and managed by Borsa Italiana S.p.A., but there can be no assurance that any such listing will occur on or prior to the date of issue of any Notes, as the case may be, or at all. Application may be made for the Notes to be listed on the official list of the Frankfurt Stock Exchange (Börse Frankfurt AG) and admitted to trading on the regulated market of the Frankfurt Stock Exchange (Börse Frankfurt AG) but there can be no assurance that any such listing will occur on or prior to the date of issue of any

Notes, as the case may be, or at all. Application may be made for the Notes to be listed to the official list and admitted to trading on the Open Market (Regulated Unofficial Market) (Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG) but there can be no assurance that any such listing will occur on or prior to the date of issue of any Notes, as the case may be, or at all. The Central Bank may, at the request of the Issuer, send to a competent authority of another Member State of the European Economic Area (i) a copy of this Base Prospectus, (ii) a certificate of approval pursuant to Article 18 of the Prospectus Directive attesting that this Base Prospectus has been drawn up in accordance with the Prospectus Directive and (iii) if so required by the relevant Member State, a translation of the Summary set out herein.

The requirement to publish a prospectus under the Prospectus Directive only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)). References in this Base Prospectus to "**Exempt Notes**" are to Notes for which no prospectus is required to be published under the Prospectus Directive. The Central Bank has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.

Notes are issued in Series and each Series may comprise one or more Tranches of Notes. Each Tranche is the subject of a Final Terms document (the Final Terms and reference to the "**applicable Final Terms**" shall be construed accordingly) or, in the case of Exempt Notes, a pricing supplement (the "**Pricing Supplement**" and references to the "**applicable Pricing Supplement**" shall be construed accordingly) which, in the case of the Final Terms, completes or, (in the case of Exempt Notes) completes, modifies and/or supplements the General Conditions and the applicable Schedule(s). In the event of any inconsistency between (i) the General Conditions and the applicable Schedule(s) and (ii) the applicable Issue Terms, the applicable Issue Terms (as defined below) shall prevail.

As used herein, "**Issue Terms**" means either (i) where the Notes are not Exempt Notes, the applicable Final Terms or (ii) where the Notes are Exempt Notes, the applicable Pricing Supplement, and references should be construed accordingly.

References in this Base Prospectus to Notes being listed (and all related references) shall mean that such Notes are intended to be admitted to trading on the Irish Stock Exchange's regulated market and are intended to be listed on the Official List of the Irish Stock Exchange and/or listed on the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange and/or listed on the London Stock Exchange and admitted to trading on the regulated market of the London Stock Exchange and/or listed on the Italian Stock Exchange and admitted to trading on the MoT or on any other relevant market organised and managed by Borsa Italiana S.p.A. and/or listed on the Frankfurt Stock Exchange (Börse Frankfurt AG) and admitted to trading on the regulated market of the Frankfurt Stock Exchange (Börse Frankfurt AG) and/or listed on the Frankfurt Stock Exchange (Börse Frankfurt AG) and/or admitted to trading on the Open Market (Regulated Unofficial Market) (Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG). As specified in the applicable Final Terms, an issue of Notes may or may not be listed or admitted to trading, as the case may be, on the Irish Stock Exchange, the Luxembourg Stock Exchange, the Italian Stock Exchange, the Frankfurt Stock Exchange and/or any other regulated market for the purpose of the Markets in Financial Instruments Directive as may be agreed between the Issuer and the relevant Dealer. As specified in the applicable Pricing Supplement, an issue of Notes may or may not be listed or admitted to trading, as the case may be, on the Global Exchange Market (as defined below) and/or any other stock exchange or market that is not a regulated market for the purpose of the Markets in Financial Instruments Directive as may be agreed between the Issuer and the relevant Dealer.

Application has been made to the Irish Stock Exchange for the approval of the Citigroup Inc. Base Prospectus, the CGMHI Base Prospectus and the CGMFL Base Prospectus as Base Listing Particulars (the "**Citigroup Inc. Base Listing Particulars**", the "**CGMHI Base Listing Particulars**", and the "**CGMFL Base Listing Particulars**", respectively, and together, the "**Base Listing Particulars**"). Application will be made to the Irish Stock Exchange for Notes issued during the 12 months from the date of the Base Listing Particulars to be admitted to the Official List and to trading on the global

exchange market (the "**Global Exchange Market**") which is the exchange regulated market of the Irish Stock Exchange. The Global Exchange Market is not a regulated market for the purposes of the Markets in Financial Instruments Directive. Save where expressly provided or the context otherwise requires, where Notes are to be admitted to trading on the Global Exchange Market references herein to "**Base Prospectus**", "**Citigroup Inc. Base Prospectus**", "**CGMHI Base Prospectus**" and "**CGMFL Base Prospectus**" shall be construed to be to "**Base Listing Particulars**", "**Citigroup Inc. Listing Particulars**", "**CGMHI Listing Particulars**" and "**CGMFL Listing Particulars**", respectively.

Arthur Cox Listing Services Limited is acting solely in its capacity as Irish listing agent for the Issuer in connection with the Notes and is not itself seeking admission of the Notes to the official list or to trading on the Main Securities Market of the Irish Stock Exchange for the purposes of the Prospectus Directive or the Global Exchange Market of the Irish Stock Exchange.

The Issue Terms will specify with respect to the issue of Notes to which it relates, *inter alia*, the specific designation of the Notes, the aggregate principal amount and type of the Notes, the date of issue of the Notes, the issue price, the relevant interest provisions (if any), and the redemption amount of the Notes and, as relevant, the underlying inflation index or rate (each an "**Underlying**") to which the Notes relate and certain other terms relating to the offering and sale of such Notes. The applicable Final Terms completes the Terms and Conditions of the relevant Notes. The applicable Pricing Supplement supplements the Terms and Conditions of the relevant Notes and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Terms and Conditions of the relevant Notes, supplement, replace and/or modify such Terms and Conditions. In respect of Notes to be listed on the Irish Stock Exchange, the applicable Issue Terms will be delivered to the Irish Stock Exchange on or before the date of issue of the Notes of that Tranche. The issue price and amount of the Notes of any Tranche will be determined by the Issuer and the relevant Dealer(s) at the time of the issue of such Tranche in accordance with prevailing market conditions.

AN ISSUE OF NOTES MAY BE OF A SPECIALIST NATURE AND SHOULD ONLY BE BOUGHT AND TRADED BY INVESTORS WHO ARE PARTICULARLY KNOWLEDGEABLE IN INVESTMENT MATTERS. PROSPECTIVE PURCHASERS OF NOTES SHOULD ENSURE THAT THEY UNDERSTAND THE NATURE OF THE RELEVANT NOTES AND THE EXTENT OF THEIR EXPOSURE TO RISKS AND THAT THEY CONSIDER THE SUITABILITY OF THE RELEVANT NOTES AS AN INVESTMENT IN LIGHT OF THEIR OWN CIRCUMSTANCES AND FINANCIAL CONDITION. IT IS THE RESPONSIBILITY OF PROSPECTIVE PURCHASERS TO ENSURE THAT THEY HAVE SUFFICIENT KNOWLEDGE, EXPERIENCE AND PROFESSIONAL ADVICE TO MAKE THEIR OWN LEGAL, FINANCIAL, TAX, ACCOUNTING AND OTHER BUSINESS EVALUATION OF THE MERITS AND RISKS OF INVESTING IN THE NOTES AND ARE NOT RELYING ON THE ADVICE OF THE ISSUER, THE GUARANTOR (IF APPLICABLE) OR ANY DEALER IN THIS REGARD. NOTES MAY INVOLVE A HIGH DEGREE OF RISK, INCLUDING THE PRINCIPAL NOT BEING PROTECTED. POTENTIAL INVESTORS MAY SUSTAIN A LOSS OF ALL OR PART OF THEIR INVESTMENT IN THE NOTES. SEE "RISK FACTORS**" SET OUT HEREIN.**

The terms and conditions of the Notes will be as set out in "*Terms and Conditions of the Notes*" and in the relevant Schedule(s) thereto.

Prospective investors should note that the Events of Default in respect of the CGMHI Guarantor are limited to the events stated in Conditions 9(a)(i) and 9(a)(ii) of the General Conditions of the Notes relating to default in payment of principal or interest in respect of the Notes but will not include the insolvency or bankruptcy of the CGMHI Guarantor (or any similar event), any other default of the CGMHI Guarantor or the CGMHI Deed of Guarantee not being (or being claimed not to be) in full force and effect. Therefore, even though the CGMHI Guarantor may be declared insolvent or have entered into bankruptcy proceedings or disclaimed the CGMHI Deed of Guarantee, holders of Notes issued by CGMHI will not be able to trigger an Event of Default under the Notes and thus will not be able to cause the Notes to be immediately due and payable, and the Notes will not redeem until maturity (unless there has been an Event of Default due to non-payment of interest or principal or bankruptcy or

other default of CGMHI in the meantime). It is possible that holders may receive a lower return at maturity than if they were able to accelerate the Notes for immediate repayment in such circumstances.

In respect of public offers of Notes in Belgium, the Issuer could be required to comply with the provisions of the Belgian Code of Economic Law, especially the provisions on unfair terms in the application of the terms and conditions as set out in the Base Prospectus and the relevant Issue Terms relating to such Securities in Belgium, insofar as these provisions are applicable.

("**Clearstream, Luxembourg**") or the Depository Trust Company ("**DTC**"), as the case may be, will be represented by a global Registered Note Certificate (a "**Global Registered Note Certificate**") registered in the name of a nominee for either Euroclear and Clearstream, Luxembourg or DTC, as the case may be, and the Global Registered Note Certificate will be delivered to the appropriate depository, common safekeeper or custodian, as the case may be. Interests in a Global Registered Note Certificate will be exchangeable for definitive Registered Note Certificates as described under "*Form of the Notes*" set out herein.

The Notes may not be offered or sold to, or acquired by, any person that is, or whose purchase and holding of the Notes is made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (ERISA), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the Code) or an employee benefit plan or plan subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.

See General Condition 19 (*Agreement and acknowledgement with respect to the exercise of the bail-in power in respect of New York Law Notes issued by CGMFL*) of the Terms And Conditions of the Notes and also the risk factor "*Risks relating to the exercise of any bail-in power by the relevant resolution authority in respect of New York Law Notes issued by CGMFL and Noteholder agreement to be bound thereby*".

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES

Restrictions on Non-exempt Offers of Notes in Relevant Member States

Certain Tranches of Notes with a denomination of less than EUR100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a Non-exempt Offer. This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Notes. However, any person making or intending to make a Non-exempt Offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)*" and the conditions attached to that consent are complied with by the person making the Non-exempt Offer of such Notes.

Save as provided above, none of the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI), the CGMFL Guarantor (where the Issuer is CGMFL) and the Dealers have authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI), the CGMFL Guarantor (where the Issuer is CGMFL) or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)

In the context of a Non-exempt Offer of such Notes, the Issuer and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) accept responsibility, in the jurisdictions to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus under Article 6 of the Prospectus Directive in relation to any person (an "**Investor**") who acquires any Notes in a Non-exempt Offer made by any person to whom the Issuer has given consent to the use of this Base Prospectus (an "**Authorised Offeror**") in that connection, provided that the conditions attached to that consent are complied with by the Authorised Offeror. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) and any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) and any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Save as provided below, none of the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) and any Dealer has authorised the making of any Non-exempt Offer by any offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Notes. Any Non-exempt Offer made without the consent of the Issuer is unauthorised and none of the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) and any Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer.

If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Non-exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

Any financial intermediary who is an Authorised Offeror falling within (b) above who meets all of the conditions set out in (b) and the other conditions stated in "*Common Conditions to Consent*" below and who wishes to use this Base Prospectus in connection with a Non-exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website the statement (duly completed) specified at paragraph (b)(ii) above.

- (iii) the consent is subject to any other conditions set out in Part B of the applicable Final Terms.

The only Relevant Member States which may, in respect of any Tranche of Notes, be specified in the applicable Final Terms (if any Relevant Member States are so specified) as indicated in (ii) above, will be Austria, Belgium, Cyprus, Denmark, Finland, The Netherlands, France, Germany, Greece, Hungary, Ireland, Italy, Luxembourg (in the case of Citigroup Inc.), Norway, Poland, the United Kingdom, Portugal, Spain, Sweden and/or the Czech Republic, and accordingly each Tranche of Notes may only be offered to Investors as part of a Non-exempt Offer in Austria, Belgium, Cyprus, Denmark, Finland, The Netherlands, France, Germany, Greece, Hungary, Ireland, Italy, Luxembourg (in the case of Citigroup Inc.), Norway, Poland, the United Kingdom, Portugal, Spain, Sweden and/or the Czech Republic, as specified in the applicable Final Terms, or otherwise in circumstances in which no obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. SECTION A – SUMMARY

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for Notes, the Issuer and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL). Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities, issuer and guarantor, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.

SECTION B – RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer and, where CGMHI is the Issuer, the CGMHI Guarantor or where CGMFL is the Issuer, the CGMFL Guarantor may become insolvent or otherwise be unable to satisfy their obligations in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer and, where CGMHI is the Issuer, the CGMHI Guarantor or where CGMFL is the Issuer, the CGMFL Guarantor becoming unable to satisfy their obligations in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and, where CGMHI is the Issuer, the CGMHI Guarantor or, where CGMFL is the Issuer, the CGMFL Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and, where CGMHI is the Issuer, the CGMHI Guarantor's or, where CGMFL is the Issuer, the CGMFL Guarantor's control. The Issuer and, where CGMHI is the Issuer, the CGMHI Guarantor or, where CGMFL is the Issuer, the CGMFL Guarantor have identified in this Base Prospectus a number of factors which could materially adversely affect their businesses and ability to make payments due under, or to deliver assets on or in connection with, the Notes.

Each of the risks highlighted below could adversely affect the trading price of the Notes and, as a result, investors could lose some or all of their investment.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under this Base Prospectus are also described below.

Prospective investors must read the detailed information set out elsewhere in this Base Prospectus including any documents incorporated by reference herein and reach their own views prior to making any investment decision.

RISKS RELATING TO CITIGROUP INC., CGMHI, THE CGMHI GUARANTOR, CGMFL AND THE CGMFL GUARANTOR

Set out below are certain risk factors which could have a material adverse effect on the business, operations, financial condition or prospects of one or more of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and/or the CGMFL Guarantor and cause one or more of Citigroup Inc.'s, CGMHI's, the CGMHI Guarantor's, CGMFL's and/or the CGMFL Guarantor's future results to be materially different from expected results. Citigroup Inc.'s, CGMHI's, the CGMHI Guarantor's, CGMFL's and/or the CGMFL Guarantor's results could also be affected by competition and other factors. The factors discussed below should not be regarded as a complete and comprehensive statement of all potential risks and uncertainties Citigroup Inc.'s, CGMHI's, the CGMHI Guarantor's, CGMFL's and the CGMFL Guarantor's businesses face. Each of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor has described only those risks relating to its operations that it considers to be material. There may be additional risks that Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and/or the CGMFL Guarantor currently considers not to be material or of which it is not currently aware, and any of these risks could have the effects set forth above. Investors should note that they bear the Issuer's, the CGMFL Guarantor's (where the Issuer is CGMFL) and the CGMHI Guarantor's (where the Issuer is CGMHI) solvency risk

The ability of each of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor to fulfil its obligations under the Notes issued by Citigroup Inc., CGMHI or CGMFL, as the case may be, is dependent on the earnings of Citigroup Inc.'s subsidiaries.

Citigroup Inc. is a holding company that does not engage in any material amount of business activities that generate revenues. Citigroup Inc. services its obligations primarily with dividends and advances from its subsidiaries. Its subsidiaries that operate in the banking, insurance and securities businesses can only pay dividends if they are in compliance with applicable regulatory requirements imposed on them by federal and state regulatory authorities. Its subsidiaries may also be subject to credit agreements that also may restrict their ability to pay dividends. If such subsidiaries did not realise sufficient earnings to satisfy applicable regulatory requirements, or if such requirements were changed to further restrict the ability of such subsidiaries to pay dividends to Citigroup Inc., Citigroup Inc.'s ability to fulfil its obligations under the Notes issued by it or as guarantor in respect of Notes issued by CGMHI may be adversely affected.

In addition, CGMHI is a holding company that does not engage in any material amount of business activities that generate revenues. CGMHI services its obligations primarily with dividends and advances from its subsidiaries. Its subsidiaries that operate in the securities businesses can only pay dividends if they are in compliance with applicable regulatory requirements imposed on them by federal and state regulatory authorities. Their respective subsidiaries may also be subject to credit agreements that also may restrict their ability to pay dividends. If such subsidiaries do not realise sufficient earnings to satisfy applicable regulatory requirements, or if such requirements are changed to further restrict the ability of such subsidiaries to pay dividends to CGMHI, CGMHI's ability to fulfil its obligations under the notes issued by it may be adversely affected. Notes issued by CGMHI will have the benefit of a guarantee of Citigroup Inc. Notwithstanding the foregoing, prospective investors should note that the Events of Default in respect of the CGMHI Guarantor are limited to the events stated in Conditions 9(a)(i) and 9(a)(ii) of the General Conditions of the Notes relating to default in payment of principal or interest in respect of the Notes but will not include the insolvency or bankruptcy of the CGMHI

Guarantor (or any similar event), any other default of the CGMHI Guarantor or the CGMHI Deed of Guarantee not being (or being claimed not to be) in full force and effect. Therefore, even though the CGMHI Guarantor may be declared insolvent or have entered into bankruptcy proceedings or disclaimed the CGMHI Deed of Guarantee, holders of Notes issued by CGMHI will not be able to trigger an Event of Default under the Notes and thus will not be able to cause the Notes to be immediately due and payable, and the Notes will not redeem until maturity (unless there has been an Event of Default due to non-payment of interest or principal or bankruptcy or other default of CGMHI in the meantime). It is possible that holders may receive a lower return at maturity than if they were able to accelerate the Notes for immediate repayment in such circumstances.

In addition, the ability of CGMFL to fulfil its obligations under any Notes issued by it (which Notes will not have the benefit of any guarantee of Citigroup Inc. but will have the benefit of a guarantee of the CGMFL Guarantor which is an indirect subsidiary of Citigroup Inc.) will be dependent on the group entities to which it on-lends the funds raised through the issue of such Notes performing their obligations in respect of such funding in a timely manner. Accordingly, investors in these Notes should consider the risk factors applicable to Citigroup Inc. and its subsidiaries as set out elsewhere in the Base Prospectus Risk Factors.

Under U.S. banking law, Citigroup Inc. may be required to apply its available funds to support the financial position of its banking subsidiaries, rather than to fulfil its obligations under the Notes.

Under longstanding policy of The Board of Governors of the U.S. Federal Reserve System, a bank holding company (such as Citigroup Inc.) is expected to act as a source of financial strength for its subsidiary banks and to commit resources to support such banks. As a result of that policy, Citigroup Inc. may be required to commit resources (in the form of investments or loans) to its subsidiary banks in amounts or at times that could adversely affect its ability to also fulfil its obligations under the Notes.

A reduction of the Issuer's and/or, where the Issuer is CGMHI, the CGMHI Guarantor's and/or, where the Issuer is CGMFL, the CGMFL Guarantor's ratings may reduce the market value and liquidity of the relevant Notes.

The value of the Notes is expected to be affected, in part, by investors' general appraisal of the Issuer's, the CGMHI Guarantor's, the CGMFL Guarantor's or their affiliates' creditworthiness. Such perceptions are generally influenced by the ratings accorded to the Issuer's outstanding securities by standard statistical rating services, such as Moody's, S&P and Fitch. A reduction in the rating, if any, accorded to outstanding debt securities (if any) of the Issuer and/or the securities issued by any of its affiliates by one of these rating agencies could result in a reduction in the trading value of the Notes.

Each rating agency may reduce or withdraw any such credit ratings of an Issuer, the CGMHI Guarantor and/or the CGMFL Guarantor at any time in the future if, in its judgment, circumstances warrant a change. No rating agency is obligated to maintain its ratings at their current levels. If a rating agency reduces or withdraws its rating of an Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor, the liquidity and market value of the Notes of the Issuer are likely to be adversely affected.

The credit rating agencies continuously review the ratings of Citi (as defined below) and its subsidiaries, and reductions in Citi's and its subsidiaries' credit ratings could have a significant and immediate impact on Citi's funding and liquidity through cash obligations, reduced funding capacity and collateral triggers.

Citigroup Inc. has a long term/short term senior debt rating of BBB+/A-2 by S&P, Baa1/P-2 by Moody's and A/F1 by Fitch. In respect of the Notes where CGMHI is the Issuer, CGMHI has a long term/short term senior debt rating of BBB+/A-2 by S&P, A/F1 by Fitch and long term senior debt rating of Baa1 by Moody's. In respect of the Notes where CGMFL is the Issuer, CGMFL has a long term/short term senior debt rating of A/A-1 by S&P and A/F1 by Fitch based on the CGMFL Deed of Guarantee. The rating of a specific Tranche of Notes may be specified in the applicable Issue Terms.

Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation) will be disclosed in the applicable Issue Terms.

The Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks, UK building societies, UK investment firms and UK recognised central counterparties which are considered to be at risk of failing. The exercise of any of these actions in relation to the CGMFL Guarantor could materially adversely affect the value of any Notes issued by CGMFL

Under the Banking Act 2009 (the **Banking Act**), substantial powers are granted to HM Treasury, the Bank of England, the Financial Conduct Authority and the Prudential Regulation Authority (together, the **Authorities**) as part of a special resolution regime (the **SRR**). These powers can be exercised, as applicable, by the Authorities in respect of a UK bank, UK building society, UK investment firm (such as the CGMFL Guarantor) or UK recognised central counterparty (each a **relevant entity**) in circumstances in which the Authorities consider its failure has become likely and if certain other conditions are satisfied (depending on the relevant power) for example, to protect and enhance the stability of the financial system of the UK.

The SRR consists of five stabilisation options and two special insolvency procedures (bank administration and bank insolvency) which may be commenced by HM Treasury, the Bank of England,

the Prudential Regulation Authority or Secretary of State, as the case may be. The stabilisation options provide for: (i) private sector transfer of all or part of the business of the relevant entity; (ii) transfer of all or part of the business of the relevant entity to a bridge bank wholly owned by the Bank of England; (iii) transfer of all or part of the business of the relevant entity to an asset management vehicle owned and controlled by the Bank of England; (iv) writing down certain claims of unsecured creditors of the relevant entity (including the CGMFL Deed of Guarantee) and/or converting certain unsecured debt claims (including the CGMFL Deed of Guarantee) to equity, (the **bail-in option**), which equity could also be subject to any future write-down; and (v) temporary public ownership (nationalisation) of all or part of the relevant entity or any UK holding company. In each case, the Authorities have wide powers under the Banking Act including powers to modify contractual arrangements in certain circumstances and powers for HM Treasury to disapply or modify laws (with possible retroactive effect) to enable the stabilisation powers under the Banking Act to be used effectively.

The paragraphs below set out some of the possible consequences of the exercise of the powers under the SRR.

The SRR may be triggered prior to insolvency of the CGMFL Guarantor

The purpose of the stabilising options is to address the situation where all or part of a business of a relevant entity has encountered, or is likely to encounter, financial difficulties, giving rise to wider public interest concerns. Accordingly, the relevant stabilisation options may be exercised if (a) the relevant Authority is satisfied that a relevant entity (such as the CGMFL Guarantor) is failing, or is likely to fail, (b) following consultation with the other Authorities, the relevant Authority determines that it is not reasonably likely that (ignoring the stabilising options) action will be taken that will result in the condition referred to in (a) ceasing to be met and (c) the Authorities consider the exercise of the stabilisation options to be necessary, having regard to certain public interest considerations (such as the stability of the UK financial system, public confidence in the UK banking system and the protection of depositors). It is therefore possible that one of the stabilisation options could be exercised prior to the point at which any insolvency proceedings with respect to the relevant entity could be initiated.

The terms of the CGMFL Deed of Guarantee may be modified without the consent of the holders of Notes issued by CGMFL

If the stabilisation options were exercised under the SRR in respect of the CGMFL Guarantor, HM Treasury or the Bank of England may exercise extensive powers including, share transfer powers (applying to a wide range of securities), property transfer powers (including powers for partial transfers of property, rights and liabilities subject to certain protections in respect of the CGMFL Guarantor) and resolution instrument powers (including powers to make special bail-in provisions). Exercise of these powers could involve taking various actions in relation to the CGMFL Deed of Guarantee without the consent of the holders of Notes issued by CGMFL, including (among other things) modifying or disapplying the terms of the CGMFL Deed of Guarantee.

The taking of any such actions could adversely affect the rights of holders of Notes issued by CGMFL, the price or value of their investment in such Notes and/or the ability of the CGMFL Guarantor to satisfy its obligations under the CGMFL Deed of Guarantee. In such circumstances, holders of Notes issued by CGMFL may have a claim for compensation under one of the compensation schemes existing under, or contemplated by, the Banking Act, but there can be no assurance that such holders would thereby recover compensation promptly or equal to any loss actually incurred.

A partial transfer of the CGMFL Guarantor's business may result in a deterioration of its creditworthiness

If the CGMFL Guarantor were made subject to the SRR and a partial transfer of its business to another entity were effected, the quality of the assets and the quantum of the liabilities not transferred and remaining with the CGMFL Guarantor (which may include the CGMFL Deed of Guarantee) would result in a deterioration in the creditworthiness of the CGMFL Guarantor and, as a result, increase the risk that it will be unable to meet its obligations in respect of the CGMFL Deed of Guarantee and/or eventually become subject to administration proceedings pursuant to the Banking Act. In such

circumstances, holders of Notes issued by CGMFL may have a claim for compensation under one of the compensation schemes existing under, or contemplated by, the Banking Act, but there can be no assurance that holders of Notes issued by CGMFL would thereby recover compensation promptly or equal to any loss actually incurred.

As at the date of this Base Prospectus, the relevant Authorities have not made an instrument or order under the Banking Act in respect of the CGMFL Guarantor and there has been no indication that they will make any such instrument or order. However, there can be no assurance that this will not change and/or that holders of Notes issued by CGMFL will not be adversely affected by any such order or instrument if made.

The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes issued by CGMFL

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force. The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD provides that it will be applied by Member States from 1 January 2015, except for the general bail-in tool (see below) which is to be applied from 1 January 2016.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims (including Notes issued by CGMFL) to equity (the **general bail-in tool**), which equity could also be subject to any future write-down.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

The powers set out in the BRRD will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. Once the BRRD is implemented, holders of Notes issued by CGMFL may be subject to write-down or conversion into equity on any application of the general bail-in tool, which may result in such holders losing some or all of their investment.

Notwithstanding that the BRRD provides for a Member State to be able to provide extraordinary public financial support to a failing institution through additional financial stabilisation tools (consisting of public equity support and temporary public ownership tools), such financial public support may only be used as a last resort after having assessed and exploited the resolution tools to the maximum extent possible. Further, any such extraordinary financial support must be provided in accordance with the EU state aid framework.

The exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely affect the rights of holders of Notes issued by CGMFL, the price or value of their

investment in any Notes issued by CGMFL and/or the ability of the CGMFL Guarantor to satisfy its obligations under the CGMFL Deed of Guarantee.

Risks relating to the exercise of any bail-in power by the relevant resolution authority in respect of New York Law Notes issued by CGMFL and Noteholder agreement to be bound thereby

Each Noteholder of New York Law Notes issued by CGMFL ("CGMFL New York Law Notes") (including each holder of a beneficial interest in such CGMFL New York Law Notes) acknowledges, accepts, consents and agrees, notwithstanding any other term of the CGMFL New York Law Notes or any other agreements, arrangements, or understandings between CGMFL and such Noteholder, by its acquisition of such CGMFL New York Law Notes (a) to be bound by the effect of the exercise of the bail-in power by the relevant resolution authority if the latter were to consider that the amounts due under the CGMFL New York Law Notes would fall within the scope of the bail-in power. This bail-in power may include and result in any of the following, or a combination thereof (i) the reduction of all, or a portion, of the amounts due under the CGMFL New York Law Notes, (ii) the conversion of all, or a portion, of the amounts due under the CGMFL New York Law Notes into shares, other securities or other obligations of CGMFL or another person, including by means of an amendment, modification or variation of the terms and conditions of the CGMFL New York Law Notes, in which case the Noteholder agrees to accept, in lieu of any rights under the CGMFL New York Law Notes, any such shares, other securities or other obligations of CGMFL or another person, (iii) the cancellation of the CGMFL New York Law Notes, (iv) the amendment or alteration of the maturity of the CGMFL New York Law Notes or amendment of the amount of interest payable on the CGMFL New York Law Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period, and (b) if applicable, that the terms and conditions of the CGMFL New York Law Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the bail-in power by the relevant resolution authority. Accordingly, any bail-in power may be exercised in such a manner as to result in Noteholders of the CGMFL New York Law Notes losing all or a part of the value of their investment in the CGMFL New York Law Notes or receiving a different security from the CGMFL New York Law Notes, which may be worth significantly less than the CGMFL New York Law Notes and which may have significantly fewer protections than those typically afforded to debt securities (and holders of those securities may be subject to liabilities to which they would not be subject as the holder of debt securities). Moreover, the relevant resolution authority may exercise its authority to implement the bail-in power without providing any advance notice to Noteholders of the CGMFL New York Law Notes.

See General Condition 19 (*Agreement and acknowledgement with respect to the exercise of the bail-in power in respect of New York Law Notes issued by CGMFL*) of the Terms And Conditions of the Notes and also the risk factor "*The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes issued by CGMFL*" above.

The following risk factors have been extracted from the "Risk Factors" section of the Annual Report on Form 10-K filed by Citigroup Inc. with the SEC on 25 February 2015 for the fiscal year ended 31 December 2014 incorporated by reference in this Base Prospectus and reproduced without material amendment and references therein to "Citigroup" and "Citi" are to "Citigroup Inc. and its Consolidated Subsidiaries" and other terms used but not defined therein are as defined in such Annual Report.

REGULATORY RISKS

Citi Faces Ongoing Significant Regulatory Changes and Uncertainties in the U.S. and Non-U.S. Jurisdictions in Which It Operates That Negatively Impact the Management of Its Businesses and Increase Its Compliance Risks and Costs.

Citi continues to be subject to a significant number of regulatory changes and uncertainties across the U.S. and the non-U.S. jurisdictions in which it operates. Not only has the heightened regulatory environment facing financial institutions such as Citi resulted in a tendency toward more regulation, but

also in some cases toward the most prescriptive regulation as regulatory agencies have often taken a restrictive approach to rulemaking, interpretive guidance, approvals and their general ongoing supervisory or prudential authority. Moreover, even when U.S. and international regulatory initiatives overlap, such as with derivatives reforms, in many instances they have not been undertaken on a coordinated basis, and areas of divergence have developed with respect to the scope, interpretation, timing, structure or approach, leading to additional, inconsistent or even conflicting regulations.

Ongoing regulatory changes and uncertainties make Citi's business planning difficult and could require Citi to change its business models or even its organizational structure, all of which could ultimately negatively impact Citi's individual businesses, overall strategy and results of operations as well as realization of its deferred tax assets ("DTAs"). For example, several jurisdictions, including in Asia, Latin America and Europe, continue to enact fee and rate limits on debit and credit card transactions as well as various limits on sales practices for these and other areas of consumer lending, which could, among other things, negatively impact NA GCB's businesses and revenues. In addition, during 2014, financial reform legislation was enacted in Mexico that required an antitrust study of the Mexican financial sector. The study has been issued and its recommendations include additional regulations intended to increase competition in the financial services industry in Mexico, which could negatively impact Citi's Banamex subsidiary, Mexico's second largest bank. In certain jurisdictions, including in the European Union ("EU"), there is discussion of adopting a financial transaction tax or similar fees on large financial institutions such as Citi, which could increase the costs to engage in certain transactions or otherwise negatively impact Citi's results of operations. In addition, various regulators globally continue to consider adoption of data privacy and/or "onshoring" requirements, such as the EU data protection framework, that would restrict the storage and use of client information. These regulations could conflict with anti-money laundering and other requirements in other jurisdictions, impede information sharing between Citi's businesses and increase Citi's compliance risks and costs. They could also impede or potentially reverse Citi's centralization or standardization efforts, which provide expense efficiencies.

Unless and until there is sufficient regulatory certainty, Citi's business planning and/or proposed pricing for affected businesses necessarily include assumptions based on possible or proposed rules, requirements or outcomes. Business planning is further complicated by management's continual need to review and evaluate the impact on Citi's businesses of ongoing rule proposals, final rules, and implementation guidance from numerous regulatory bodies worldwide, often within compressed timeframes. In some cases, management's implementation of a regulatory requirement and assessment of its impact is occurring simultaneously with changing regulatory guidance, legal challenges or legislative action to modify or repeal final rules, thus increasing management uncertainty.

Ongoing regulatory changes also result in higher regulatory and compliance risks and costs. Citi estimates its regulatory and compliance costs have grown approximately 10% annually since 2011. These higher regulatory and compliance costs partially offset Citi's continued cost reduction initiatives that are part of its execution priorities and negatively impact its results of operations. Ongoing regulatory changes and uncertainties also require management to continually manage Citi's expenses and potentially reallocate resources, including potentially away from ongoing business investment initiatives.

There Continue to Be Changes and Uncertainties Relating to the Regulatory Capital Requirements Applicable to Citi and the Ultimate Impact of These Requirements on Citi's Businesses, Products and Results of Operations.

Despite the adoption of the final U.S. Basel III rules, there continue to be changes and uncertainties regarding the regulatory capital requirements applicable to, and, as a result, the ultimate impact of these requirements on, Citi.

Citi's Basel III capital ratios and related components are subject to, among other things, ongoing regulatory supervision, including review and approval of Citi's credit, market and operational risk models, additional refinements, modifications or enhancements (whether required or otherwise) to these models and any further implementation guidance in the U.S. Modifications or requirements resulting from these ongoing reviews, as well as the ongoing efforts by U.S. banking agencies to finalize and

enhance the regulatory capital framework, have resulted and could continue to result in changes to Citi's risk-weighted assets, total leverage exposure or other components of Citi's capital ratios. These changes can negatively impact Citi's capital ratios and its ability to achieve its capital requirements as it projects or as required. Further, because operational risk is measured based not only upon Citi's historical loss experience but also upon ongoing events in the banking industry generally, Citi's level of operational risk-weighted assets is likely to remain elevated for the foreseeable future, despite Citi's continuing efforts to reduce its risk-weighted assets and exposures.

Moreover, in December 2014, the Federal Reserve Board issued a notice of proposed rulemaking that would establish a risk-based capital surcharge for global systemically important bank holding companies ("**GSIB**") in the U.S., including Citi. The Federal Reserve Board's proposal is based on the Basel Committee on Banking Supervision's ("**Basel Committee**") GSIB surcharge framework, but adds an alternative method for calculating a U.S. GSIBs score (and thus its GSIB surcharge), which Citi expects will result in a significantly higher surcharge than the 2% calculated under the Basel Committee's framework. For additional information, see "Capital Resources—Regulatory Capital Standards" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

The Federal Reserve Board's GSIB proposal creates ongoing uncertainty with respect to the ultimate surcharge applicable to Citi due to, among other things, the (i) requirement to recalculate the surcharge on an annual basis; (ii) complex calculations required to determine the amount of the surcharge; and (iii) the score for the indicators aligned with the Basel Committee GSIB framework is to be determined by converting Citi's indicators into Euros and calibrating proportionally against a denominator based upon the aggregate indicator scores of other large global banking organizations, meaning that Citi's score will fluctuate based on actions taken by these banking organizations, as well as movements in foreign exchange rates. Moreover, based on the Financial Stability Board's ("**FSB**") proposed "total loss-absorbing capacity" ("**TLAC**") requirements, a higher GSIB surcharge would limit the amount of Common Equity Tier 1 Capital otherwise available to satisfy, in part, the TLAC requirements and thus potentially result in the need for Citi to issue higher levels of qualifying debt and preferred equity. For additional information see "Regulatory Risks" and "Managing Global Risk—Market Risk—Funding and Liquidity Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

In addition to the Federal Reserve Board's GSIB proposal, various other proposals which could impact Citi's regulatory capital framework are also being considered by regulatory bodies both in the U.S. and internationally, which further contribute to the uncertainties faced by financial institutions, including Citi. For example, the SEC has indicated that it is considering adopting rules that would impose a leverage ratio requirement for U.S. broker-dealers, which could result in the reduction of certain types of short-term funding, among other potential negative impacts. In addition, the Basel Committee continues to review and revise various aspects of its rules, including its model-based capital framework and standardized approaches to market, credit and operational risk.

As a result of these ongoing uncertainties, Citi's capital planning and management remains challenging. The Federal Reserve Board's GSIB surcharge and other U.S. and international proposals could require Citi to further increase its capital and limit or otherwise restrict how Citi utilizes its capital, which could negatively impact its businesses, product offerings and results of operations. It also remains uncertain as to what the overall impact of these regulatory capital changes will be on Citi's competitive position, among both domestic and international peers.

Citi's Inability to Enhance its 2015 Resolution Plan Submission Could Subject Citi to More Stringent Capital, Leverage or Liquidity Requirements, or Restrictions on Its Growth, Activities or Operations, and Could Eventually Require Citi to Divest Assets or Operations in Ways That Could Negatively Impact Its Operations or Strategy.

Title I of The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("**Dodd-Frank Act**") requires Citi to prepare and submit annually a plan for the orderly resolution of Citigroup (the "**bank holding company**") and its significant legal entities under the U.S. Bankruptcy Code or other applicable insolvency law in the event of future material financial distress or failure. Citi is also required to prepare and submit an annual resolution plan for its primary insured depository institution subsidiary, Citibank, N.A., and to demonstrate how Citibank, N.A. is adequately protected from the

risks presented by non-bank affiliates. These plans, which require substantial effort, time and cost across all of Citi's businesses and geographies, are subject to review by the Federal Reserve Board and the FDIC.

In August 2014, the Federal Reserve Board and the FDIC announced the completion of reviews of the 2013 resolution plans submitted by Citi and 10 other financial institutions. The agencies identified shortcomings with the firms' 2013 resolution plans, including Citi's. These shortcomings generally included (i) assumptions that the agencies regarded as unrealistic or inadequately supported, such as assumptions about the likely behavior of customers, counterparties, investors, central clearing facilities, and regulators; and (ii) the failure to make, or identify, the kinds of changes in firm structure and practices that would be necessary to enhance the prospects for orderly resolution. At the same time, the Federal Reserve Board and FDIC indicated that if the identified shortcomings are not addressed in the firms' 2015 plan submissions, the agencies expect to use their authority under Title I of the Dodd-Frank Act.

Under Title I, if the Federal Reserve Board and the FDIC jointly determine that Citi's 2015 resolution plan is not "credible" (which, although not defined, is generally believed to mean the regulators do not believe the plan is feasible or would otherwise allow the regulators to resolve Citi in a way that protects systemically important functions without severe systemic disruption), Citi could be subjected to more stringent capital, leverage or liquidity requirements or restrictions, or restrictions on its growth, activities or operations, and eventually be required to divest certain assets or operations in ways that could negatively impact its operations and strategy. In August 2014, the FDIC determined that the 2013 resolution plans submitted by the 11 "first wave" filers, including Citi, were "not credible."

Other jurisdictions, such as the U.K., have also requested or are expected to request resolution plans from financial institutions, including Citi, and the requirements and timing relating to these plans are or are expected to be different from the U.S. requirements and from each other. Responding to these additional requests will require additional effort, time and cost, and regulatory review and requirements in these jurisdictions could be in addition to, or conflict with, changes required by Citi's regulators in the U.S.

There Continues to Be Significant Uncertainty Regarding the Implementation of Orderly Liquidation Authority and the Impact It Could Have on Citi's Funding and Liquidity, Results of Operations and Competitiveness.

Title II of the Dodd-Frank Act grants the FDIC the authority, under certain circumstances, to resolve systemically important financial institutions, including Citi. The FDIC has released a notice describing its preferred "single point of entry strategy" for such resolution, pursuant to which, generally, a bank holding company would be placed in receivership, the unsecured long-term debt of the holding company would bear losses and the operating subsidiaries would be recapitalized.

Consistent with this strategy, in November 2014, the FSB issued a consultative document designed to ensure that GSIBs have sufficient loss-absorbing and recapitalization capacity in resolution to implement an orderly resolution. Specifically, the proposal would (i) establish a new firm-specific minimum requirement for TLAC; (ii) stipulate which liabilities of the GSIB would be eligible TLAC; and (iii) the location of the TLAC within the firm's overall funding structure, including the "pre-positioning" of specified amounts of TLAC to identified material subsidiaries within the firm's structure, including international entities. For additional information the TLAC proposal, see "Managing Global Risk—Market Risk—Funding and Liquidity Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein. It is expected that the Federal Reserve Board will issue a proposal to establish similar TLAC requirements for U.S. GSIBs during 2015.

There are significant uncertainties and interpretive issues arising from the FSB proposal, including (i) the minimum TLAC requirement for Citi; (ii) the amount of Citi's TLAC that must be pre-positioned to material subsidiaries within Citi's structure, and the identification of those entities; and (iii) which of Citi's existing long-term liabilities constitute eligible TLAC. Moreover, based on the FSB's proposal, the minimum TLAC requirement must be met excluding regulatory capital instruments used to satisfy Citi's regulatory capital buffers, resulting in a higher overall TLAC requirement consisting of the

required TLAC minimum plus required capital buffers. As a result, as discussed in the regulatory capital risk factor above, a higher GSIB surcharge would potentially result in the need for Citi to issue higher levels of qualifying debt and preferred equity. The FSB's proposal also provides guidance for regulatory authorities to determine additional TLAC requirements, specific to individual financial institutions. Accordingly, similar to the Federal Reserve Board's U.S. GSIB proposal, the Federal Reserve Board could propose TLAC requirements for Citi that are higher or more stringent than its international peers or even its U.S. peers.

To the extent Citi does not meet any final minimum TLAC requirement, it would need to re-position its funding profile, including potentially issuing additional TLAC-eligible instruments and/or replacing existing non-TLAC eligible funding with TLAC-eligible funding. This could increase Citi's costs of funds, alter its current funding and liquidity planning and management and/or negatively impact its revenues and results of operations. In addition, the requirement to pre-position TLAC-eligible instruments with material subsidiaries could result in significant funding inefficiencies, increase Citi's overall liquidity requirements by reducing the fungibility of its funding sources and require certain of Citi's subsidiaries to replace lower cost funding with other higher cost funding. Furthermore, Citi could be at a competitive disadvantage versus financial institutions that are not subject to such minimum requirements, such as non-regulated financial intermediaries, smaller financial institutions and entities in jurisdictions with less onerous or no such requirements.

The Impact to Citi's Derivatives Businesses, Results of Operations and Competitive Position Resulting from the Ongoing Implementation of Derivatives Regulation in the U.S. and Globally Continues to Be Difficult to Predict.

The ongoing implementation of derivatives regulations in the U.S. as well as in non-U.S. jurisdictions has impacted, and will likely continue to substantially impact, the derivatives markets. However, given the additional rulemaking expected to occur as well as the ongoing interpretive issues across jurisdictions, it is not yet possible to determine what the ultimate impact to Citi's global derivatives businesses, results of operations and competitive position will be.

For example, under the CFTC's rules relating to the registration of swap execution facilities ("**SEF**"), certain non-U.S. trading platforms that do not want to register with the CFTC as a SEF are prohibiting firms with U.S. contacts, such as Citi, from trading on their non-U.S. platforms. In addition, pursuant to the CFTC's mandatory clearing requirements for the overseas branches of Citibank, N.A., certain of Citi's non-U.S. clients have ceased to clear their swaps with Citi given the mandatory requirement. More broadly, under the CFTC's cross-border guidance, overseas clients who transact their derivatives business with overseas branches of U.S. banks, including Citi, could be subject to additional U.S. registration and derivatives requirements, and these clients continue to look for alternatives to dealing with overseas branches of U.S. banks as a result. All of these and similar changes have resulted in some bifurcated activity in the swaps marketplace, between U.S.- person and non-U.S.-person markets, which could disproportionately impact Citi given its global footprint.

In addition, in September 2014, U.S. regulators re-proposed rules relating to margin requirements for uncleared swaps. As re-proposed, the rules would require Citibank, N.A. to both collect and post margin to counterparties, as well as collect and post margin to its affiliates, in connection with any uncleared swap, with the initial margin required to be held by unaffiliated third-party custodians. As a result, any new margin requirements could significantly increase the cost to Citibank, N.A. and its counterparties of conducting uncleared swaps. In addition, the requirements would also apply to the non-U.S. branches of Citibank, N.A. and certain non-U.S. affiliates, which could result in further competitive disadvantages for Citi if it is required to collect margin on uncleared swaps in non-U.S. jurisdictions prior to competitors in those jurisdictions being required to do so, if required to do so at all.

Further, the EU continues to finalize various aspects of its European Market Infrastructure Regulation ("**EMIR**"), and the EU and CFTC have yet to render any "equivalency" determinations (i.e., regulatory acknowledgment of the equivalency of derivatives regimes), which has compounded the bifurcation of the swaps market, as noted above. Regulators in Asia also continue to finalize their derivatives reforms which, to date, have taken a different approach as compared to the EU or the U.S. Because most of

these non-U.S. reforms are not yet finalized, it is uncertain to what extent the non-U.S. reforms will impose different, additional or even inconsistent requirements on Citi's derivatives activities.

While the implementation and effectiveness of individual derivatives reforms may not in every case be significant, the cumulative impact of these reforms continues to be uncertain and could be material to Citi's results of operations and the competitive position of its derivatives businesses.

In addition, numerous aspects of the new derivatives regime require extensive compliance systems and processes to be maintained, including electronic recordkeeping, real-time public transaction reporting and external business conduct requirements (e.g., required swap counterparty disclosures). This compliance risk increases to the extent the final non-U.S. reforms are different from or inconsistent with the final U.S. reforms. Citi's failure to effectively maintain such systems, across jurisdictions, could subject it to increased compliance costs and regulatory and reputational risks, particularly given the heightened regulatory environment in which Citi operates globally.

The Continued Implementation of the Volcker Rule and Similar Reform Efforts Subject Citi to Regulatory and Compliance Risks and Costs.

Although the rules implementing the restrictions under the Volcker Rule were finalized in December 2013, and the conformance period was generally extended to July 2015, the final rules require Citi to develop an extensive compliance regime for the "permitted" activities under the Volcker Rule, including documentation of historical trading activities with clients, individual testing and training, regulatory reporting, recordkeeping and similar requirements as well as an annual CEO certification with respect to the processes Citi has in place to ensure compliance with the final rules. Moreover, despite the passage of time since the adoption of the final rules, there continues to be uncertainty regarding the interpretation of certain provisions of the final rules, including with respect to the covered funds provisions and the permitted activities under the rules. As a result, Citi is required to make certain assumptions as to the degree to which its activities are permitted to continue. If Citi's implementation of the required compliance regime is not consistent with regulatory expectations or requirements, or if Citi's assumptions in implementation of the final rules are not accurate, Citi could be subject to increased regulatory and compliance risks and costs as well as potential reputational harm.

Proposals for structural reform of banking entities, including restrictions on proprietary trading, also continue to be introduced in various non-U.S. jurisdictions, thus leading to overlapping or potentially conflicting regimes. For example, in the EU, the Bank Structural Reform draft directive (formerly known as the "Liikanen" or "Barnier" Proposal) would prohibit proprietary trading by in-scope credit institutions and banking groups, such as certain of Citi's EU branches, and potentially result in the mandatory separation of certain trading activities into a trading entity legally, economically and operationally separate from the legal entity holding the banking activities of a firm.

It is likely that, given Citi's worldwide operations, some form of these or other proposals for the regulation of proprietary trading will eventually be applicable to a portion of Citi's operations. While the Volcker Rule and these non-U.S. proposals are intended to address similar concerns—separating the perceived risks of proprietary trading and certain other investment banking activities in order not to affect more traditional banking and retail activities—they would do so under different structures, which could result in inconsistent regulatory regimes and additional compliance risks and costs for Citi in light of its global activities.

Recently Adopted and Future Regulations Applicable to Securitizations Could Impose Additional Costs and May Discourage Citi from Performing Certain Roles in Securitizations.

Citi endeavors to play a variety of roles in asset securitization transactions, including acting as underwriter, issuer, sponsor, depositor, trustee and counterparty. During the latter part of 2014, numerous regulatory changes relating to securitizations were finalized, including risk retention requirements for securitizers of certain assets and extensive changes to the SEC's Regulation AB, including changes to the registration, disclosure and reporting requirements for asset-backed securities and other structured finance products.

Because certain of these rules were recently adopted, the multi-agency implementation has just begun and extensive interpretive issues remain. As a result, the cumulative impact of these changes, as well as additional regulations yet to be finalized, both on Citi's participation in these transactions as well as on the securitization markets generally, is uncertain. It is likely that many aspects of the new rules will increase the costs of securitization transactions. It is also possible that these changes may hinder the recovery of previously active securitization markets or decrease the attractiveness of Citi's executing or participating in certain securitization transactions, including securitization transactions which Citi previously executed or in which it participated, such as private-label mortgage securitizations. This could in turn reduce the income Citi earns from these transactions or hinder Citi's ability to use such transactions to hedge risks, reduce exposures or reduce assets with adverse risk-weighting within its businesses.

CREDIT AND MARKET RISKS

Macroeconomic Challenges in the U.S. and Globally, Including in the Emerging Markets, Could Have a Negative Impact on Citi's Businesses and Results of Operations.

Citi has experienced, and could experience in the future, negative impacts to its businesses and results of operations, such as elevated credit costs and/or decreased revenues in its Markets and securities services businesses, as a result of macroeconomic challenges, uncertainties and volatility. While the U.S. economy continues to improve, it remains susceptible to global events and volatility. Moreover, U.S. fiscal and monetary actions, or expected actions, can also impact not only the U.S. but global markets and economies as well as Citi's businesses and results of operations. For example, the Federal Reserve Board may begin to increase short-term interest rates during 2015. Speculation about the timing of such a change has previously resulted in significant volatility in the U.S. and global markets. While Citi expects certain positive impacts as a result, such as an increase in net interest revenue, the ultimate impact to Citi's businesses and results of operations will depend on the timing, amount and market and consumer or other reactions to any such increases. For additional information see "Managing Global Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

In addition, concerns remain regarding various U.S. government fiscal challenges and events that could occur as a result, such as a potential U.S. government shutdown or default. In recent years, these issues, including potential or actual ratings downgrades of U.S. debt obligations, have adversely affected U.S. and global financial markets, economic conditions and Citi's businesses, results of operations and financial condition, and they could do so again in the future.

Outside of the U.S., the global economic recovery remains uneven and uncertain. The economic and fiscal situations of several European countries remain fragile, and geopolitical tensions throughout the region, including in Russia, have added to the uncertainties. Fiscal and monetary actions, or expected actions, throughout the region have further impacted the global financial markets as well as Citi's businesses and results of operations. While concerns relating to sovereign defaults or a partial or complete break-up of the European Monetary Union ("EMU"), including potential accompanying redenomination risks and uncertainties, seemed to have abated during 2014, such concerns have resurfaced with the election of a new government in Greece in January 2015. For additional information see "Managing Global Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

Slower growth in certain emerging markets, such as China, has also occurred, whether due to global macroeconomic conditions or geopolitical tensions, governmental or regulatory policies or economic conditions within the particular region or country (for additional information on risks specific to the emerging markets, see the risk factor in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein). Given Citi's strategy and focus on the emerging markets, actual or perceived uncertainty regarding future economic growth in the emerging markets has impacted and could continue to negatively impact Citi's businesses and results of operations, and Citi could be disproportionately impacted as compared to its competitors. Further, if a particular country's economic situation were to deteriorate below a certain level, U.S. regulators can and have imposed mandatory loan loss and other reserve requirements on Citi, which could negatively impact its cost of credit and earnings, perhaps significantly. For additional information see "Managing Global Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

Citi's Extensive Global Network Subjects It to Various International and Emerging Markets Risks as well as Increased Compliance and Regulatory Risks and Costs.

During 2014, international revenues accounted for approximately 58%, and emerging markets revenues accounted for approximately 40%, of Citi's total revenues. For additional information see "*Managing Global Risk*" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

Citi's extensive global network subjects it to a number of risks associated with international and emerging markets. These risks can include sovereign volatility, political events, foreign exchange controls, limitations on foreign investment, sociopolitical instability, fraud, nationalization or loss of licenses, sanctions, potential criminal charges, closure of branches or subsidiaries and confiscation of assets. For example, Citi operates in several countries that have strict foreign exchange controls, such as Argentina and Venezuela, that limit its ability to convert local currency into U.S. dollars and/or transfer funds outside the country. During 2014, Citi discovered certain frauds involving its Mexico subsidiary, Banamex. There have also been instances of political turmoil and other instability in certain countries in which Citi operates, such as in Russia, Ukraine and the Middle East, which have required management time and attention (e.g., monitoring the impact of sanctions on Russian entities, business sectors, individuals or otherwise on Citi's businesses and results of operations).

Citi's extensive global operations also increase its compliance and regulatory risks and costs. For example, Citi's operations in emerging markets, including facilitating cross-border transactions on behalf of its clients, subject it to higher compliance risks under U.S. regulations primarily focused on various aspects of global corporate activities, such as anti-money-laundering regulations and the Foreign Corrupt Practices Act. These risks can be more acute in less developed markets and thus require substantial investment in compliance infrastructure or could result in a reduction in certain of Citi's business activities. Any failure by Citi to comply with applicable U.S. regulations, as well as the regulations in the countries and markets in which it operates as a result of its global footprint, could result in fines, penalties, injunctions or other similar restrictions, any of which could negatively impact Citi's earnings and its reputation.

Citi's Results of Operations Could Be Negatively Impacted as Its Revolving Home Equity Lines of Credit Continue to "Reset."

As of December 31, 2014, Citi's home equity loan portfolio of approximately \$28.1 billion included approximately \$16.7 billion of home equity lines of credit that were still within their revolving period and had not commenced amortization, or "reset" ("**Revolving HELOCs**"). Of these Revolving HELOCs, approximately 78% will commence amortization during the period of 2015–2017. For additional information see "*Managing Global Risk*" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

Before commencing amortization, Revolving HELOC borrowers are required to pay only interest on their loans. Upon amortization, these borrowers are required to pay both interest, usually at a variable rate, and principal that typically amortizes over 20 years, rather than the typical 30-year amortization. As a result, Citi's customers with Revolving HELOCs that reset could experience "payment shock" due to the higher required payments on the loans. Increases in interest rates could further increase these payments, given the variable nature of the interest rates on these loans post-reset.

Based on the limited number of Citi's Revolving HELOCs that have reset as of December 31, 2014, Citi has experienced a higher 30+ days past due delinquency rate on its amortizing home equity loans as compared to its total outstanding home equity loan portfolio (amortizing and non-amortizing). Moreover, a portion of the resets that have occurred to date occurred during a period of declining interest rates, which Citi believes likely reduced the overall payment shock to borrowers. While Citi continues to monitor this reset risk closely and review and take additional actions to offset potential reset risk, increasing interest rates, stricter lending criteria and high borrower loan-to-value positions could limit Citi's ability to reduce or mitigate this reset risk going forward. Accordingly, as these loans continue to reset, Citi could experience higher delinquency rates and increased loan loss reserves and net credit losses in future periods, which could be significant and would negatively impact its results of operations.

Concentrations of Risk Can Increase the Potential for Citi to Incur Significant Losses.

Concentrations of risk, particularly credit and market risk, can increase Citi's risk of significant losses. As of December 31, 2014, Citi's most significant concentration of credit risk was with the U.S. government and its agencies, which primarily results from trading assets and investments issued by the U.S. government and its agencies. For additional information on these and other proposed changes, see Note 24 to the Consolidated Financial Statements, incorporated by reference herein. Citi also routinely executes a high volume of securities, trading, derivative and foreign exchange transactions with counterparties in the financial services industry, including banks, other financial institutions, insurance companies, investment banks and government and central banks. To the extent regulatory or market developments lead to increased centralization of trading activity through particular clearing houses, central agents or exchanges, this could also increase Citi's concentration of risk in this industry. Concentrations of risk can limit, and have limited, the effectiveness of Citi's hedging strategies and have caused Citi to incur significant losses, and they may do so again in the future.

LIQUIDITY RISKS***Citi's Liquidity Planning, Management and Funding Could Be Negatively Impacted by the Heightened Regulatory Focus on and Continued Changes to Liquidity Standards and Requirements.***

In September 2014, the U.S. banking agencies adopted final rules with respect to the U.S. Basel III Liquidity Coverage Ratio ("**LCR**") (for additional information on the final LCR requirements, see "Managing Global Risk—Market Risk—Funding and Liquidity Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein). Implementation of the final LCR requirements requires Citi to maintain extensive compliance procedures and systems, including systems to calculate Citi's LCR daily once the rules are fully implemented. Moreover, Citi's liquidity planning, stress testing and management remains subject to heightened regulatory scrutiny and review, including pursuant to the Federal Reserve Board's Comprehensive Liquidity Analysis and Review ("**CLAR**") as well as regulators' enhanced prudential standards authority. If Citi's interpretation or implementation of the LCR requirements, or its overall liquidity planning and management, is not consistent with regulatory expectations or requirements, Citi's funding and liquidity could be negatively impacted and it could incur increased compliance risks and costs.

In addition, in October 2014, the Basel Committee adopted final rules relating to the Net Stable Funding Ratio ("**NSFR**"), and the U.S. banking agencies are expected to propose U.S. NSFR rules during 2015 (for additional information on the Basel Committee's final NSFR rules, see "Managing Global Risk—Market Risk—Funding and Liquidity Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein). Several aspects of the Basel Committee's final NSFR rules will likely require further analysis and clarification, including with respect to the calculation of derivative assets and liabilities and netting of these assets. The final rules also leave discretion to national supervisors (i.e., the U.S. banking agencies) in several areas. Accordingly, like other areas of regulatory reform, it remains uncertain whether the U.S. NSFR rules might be more restrictive than the Basel Committee's final NSFR. It also remains uncertain whether other entities or subsidiaries within Citi's structure will be required to comply with the NSFR requirements, as well as the parameters of any such requirements.

Until these parameters are known, it is not possible to determine the potential impact to Citi's, or its subsidiaries', liquidity planning, management or funding. Moreover, to the extent other jurisdictions propose or adopt quantitative liquidity requirements that differ from any of the Basel Committee's or the U.S. liquidity requirements, Citi could be at a competitive disadvantage because of its global footprint or could be required to meet different minimum liquidity standards in some or all of the jurisdictions in which it operates.

For a discussion of the potential negative impacts to Citi's liquidity planning, management and funding resulting from the U.S. GSIB capital surcharge proposal and the FSB's TLAC proposal, see "Regulatory Risks" above.

The Maintenance of Adequate Liquidity and Funding Depends on Numerous Factors, Including Those Outside of Citi's Control, Such as Market Disruptions and Increases in Citi's Credit Spreads.

As a global financial institution, adequate liquidity and sources of funding are essential to Citi's businesses. Citi's liquidity and sources of funding can be significantly and negatively impacted by factors it cannot control, such as general disruptions in the financial markets, governmental fiscal and monetary policies, or negative investor perceptions of Citi's creditworthiness.

In addition, Citi's cost and ability to obtain deposits, secured funding and long-term unsecured funding are directly related to its credit spreads. Changes in credit spreads constantly occur and are market driven, including both external market factors and factors specific to Citi, and can be highly volatile. Citi's credit spreads may also be influenced by movements in the costs to purchasers of credit default swaps referenced to Citi's long-term debt, which are also impacted by these external and Citi-specific factors. Moreover, Citi's ability to obtain funding may be impaired if other market participants are seeking to access the markets at the same time, or if market appetite is reduced, as is likely to occur in a liquidity or other market crisis. In addition, clearing organizations, regulators, clients and financial institutions with which Citi interacts may exercise the right to require additional collateral based on these market perceptions or market conditions, which could further impair Citi's access to and cost of funding.

As a holding company, Citi relies on dividends, distributions and other payments from its subsidiaries to fund dividends as well as to satisfy its debt and other obligations. Several of Citi's U.S. and non-U.S. subsidiaries are or may be subject to capital adequacy or other regulatory or contractual restrictions on their ability to provide such payments, including any local regulatory stress test requirements or the proposed TLAC requirements (see "Regulatory Risks" above). Limitations on the payments that Citi receives from its subsidiaries could also impact its liquidity.

The Credit Rating Agencies Continuously Review the Credit Ratings of Citi and Certain of Its Subsidiaries, and Ratings Downgrades Could Have a Negative Impact on Citi's Funding and Liquidity Due to Reduced Funding Capacity and Increased Funding Costs, Including Derivatives Triggers That Could Require Cash Obligations or Collateral Requirements.

The credit rating agencies, such as Fitch, Moody's and S&P, continuously evaluate Citi and certain of its subsidiaries, and their ratings of Citi and its more significant subsidiaries' long-term/senior debt and short-term/commercial paper, as applicable, are based on a number of factors, including standalone financial strength, as well as factors not entirely within the control of Citi and its subsidiaries, such as the agencies' proprietary rating agency methodologies and assumptions, the rating agencies' "government support uplift" assumptions, and conditions affecting the financial services industry and markets generally.

Citi and its subsidiaries may not be able to maintain their current respective ratings. Ratings downgrades could negatively impact Citi's ability to access the capital markets and other sources of funds as well as the costs of those funds, and its ability to maintain certain deposits. A ratings downgrade could also have a negative impact on Citi's funding and liquidity due to reduced funding capacity, including derivative triggers, which could take the form of cash obligations and collateral requirements. In addition, a ratings downgrade could also have a negative impact on other funding sources, such as secured financing and other margined transactions for which there are no explicit triggers, as well as on contractual provisions, which contain minimum ratings thresholds in order for Citi to hold third-party funds.

Moreover, credit ratings downgrades can have impacts, which may not be currently known to Citi or which are not possible to quantify. For example, some entities may have ratings limitations as to their permissible counterparties, of which Citi may or may not be aware. In addition, certain of Citi's corporate customers and trading counterparties, among other clients, could re-evaluate their business relationships with Citi and limit the trading of certain contracts or market instruments with Citi in response to ratings downgrades. Changes in customer and counterparty behavior could impact not only Citi's funding and liquidity but also the results of operations of certain Citi businesses. For additional information on the potential impact of a reduction in Citi's or Citibank, N.A.'s credit ratings, see

"Managing Global Risk—Market Risk—Funding and Liquidity—Credit Ratings" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein.

LEGAL RISKS

Citi Is Subject to Extensive Legal and Regulatory Proceedings, Investigations and Inquiries That Could Result in Significant Penalties and Other Impacts on Citi, Its Businesses and Results of Operations.

At any given time, Citi is defending a significant number of legal and regulatory proceedings and is subject to numerous governmental and regulatory examinations, investigations and other inquiries. The frequency with which such proceedings, investigations and inquiries are initiated, and the severity of the remedies sought (and in several cases obtained), have increased substantially over the last few years, and the global judicial, regulatory and political environment generally remains hostile to large financial institutions such as Citi.

Continued heightened scrutiny of the financial services industry by regulators and other enforcement authorities has led to questioning of industry practices and additional expectations regarding Citi's management and oversight of third parties doing business with Citi (e.g., vendors). In addition, U.S. and non-U.S. regulators are increasingly focused on "conduct risk," a term that is used to describe the risks associated with misconduct by employees and agents that could harm consumers, investors, or the markets, such as failures to safeguard consumers' and investors' personal information and improperly creating, selling and marketing products and services, among other forms of misconduct. The increased scrutiny and expectations of financial institutions, including Citi, and the questioning of the overall "culture" of Citi and the financial services industry generally as well as the effectiveness of Citi's control functions, has and could continue to lead to more regulatory or other enforcement proceedings. While Citi takes numerous steps to prevent and detect misconduct by employees and agents, misconduct may not always be deterred or prevented.

In addition, the complexity of the federal and state regulatory and enforcement regimes in the U.S., coupled with the global scope of Citi's operations and the continued aggressiveness of the regulatory environment worldwide, also means that a single event may give rise to a large number of overlapping investigations and regulatory proceedings, either by multiple federal and state agencies in the U.S. or by multiple regulators and other governmental entities in different jurisdictions.

For example, Citi is subject to extensive legal and regulatory inquiries, actions and investigations, including by the Antitrust Division and the Criminal Division of the U.S. Department of Justice, relating to Citi's contribution to, or trading in products linked to, rates or benchmarks. These rates and benchmarks may relate to foreign exchange rates (such as the WM/Reuters fix), interest rates (such as the London Inter-Bank Offered Rate ("LIBOR") or "ISDAFIX"), or other prices. Like other banks with operations in the U.S., Citi is also subject to continuing oversight by bank regulators, and inquiries and investigations by other governmental and regulatory authorities, with respect to its anti-money laundering program.

The severity of the remedies sought in these and the other legal and regulatory proceedings to which Citi is subject has increased substantially in recent years. U.S. and certain international governmental entities have emphasized a willingness to bring criminal actions against, or seek criminal convictions from, financial institutions, and criminal prosecutors in the U.S. have increasingly sought and obtained criminal guilty pleas or deferred prosecution agreements against corporate entities and other criminal sanctions from those institutions. Such actions can have significant collateral consequences for a subject financial institution, including loss of customers and business, and the inability to offer certain products or services and/or operate certain businesses. In addition, in recent years Citi has entered into consent orders and paid substantial fines and penalties, or provided monetary and other relief, in connection with the resolution of its extensive legal and regulatory matters. Citi may be required to accept or be subject to similar types of criminal or other remedies, fines, penalties and other requirements in the future, any of which could materially and negatively affect Citi's businesses, business practices, financial condition or results of operations, require material changes in Citi's operations, or cause Citi

reputational harm. Resolution of these matters also results in significant time, expense and diversion of management's attention.

Further, many large claims asserted against Citi are highly complex and slow to develop, and may involve novel or untested legal theories. The outcome of such proceedings is difficult to predict or estimate until late in the proceedings, which may last several years. Although Citi establishes accruals for its legal and regulatory matters according to accounting requirements, the amount of loss ultimately incurred in relation to those matters may be substantially higher than the amounts accrued. In addition, certain settlements are subject to court approval and may not be approved.

For additional information relating to Citi's legal and regulatory proceedings, see Note 28 to the Consolidated Financial Statements, incorporated by reference herein.

BUSINESS AND OPERATIONAL RISKS

Citi's Ability to Return Capital to Shareholders Substantially Depends on the CCAR Process and the Results of Regulatory Stress Tests.

In addition to Board of Directors' approval, any decision by Citi to return capital to shareholders, whether through an increase in its common stock dividend or through a share repurchase program, substantially depends on regulatory approval, including through the annual Comprehensive Capital Analysis and Review ("CCAR") process required by the Federal Reserve Board and the supervisory stress tests required under the Dodd-Frank Act.

In March 2014, the Federal Reserve Board announced that it objected to the capital plan submitted by Citi as part of the 2014 CCAR process, meaning Citi was not able to increase its return of capital to shareholders as it had requested. Citi must address the Federal Reserve Board's concerns, expectations and requirements regarding Citi's capital planning process in order to return additional capital to shareholders under the 2015 CCAR process. Restrictions on Citi's ability to return capital to shareholders as a result of the 2014 CCAR process negatively impacted market and investor perceptions of Citi, and continued restrictions could do so in the future.

Citi's ability to accurately predict or explain to stakeholders the outcome of the CCAR process, and thus address any such market or investor perceptions, is complicated by the Federal Reserve Board's evolving criteria employed in its overall aggregate assessment of Citi. The Federal Reserve Board's assessment of Citi is conducted not only by using the Board's proprietary stress test models, but also a number of qualitative factors, including a detailed assessment of Citi's "capital adequacy process," as defined by the Federal Reserve Board. These qualitative factors were cited by the Federal Reserve Board in its objection to Citi's 2014 capital plan, and the Board has stated that it expects leading capital adequacy practices will continue to evolve and will likely be determined by the Board each year as a result of its cross-firm review of capital plan submissions.

Similarly, the Federal Reserve Board has indicated that, as part of its stated goal to continually evolve its annual stress testing requirements, several parameters of the annual stress testing process may be altered from time to time, including the severity of the stress test scenario, Federal Reserve Board modeling of Citi's balance sheet and the addition of components deemed important by the Federal Reserve Board (e.g., a counterparty failure). In addition, as part of the Federal Reserve Board's U.S. GSIB proposal, the Federal Reserve Board indicated that it may consider, at some point in the future, that some or all of Citi's GSIB surcharge be integrated into its post-stress test minimum capital requirements. These parameter and other alterations could further increase the level of capital Citi must meet as part of the stress tests, thus potentially impacting levels of capital returns to shareholders.

Further, because it is not clear how the Federal Reserve Board's proprietary stress test models and qualitative assessment may differ from the modeling techniques and capital planning practices employed by Citi, it is likely that Citi's stress test results (using its own models, estimation methodologies and processes) may not be consistent with those disclosed by the Federal Reserve Board, thus potentially leading to additional confusion and impacts to Citi's perception in the market.

Citi's Ability to Achieve Its 2015 Efficiency and Return on Assets Targets Will Depend in Part on the Successful Achievement of Its Execution Priorities.

In March 2013, Citi established 2015 financial targets for Citicorp's operating efficiency ratio and Citigroup's return on assets. Citi's ability to achieve these targets will depend in part on the successful achievement of its execution priorities, including efficient resource allocation, which includes disciplined expense management; a continued focus on the wind-down of Citi Holdings and maintaining Citi Holdings at or above "break even"; and utilization of its DTAs (see below). Citi's ability to achieve its targets will also depend on factors which it cannot control, such as ongoing regulatory changes, continued higher regulatory and compliance costs and macroeconomic conditions, among others. While Citi continues to take actions to achieve its execution priorities, there is no guarantee that Citi will be successful.

Citi continues to pursue its disciplined expense-management strategy, including re-engineering, restructuring operations and improving efficiency. However, there is no guarantee that Citi will be able to reduce its level of expenses as a result of announced repositioning actions, efficiency initiatives or otherwise, and investments Citi has made in its businesses, or may make in the future, may not be as productive or effective as Citi expects or at all. Citi's expenses also depend, in part, on factors not entirely within its control. For example, during 2014, Citi incurred significant legal and related costs in order to resolve various of its extensive legal and regulatory proceedings and inquiries. In order to achieve its 2015 financial targets, Citi will need to significantly reduce its legal and related costs, as well as repositioning expenses, from 2014 levels.

In addition, while Citi has made significant progress in winding-down Citi Holdings over the last several years, maintaining Citi Holdings at or above "break even" in 2015 will be important to achieving its return on assets target. As discussed under "Global Consumer Banking" and "Institutional Clients Group" above, beginning in the first quarter of 2015, Citi will be reporting certain of its non-core consumer and institutional businesses as part of Citi Holdings. While Citi expects to maintain Citi Holdings at or above "break even" in 2015 even with the inclusion of these businesses, it may not be able to do so due to factors it cannot control, as described above. In addition, as described under "Citi Holdings" above, the remaining assets in Citi Holdings as of December 31, 2014 consisted of North America consumer mortgages as well as larger remaining businesses, including Citi's legacy CitiFinancial business, and, beginning in the first quarter of 2015, the non-core consumer and institutional businesses referenced above. While Citi's strategy continues to be to reduce the assets in Citi Holdings as quickly as practicable in an economically rational manner, and it expects to substantially complete the exit of the consumer businesses moved to Citi Holdings in the first quarter by the end of 2015, sales of the remaining larger businesses in Citi Holdings will also depend on factors outside of Citi's control, such as market appetite and buyer funding, and the remaining mortgage assets will largely continue to be subject to ongoing run-off and opportunistic sales. As a result, Citi Holdings' remaining assets could have a negative impact on Citi's overall results of operations or financial condition.

Citi's Ability to Utilize Its DTAs, and Thus Reduce the Negative Impact of the DTAs on Citi's Regulatory Capital, Will Be Driven by Its Ability to Generate U.S. Taxable Income.

At December 31, 2014, Citi's net DTAs were \$49.5 billion, of which approximately \$34.3 billion was excluded from Citi's Common Equity Tier 1 Capital, on a fully implemented basis, under the final U.S. Basel III rules (for additional information, see "Capital Resources—Components of Capital under Basel III (Advanced Approaches with Full Implementation)" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein). In addition, of the net DTAs as of year-end 2014, approximately \$17.6 billion related to foreign tax credit carry-forwards ("FTCs"). The carry-forward utilization period for FTCs is 10 years and represents the most time-sensitive component of Citi's DTAs. Of the FTCs at year-end 2014, approximately \$1.9 billion expire in 2017, \$5.2 billion expire in 2018 and the remaining \$10.5 billion expire over the period of 2019–2023. Citi must utilize any FTCs generated in the then-current year prior to utilizing any carry-forward FTCs.

The accounting treatment for realization of DTAs, including FTCs, is complex and requires significant judgment and estimates regarding future taxable earnings in the jurisdictions in which the DTAs arise

and available tax planning strategies. Citi's ability to utilize its DTAs, including the FTC components, and thus use the capital supporting the DTAs for more productive purposes, will be dependent upon Citi's ability to generate U.S. taxable income in the relevant tax carry-forward periods. Failure to realize any portion of the DTAs would also have a corresponding negative impact on Citi's net income.

In addition, with regard to FTCs, utilization will be influenced by actions to optimize U.S. taxable earnings for the purpose of consuming the FTC carry-forward component of the DTAs prior to expiration. These FTC actions, however, may serve to increase the DTAs for other less time sensitive components. Moreover, tax return limitations on FTCs and general business credits that cause Citi to incur current tax expense, notwithstanding its tax carry-forward position, could impact the rate of overall DTA utilization.

DTA utilization will also continue to be driven by movements in Citi's Accumulated other comprehensive income, which can be impacted by changes in interest rates and foreign exchange rates.

For additional information on Citi's DTAs, including the FTCs, see "Significant Accounting Policies and Significant Estimates—Income Taxes" below and Note 9 to the Consolidated Financial Statements, incorporated by reference herein.

The Value of Citi's DTAs Could Be Significantly Reduced If Corporate Tax Rates in the U.S. or Certain State or Foreign Jurisdictions Decline or as a Result of Other Changes in the U.S. Corporate Tax System.

Congress and the Obama Administration have discussed decreasing the U.S. corporate tax rate. Similar discussions have taken place in certain local, state and foreign jurisdictions, including in New York City and Japan. While Citi may benefit in some respects from any decrease in corporate tax rates, a reduction in the U.S., state or foreign corporate tax rates could result in a decrease, perhaps significant, in the value of Citi's DTAs, which would result in a reduction to Citi's net income during the period in which the change is enacted. There have also been recent discussions of more sweeping changes to the U.S. tax system. It is uncertain whether or when any such tax reform proposals will be enacted into law, and whether or how they will affect Citi's DTAs.

Citi's Interpretation or Application of the Extensive Tax Laws to Which It Is Subject Could Differ from Those of the Relevant Governmental Authorities, Which Could Result in the Payment of Additional Taxes and Penalties.

Citi is subject to the various tax laws of the U.S. and its states and municipalities, as well as the numerous non U.S. foreign jurisdictions in which it operates. These tax laws are inherently complex and Citi must make judgments and interpretations about the application of these laws to its entities, operations and businesses. Citi's interpretations and application of the tax laws, including with respect to withholding tax obligations and stamp and other transactional taxes, could differ from that of the relevant governmental taxing authority, which could result in the potential for the payment of additional taxes, penalties or interest, which could be material.

Citi's Operational Systems and Networks Have Been, and Will Continue to Be, Subject to an Increasing Risk of Continually Evolving Cybersecurity or Other Technological Risks Which Could Result in the Disclosure of Confidential Client or Customer Information, Damage to Citi's Reputation, Additional Costs to Citi, Regulatory Penalties and Financial Losses.

A significant portion of Citi's operations relies heavily on the secure processing, storage and transmission of confidential and other information as well as the monitoring of a large number of complex transactions on a minute-by-minute basis. For example, through its Global Consumer Banking, credit card and securities services businesses, Citi obtains and stores an extensive amount of personal and client-specific information for its retail, corporate and governmental customers and clients and must accurately record and reflect their extensive account transactions. With the evolving proliferation of new technologies and the increasing use of the Internet and mobile devices to conduct financial transactions, large, global financial institutions such as Citi have been, and will continue to be, subject to an increasing risk of cyber incidents from these activities.

Citi's computer systems, software and networks are subject to ongoing cyber incidents such as unauthorized access; loss or destruction of data (including confidential client information); account takeovers; unavailability of service; computer viruses or other malicious code; cyber attacks; and other events. These threats may arise from human error, fraud or malice on the part of employees or third parties, or may result from accidental technological failure. Additional challenges are posed by external parties, including extremist parties and certain foreign state actors that engage in cyber activities as a means to promote political ends. As further evidence of the increasing and potentially significant impact of cyber incidents, during 2014, certain U.S. financial institutions reported cyber incidents affecting their computer systems that resulted in the data of millions of customers being compromised. In addition, several U.S. retailers and other multinational companies reported cyber incidents that compromised customer data.

While these incidents did not impact, or did not have a material impact, on Citi, Citi has been subject to other intentional cyber incidents from external sources over the last several years, including (i) denial of service attacks, which attempted to interrupt service to clients and customers; (ii) data breaches, which aimed to obtain unauthorized access to customer account data; and (iii) malicious software attacks on client systems, which attempted to allow unauthorized entrance to Citi's systems under the guise of a client and the extraction of client data. While Citi's monitoring and protection services were able to detect and respond to the incidents targeting its systems before they became significant, they still resulted in limited losses in some instances as well as increases in expenditures to monitor against the threat of similar future cyber incidents. There can be no assurance that such cyber incidents will not occur again, and they could occur more frequently and on a more significant scale.

Although Citi devotes significant resources to implement, maintain, monitor and regularly upgrade its systems and networks with measures such as intrusion detection and prevention and firewalls to safeguard critical business applications, there is no guarantee that these measures or any other measures can provide absolute security. In addition, because the methods used to cause cyber attacks change frequently or, in some cases, are not recognized until launched, Citi may be unable to implement effective preventive measures or proactively address these methods.

If Citi were to be subject to a cyber incident, it could result in the disclosure of confidential client information, damage to Citi's reputation with its clients and the market, customer dissatisfaction, additional costs to Citi (such as repairing systems, replacing customer payment cards or adding new personnel or protection technologies), regulatory penalties, exposure to litigation and other financial losses to both Citi and its clients and customers. Such events could also cause interruptions or malfunctions in the operations of Citi (such as the lack of availability of Citi's online banking system or mobile banking platform), as well as the operations of its clients, customers or other third parties. Given Citi's global footprint and the high volume of transactions processed by Citi, certain errors or actions may be repeated or compounded before they are discovered and rectified, which would further increase these costs and consequences.

Third parties with which Citi does business may also be sources of cybersecurity or other technological risks. Citi outsources certain functions, such as processing customer credit card transactions, uploading content on customer-facing websites, and developing software for new products and services. These relationships allow for the storage and processing of customer information by third-party hosting of or access to Citi websites, which could result in service disruptions or website defacements, and the potential to introduce vulnerable code, resulting in security breaches impacting Citi customers. While Citi engages in certain actions to reduce the exposure resulting from outsourcing, such as performing onsite security control assessments, limiting third-party access to the least privileged level necessary to perform job functions and restricting third-party processing to systems stored within Citi's data centers, ongoing threats may result in unauthorized access, loss or destruction of data or other cyber incidents with increased costs and consequences to Citi such as those discussed above. Furthermore, because financial institutions are becoming increasingly interconnected with central agents, exchanges and clearing houses, including as a result of the derivatives reforms over the last few years, Citi has increased exposure to operational failure or cyber attacks through third parties.

While Citi maintains insurance coverage that may, subject to policy terms and conditions including significant self-insured deductibles, cover certain aspects of cyber risks, such insurance coverage may be insufficient to cover all losses.

Citi Maintains Co-Branding and Private Label Relationships with Various Retailers and Merchants Within Its U.S. Credit Card Businesses in NA GCB, and the Failure to Maintain These Relationships Could Have a Significant Negative Impact on the Results of Operations or Financial Condition of Those Businesses.

Through its U.S. Citi-branded cards and Citi retail services credit card businesses within North America Global Consumer Banking ("NA GCB"), Citi maintains numerous co-branding and private label relationships with third-party retailers and merchants in the ordinary course of business pursuant to which Citi issues credit cards to customers of the retailers or merchants. Citi's co-branding and private label agreements provide for shared economics between the parties and generally have a fixed term. Competition among card issuers such as Citi for these relationships is significant and these agreements may not be extended or renewed by the parties. These agreements could also be terminated due to, among other factors, a breach by Citi of its responsibilities under the applicable agreement, a breach by the retailer or merchant under the agreement, or external factors, including bankruptcies, liquidations, restructurings or consolidations and other similar events that may occur. While various mitigating factors could be available in the event of the loss of one or more of these relationships, such as replacing the retailer or merchant or by Citi offering new card products, the results of operations or financial condition of Citi-branded cards or Citi retail services, as applicable, or NA GCB could be negatively impacted, and the impact could be significant.

Citi May Incur Significant Losses If Its Risk Management Models, Processes or Strategies Are Ineffective.

Citi employs a broad and diversified set of risk management and mitigation processes and strategies, including the use of various risk models, in analyzing and monitoring the various risks Citi assumes in conducting its activities, such as credit, market and operational risks (for additional information regarding these areas of risk as well as risk management at Citi, see "Managing Global Risk" in the Citigroup Inc. 2014 Form 10-K, incorporated by reference herein). For example, Citi uses models as part of its various stress testing initiatives across the firm. Management of these risks is made even more challenging within a global financial institution such as Citi, particularly given the complex, diverse and rapidly changing financial markets and conditions in which Citi operates.

These models, processes and strategies are inherently limited because they involve techniques, including the use of historical data in some circumstances, and judgments that cannot anticipate every economic and financial outcome in the markets in which Citi operates nor can they anticipate the specifics and timing of such outcomes. Citi could incur significant losses if its risk management models, processes or strategies are ineffective in properly anticipating or managing these risks.

Citi's Performance and the Performance of Its Individual Businesses Could Be Negatively Impacted If Citi Is Not Able to Hire and Retain Qualified Employees for Any Reason.

Citi's performance and the performance of its individual businesses is largely dependent on the talents and efforts of highly skilled employees. Specifically, Citi's continued ability to compete in its businesses, to manage its businesses effectively and to continue to execute its overall global strategy depends on its ability to attract new employees and to retain and motivate its existing employees. Citi's ability to attract and retain employees depends on numerous factors, including its culture, compensation, the management and leadership of the company as well as its individual businesses, Citi's presence in the particular market or region at issue and the professional opportunities it offers.

The banking industry has and may continue to experience more stringent regulation of employee compensation, including limitations relating to incentive-based compensation, clawback requirements and special taxation. Moreover, given its continued focus on the emerging markets, Citi is often competing for qualified employees in these markets with entities that have a significantly greater presence in the region or are not subject to significant regulatory restrictions on the structure of

incentive compensation. If Citi is unable to continue to attract and retain qualified employees for any reason, Citi's performance, including its competitive position, the successful execution of its overall strategy and its results of operations could be negatively impacted.

Incorrect Assumptions or Estimates in Citi's Financial Statements Could Cause Significant Unexpected Losses in the Future, and Changes to Financial Accounting and Reporting Standards or Interpretations Could Have a Material Impact on How Citi Records and Reports Its Financial Condition and Results of Operations.

Citi is required to use certain assumptions and estimates in preparing its financial statements under U.S. GAAP, including determining credit loss reserves, reserves related to litigation and regulatory exposures, valuation of DTAs and the fair values of certain assets and liabilities, among other items. If Citi's assumptions or estimates underlying its financial statements are incorrect or differ from actual future events, Citi could experience unexpected losses, some of which could be significant.

Moreover, the Financial Accounting Standards Board ("**FASB**") is currently reviewing, or has proposed or issued, changes to several financial accounting and reporting standards that govern key aspects of Citi's financial statements or interpretations thereof, including those areas where Citi is required to make assumptions or estimates. For example, the FASB has proposed a new accounting model intended to require earlier recognition of credit losses on financial instruments. The proposed accounting model would require that lifetime "expected credit losses" on financial assets not recorded at fair value through net income, such as loans and held-to-maturity securities, be recorded at inception of the financial asset, replacing the multiple existing impairment models under U.S. GAAP which generally require that a loss be "incurred" before it is recognized. For additional information on this and other proposed changes, see Note 1 to the Consolidated Financial Statements, incorporated by reference herein.

Changes to financial accounting or reporting standards or interpretations, whether promulgated or required by the FASB or other regulators, could present operational challenges and could require Citi to change certain of the assumptions or estimates it previously used in preparing its financial statements, which could negatively impact how it records and reports its financial condition and results of operations generally and/or with respect to particular businesses. In addition, the FASB is seeking to converge U.S. GAAP with International Financial Reporting Standards ("**IFRS**") to the extent IFRS provides an improvement to accounting standards. Any transition to IFRS could further have a material impact on how Citi records and reports its financial results. For additional information on the key areas for which assumptions and estimates are used in preparing Citi's financial statements, see "Significant Accounting Policies and Significant Estimates" below and Note 28 to the Consolidated Financial Statements, incorporated by reference herein.

RISKS RELATING TO NOTES

Prospective investors in Notes should determine whether an investment in Notes is appropriate in their particular circumstances and should consult with their legal, business and tax advisers to determine the consequences of an investment in Notes and to arrive at their own evaluation of the investment. In particular, Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor recommend that investors take independent tax advice before committing to purchase any Notes. None of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor provides tax advice and therefore responsibility for any tax implications of investing in any Notes rests entirely with each investor. Investors should note that the tax treatment will differ from jurisdiction to jurisdiction. Investors will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including (without limitation) any state or local taxes or other similar assessment or charge that may be applicable to any payment in respect of the Notes.

An investment in Notes is only suitable for investors who:

- (a) have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in Notes;

- (b) have access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation;
- (c) are capable of bearing the economic risk of an investment in Notes for an indefinite period of time; and
- (d) recognise that it may not be possible to dispose of Notes for a substantial period of time, if at all.

Prospective investors in Notes should make their own independent decision to invest in Notes and as to whether the investment in Notes is appropriate or proper for them based upon their own judgement and upon advice from such advisers as they may deem necessary. Prospective investors in Notes should not rely on any communication (written or oral) of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, any Dealer or any of their affiliates or their respective officers or agents as investment advice or as a recommendation to invest in Notes, it being understood that information and explanations related to Notes shall not be considered to be investment advice or a recommendation to invest in Notes. No communication (written or oral) received from Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, any Dealer or any of their affiliates or their respective officers or agents shall be deemed to be an assurance or guarantee as to the expected results of an investment in Notes.

An investment in Notes involves risks and should only be made after assessing the direction, timing and magnitude of potential future market changes (e.g. in the value of the inflation indices, currencies or other items which comprise or relate to the Underlying(s)), as well as the terms and conditions of the Notes. More than one risk factor may have simultaneous effects with regard to the Notes such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect, which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the value of the Notes.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under this Base Prospectus. A number of these Notes may have features which contain particular risks for potential investors.

All Notes will be unsecured and unsubordinated obligations of the Issuer and all Notes issued by it will rank equally among themselves and with all other unsecured and unsubordinated obligations of the Issuer.

The obligations of the CGMFL Guarantor under the CGMFL Deed of Guarantee will be unsecured and unsubordinated and will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the CGMFL Guarantor. The Issuer's obligations under the Notes issued by it and the CGMFL Guarantor's obligations under the CGMFL Deed of Guarantee represent general contractual obligations of each respective entity and of no other person. Only Notes issued by CGMFL will be guaranteed by the CGMFL Guarantor. Notes issued by Citigroup Inc. and/or CGMHI will not be guaranteed by the CGMFL Guarantor.

The obligations of the CGMHI Guarantor under the CGMHI Deed of Guarantee will be unsecured and unsubordinated and will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the CGMHI Guarantor. The Issuer's obligations under the Notes issued by it and the CGMHI Guarantor's obligations under the CGMHI Deed of Guarantee represent general contractual obligations of each respective entity and of no other person. Only Notes issued by CGMHI will be guaranteed by the CGMHI Guarantor. Notes issued by Citigroup Inc. and/or CGMFL will not be guaranteed by the CGMHI Guarantor.

Investors should note that all payments under the Notes are subject to the credit risk of the Issuer, of the CGMHI Guarantor (where the Issuer is CGMHI) and of the CGMFL Guarantor (where the Issuer is CGMFL). Furthermore, the Notes may be traded or redeemed early, and if so, the price for which a Note may be sold or redeemed early may be less than the principal amount of such Note and an investor's initial investment in such Notes.

Risks related to implementation of regulatory reform

Implementation of U.S. federal financial reform legislation may affect the value of Underlying(s), which may ultimately affect the value, trading price and viability of Notes. For example, the Dodd-Frank Act would, upon full implementation, impose limits on the maximum position that could be held by a single dealer in certain of the Underlying(s) and may subject certain transactions to new forms of regulation that could create barriers to some types of hedging activity by the Issuer and/or any Hedging Party or any of their respective affiliates. Other provisions of the Dodd-Frank Act could require certain Underlying(s) or hedging transactions to be cleared, traded on a regulated exchange and reported to regulators, central data repositories and, in some cases, the public. The Dodd-Frank Act also expands entity registration requirements and imposes business conduct requirements on persons active in the swaps market (which may include new capital and margin requirements), which may affect the value of Underlying(s) or value and/or cost of hedging transactions. Such regulation may consequently affect the value, trading price and viability of the Notes. The implementation of the Dodd-Frank Act and future rulemaking thereunder could potentially limit or completely restrict the ability of the Issuer to hedge its exposure on Notes, increase the costs of hedging or make hedging strategies less effective, which may then constitute an Adjustment Event in respect of certain Notes.

OECD base erosion and profit shifting

In May 2013, the Organisation for Economic Co-operation and Development ("OECD") Council at Ministerial Level adopted a declaration on base erosion and profit shifting urging the OECD's Committee on Fiscal Affairs to develop an action plan to address base erosion and profit shifting in a comprehensive manner, and in July 2013 the OECD launched an Action Plan on Base Erosion and Profit Shifting, identifying 15 specific actions to achieve this (the "**BEPS Project**"). These action points relate to, amongst other things, restricting the deductibility of interest payments (Action 4), preventing the granting of tax treaty benefits in inappropriate circumstances (Action 6) and preventing the artificial avoidance of permanent establishment status (Action 7).

All of the action points have been subject to public consultation and on 5 October 2015 the OECD Secretariat published 13 final reports and an explanatory statement outlining consensus actions. The BEPS Project is expected to generate changes to tax policy and systems in numerous jurisdictions, however, when the actions will be implemented, and which countries will implement them, is not yet known. It is not possible to assess at this stage whether there would be any impact to the tax payable by Citi or other adverse tax consequences, any of which could reduce amounts available for distribution to Noteholders.

Changes in exchange rates and exchange controls could result in a loss of the value of the Notes and payments in respect thereof in relation to the currency of the jurisdiction of an investor

An investment in Notes denominated in a Specified Currency other than the currency of the jurisdiction of a particular investor (the "**investor's currency**"), entails significant risks that are not associated with a similar investment in a security denominated in the investor's currency. These risks include, but are not limited to:

- the possibility of significant market changes in rates of exchange between the investor's currency and the Specified Currency;
- the possibility of significant changes in rates of exchange between the investor's currency and the Specified Currency resulting from the official redenomination or revaluation of the Specified Currency; and
- the possibility of the imposition or modification of foreign exchange controls by either the jurisdiction of the investor's or foreign governments.

These risks generally depend on factors over which none of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor has any control and which cannot be readily foreseen, such as:

- economic events;
- political events; and
- the supply of, and demand for, the relevant currencies.

In recent years, rates of exchange between some foreign currencies in which the Notes may be denominated have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Depreciation of the Specified Currency of a Note against an investor's currency would result in a decrease in the effective yield of such Note below its coupon rate (if applicable) and could result in a substantial loss to the investor in terms of the investor's currency.

Governments have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates as well as the availability of a Specified Currency at the time of payment of principal, any premium, or interest on any Note. There can be no assurance that exchange controls will not restrict or prohibit payments of principal, any premium, or interest denominated in any such Specified Currency.

Even if there are no actual exchange controls, it is possible that a Specified Currency would not be available to the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor when payments on a Note are due because of circumstances beyond the control of the Issuer and/or the CGMHI Guarantor and/or CGMFL Guarantor. Each investor should consult their own financial and legal advisers as to the risks of an investment in Notes denominated in a currency other than the investor's currency.

The above risks may be increased if any Specified Currency and/or an investor's currency is the currency of an emerging market jurisdiction.

The unavailability of currencies could result in a loss of value of the Notes and payments thereunder

The currency in which payments on a Note are required to be made may be redenominated, for example, because such currency is:

- unavailable due to the imposition of exchange controls or other circumstances beyond the Issuer's and/or, where the Issuer is CGMHI, the CGMHI Guarantor's and/or, where the Issuer is CGMFL, the CGMFL Guarantor's control;
- no longer used by the government of the country issuing the currency; or
- no longer used for the settlement of transactions by public institutions of the international banking community.
- Where the currency in which payments in respect of a Note is officially redenominated, other than as a result of Economic and Monetary Union, such as by an official redenomination of any such currency that is a composite currency, then the payment obligations of the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor on such Note immediately following the redenomination will be the amount of redenominated currency that represents the amount of the Issuer's and/or, where the Issuer is CGMHI, the CGMHI Guarantor's and/or, where the Issuer is CGMFL, the CGMFL Guarantor's obligations immediately before the redenomination. The Notes will not provide for any adjustment to any amount payable as a result of:
- any change in the value of the Specified Currency of those Notes relative to any other currency due solely to fluctuations in exchange rates; or
- any redenomination of any component currency of any composite currency, unless that composite currency is itself officially redenominated.

Certain considerations associated with Notes relating to inflation indices

Investors in Notes relating to inflation indices should be familiar with investments in global capital markets and with indices generally.

The risks of a particular Note relating to inflation indices will depend on the terms of that Note. Many economic and market factors may influence an inflation index and consequently the value of Notes relating to inflation indices, including:

- general economic, financial, political or regulatory conditions and/or events; and/or
- fluctuations in the prices of various assets, goods, services and energy resources (including in response to supply of, and demand for, any of them); and/or
- the level of inflation in the economy of the relevant country and expectations of inflation.

In particular, the level of an inflation index may be affected by factors unconnected with the financial markets.

Any such factor may either offset or magnify one or more of the other factors.

Adjustment Events and Early Redemption in relation to Notes linked to inflation indices

If an underlying closing level for an inflation index for a specified reference month has not been published or announced by five business days prior to the relevant payment date, then the Calculation Agent shall determine a substitute index level. Any such substitution may have an adverse effect on the value of such Notes.

If the Calculation Agent determines that any of the following Adjustment Events (in each case if specified to apply in the applicable Issue Terms) occurs in respect of any inflation index:

- (a) any change in law ;
- (b) a change in law materially increasing the Issuer's costs in relation to performing its obligations under the Notes (including due to a tax liability imposed on the relevant hedging party);
- (c) a disruption to the Issuer's hedging positions;
- (d) an increased cost in the Issuer's hedging positions; and/or
- (e) an increased cost charged by the index sponsor on the use of the inflation index),

then the Calculation Agent shall make such adjustment(s) to the terms of the Notes as the Calculation Agent determines necessary to account for the effect of such Adjustment Event including, in the case of an Increased Cost of Hedging, adjustments to pass onto Noteholders any such Increased Cost of Hedging (including, but not limited to, reducing any amounts payable or deliverable in respect of the Notes to reflect any such increased costs). Any such adjustments may have an adverse effect on the value of such Notes and, if the Calculation Agent determines that no adjustment can reasonably so be made following such an Adjustment Event, such Adjustment Event shall be an Early Redemption Event and the Notes will be redeemed as more fully set out in the terms and conditions of the relevant Notes. See risk factor "*Early Redemption of Notes*" below for when the Notes are early redeemed.

If "Revision" is specified as applicable for an inflation index in the applicable Issue Terms, then any revision to an underlying closing level of an inflation index occurring before the relevant revision cut-off date shall be considered final and conclusive for the purpose of any determination made in respect of the Notes. If "No Revision" is specified as applicable in the applicable Issue Terms (or if "Revision" is not specified as applicable) then the first publication and announcement of an underlying closing level for such inflation index shall be final and conclusive. Further, if the Calculation Agent determines that the index sponsor of an inflation index has corrected an underlying closing level for such index to correct a manifest error no later than the earlier to occur of the relevant manifest error cut-off date and thirty calendar days following the first publication and announcement of such level, then the Calculation

Agent may use the corrected level of such inflation index for the purposes of any calculation in respect of the relevant payment date. In the event of inconsistency between a revision and a manifest error correction, the manifest error correction shall prevail. Any such adjustment (or absence of an adjustment, for the purpose of the Notes) to any level of an inflation index may have an adverse effect on the value of the Notes.

If the Calculation Agent determines that either (a) a level for an inflation index has not been published or announced for two consecutive months and/or (b) the relevant index sponsor announces that it will no longer continue to publish or announce such inflation index and/or (c) the relevant index sponsor cancels such inflation index then the Calculation Agent may replace the originally designated inflation index with a successor index. Any such adjustment may have an adverse effect on the value of the Notes and, if no successor index can be determined, then an Early Redemption Event shall occur with respect to the Notes.

If an index sponsor announces, in respect of an inflation index, that it will make a material change to a relevant inflation index then the Calculation Agent shall make such consequential adjustments to the terms of the Notes as are consistent with any adjustment made to any relevant fallback bond or as are necessary for such modified inflation index to continue as an inflation index for the purpose of the Notes. Any such adjustments may have an adverse effect on the value of such Notes and, if the Calculation Agent determines that no adjustment can reasonably so be made, then an Early Redemption Event shall occur with respect to the Notes.

Investors in Notes relating to inflation indices should read "*Underlying Schedule 1 – Inflation Index Conditions*" in this Base Prospectus and the applicable Issue Terms in order to fully understand the provisions relating to such Notes.

Adjustment Events (if applicable) and early redemption

If the Calculation Agent determines that an Adjustment Event occurs in respect of any Notes (in each case where specified to apply in the applicable Issue Terms) (a) any change in law affecting any underlying hedging position in relation to the Notes or materially increasing the Issuer's costs in relation to performing its obligations in respect of the Notes (including due to a tax liability imposed on the relevant hedging party), (b) a disruption to the Issuer's hedging positions, (c) an increased cost in the Issuer's hedging positions and/or (d) an increased cost charged by the index sponsor on the use of the inflation index), then the Calculation Agent shall make such adjustment(s) to the terms of the Notes as the Calculation Agent determines necessary to account for the effect of such Adjustment Event including, in the case of an Increased Cost of Hedging, adjustments to pass onto Noteholders any such Increased Cost of Hedging (including, but not limited to, reducing any amounts payable or deliverable in respect of the Notes to reflect any such increased costs). Any such adjustments may have an adverse effect on the value of such Notes and, if the Calculation Agent determines that no adjustment can reasonably so be made following an Adjustment Event, such Adjustment Event shall be an Early Redemption Event and the Notes will be redeemed as more fully set out in the terms and conditions of the relevant Notes. See risk factor "*Early Redemption of Notes*" below for when the Notes are early redeemed.

Risks relating to Notes linked to an underlying interest rate

The Issuer may issue Notes where the amount of interest payable is dependent upon movements in underlying interest rates ("**Underlying Interest Rate Notes**"). Accordingly an investment in Underlying Interest Rate Notes may bear similar market risks to a direct interest rate investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Underlying Interest Rate Notes, (i) they may receive no or a limited amount of interest and (ii) they may lose a substantial portion of their investment. In addition, movements in interest rates may be subject to significant fluctuations that may not correlate with changes in other indices and the timing of changes in the interest rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in interest rates, the greater the effect on yield.

Interest rates are determined by various factors which are influenced by macro-economic, political or financial factors, speculation and central bank and government intervention. In recent years, interest rates have been relatively low and stable, but this may not continue and interest rates may rise and/or become volatile. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in interest rates will affect the value of Underlying Interest Rate Notes.

If the amount of interest payable is dependent upon movements in interest rates and is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the interest rates on interest payable will be magnified.

The market price of such Notes may be volatile and, if the amount of interest payable is dependent upon movements in interest rates, may depend upon the time remaining to the redemption date and the volatility of interest rates. Movements in interest rates may be dependent upon economic, financial and political events in one or more jurisdictions.

Realisation Disruption Event

If "Realisation Disruption Event" is specified as applicable in the applicable Issue Terms and a Realisation Disruption Event occurs (being, in summary, either (i) an event which imposes restrictions or taxes, charges or deductions in respect of the Notes and/or on hedging arrangements in respect of the Notes which would materially restrict, or materially increase the cost of, the Issuer's obligations under the Notes or materially restrict, or materially increase the cost of, any Hedging Party's obligations under any such hedging arrangements or (ii) the occurrence or existence of any event which either materially restricts the exchange, delivery or transfer of the currency of payment of the Notes or of any hedging arrangements in respect of the Notes or restricts the determination of any exchange rate in relation to any such currency), then either (a) the terms of the Notes (including any payment obligations) may be adjusted in order to reflect the economic effect of the particular Realisation Disruption Event or (b) the Issuer may early redeem the Notes. In relation to such early redemption of Notes, see risk factor "*Early Redemption of Notes*" below.

Investors should note that any such adjustments by the Calculation Agent may include (but are not limited to): (i) payments under the Notes being made in a different currency to the previously specified payment currency of the Notes; (ii) deduction of applicable taxes, charges or deductions from payments due in respect of the Notes resulting in reduced amounts paid in respect of the Notes; (iii) delay of payments in respect of the Notes until the relevant restrictions are lifted and (iv) determination of relevant exchange rates by the Calculation Agent taking into consideration all available information that it deems relevant, which may result in a different rate to that which would have applied had the Realisation Disruption Event not occurred. All the above could produce a materially different redemption to that originally anticipated in respect of the Notes.

Certain considerations regarding hedging

Prospective purchasers intending to purchase Notes to hedge against the market risk associated with investing in the particular Underlying(s) should recognise the complexities of utilising Notes in this manner. For example, the value of the relevant Notes may not exactly correlate with the value of the relevant Underlying(s). Due to fluctuating supply and demand for Notes, there is no assurance that their value will correlate with movements of the Underlying(s). For these reasons, among others, it may not be possible to purchase or liquidate securities in a portfolio at the prices used to calculate the value of any relevant index.

Leveraging Risk

Borrowing to fund the purchase of the Notes (leveraging) can have a significant negative impact on the value of and return on the investment. Investors considering leveraging the Notes should obtain further detailed information as to the applicable risks from the leverage provider.

Early Redemption of Notes

The Issuer may redeem the Notes prior to the stated maturity date and, if and to the extent permitted by applicable law, will in such circumstances pay to each Noteholder, in respect of each Calculation Amount of Notes, an amount equal to the early redemption amount:

- (i) following an event of default;
- (ii) for certain taxation reasons;
- (iii) if the Issuer determines that performance of its obligations of an issue of Notes, or (if applicable) the Guarantor determines that performance of its obligations under the Deed of Guarantee in respect of such Notes, has or will become unlawful, illegal or otherwise prohibited in whole or in part for any reason;
- (iv) any of the following Adjustment Events (in each case if specified to apply in the applicable Issue Terms) occurs in respect of the Notes: (a) any change in law (b) a change in law materially increasing the Issuer's costs in relation to performing its obligations under the Notes (including due to a tax liability imposed on the relevant hedging party), (c) a disruption to the Issuer's hedging positions, (d) an increased cost in the Issuer's hedging positions; and/or (e) an increased cost charged by the index sponsor on the use of the inflation index),
- (v) if applicable, following the occurrence of a Realisation Disruption Event;
- (vi) if applicable, following the occurrence of a Hedging Disruption Early Termination Event; and
- (vii) if applicable, following the occurrence of a Section 871(m) Event.

The Early Redemption Amount in respect of each Calculation Amount of Notes will be:

- (a) where the applicable Issue Terms states that "*Fair Market Value*" is applicable, in respect of each Calculation Amount held by such holder, an amount equal to the fair market value of each such Calculation Amount notwithstanding such illegality less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements as determined by the Calculation Agent;
- (b) where the applicable Issue Terms states that "*Principal Amount plus accrued interest (if any)*" is applicable, an amount equal to the principal amount plus accrued interest (if any);
- (c) where the applicable Issue Terms states that "*Greater of (I) Fair Market Value and (II) Principal Amount plus accrued interest (if any)*" is applicable, an amount determined by the Calculation Agent as the greater of (I) an amount equal to the fair market value of each such Calculation Amount notwithstanding the relevant taxation reasons or illegality resulting in the early redemption) less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements as determined by the Calculation Agent;
- (d) where the applicable Issue Terms states that "*Principal Amount plus accrued interest (if any) at maturity with option for Fair Market Value at early redemption*", an amount determined by the Calculation Agent in accordance with the following, in relation to a Note of the Calculation Amount:
 - (I) where the Noteholder has exercised the right to early redemption of the Note in accordance with the Conditions, an amount determined by the Calculation Agent as an amount equal to the fair market value of each such Calculation Amount notwithstanding the relevant taxation reasons or illegality resulting in the early redemption) less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements as determined by the Calculation Agent, provided that in the case of an early redemption following an event of default, for the purposes of determining the fair market value, the Issuer will be presumed to be able to perform fully its obligations in respect of the Notes; or
 - (II) otherwise, an amount determined by the Calculation Agent as an amount equal to the principal amount plus accrued interest (if any). For the purpose of determining accrued interest (if any), the Early Redemption Date specified in the notice by the Issuer to the relevant Noteholder shall be deemed to be the date of redemption,

notwithstanding that the Early Redemption Amount will be payable on the Maturity Date;

- (e) where the applicable Issue Terms states that "Amortised Face Amount" is applicable, in respect of each Calculation Amount held by such holder, an amount equal to the Amortised Face Amount; or
- (f) in the case of any Note, an amount specified in the Valuation and Settlement Schedule and/or in the applicable Issue Terms.

There is no guarantee that the amount repaid to investors will be equal to or higher than the investor's initial investment in the relevant Notes and such amount may be substantially less than the investor's initial investment.

Possible Withholding Under Section 871(m) of the Code

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended ("**Section 871(m)**"), imposes a 30 per cent (or lower treaty rate) withholding tax on certain "dividend equivalents" paid or deemed paid to Non-U.S. Holders (as defined in "Section E.8—Taxation of the Notes" in this Base Prospectus) with respect to U.S. equities or indices that include U.S. equities under certain circumstances. Treasury regulations promulgated under Section 871(m) may, when effective, require withholding on Non-U.S. Holders in respect of dividend equivalents deemed paid under certain Notes, regardless of whether the Notes are issued by a U.S. Issuer or the Non-U.S. Issuer. Under these regulations, this withholding regime generally applies to Notes that substantially replicate the economic performance of one or more underlying U.S. equities, as determined upon the issuance, for U.S. tax purposes, of the Notes based on one of two tests set forth in the regulations (a "**Specified Note**"). Depending on the terms of the Notes, Section 871(m) will apply if, at issuance, either (i) the "delta" of the Notes is at least 0.80 or (ii) the Notes meet a "substantial equivalence" test. The regulations provide certain exceptions to this withholding regime, in particular for instruments linked to certain broad-based indices that meet requirements set forth in the regulations.

This regime will generally apply to Specified Notes issued beginning in 2017. If the terms of a Note are subject to a "significant modification," the Note will generally be treated as reissued for this purpose at the time of the significant modification.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Note or upon the date of maturity, lapse or other disposition by the Non-U.S. Holder of the Specified Note. The dividend equivalent amount will include the amount of any actual or, under certain circumstances, estimated dividend. The Issuer will not be required to pay any additional amounts in respect of amounts withheld under Section 871(m).

Upon the issuance of a series of Notes, the Issuer will generally state in the applicable Issue Terms if it has determined that they are Specified Notes, in which case a Non-U.S. Holder should expect to be subject to withholding in respect of any dividend-paying U.S. equities underlying those Notes. Prospective purchasers of the Notes should consult their tax advisors regarding the potential application of Section 871(m) to a particular Note. The Issuer's determination is binding on Non-U.S. Holders, but it is not binding on the IRS. The Section 871(m) regulations require complex calculations to be made with respect to Notes linked to U.S. equities and their application to a specific issue of Notes may be uncertain. Accordingly, even if the Issuer determines that certain Notes are not Specified Notes, the United States Internal Revenue Service (the "**IRS**") could challenge the Issuer's determination and assert that withholding is required in respect of those Notes.

In circumstances that constitute a "Section 871(m) Event" (being the occurrence at any time of circumstances in which the Issuer and/or, where the Issuer is CGMHI or CGMFL, the relevant Guarantor and/or any Hedging Party is (or, in the determination of the Calculation Agent, there is a reasonable likelihood that, within the next 30 Business Days, the Issuer and/or, where the Issuer is CGMHI or CGMFL, the relevant Guarantor and/or any Hedging Party will become) subject to any withholding or reporting obligations pursuant to Section 871(m) with respect to the relevant Notes and/or the Deed of Guarantee and/or any underlying Hedging Positions), an Early Redemption Event will occur, in which case the relevant Notes may be redeemed as more fully set out in the terms and conditions of such Notes. See risk factor "Early Redemption of Notes" below for when the Notes are early redeemed.

Meetings of Noteholders and Modifications

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters which may have a general or specific effect upon their interests. These provisions permit defined majorities to bind all Noteholders, including those Noteholders who did not attend and vote at the relevant meeting, and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Issuer and, where the Issuer is CGMHI, the CGMHI Guarantor or, where the Issuer is CGMFL, the CGMFL Guarantor may make, without the consent of the Noteholders, (i) any modification to the Notes, the Fiscal Agency Agreement, Swedish Notes Issuing and Paying Agency Agreement, the Finnish Notes Issuing and Paying Agency Agreement, the relevant Deed of Covenant, the relevant Deed of Guarantee which, in the opinion of the Issuer, is not materially prejudicial to the interests of the Noteholders or (ii) any modification to the Notes, the Fiscal Agency Agreement, Swedish Notes Issuing and Paying Agency Agreement, the Finnish Notes Issuing and Paying Agency Agreement, the relevant Deed of Covenant, the relevant Deed of Guarantee which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of the law.

In determining what is "materially prejudicial", the Issuer shall not consider the individual circumstances of any Noteholder or the tax or other consequences of such modification in any jurisdiction. Any such amendment may have an adverse effect on the value of the Notes or, without limitation, a Noteholder's tax, regulatory or accounting treatment of such Notes.

Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities.

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Notes may have at the option of the Issuer (where the applicable Issue Terms specify "Switcher Option" applies), or where the applicable Issue Terms specify "Automatic Change of Interest Basis" applies, shall have, more than one interest basis applicable to different interest periods and/or interest payment dates, see "Switcher Option" and "Previous Coupon Linked Notes" below.

Such Notes may also be Floating Rate Notes, Inflation Rate Notes, DIR Inflation Linked Notes, CMS Interest Linked Notes, Inverse Floating Rate Notes, Range Accrual Notes, Digital Notes, Spread Notes and/or Previous Coupon Linked Notes (or any combination of the foregoing).

Inverse Floating Rate Notes will have more volatile market values than conventional Floating Rate Notes or Notes linked to a CMS Rate

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a specified reference rate (which may be a rate determined by reference to the floating rate provisions, the CMS rate provisions or the Spread Notes provisions as specified in the applicable Issue Terms). The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Range Accrual Notes

Range Accrual Notes have an interest rate multiplied by an accrual rate which is determined by reference to the number of days in the relevant interest period on which the accrual condition or both accrual conditions are satisfied. An accrual condition may be satisfied on any relevant day if the relevant reference observation is, as specified in the applicable Issue Terms:

- equal to or above the specified barrier; or
- above the specified barrier; or
- equal to or below the specified barrier; or
- below the specified barrier,

or the relevant reference observation is, as specified in the applicable Issue Terms:

- either equal to or above, or above, the specified lower range; and
- either equal to or below, or below, the specified upper range.

A reference observation may specified in the applicable Issue Terms as (i) a single reference rate, (ii) a basket of two or more reference rates, (iii) the difference between two reference rates, or (iv) the difference between the sums of two sets of reference rates. The interest rate of Range Accrual Notes may be a rate equal or calculated by reference to a specified fixed rate, a floating rate or a CMS swap rate (or if specified in the applicable Issue Terms, either the lesser of or the difference between two CMS swap rates). Therefore, Range Accrual Notes are subject to variable interest rates and can be volatile instruments and may pay no interest in respect of an interest period.

Digital Notes

Digital Notes have an interest rate which will either be (i) a specified back up rate (which may be (a) a fixed rate or (b) a rate determined by reference to the floating rate provisions, the CMS rate provisions or the Spread Notes provisions); or (ii) if the specified digital reference rate (which may be (a) a fixed rate or (b) a rate determined by reference to the floating rate provisions, the CMS rate provisions or the Spread Notes provisions) as of the relevant determination date is either (I) greater than, (II) greater than or equal to, (III) less than or (IV) less than or equal to (as specified in the applicable Issue Terms) the specified reserve rate (which may be (A) a fixed rate or (B) a rate determined by reference to the floating rate provisions, the CMS rate provisions or the Spread Notes provisions), a specified digital rate (which may be (A) a fixed rate or (B) a rate determined by reference to the floating rate provisions, the CMS rate provisions or the Spread Notes provisions).

Therefore, Digital Notes are subject to variable interest rates and can be volatile instruments.

Digital Band Notes

Digital Band Notes have an interest rate (which may be a fixed rate, a floating rate, a CMS rate or a rate equal to one specified rate (which may be a floating rate or a CMS rate) minus another specified rate (which may be a floating rate or a CMS rate)) which will be determined in relation to an interest period by reference to within which band either, as specified in the applicable Issue Terms, (a) the specified reference rate (which may be a rate determined by reference to the floating rate provisions or the CMS rate provisions) falls or (b) the result of one specified rate minus another specified rate (either of which may be a rate determined by reference to the floating rate provisions or the CMS rate provisions) falls. The interest rate for the interest period will be equal to the rate specified as the band rate for the appropriate band within which, in the case of (a) the reference rate falls or, in the case of (b) the result of one specified rate minus another specified rate falls. In addition, different reference rates may apply in respect of different interest periods and interest payment dates.

Therefore, Digital Band Notes are subject to the performance of, in the case of (a) the reference rate or, in the case of (b) the result of one reference rate minus another reference rate and, as any relevant reference rate is a variable interest rate, the Digital Band Notes can be volatile instruments.

Spread Notes

Spread Notes have an interest rate determined by reference to any of:

- (a) one (1) minus the result of a specified spread rate minus another specified rate (and any such spread rate may be (i) a single specified rate, (ii) the sum of more than one specified rate or (iii) one specified rate minus another specified rate); or
- (b) a specified rate minus another specified rate (and any such spread rate may be (i) a single specified rate, (ii) the sum of more than one specified rate or (iii) one specified rate minus another specified rate); or
- (c) the lesser of: (i) a specified spread rate plus or minus a spread cap margin, and (ii) the sum of: (A) a specified percentage rate per annum, and (B) the product of (I) a multiplier, and (II) the difference between two specified spread rates (and any such spread rate may be (1) a single specified rate, (2) the sum of more than one specified rate, or (3) one specified rate minus another specified rate),

and in each case, plus or minus a margin (if specified in the applicable Issue Terms), and multiplied by an interest participation rate (if specified in the applicable Issue Terms). Therefore, Spread Notes are subject to variable interest rates and can be volatile instruments and may pay no interest in respect of an interest period.

Switcher Option

If the applicable Issue Terms specify "Switcher Option" to be applicable, the Notes may bear interest at a rate that converts, at the option of the Issuer, from one specified rate (the "**First Rate**") to another specified rate (the "**Second Rate**"). Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from one rate to another, the Second Rate may be less favourable than then prevailing spreads on comparable Notes tied to the same reference rate. In addition, the Second Rate at any time may be lower than the rates on other Notes.

If the Issuer has the right to convert the interest rate on any Notes from one interest basis to another interest basis, this may affect the secondary market and the market value of the Notes concerned.

Previous Coupon Linked Notes

Previous Coupon Linked Notes are notes which have an interest rate (a "**Previous Coupon Linked Interest Rate**") determined from a previous coupon reference rate, plus or minus a margin (if specified in the applicable Issue Terms), and multiplied by an interest participation rate (if specified in the applicable Issue Terms). The previous coupon reference rate for an interest period is a rate equal to: (a) the interest rate for the immediately preceding interest period and/or interest payment date (such rate, a "**Previous Coupon**", such period, a "**Preceding Interest Period**" and such payment date, "**Preceding Payment Date**"), (b) plus or minus a specified rate (if specified in the applicable Issue Terms) multiplied by an interest participation rate (if specified in the applicable Issue Terms), and (c) plus or minus another specified rate (if specified in the applicable Issue Terms) multiplied by an interest participation rate (if specified in the applicable Issue Terms). The Previous Coupon for a Preceding Interest Period and/or Preceding Payment Date (as applicable) is the interest rate determined in accordance with the interest basis applicable to such Preceding Interest Period and/or Preceding Payment Date, which may be the Previous Coupon Linked Interest Rate determined for the Preceding Interest Period and/or Preceding Payment Date where the interest basis applicable to such Preceding Interest Period and/or Preceding Payment Date is specified in the applicable Issue Terms as Previous Coupon Linked Notes.

The Previous Coupon for a Preceding Interest Period and/or Preceding Payment Date (as applicable) may also be a fixed rate (if the applicable interest basis for such Preceding Interest Period and/or Preceding Payment Date is Fixed Rate Notes), floating rate (if the applicable interest basis for such Preceding Interest Period and/or Preceding Payment Date is Floating Rate Notes), a CMS rate (if the applicable interest basis for such Preceding Interest Period and/or Preceding Payment Date is CMS

Interest Linked Notes) or any other rate of interest determined in accordance with the applicable interest basis for such Preceding Interest Period and/or such Preceding Payment Date.

A specified rate may be a fixed rate, a floating rate, a CMS rate or any other reference rate specified in the applicable Issue Terms and determined in accordance with the terms and conditions of the Notes. Previous Coupon Linked Notes may therefore also be Fixed Rate Notes, Floating Rate Notes, CMS Interest Linked Notes, Inverse Floating Rate Notes, Range Accrual Notes, Digital Notes and/or Spread Notes (or any combination of the foregoing).

These Notes are therefore subject to variable interest rates and can be volatile instruments, and may pay no interest in respect of an interest period.

Trading different types of Notes

It should be assumed that the market for trading different types of Notes varies even though they are issued under the same Programme. By way of example, a Zero Coupon Note may be more difficult to trade and its price more variable than a Fixed Rate Note. It may also be more difficult to trade a Zero Coupon Note that has just been issued than a Zero Coupon Note nearer its redemption, as returns on Zero Coupon Notes will be paid to investors only a redemption.

Substitution

Investors should note that, in relation to any Notes, either of the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor may, without the consent of the holders but subject to certain conditions, substitute for itself in respect of such Notes or, if applicable, in respect of the CGMHI Deed of Guarantee or the CGMFL Deed of Guarantee any company which is, on the date of such substitution, in the opinion of the Issuer, the CGMHI Guarantor or the CGMFL Guarantor, as the case may be, of at least equivalent standing and creditworthiness to it.

Determinations

The terms of the Notes confer on the Issuer, the Calculation Agent and certain other persons some discretion in making determinations and calculations in relation to, *inter alia*, Underlying(s) and the occurrence of various events. The Issuer, the Calculation Agent or such other persons will act in good faith and in its sole and absolute discretion or in good faith and in a commercially reasonable manner (as specified in the applicable Issue Terms) but there can be no assurance that the exercise of any such discretion will not affect the value of the Notes or the occurrence of an early repayment.

Change of law

The Conditions of the Notes are based on relevant laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to such laws or administrative practices after the date of this Base Prospectus.

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Investors should note, *inter alia*, the circumstances, in General Condition 5 (*Redemption and Purchase*) when the Issuer is entitled to redeem the relevant Notes and the related provisions set out in the applicable Issue Terms.

Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

New York Law Notes which pay interest at a variable rate

Any tranche of New York Law Notes with an aggregate principal amount of less than \$2,500,000 are subject to usury limits which limit the amount of interest which may be paid on such Notes. In addition to any maximum interest rate that may be applicable to any Notes which pay interest at a variable rate, the interest rate on such Notes will in no event be higher than the maximum rate permitted by the law of the State of New York. As of the date of this Base Prospectus, the maximum rate of interest under provisions of the New York penal law, with a few exceptions, is 25 per cent. per annum on a simple interest basis.

Notes issued at a substantial discount or premium

The market value of any Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing notes. Generally, the longer the remaining term of such Notes, the greater the price volatility as compared to conventional interest-bearing notes with comparable maturities.

Risks in investing in the form of certificateless depositary interests in CREST

Investors may also hold interests in Notes through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) ("**CREST**") through the issuance of dematerialised depositary interests ("**CDIs**") issued, held, settled and transferred through CREST, representing interests in the relevant Notes. CDIs are independent securities constituted under English law and transferred through CREST and will be issued by CREST Depository Limited (the "**CREST Depository**") pursuant to the global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated) (the "**CREST Deed Poll**").

The rights of CDI Holders to Notes are represented by the relevant entitlements against the CREST Depository which (through the CREST Nominee (as defined herein)) holds interests in such Notes. Accordingly, rights under Notes underlying CDIs cannot be enforced by CDI Holders except indirectly through the intermediary depositaries and custodians. The enforcement of rights under such Notes will be subject to the local law of the relevant intermediaries. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of such Notes in the event of any insolvency or liquidation of any of the relevant intermediaries, in particular where Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

The rights of the CDI Holders will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg and the Issuer, including the CREST Deed Poll. Potential investors should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the CREST Depository. CDI Holders are bound by such provisions and may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the amounts originally invested by them. As a result, the rights of and returns received by CDI Holders may differ from those of holders of Notes which are not represented by CDIs.

In addition, CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or

become payable in connection with the holding of Notes through the CREST International Settlement Links Service.

Potential investors should note that none of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, any Dealer, any distributor, any Paying Agent, the Registrar and any Transfer Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Risks related to the market generally

Impact of fees, commissions and/or inducements on the Issue Price and/or offer price

Investors should note that the Issue Price and/or offer price of Notes may include fees and/or other commissions and inducements (e.g. placement fees, distribution fees, structuring fees). Any such fees and/or other commissions and inducements will not be taken into account for the purposes of determining the price of such Notes in the secondary market and will result in a difference between the Issue Price and/or offer price of the Notes and the bid/offer price quoted by any intermediary in the secondary market. Any such difference will result in a decrease in the value of an issue of Notes, particularly in relation to any such Notes sold immediately following the issue date or offer period relating to such Notes.

Certain considerations relating to public offers of Notes in the European Economic Area

As described in the applicable Final Terms, Notes that are not Exempt Notes may be distributed by means of a public offer made in the specified Member State(s) of the European Economic Area during an offer period specified in the applicable Final Terms. During such offer period, the Issuer and/or any other person specified in the applicable Final Terms may reserve the right to cancel such offer and/or to scale back applications for such offer in the event of over-subscription. In such circumstances, an applicant investor may not be issued any Notes or may be issued a number of Notes which is less than the amount for which such applicant investor applied. Any payments made by an applicant investor or, in the case of public offers in Italy any amount segregated by a distributor as intended payment of the offer price by an applicant investor, for Notes that are not issued to such applicant investor for any such reason will be refunded. However, there will be a time lag in making any reimbursement, no interest will be payable in respect of any such amounts and the applicant investor may be subject to reinvestment risk.

In addition, the Issuer and/or the other entities specified in the applicable Final Terms may terminate the offer early by immediate suspension of the acceptance of further subscription requests and by giving notice to the public in accordance with the applicable Final Terms. Any such termination may occur, even where the maximum amount for subscription in relation to that offer (as specified in the applicable Final Terms), has not been reached and, in such circumstances, the early closing of the offer may have an impact on the aggregate number of Notes issued and, therefore, may have an adverse effect on the liquidity of the relevant Notes.

Further, investors should note that, in certain circumstances, Notes may not be issued on the originally designated issue date, for example because either the Issuer and/or any other person specified in the applicable Final Terms has reserved the right to postpone such issue date or, following the publication of a supplement to this Base Prospectus the Issuer has decided to postpone such issue date to allow investors who had made applications to subscribe for Notes before the date of publication of such Supplement to exercise their right to withdraw their acceptances. In the event that the issue date is so delayed, no interest shall accrue (if applicable) until the issue date of the Notes and no compensation shall be payable.

The secondary market

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid and an investor may not be able to find a timely and/or suitable counterpart. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market or at

prices higher than the relevant investor's initial investment. Investors seeking to liquidate/sell positions in the Notes prior to the stated maturity date may receive substantially less than their original purchase price. Therefore, in establishing their investment strategy, investors should ensure that the term of the Notes is in line with their future liquidity requirements. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. The liquidity of Notes is also influenced by the type of investor to whom such Notes are sold. To the extent that an issue of Notes is or becomes illiquid, investors may have to hold the relevant Notes until maturity before they are able to realise value.

The Issuer may, but is not obliged to, list an issue of Notes on a stock exchange or regulated market. If Notes are not listed or traded on any stock exchange or regulated market, pricing information for the relevant Notes may be more difficult to obtain and the liquidity of such Notes may be adversely affected.

If Notes are not listed or traded on a stock exchange or regulated market, they may be traded on trading systems governed by the laws and regulations in force from time to time (e.g. multilateral trading systems or "MTF") or in other trading systems (e.g. bilateral systems, or equivalent trading systems). In the event that trading in such Notes takes place outside any such stock exchange, regulated market or trading systems, the manner in which the price of such Notes is determined may be less transparent and the liquidity of such Notes may be adversely affected. Investors should note that none of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor and any Dealer grants any warranty to Noteholders as to the methodologies used to determine the price of Notes which are traded outside a trading system. However, where the Issuer or any of its affiliates determines the price of such Notes, it will take into account the market parameters applicable at such time in accordance with applicable provisions of law. Even if Notes are listed and/or admitted to trading, this will not necessarily result in greater liquidity.

Each of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor and any Dealer may, but is not obliged to, at any time purchase Notes at any price in the open market or by tender or private agreement. Any Notes so purchased may be held or resold or surrendered for cancellation. If any Notes are redeemed in part, then the number of Notes outstanding will decrease, which will reduce liquidity for the outstanding Notes. Any such activities may have an adverse effect on the price of the relevant Notes in the secondary market and/or the existence of a secondary market.

Any of Citigroup, Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor or any Dealer or affiliate thereof, as, where applicable, part of its activities as a broker and dealer in fixed income and equity securities and related products or otherwise, may make a secondary market in relation to any Notes and may provide an indicative bid price on a daily basis. Any indicative prices so provided shall be determined by the relevant party in its sole discretion taking into account prevailing market conditions and shall not be a representation by such party that any Notes can be purchased or sold at such prices (or at all).

Notwithstanding the above, any of the parties specified above may suspend or terminate making a market and providing indicative prices without notice, at any time and for any reason.

Consequently, there may be no market for the relevant Notes and investors should not assume that such a market will exist. Accordingly an investor must be prepared to hold the Notes until the maturity date.

Where a market does exist, to the extent that an investor wants to sell any Notes, the price may, or may not, be at a discount from the outstanding principal amount.

If it is possible to sell Notes, they would be sold for the prevailing bid price in the market and may be subject to a transaction fee. The prevailing bid price may be affected by several factors including the performance of any relevant Underlying, prevailing interest rates at the time of sale, the time remaining to the stated maturity date, the creditworthiness of the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor and factors affecting the capital markets generally. The introduction of additional or competing products in the market may

also have a negative effect on the price of any Notes. It is therefore possible that an investor selling Notes in the secondary market may receive substantially less than their original purchase price.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to securities issued under the Programme, including any Notes. The credit rating agencies may have different rating methodologies, criteria, models and requirements from one another. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. The ratings of any Notes may be reduced, withdrawn or qualified at any time by the applicable rating agency. If the ratings on any Notes are reduced, withdrawn or qualified, it could adversely affect the liquidity or the market value of such Notes.

Additionally, the global landscape of financial sector regulation itself is undergoing significant change. In the U.S., the Dodd-Frank Act, among other things, expands regulatory oversight of Citigroup Inc. (and its subsidiaries) and credit rating agencies. It is not clear how this expanded regulatory oversight will impact the ratings on the Notes or the rating of the Issuer and/or the CGMHI Guarantor and/or the CGMFL Guarantor.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out above and will be disclosed in the applicable Issue Terms. Information relating to the current ratings of Citigroup Inc., CGMHI and the CGMFL Guarantor is available at www.citigroup.com.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Changes in any applicable tax law or practice may have an adverse effect on a Noteholder

Any relevant tax law or practice applicable as at the date of this Base Prospectus and/or the date of purchase or subscription of any Notes may change at any time (including during any subscription period or the term of any Notes). Any such change may have an adverse effect on a Noteholder, including that Notes may be redeemed before their due date, their liquidity may decrease and/or the tax treatment of amounts payable or receivable by or to an affected Noteholder may be less than otherwise expected by such Noteholder.

Reform of LIBOR, EURIBOR and other interest rate "benchmarks"

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other rates which are deemed to be "benchmarks" are the subject of recent national, international and

other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a "benchmark".

Key international proposals for reform of "benchmarks" include IOSCO's Principles for Financial Market Benchmarks (July 2013) (the "**IOSCO Benchmark Principles**") and the European Commission's proposed regulation on indices used as benchmarks in financial instruments, financial contracts and investment funds (the "**Proposed Benchmark Regulation**").

The IOSCO Benchmark Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering governance and accountability as well as the quality and transparency of benchmark design and methodologies. A review published by IOSCO in February 2015 of the status of the voluntary market adoption of the IOSCO Benchmark Principles noted that, as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future, but that it is too early to determine what those steps should be. The review noted that there has been a significant market reaction to the publication of the IOSCO Benchmark Principles, with widespread efforts being made to implement the IOSCO Benchmark Principles by the majority of administrators surveyed.

On 25 November 2015, the European Commission announced that agreement had been reached between the European Parliament and the Council of the EU on the Proposed Benchmark Regulation. However, the final form of the regulation has not yet been published. It is currently expected that the Proposed Benchmark Regulation will become effective in 2017.

If passed in its current form (as appears likely), the Proposed Benchmark Regulation would apply to "contributors", "administrators" and "users" of "benchmarks" in the EU, and would, among other things, (i) require benchmark administrators to be authorised (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non-EU-based, to be subject to equivalent requirements) and (ii) ban the use of "benchmarks" of unauthorised administrators. The scope of the Proposed Benchmark Regulation is wide and, in addition to so-called "critical benchmark" indices such as LIBOR and EURIBOR, could also potentially apply to many interest rate indices (including "proprietary" indices or strategies) which are referenced in financial instruments (including Notes), financial contracts and investment funds.

If passed in its current form, the Proposed Benchmark Regulation could have a material impact on any Notes linked to a "benchmark" interest rate or index, including in any of the following circumstances:

- an interest rate or index which is a "benchmark" could not be used as such if its administrator does not obtain authorisation or is based in a non-EU jurisdiction which (subject to any applicable transitional provisions) does not have equivalent regulation. In such event, depending on the particular "benchmark" and the applicable terms of the Notes, the Notes could be de-listed, adjusted, redeemed prior to maturity or otherwise impacted; and
- the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Proposed Benchmark Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Notes, including Calculation Agent determination of the rate or level in its discretion.

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance of certain "benchmarks". The disappearance of a "benchmark" or changes in the manner of administration of a "benchmark" could result in adjustment to the terms and conditions,

early redemption, discretionary valuation by the Calculation Agent, delisting or other consequence in relation to Notes linked to such "benchmark". Any such consequence could have a material adverse effect on the value of and return on any such Notes.

Potential conflicts of interest

Where the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Notes that may influence the amount receivable or specified assets deliverable in respect of the Notes.

Any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor and/or their affiliates may be the sponsor of an Underlying and may publish values or prices in respect of an Underlying. Any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor and/or any of their affiliates may also from time to time engage in transactions involving Underlying(s) for their proprietary accounts or for other accounts under their management, subject to requirements of all applicable laws and regulations. Any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor and/or their affiliates may also issue other derivative instruments in respect of any Underlying(s). Any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, and/or their affiliates may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Notes or may act as financial adviser to certain companies or companies whose securities are Underlying(s) in respect of one or more issues of Notes or in a commercial banking capacity for such companies. These activities may have a positive or negative effect on the value of the relevant Underlying(s) and consequently upon the value of the Notes.

Any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, any Dealer and/or any of their affiliates may at the date hereof or at any time hereafter be in possession of information in relation to an Underlying that is or may be material and may or may not be publicly available to Noteholders. There is no obligation on any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, or any Dealer to disclose to any potential investors in Notes or to Noteholders any such information.

Any of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, any Dealer and/or any of their affiliates may have existing or future business relationships with the issuer of, or other entity associated with, any Underlying(s) (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising therefrom without regard to the consequences for a Noteholder.

Where Notes are offered to the public, as the relevant Dealer(s) and any distributors act pursuant to a mandate granted by the Issuer and they receive fees on the basis of the services performed and the outcome of the placement of such Notes, potential conflicts of interest could arise.

Post issuance information

None of the Issuers, the CGMHI Guarantor and the CGMFL Guarantor will provide any post issuance information, except if required by any applicable laws and regulations.

Information concerning the Underlying(s)

Information relating to the past and further performance and volatility of the Underlying(s) is available from internationally recognised published or electronically displayed sources, including the relevant Electronic Page specified in the applicable Issue Terms.

Information relating to historic interest rates in the case of Floating Rate Notes is available from internationally recognised published or electronically displayed sources, including the page specified in the applicable Issue Terms or referred to in the applicable Floating Rate Option.

RISKS SPECIFIC TO CREDIT LINKED INTEREST NOTES

An investment in Credit Linked Interest Notes involves risks and should only be made after assessing fully the potential direction, timing and magnitude of potential future market changes as well as those that might be specific to the Reference Entity (e.g. in the value of the obligations of, or creditworthiness or ability to pay of, the Reference Entity), as well as the terms and conditions of the Credit Linked Interest Notes. More than one circumstance specified in a risk factor may have simultaneous effects with regard to the Credit Linked Interest Notes such that the effect of a particular risk factor may not be predictable. In addition, more than one circumstance specified in a risk factor may have a compounding effect, which may not be predictable. No assurance can be given as to the effect that any combination of circumstances specified in these risk factors may have on the value of the Credit Linked Interest Notes.

Certain factors affecting the value and trading price of Credit Linked Interest Notes

The amounts due in respect of the Credit Linked Interest Notes at any time prior to the relevant maturity date is typically expected to be less than the trading price of such Credit Linked Interest Notes at that time. The difference between the trading price and such amounts will reflect, among other things, the "time value" of the Credit Linked Interest Notes. The "time value" of the Credit Linked Interest Notes will depend partly upon the length of the period remaining to maturity. It will also partly depend on expectations as to (i) the creditworthiness of any Reference Entity and (ii) any related hedging and investment diversification opportunities. The time value will also create some additional risks with regard to interim value. The interim value of Credit Linked Interest Notes varies as the creditworthiness or value of the Reference Entity varies, as well as due to a number of other interrelated factors, including those specified herein.

Before purchasing Credit Linked Interest Notes, Noteholders should carefully consider, among other things, (i) the trading price of the relevant Credit Linked Interest Notes, (ii) the value, creditworthiness and volatility of the relevant Reference Entity, (iii) the remaining tenor, (iv) any change(s) in market interest rates and yield rates, if applicable, (v) any change(s) in currency exchange rates, and (vi) any related transaction costs.

An investment in Credit Linked Interest Notes where the payment of interest is contingent on a Reference Entity may have significant risks that are not associated with a similar investment in a conventional security such as a debt instrument that:

- is denominated in the investor's currency; and
- bears interest at either a fixed or a floating rate based on nationally published interest rate references.

The risks associated with a particular Credit Linked Interest Note where the payment of interest is contingent on a Reference Entity will generally depend on factors over which the Issuer has no control and which cannot readily be foreseen. These risks include:

- economic events;
- political events; and
- the supply of, and demand for, and any actual or perceived expectations concerning the value of obligations of or the creditworthiness of any relevant Reference Entity.

In recent years, prices for, and perceptions as to the creditworthiness of, various entities which may constitute a Reference Entity have been highly volatile. Such volatility may be expected in the future. Fluctuations in the rates, levels, spreads or prices that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur during the term of any Credit Linked Interest Notes linked to a Reference Entity.

In addition, investors should be aware that credit spreads or other projections of the creditworthiness of any relevant Reference Entity may be determined or published by the Issuer or an affiliate thereof or

determined or published by third parties or entities which are not subject to regulation under the laws of the United States or the European Economic Area.

The risk of loss as a result of linking interest payments to the non-occurrence of a Credit Event of a Reference Entity can be substantial. Each investor should consult their own financial and legal advisers as to the risks of an investment in Credit Linked Interest Notes.

Determinations

The terms of the Credit Linked Interest Notes confer on the Calculation Agent discretion in making determinations and calculations in relation to the Credit Linked Interest Notes including, *inter alia*, the occurrence of various events including Credit Events. The Calculation Agent will act in its sole and absolute discretion and there can be no assurance that the exercise of any such discretion will not affect the value of the Credit Linked Interest Notes or the occurrence of an early repayment.

Cessation of Interest

Investors should be aware that interest will cease to accrue on Credit Linked Interest Notes from the start of the interest period immediately preceding the occurrence of the satisfaction of Conditions to Settlement in respect of a Credit Event. Interest payments may also be suspended in certain circumstances.

Potential conflicts of interest

Where the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Credit Linked Interest Notes.

Any of Citigroup Inc., and/or its affiliates may publish credit spreads or other values or prices in respect of the obligations of, or of, a Reference Entity. Citigroup Inc., and/or any of its affiliates may also from time to time engage in transactions with, or in relation to or respect of, any Reference Entity for their proprietary accounts or for other accounts under their management, subject to requirements of all applicable laws and regulations. Citigroup Inc. and/or its affiliates may also issue other derivative instruments in respect of any Reference Entity. Citigroup Inc. and/or its affiliates may also act as underwriter or counterparty in connection with future offerings of securities, debt or other obligations related to an issue of Credit Linked Interest Notes or may act as financial adviser to certain companies or companies who are a Reference Entity in respect of one or more issues of Credit Linked Interest Notes or in a commercial banking capacity for such companies. These activities may have a positive or negative effect on the value or creditworthiness of, or the likelihood of a Credit Event occurring to a Reference Entity and consequently upon the value of the Credit Linked Interest Notes.

Any of Citigroup Inc., any Dealer and/or any of their affiliates may at the date hereof or at any time hereafter be in possession of information in relation to a Reference Entity that is or may be material in the context of any Credit Linked Interest Notes and may or may not be publicly available to Noteholders. There is no obligation on Citigroup Inc. or any Dealer to disclose to any potential investors in Credit Linked Interest Notes or to Noteholders any such information.

Any of Citigroup Inc., any Dealer and/or any of their affiliates may have existing or future business relationships with the Issuer, or other entity associated with or that is, a Reference Entity (including, but not limited to, lending, derivatives, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising therefrom without regard to the consequences for a Noteholder. Please also see below "*Determinations by the Credit Derivatives Determinations Committee*".

General risks

The risk of the loss of some or all of the interest payments related to a Credit Linked Interest Note where the payment of interest is contingent on a Reference Entity means that, in order to realise a return

upon his or her investment, a purchaser of a Credit Linked Interest Note must generally be correct about the creditworthiness of the relevant Reference Entity.

Prospective investors should understand that although the Credit Linked Interest Notes do not create an actual interest in, or ownership of, the relevant Reference Entities, the coupon payment on the Credit Linked Interest Notes may attract certain of the same risks as an actual investment in obligations of the relevant Reference Entity.

Fluctuations in the value or creditworthiness, as applicable, of the relevant Reference Entity or the obligations of, or creditworthiness of, any other entity or other items which comprise or relate to any such Reference Entity will affect the value of the relevant Credit Linked Interest Notes. Purchasers of Credit Linked Interest Notes risk losing their entire interest rate return on their investment if the creditworthiness of any relevant Reference Entity or other items comprising or relating to any such Reference Entity such that a Credit Event occurs.

All Credit Linked Interest Notes will be unsecured and unsubordinated obligations of the Issuer and all Credit Linked Interest Notes issued by it will rank equally among themselves and with all other unsecured and unsubordinated obligations of the Issuer. The Issuer's obligations under the Credit Linked Interest Notes issued by it represent general contractual obligations of the Issuer and of no other person.

A Credit Linked Interest Note will not represent a claim against any Reference Entity and a Noteholder will not have recourse under any relevant Credit Linked Interest Note to any entity, obligation or other item which may comprise or be related to the relevant Reference Entity in respect of such Credit Linked Interest Notes. Although the performance and creditworthiness of the relevant Reference Entity will have an effect on the market value of the Credit Linked Interest Notes, the obligations of any relevant Reference Entity and the Credit Linked Interest Notes are separate obligations of different legal entities.

Investors will have no legal or beneficial interest in any obligations of any relevant Reference Entity. In addition, the Issuer and/or any of its affiliates may enter into arrangements to hedge the Issuer's obligations under the Credit Linked Interest Notes but are not required to do so. If they do so, the Issuer and/or any such affiliate will have certain rights under such hedging arrangements and may pursue actions and take steps that they deem appropriate to protect their own interests under such hedging arrangements without regard to the consequences for Noteholders. A Noteholder will not have recourse to the applicable counterparty under any such hedging arrangements.

The Issuer's obligations in respect of the Credit Linked Interest Notes are not dependent on the existence or amount of the Issuer's and/or any of its affiliates' credit exposure to any Reference Entity and the Issuer and/or any affiliate will not need to suffer any loss nor provide evidence of any loss as a result of the occurrence or existence of any Credit Event.

Explanation of effect on value of investment and associated risks and other information concerning the risks relating to Credit Linked Interest Notes

Credit Linked Interest Notes may be redeemed by the Issuer on the Maturity Date by payment of the Final Redemption Amount. On a date prior to the Maturity Date if one or more of certain events (Credit Events) has occurred in respect of a Reference Entity, the Credit Linked Interest Notes may cease to bear interest.

Events that will constitute a Credit Event for these purposes are as specified in the applicable Issue Terms and may include, without limitation, the occurrence of one or more of the following:

- (a) Bankruptcy - the Reference Entity goes bankrupt;
- (b) Failure to Pay - subject to a minimum threshold amount, the Reference Entity fails to pay any amounts due on any of its borrowings (including its bonds or loans) or, where applicable, guarantees;
- (c) Governmental Intervention - following an action taken or an announcement made by a Governmental Authority, any of the Reference Entity's borrowings or, where applicable, guarantees, subject to a minimum threshold amount of such borrowings or, where applicable,

- guarantees, are restructured in such a way as to adversely affect a creditor (such as a reduction or postponement of the interest or principal payable on a bond or loan);
- (d) Obligation Acceleration - the Reference Entity defaults on a minimum amount of its borrowings (including its bonds or loans) or, where applicable, guarantees and as a result such obligations are accelerated;
 - (e) Obligation Default - the Reference Entity defaults on a minimum amount of its borrowings (including its bonds or loans) or, where applicable, guarantees and as a result such obligations are capable of being accelerated;
 - (f) Restructuring - following a deterioration of the Reference Entity's creditworthiness, any of its borrowings or, where applicable, guarantees, subject to a minimum threshold amount of such borrowings or, where applicable, guarantees, are restructured in such a way as to adversely affect a creditor (such as a reduction or postponement of the interest or principal payable on a bond or loan); and
 - (g) Repudiation/Moratorium - (i) the Reference Entity repudiates or rejects, in whole or in part, its obligations in relation to its borrowings or, where applicable, its guarantees, or it declares or imposes a moratorium with respect to its borrowings or, where applicable, guarantees and (ii) thereafter within a certain period it fails to pay any amounts due on any of its borrowings (including its bonds or loans) or, where applicable, its guarantees, or it restructures any of its borrowings or, where applicable, guarantees in such a way as to adversely affect a creditor.

Prospective investors should note that not all of the possible Credit Events require an actual default with respect to the obligations of a relevant Reference Entity. Noteholders could bear losses to the market value of their Credit Linked Interest Notes based on deterioration in the credit of any relevant Reference Entity short of a default, subject to the provisions set out in the applicable terms and conditions of the Credit Linked Interest Notes.

No Investigation or Due Diligence of Reference Entities

No investigation, due diligence or other enquiries have been made by the Issuer, any Dealer or any other related person in respect of any Reference Entity (including its existing or future creditworthiness) or any Reference Obligation, Obligation or other obligations of the Reference Entity (as applicable). No representations, warranties or undertakings whatsoever have been or will be made by the Issuer, any Dealer or any other related person in respect of the Reference Entity (including its existing or future creditworthiness) or any Reference Obligation, Obligation or other obligations of the Reference Entity (as applicable). Prospective investors in Credit Linked Interest Notes should make their own evaluation as to the creditworthiness of each Reference Entity and the likelihood of the occurrence of a Credit Event.

Sovereign Reference Entities

Credit Linked Interest Notes may be linked to the credit of sovereign or governmental entities or quasi-governmental entities, and therefore payment of interest amounts due pursuant to the terms and conditions of the Credit Linked Interest Notes, may be subject to sovereign risks. These include the potential default by such sovereign, government/quasi government issuer or the occurrence of political or economic events resulting in or from governmental action such as the declaration of a moratorium on debt repayment or negating repayment obligations of the sovereign issuer. If any such event were to occur, holders of such Credit Linked Interest Notes may lose up to all of their interest payments for such Credit Linked Interest Notes.

Succession Events

The Credit Linked Interest Notes provide that a Reference Entity may be subject to replacement by one or more Successors. In such event, the Noteholders will be subject to the credit risk of each Successor. Prospective investors should note that if Succession Event Backstop Date is applicable in respect of the Credit Linked Interest Notes the event that would otherwise give rise to the relevant Succession Event must occur no more than 90 calendar days prior to the relevant Succession Event Resolution Request Date or date on which the Calculation Agent becomes aware of the occurrence of a Succession Event.

If more than one Successor has been identified, the Calculation Agent may adjust such of the Terms and Conditions and/or the applicable Final Terms as it in its sole and absolute discretion acting in a commercially reasonable manner shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment.

Notwithstanding the Calculation Agent's discretion to act in a commercially reasonable manner, for the avoidance of doubt, the Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it amends such of the Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any underlying hedging credit derivative transaction(s) related to or underlying the Credit Linked Interest Notes under the provisions of the definitions for credit derivatives transactions as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof (the "**2003 ISDA Credit Derivatives Definitions**").

Credit Event Backstop Date

Investors should note that a Credit Event occurring prior to the Issue Date may result in a Credit Event being triggered under the Credit Linked Interest Notes (investors should specifically note that this may include from the Issue Date) if Credit Event Backstop Date is applicable in respect of the Credit Linked Interest Notes since a look-back period of 60 calendar days will apply from the relevant Credit Event Notice or Credit Event Resolution Request Date (as applicable). Investors should conduct their own review of any recent developments with respect to each Reference Entity by consulting publicly available information. If a request to convene a Credit Derivatives Determinations Committee (as defined below) has been delivered prior to the Issue Date to determine whether a Credit Event has occurred with respect to the Reference Entity, details of such request may be found on the ISDA website. If a Credit Derivatives Determinations Committee has not been convened to determine such matter as of the Issue Date, one may still be convened after the Issue Date in respect of an event which occurs up to 60 days before the date of a request to convene such Credit Derivatives Determinations Committee. Investors should be aware that this may result in them not being entitled to interest from and including the Issue Date.

Determinations by the Credit Derivatives Determinations Committee

When determining whether or not a Credit Event has occurred the Calculation Agent may (but, for the avoidance of doubt, shall not be obliged to) take into account a determination of a committee established by ISDA for the purposes of making certain determinations in connection with credit derivative transactions that are relevant to the majority of the credit derivatives market (a "**Credit Derivatives Determinations Committee**"). In such circumstances, determinations pursuant to the terms and conditions of the Credit Linked Interest Notes may be subject to the announcements, publications, determinations and resolutions made by ISDA and/or the Credit Derivatives Determinations Committees and may be designated as applying by the Calculation Agent. Such announcements, publications, determinations and resolutions could therefore affect the amount and timing of payments of interest on the Credit Linked Interest Notes. Neither the Issuer, the Dealer nor any other related person will have any liability to any person for any determination or calculation and/or any delay or suspension of payments resulting from or relating to any announcements, publications, determinations and resolutions made by ISDA and/or any of the Credit Derivatives Determinations Committees. Further information regarding the ISDA Credit Derivatives Determinations Committees can be found at www.isda.org/credit.

Prospective investors should note that Citigroup Inc. and/or its affiliates may be a member of the Credit Derivatives Determinations Committee responsible for determining the occurrence of Credit Events for the purposes of certain credit derivatives transactions. This may cause conflicts of interest which could affect its voting behaviour, and thus the determinations made by a Credit Derivatives Determinations Committee, which may be detrimental to investors.

No Claim against any Reference Entity

A Credit Linked Interest Note will not represent a claim against any Reference Entity in respect of which any amount of interest or coupon payable is dependent.

An investment in Credit Linked Interest Notes linked to a Reference Entity may entail significant risks which are not associated with investments associated with conventional debt securities, including but not limited to the risks set out in this section.

Postponed Maturity Date

Where Conditions to Settlement have not been satisfied on or prior to the final Interest Payment Date before the Scheduled Maturity Date but (a) the Repudiation/Moratorium Extension Condition has been satisfied, (b) a Potential Failure to Pay has occurred or (c) if on the Scheduled Maturity Date, the Repudiation/Moratorium Evaluation Date or the Grace Period Extension Date (as applicable) the Calculation Agent determines that a Credit Event may have occurred or a Potential Repudiation/Moratorium may have occurred, the relevant Maturity Date of the Credit Linked Interest Notes may be extended pursuant to the terms and conditions of the Credit Linked Interest Notes such that investors may experience delays in receipt of interest payments that would otherwise have occurred in accordance with the terms of the Credit Linked Interest Notes.

**SECTION D – INFORMATION RELATING TO THE ISSUERS AND THE
GUARANTORS**

SECTION D.1 – DESCRIPTION OF CITIGROUP INC.

Citigroup Inc. ("**Citi**", the "**Company**", or "**Citigroup**") is a global diversified financial services holding company whose businesses provide consumers, corporations, governments and institutions with a broad range of financial products and services. Citigroup Inc. has approximately 200 million customer accounts and does business in more than 160 countries and jurisdictions. Citigroup Inc. is a bank holding company within the meaning of the U.S. Bank Holding Company Act of 1956 registered with, and subject to examination by, the Board of Governors of the Federal Reserve System (the "**Federal Reserve**"). Some of Citi's subsidiaries are subject to supervision and examination by their respective federal and state authorities. At 31 December 2014, Citigroup Inc. had approximately 241,000 full-time employees worldwide.

Citigroup Inc.'s objects and purpose is to "engage in any lawful act or activity for which a corporation may be organised under the General Corporation Law of Delaware", as stated in Article THIRD of Citi's Restated Certificate of Incorporation. Citigroup Inc. operates, for management reporting purposes, via two primary business segments: Citicorp, consisting of Citi's Global Consumer Banking businesses (which consists of Regional Consumer Banking in North America, Europe, the Middle East and Africa, Asia, and Latin America) and the Institutional Clients Group (Securities and Banking, including the Private Bank, and Transaction Services); and Citi Holdings, which consists of Brokerage and Asset Management, Local Consumer Lending, and a Special Asset Pool. There is also a third segment, Corporate/Other.

Citigroup Inc. is a holding company and services its obligations primarily by earnings from its operating subsidiaries. Citigroup Inc. may augment its capital through issuances of common stock, perpetual preferred stock and equity issued through awards under employee benefit plans, among other issuances. Citigroup Inc. has also augmented its regulatory capital through the issuance of debt underlying trust preferred securities, although the treatment of such instruments as regulatory capital will be phased out under Basel III and the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. Citigroup Inc.'s subsidiaries that operate in the banking and securities businesses can only pay dividends if they are in compliance with the applicable regulatory requirements imposed on them by federal and state bank regulatory authorities and securities regulators in the United States. Citigroup Inc.'s ability to pay regular quarterly cash dividends of more than \$0.01 per share, or to redeem or repurchase equity securities or trust preferred securities is currently restricted (which restriction may be waived) due to its agreements with certain U.S. government entities, generally for so long as the U.S. government continues to hold any of Citigroup Inc.'s trust preferred securities acquired in connection with the exchange offers consummated in 2009. Citigroup Inc.'s subsidiaries may be party to credit agreements that also may restrict their ability to pay dividends. Citigroup Inc. currently believes that none of these regulatory or contractual restrictions on the ability of its subsidiaries to pay dividends will affect Citigroup Inc.'s ability to service its own debt. Citigroup Inc. must also maintain the required capital levels of a bank holding company before it may pay dividends on its stock.

Under the regulations of the Federal Reserve, a bank holding company is expected to act as a source of financial strength for its subsidiary banks. As a result of this regulatory policy, the Federal Reserve might require Citigroup Inc. to commit resources to its subsidiary banks when doing so is not otherwise in the interests of Citigroup Inc. or its shareholders or creditors.

The principal offices for Citigroup Inc. are located at 399 Park Avenue, New York, NY 10022, and its telephone number is + 1 212 559-1000. Citigroup Inc. was established as a corporation incorporated in Delaware on 8 March 1988, registered at the Delaware Division of Corporations with perpetual duration pursuant to the Delaware General Corporation Law with file number 2154254. Citi's authorised capital stock consists of 6 billion shares of common stock and 30 million shares of preferred stock. As at 30 September 2015, there were 2,978,990,460 fully paid common stock shares outstanding and 608,720 preferred shares outstanding. A common stock share carries one vote, and no pre-emptive or other subscription rights or conversion rights. A preferred stock share carries no general voting rights.

No shareholder, or associated group of shareholders acting together, owns enough shares of Citigroup Inc.'s common stock to directly or indirectly exercise control over Citi.

SECTION E.3 – ISSUE OF NOTES

Notes will be issued on a continuous basis in series (each a "**Series**"). The Notes of each Series are intended to be interchangeable with all other Notes of that Series.

Each Series of Notes may be issued in tranches (each a "**Tranche**") having different issue dates but the terms otherwise identical to other Tranches constituting such series (or identical other than in respect of the first payment of interest).

The specific terms of each Tranche will be set forth in the applicable Issue Terms.

SECTION E.4 – FORM OF THE NOTES

Subject as provided below in relation to Swedish Notes and Finnish Notes, the Notes of each Series will be in registered form. Registered Notes may be offered and sold either outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act ("**Regulation S**") or, in the case of Registered Notes issued by Citigroup Inc. or CGMHI, within the United States to QIBs (as defined below) in reliance on Rule 144A under the Securities Act ("**Rule 144A**").

Notes (that are not Swedish Notes or Finnish Notes) and are Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to persons that are not U.S. persons (as defined in Regulation S) outside the United States, will be represented by a Regulation S Global Registered Note Certificate (a "**Regulation S Global Registered Note Certificate**"). Beneficial interests in a Regulation S Global Registered Note Certificate may not be offered, sold or transferred at any time in the United States or to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Registered Note Certificate will bear a legend regarding such restrictions on transfer.

With respect to Notes issued by CGMFL, each time the relevant Register is amended or updated, the Registrar shall send a copy of the relevant Register to CGMFL who will keep an updated copy of the Register at its registered office (the "**Duplicate Register**"). In the event of inconsistency between the Register and the Duplicate Register, the Duplicate Register shall, for purposes of Luxembourg law, prevail. Each Note Certificate will be numbered serially with an identifying number which will be recorded in the Register. In the case of Registered Notes issued by CGMFL, "**holder**" means the person in whose name such Registered Note is for the time being registered in the Register or the Duplicate Register if different from the Register (with respect to Registered Notes issued by CGMFL) (or, in the case of a joint holding, the first named thereof) and "**Noteholder**" shall be construed accordingly. The ownership of the registered Notes shall be construed accordingly. The ownership of the registered Notes shall be established by an entry in the Duplicate Register.

The Registered Notes of each Tranche offered and sold in reliance on Rule 144A, which will be issued by Citigroup Inc. or CGMHI, may only be offered and sold in private transactions to "qualified institutional buyers" within the meaning of Rule 144A ("**QIBs**"). The Registered Notes of each Tranche sold to QIBs will be represented by a Rule 144A Global Registered Note Certificate (a "**Rule 144A Global Registered Note Certificate**") and, together with a Regulation S Global Registered Note Certificate, the "**Global Registered Note Certificates**"), and beneficial interests therein may not be offered, sold or otherwise transferred at any time except to a QIB purchasing (or holding) the Notes for its account or for the account of one or more QIBs in reliance on Rule 144A.

Global Registered Note Certificates will either (i) be deposited with a custodian for, and registered in the name of a nominee of, the Depository Trust Company (DTC) for the accounts of Euroclear and Clearstream, Luxembourg or (ii) be deposited with a common depositary or Common Safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, and registered in the name of a common nominee of a common depositary for Euroclear and Clearstream, Luxembourg or in the name of a nominee of the Common Safekeeper, as specified in the applicable Issue Terms. Persons holding beneficial interests in Global Registered Note Certificates will be entitled or required, as the case may be, to receive physical delivery of definitive Notes in fully registered form.

The Rule 144A Global Note will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Swedish Notes

Notwithstanding the foregoing Swedish Notes will be issued in dematerialised and uncertificated book-entry form in accordance with the Swedish Financial Instruments Accounts Act 1998 (Sw: *lag (1998:1479) om kontoföring av finansiella instrument*) (the "**SFIA Act**"), other applicable Swedish

legislation and the rules and regulations applicable to, and/or issued by, Euroclear Sweden. Swedish Notes will not be issued in definitive or global form.

Swedish Notes will be registered in a register kept by Euroclear Sweden on behalf of the Issuer (the "**Swedish Notes Register**") and payments of principal, interest or any other amounts on Swedish Notes will be made by Euroclear Sweden on behalf of the Issuer to the persons registered as holders of such Swedish Notes in the Swedish Notes Register on the fifth Payment Date prior to the due date of the relevant payment.

Finnish Notes

Notwithstanding the foregoing Finnish Notes will be issued in uncertificated and dematerialised book entry form in accordance with the Finnish Act on the Book-Entry System and Clearing, (Fin. *laki arvo-osuusjärjestelmästä ja selvitystoiminnasta (749/2012)*) and with the Finnish Act on Book-Entry Account, (Fin. *laki arvo osuustileista (827/1991)*) other applicable Finnish legislation and the rules and regulations applicable to, and/or issued by, Euroclear Finland. Finnish Notes will not be issued in definitive form.

Relationship of Accountholders with Clearing Systems

For so long as any of the Notes is represented by a Global Registered Note Certificate held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI), the CGMFL Guarantor (where the Issuer is CGMFL) and the Agents as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such principal amount of such Notes, for which purpose the registered holder of the relevant Global Registered Note Certificate shall be treated by the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI), the CGMFL Guarantor (where the Issuer is CGMFL) and each Agent as the holder of such principal amount of such Notes in accordance with and subject to the terms of the relevant Global Registered Note Certificate, as the case may be, and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

So long as DTC or its nominee is the registered owner or holder of a Global Registered Note Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Registered Note Certificate for all purposes under the Fiscal Agency Agreement and such Notes except to the extent that, in accordance with DTC's published rules and procedures, any ownership rights may be exercised by its participants or beneficial owners through participants.

Notes which are represented by a Global Registered Note Certificate will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, subject to the restrictions on transfer described herein. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or DTC as the beneficial holder of a particular principal amount of Notes represented by such Global Registered Note Certificate must look solely to Euroclear or Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment made by the Issuer, where the Issuer is CGMHI, the CGMHI Guarantor or, where the Issuer is CGMFL, the CGMFL Guarantor to the holder of such Global Registered Note Certificate and the obligations of the Issuer in respect thereof will be discharged by payment to the holder of such Global Registered Note Certificate in respect of each amount so paid.

Exchanges

Exchange of Global Registered Note Certificates

A Global Registered Note Certificate may be exchanged in whole but not in part (free of charge) for definitive Registered Note Certificates only upon the occurrence of an Exchange Event.

An "**Exchange Event**" means:

- (a) an Event of Default (as defined in General Condition 9 (*Events of Default*) of the General Conditions has occurred and is continuing; or
- (b) if the Global Registered Note Certificate is registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg or in the name of a nominee of the Common Safekeeper, as the case may be, the Issuer has been notified that Euroclear and/or Clearstream, Luxembourg, as the case may be, has/have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has/have announced an intention permanently to cease business or has/have in fact done so and no successor clearing system is available; or
- (c) if the Global Registered Note Certificate is registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act and no successor clearing system is available; or
- (d) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Global Registered Note Certificate in definitive form.

The Issuer will promptly give notice to Noteholders upon the occurrence of an Exchange Event. In the event of the occurrence of an Exchange Event as described in (a) to (c) above, Euroclear and/or Clearstream, Luxembourg, and/or DTC, as the case may be, acting on the instructions of any holder of an interest in such Global Registered Note Certificate may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (a) to (d) above, the Issuer may also give notice to the Registrar requesting exchange. Any exchange shall occur no later than 10 days after the date of receipt of the relevant notice by the Registrar.

Any exchanges of a Global Registered Note Certificate will be made upon presentation of the Global Registered Note Certificate at the specified office of the Registrar by the holder of it on any day (other than a Saturday or Sunday) on which banks are open for general business in the city of the specified office of the Registrar.

Deed of Covenant

Where any Note is represented by a Global Registered Note Certificate and (a) the Global Registered Note Certificate (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes or the Maturity Date has occurred and, in either case, payment in full of the amount due has not been made to the holder of an interest in such Global Registered Note Certificate through the relevant Clearing System(s) on such date, or (b) following an Exchange Event, the Global Registered Note Certificate is not duly exchanged for Registered Note Certificates in definitive form by the date provided in the Global Registered Note Certificate, then from such date each holder of an interest in such Global Registered Note Certificate through the relevant Clearing System(s) will become entitled to proceed directly against the Issuer and, subject to the terms of the Deeds of Covenant, the relevant Clearing System(s) will have no further rights under the Global Registered Note Certificate (but without prejudice to the rights any person may have under the relevant Deed of Covenant).

Clearing Systems

Any reference herein to Euroclear and/or Clearstream, Luxembourg, DTC, Euroclear Sweden and/or Euroclear Finland shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system specified in the applicable Issue Terms.

SECTION E.5 – BOOK ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear, Clearstream, Luxembourg, Euroclear Sweden or Euroclear Finland (together, the "Clearing Systems") currently in effect.

The information in this section concerning the Clearing Systems has been obtained from sources that the Issuers believe to be reliable, but none of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor and any Dealer takes any responsibility for the accuracy thereof, except that the Issuers and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) accept(s) responsibility for accurately reproducing such information and, as far as the Issuers and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) is/are aware and is/are able to ascertain from information published by the relevant Clearing Systems, no facts have been omitted which would render the reproduced information inaccurate or misleading. This paragraph should be read in conjunction with the first two paragraphs set out under the heading "Responsibility Statement" on page ix.

Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor, and any other party to the Fiscal Agency Agreement, the Swedish Notes Issuing and Paying Agency Agreement or the Finnish Notes Issuing and Paying Agency Agreement, as the case may be, will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-entry Systems

DTC

DTC has advised the Issuers that it is a limited purpose trust company organised under the New York Banking Law, a "**banking organisation**" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "**clearing corporation**" within the meaning of the New York Uniform Commercial Code and a "**clearing agency**" registered pursuant to Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("**Direct Participants**") deposit with DTC. DTC also facilitates the settlement among Direct Participants of sales and other securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("**DTCC**"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulation subsidiaries. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**"). The DTC rules applicable to its participants are on file with the Securities and Exchange Commission. More information about DTCC can be found at www.dtcc.com and www.dtc.org.

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC's book-entry settlement system ("**DTC Notes**") as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes ("**Owners**") have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through

Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which will be legended as set forth under "*Subscription and Sale and Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

Euroclear Sweden

Euroclear Sweden is a subsidiary within the Euroclear group of companies. It is authorised and regulated by the Swedish Financial Supervisory Authority as a central securities deposit within the meaning of the SFIA Act and as a clearing organisation within the meaning of the Swedish Securities Markets Act (2007:528 (as amended)). Swedish Notes will be issued in registered, uncertificated and dematerialised book-entry form with Euroclear Sweden. No physical notes, certificates or other physical instruments (whether in global, temporary or definitive form) will be issued in respect of the Swedish Notes. All transactions relating to the Swedish Notes (such as issuance, sale and transfer, pledge arrangements and other dispositions and redemptions) are executed as computerised book-entry registrations. Consequently, in order to effect such entries holders must establish a book-entry account through a credit institution or a securities firm acting as an account operator at Euroclear Sweden. More information regarding Euroclear Sweden and its rules and operating procedures can be found at its internet web site at <http://www.euroclear.eu>.

Euroclear Finland

Euroclear Finland holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between its account holders. Euroclear Finland offers clearing and settlement of securities denominated in EUR through one of its systems, as applicable (RM or HexClear if the securities have been issued in the OM system). The systems support different types of securities, equities and interest-bearing cash instruments as well as the respective derivatives.

Book-entry Ownership of and Payments in respect of DTC Notes

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Global Registered Note Certificate accepted in its book-entry settlement system. Upon the issue of any such Global Registered Note Certificate, DTC or its custodian will credit, on its internal book-entry system, the respective principal amounts of the individual beneficial interests represented by such Global Registered Note Certificate to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Global Registered Note Certificate will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Registered Note Certificate, the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Global Registered Note Certificate accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Global Registered Note Certificate accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the

Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Global Registered Note Certificate in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI), the CGMFL Guarantor (where the Issuer is CGMFL) or any Agent. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Global Registered Note Certificates

Transfers of any interests in Notes represented by a Global Registered Note Certificate within Euroclear and Clearstream, Luxembourg and DTC will be effected in accordance with the customary rules and operating procedures of the relevant clearing system and will be subject to the transfer restrictions described herein. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Global Registered Note Certificate to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Global Registered Note Certificate accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Global Registered Note Certificate accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Subscription and Sale and Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Fiscal Agent and any custodian ("**Custodian**") with whom the relevant Global Registered Note Certificates have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Euroclear and Clearstream, Luxembourg and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Euroclear and Clearstream, Luxembourg and DTC have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Registered Note Certificates among participants and accountholders of Euroclear and Clearstream, Luxembourg and DTC. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor the Agents and any Dealer will be responsible for any performance by Euroclear or Clearstream, Luxembourg or DTC or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Global Registered Note Certificates or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Euroclear UK and Ireland (CREST)

If so specified in the applicable Issue Terms, Notes will be accepted for settlement through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) ("**CREST**"). Following their delivery into a clearing system, interests in the relevant Notes may be delivered, held and settled in CREST by means of the creation of CREST Depository Interests (CDIs) representing the interests in the relevant Notes. The CDIs will be issued by the "**CREST Depository**" to investors ("**CDI Holders**") and will be governed by English Law.

The CDIs will represent indirect interests in the interest of CREST International Nominees Limited (the "**CREST Nominee**") in the relevant Notes. Pursuant to the CREST Manual (as defined below), Notes held in global form by a common depository may be settled through CREST, and the CREST Depository will issue CDIs. The CDIs will be independent securities, constituted under English law which may be held and transferred through CREST.

Interests in the relevant Notes will be credited to the CREST Nominee's account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated by the CREST Depository as if it were a relevant Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to CDI Holders any interest or other amounts received by it as holder of the relevant Notes on trust for such CDI Holder. CDI Holders will also be able to receive from the CREST Depository notices of meetings of holders of the relevant Notes and other relevant notices issued by the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL).

Transfers of interests in Notes by a CREST participant to a participant of Euroclear or Clearstream, Luxembourg will be effected by cancellation of the CDIs and transfer of an interest in such Notes to the account of the relevant participant with Euroclear or Clearstream, Luxembourg.

The CDIs will have the same ISIN as the ISIN of the relevant Notes and will not require a separate listing.

Prospective subscribers for Notes represented by CDIs are referred to Chapter 3 of the CREST Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository. The rights of the CDI Holders will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg, the Issuer and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) including the CREST Deed Poll (in the form contained in Chapter 3 of the CREST International Manual (which forms part of the CREST Manual)) executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

CDIs will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service (the "**CREST International Settlement Links Service**"). The settlement of the CDIs by means of the CREST International Settlement Links Service has the following consequences for CDI Holders:

- (a) CDI Holders will not be the legal owners of the relevant Notes. The CDIs are separate legal instruments from such Notes and represent an indirect interest in such Notes.
- (b) The relevant Notes themselves (as distinct from the CDIs representing indirect interests in such Notes) will be held in account with a custodian. The custodian will hold the relevant Notes through a clearing system. Rights in the relevant Notes will be held through custodial and depository links through the appropriate clearing systems. The legal title to the relevant Notes or to interests in such Notes will depend on the rules of the clearing system in or through which the relevant Notes are held.
- (c) Rights under the relevant Notes cannot be enforced by CDI Holders except indirectly through the intermediary depositories and custodians described above. The enforcement of rights under the relevant Notes will therefore be subject to the local law of the relevant intermediary. The

rights of CDI Holders to the relevant Notes are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the relevant Notes. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the relevant Notes in the event of any insolvency or liquidation of the relevant intermediary, in particular where the relevant Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

- (d) The CDIs issued to CDI Holders will be constituted and issued pursuant to the CREST Deed Poll. CDI Holders will be bound by all provisions of the CREST Deed Poll and by all provisions of, or prescribed pursuant to, the CREST International Manual dated 14 April 2008 as amended, modified, varied or supplemented from time to time (the "**CREST Manual**") and the CREST Rules (the "**CREST Rules**") (contained in the CREST Manual) applicable to the CREST International Settlement Links Service and CDI Holders must comply in full with all obligations imposed on them by such provisions.
- (e) Potential investors should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) and the CREST Depository.
- (f) CDI Holders may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of potential investors is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB or by calling +44 (0)20 7849 0000 or from the CREST website at www.euroclear.com/site/public/EUI.
- (g) Potential investors should note CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the CDIs through the CREST International Settlement Links Service.
- (h) Potential investors should note that none of the Issuers, the CGMHI Guarantor (where the Issuer is CGMHI), the CGMFL Guarantor (where the Issuer is CGMFL), any Dealer, any distributor, any Paying Agent, the Registrar and any Transfer Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

SECTION E.6 – ERISA MATTERS

The U.S. Employee Retirement Income Security Act of 1974, as amended (ERISA), prescribes rules pertaining to the management of "plan assets" of pension and other employee benefit plans subject to ERISA (ERISA Plans) and the appointment of parties who may manage such assets. Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans, as well as those plans that are not subject to ERISA but that are subject to Section 4975 of the Code, such as individual retirement accounts and Keogh plans (together with ERISA Plans, Plans), and certain investment entities in which Plans invest, from engaging in certain transactions involving "plan assets" with persons who are "parties in interest" under ERISA or "disqualified persons" under Section 4975 of the Code with respect to such Plans.

The rules and regulations applicable under ERISA and Section 4975 of the Code contain certain "look-through" provisions. Under these provisions, if a Plan invests in an equity interest of an entity, the assets of the Plan will be deemed to include not only the equity interest but also an undivided interest in each of the underlying assets of the entity, unless an exception to the look-through rule were to apply. An "equity interest" is defined under the applicable rules as any interest in an entity other than an instrument treated as indebtedness under applicable local law that has no substantial equity features. No assurance can be given that the Notes will not be treated as equity interests for these purposes. The look-through rule would not apply if the Notes or the Issuer qualified for an exception available under applicable rules. If a Plan were to acquire an interest in the Notes, and no exception to the look-through rule were to apply, the Issuer would be regarded as a plan asset entity and the assets and transactions would be attributed to the Plan investor. In this event, the Plan investor could be viewed as having improperly delegated to the Issuer responsibility for the management of the Plan's assets, and the transactions and holdings of the Issuer might involve violations of the prohibited transaction rules of ERISA and Section 4975 of the Code, as well as violations of other rules applicable under ERISA.

Based on the foregoing, the Notes may not be acquired or held by a Plan or any party acting on behalf of or using the assets of a Plan. Any purchaser or subsequent transferee of the Notes or any interest therein will be deemed to have represented by its purchase thereof that it is not a Plan and is not acting on behalf of or using the assets of a Plan.

SECTION E.7 – SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

Subject to the terms and conditions contained in an amended and restated Dealership Agreement dated 21 December 2015 (the **Dealership Agreement**) between Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, the Arranger and the Dealers, the Notes will be offered on a continuous basis by the Issuer to the Dealers (as defined in the Dealership Agreement). However, each Issuer reserves the right to sell Notes directly on its own behalf to other entities and to offer Notes in specified jurisdictions directly to the public through distributors, in accordance with all applicable rules and regulations. Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the Issuer or the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agent of the Issuer. The Dealership Agreement also provides for Notes to be issued in syndicated Tranches which are jointly and severally underwritten by two or more Dealers.

The Issuer and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) have agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes issued by such Issuer, including in relation to liabilities arising under the Securities Act. The Dealership Agreement may be terminated in relation to all the Dealers or any of them by Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor, in relation to itself and Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL, the CGMFL Guarantor only, by any Dealer or the Arranger, at any time on giving not less than ten days' notice.

- (ix) that it has been afforded an opportunity to request from the Issuer (and the CGMHI Guarantor or the CGMFL Guarantor, if applicable) and to review all additional information it considers to be necessary to verify the accuracy of the information contained in this Base Prospectus and

the applicable Issue Terms or otherwise and it has not relied on the Dealers or any person affiliated with the Dealers in connection with its investigation of the accuracy of such information or its investment decision; and

- (x) that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Notes as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

No sale of Notes in the United States in reliance on Rule 144A to any one purchaser will be for less than U.S.\$100,000 (or its foreign currency equivalent) principal amount and no Note will be issued in connection with such a sale in a smaller principal amount. United States of America

The Notes, the CGMHI Deed of Guarantee and the CGMFL Deed of Guarantee have not been and will not be registered under the Securities Act or any state securities laws. Trading in the Notes has not been approved by the United States Commodity Futures Commission under the United States Commodity Exchange Act, as amended. No issue of Notes may be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except, in the case of Notes issued by Citigroup Inc. or CGMHI and offered and sold in reliance on Rule 144A, to "qualified institutional buyers" ("QIBs"), each purchasing (or holding) for its own account or for the account of one or more QIBs, in a transaction meeting the requirements of Rule 144A and in accordance with all applicable securities laws of the States of the United States and any other jurisdiction. The Notes, the CGMHI Deed of Guarantee and the CGMFL Deed of Guarantee do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act, as amended, and trading in the Notes has not been approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended. Terms used in this section have the meanings given to them by Regulation S or Rule 144A under the Securities Act.

Each Dealer has represented and agreed that it, its affiliates (if any) and any person acting on its or their behalf (i) have not offered or sold and will not offer or sell any Notes at any time within the United States or to, or for the account or benefit of, U.S. persons, except, in the case of Notes issued by Citigroup Inc. or CGMHI and offered and sold in reliance on Rule 144A, as specified in the applicable Issue Terms, to persons it reasonably believes to be QIBs, each purchasing (or holding) for its own account or for the account of one or more QIBs and (ii) at or prior to confirmation of sale of Notes offered in reliance on Regulation S, as specified in the applicable Issue Terms, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases such Notes from it a confirmation or other notice stating that such distributor, dealer or person is subject to the restrictions on offers and sales of such Notes within the United States or to, or for the account or benefit of, U.S. persons that are set forth herein.

An offer or sale of Notes within the United States or to, or for the account or benefit of, a U.S. person by any dealer (whether or not participating in the offering) at any time may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers, directly or through their respective U.S. broker dealer affiliates, may arrange for the resale of Notes issued by Citigroup Inc. or CGMHI and offered and sold in reliance on Rule 144A to QIBs pursuant to Rule 144A and each purchaser of such Notes is hereby notified that the Dealers are relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A and one or more exemptions and/or exclusions from regulation under the United States Commodity

Exchange Act, as amended. The minimum aggregate principal amount of Notes which may be purchased by a QIB pursuant to Rule 144A is U.S.\$100,000 (or the approximate equivalent thereof in any other Relevant Currency). To the extent that Citigroup Inc. is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, Citigroup Inc. and CGMHI have agreed to furnish to holders of Notes offered and sold in reliance on Rule 144A and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4).

Each issuance of Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer(s) may agree with the Issuer as a term of the issuance and purchase or, as the case may be, subscription of such Notes. Each Dealer agrees that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

CGMFL does not intend to issue, offer or sell any Notes within the United States or to, or for the account or benefit of, any U.S. person.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, PROVIDED THAT any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

PROVIDED THAT no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measures in the Relevant Member State.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) *Notes with maturities of less than one year:* in relation to any Notes where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 ("FSMA") by the Issuer:
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
 - (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses;
- (b) *Financial promotion:* it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to Citigroup, Inc., CGMHI, CGMFL and CGML;
- (c) *General compliance:* it has complied and will comply with all applicable provisions of the FSMA and the Financial Conduct Authority Handbook with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom; and
- (d) *Commissions and fees:*
 - (i) if it is distributing Notes that are "retail investment products" (as such term is defined in the Financial Conduct Authority Handbook) into the United Kingdom and it is entitled to receive any commission or fee from the Issuer, it will not transfer any part of that commission or fee to any third party who may advise retail investors to purchase a Note that is a retail investment product; and
 - (ii) if it is authorised and regulated by the Financial Conduct Authority to provide investment advice to retail investors in the United Kingdom and it is providing advice to retail investors in respect of a Note that is a retail investment product, it undertakes not to request any commission or fee from the Issuer and to otherwise reject any such payment offered to it other than in circumstances where the Issuer has agreed to facilitate the payment of an advisory fee and has the express consent of the retail investor to do so.

Russian Federation

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold or transferred or otherwise disposed of and will not offer or sell or transfer or otherwise dispose of any Notes (as part of their initial distribution or at any time thereafter) to or for the benefit of any persons (including legal entities) resident, incorporated, established or having their usual residence in the Russian Federation or to any person located within the territory of the Russian Federation unless and to the extent otherwise permitted under Russian law.

Since neither the issuance of the Notes nor a securities prospectus in respect of the Notes has been registered, or is intended to be registered, with the Central Bank of the Russian Federation, the Notes are not eligible for initial offering or public circulation in the Russian Federation and may not be sold or offered in the Russian Federation in any way other than to Russian "qualified investors" (as defined under Russian law) in a manner that does not constitute "advertisement", "placement" or "public circulation" (as defined under Russian law) of the Notes in the Russian Federation.

Information set forth in this Base Prospectus is not an offer, advertisement or invitation to make offers, to sell, exchange or otherwise transfer the Notes in the Russian Federation or to or for the benefit of any Russian person or entity.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "**Saudi Investor**") who acquires any Notes pursuant to any offering should note that the offer of Notes is a private placement under Article 10 or Article 11 of the "Offers of Securities Regulations" as issued by

the Board of the Capital Market Authority resolution number 2-11-2004 dated 4 October 2004 and amended by the Board of the Capital Market Authority resolution number 1-28-2008 dated 18 August 2008 (the "**KSA Regulations**"), through a person authorised by the Capital Market Authority (the "CMA") to carry on the securities activity of arranging and following a notification to the CMA under the KSA Regulations. The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "Sophisticated Investors" under Article 10 of the KSA Regulations or by way of a limited offer under Article 11 of the KSA Regulations. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Notes to a Saudi Investor will comply with the KSA Regulations.

Each offer of Notes shall not therefore constitute a "Public Offer" pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under Article 17 of the KSA Regulations. Any Saudi Investor who has acquired Notes pursuant to a private placement under Article 10 and/or article 11 of KSA Regulations may not offer or sell those Notes to any person unless the offer or sale is made through an authorised person appropriately licensed by the Saudi Arabian Capital Market Authority and:

- (a) the Notes are offered or sold to a "Sophisticated Investor";
- (b) the price to be paid for the Notes in any one transaction is equal to or exceeds Saudi Riyal 1 million or an equivalent amount; or
- (c) the offer or sale is otherwise in compliance with Article 17 of the KSA Regulations.

securities (as defined in Section 239(1) of the Securities and Futures Act) of that corporation or the beneficiaries' rights and interests (howsoever described) in that trust shall not be transferable within six months after that corporation or that trust has acquired the relevant Notes pursuant to an offer under Section 275 of the Securities and Futures Act except:

- (i) to an institutional investor or to a relevant person defined in Section 275(2) of the Securities and Futures Act or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the Securities and Futures Act; or

SECTION E.8 – TAXATION OF NOTES

General

Purchasers of Notes may be required to pay taxes (including stamp taxes) and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Note.

TRANSACTIONS INVOLVING NOTES MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING NOTES SHOULD CONSULT THEIR TAX ADVISORS.

Unless otherwise expressly provided below, the relevant Issuer, where the relevant Issuer is CGMHI, the CGMHI Guarantor and, where the relevant Issuer is CGMFL, the CGMFL Guarantor, give no assurances about and do not accept responsibility for the imposition of deductions or withholdings required to be made from payments under the Notes for or on account of tax. This statement should be read in conjunction with General Conditions 6 (*Payments*) and 7 (*Taxation*) of the General Conditions. In particular, the relevant Issuer, where the relevant Issuer is CGMHI, the CGMHI Guarantor and where the relevant Issuer is CGMFL, the CGMFL Guarantor, may make such deductions or withholdings from payments under the Notes as required by any applicable fiscal or other laws, regulations and directives. If the relevant Issuer or, where the relevant Issuer is CGMHI, the CGMHI Guarantor or where the relevant Issuer is CGMFL, the CGMFL Guarantor, is required to make a deduction or withholding for or on account of tax, it will only be required to make additional 'gross-up' payments in the circumstances and subject to the exceptions and limitations described in General Condition 7 (*Taxation*) of the General Conditions.

References in this Section E.8 to a "**Member State**" shall be to a Member State of the European Economic Area.

UNITED STATES FEDERAL TAX CONSIDERATIONS

General

The following is a summary of certain U.S. federal income tax consequences that may be relevant to the purchase, ownership and disposition of Notes that the Issuer treats as debt, and that are in registered form, each for U.S. federal income tax purposes. This summary does not purport to be a comprehensive description of all of the tax consequences that may be relevant to the decision to purchase the Notes by any particular investor, including tax consequences that arise from rules of general application to all taxpayers or to certain classes of taxpayers or that are generally believed to be known by investors. For example, this summary does not address the tax consequences to (i) persons that may be subject to special treatment under U.S. federal income tax law, such as banks, insurance companies, thrift institutions, regulated investment companies, real estate investment trusts, tax-exempt organisations, traders in securities that elect to mark to market for tax purposes and dealers in securities, (ii) persons that will hold the Notes as part of a "straddle," "hedging," "conversion" or other integrated investment transaction or a "constructive sale" for U.S. federal income tax purposes, (iii) U.S. Holders (as defined below) whose functional currency is not the U.S. dollar, (iv) Non-U.S. Holders (as defined below) who recognise gain in respect of a Note in a taxable year in which the Non-U.S. Holder is present in the United States for 183 days or more, (v) persons that do not hold the Notes as capital assets, or (vi) except where the context indicates otherwise, persons that did not purchase the Notes in the initial offering. Moreover, this summary does not address alternative minimum tax consequences or the Medicare tax on investment income.

This summary is based on the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), U.S. Treasury regulations and judicial and administrative interpretations thereof, in each case as in effect and available on the date hereof. Changes to any of the foregoing could affect the tax consequences described below, possibly with retroactive effect. Further, this summary does not describe any tax

consequences arising out of the tax laws of any state, local or non-U.S. jurisdiction. Prospective purchasers of the Notes should consult their tax advisors regarding the U.S. federal, state, local and non-U.S. tax consequences of owning the Notes in light of their own particular circumstances.

For the purposes hereof, "**U.S. Holder**" means a holder of the Notes that is (i) an individual citizen or resident of the United States, (ii) a corporation organised in or under the laws of the United States or any state thereof or the District of Columbia or (iii) otherwise subject to U.S. federal income taxation on a net income basis in respect of the Notes. The term "**Non-U.S. Holder**" means a holder of the Notes that is a non-resident alien individual, a foreign corporation or a foreign estate or trust.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) holds the Notes, the tax treatment of a partner generally will depend on the status of the partner and upon the activities of the partnership. Prospective purchasers that are partnerships should consult their tax advisors regarding the tax consequences to their partners of an investment in the Notes.

This discussion may be supplemented, modified or superseded by further discussion regarding U.S. federal tax considerations set out in the applicable Issue Terms, which a prospective purchaser is urged to read before making a decision to invest in the relevant Notes.

Tax Consequences to U.S. Holders

The following discussion applies only to Notes that the Issuer intends to treat as debt instruments for U.S. federal income tax purposes, as evidenced by the statement under "United States Tax Considerations" in the applicable Issue Terms. It generally assumes that the Issuer's intended treatment of the Notes as debt instruments, as well as any specific treatments indicated in the applicable Issue Terms (e.g., as variable rate debt instruments or contingent payment debt instruments, each as discussed below), are respected. The Issuer's intended treatment of the Notes is not binding on the IRS, and the IRS could disagree with it, in which case the timing and character of a U.S. Holder's taxable income in respect of the Notes could be adversely affected. The general discussion below is subject to special rules applicable to Short-Term Notes, Contingent Notes and Foreign Currency Contingent Notes as described below.

Interest Payments on Notes

Payments of qualified stated interest, as defined below under "Original Issue Discount," will be taxable to a U.S. Holder as ordinary interest income at the time that such payments are accrued or are received, in accordance with the U.S. Holder's method of tax accounting.

If such payments of interest are made in respect of a Note that is denominated in a single foreign currency, the amount of interest income realised by a U.S. Holder that uses the cash method of tax accounting (a "**cash-method holder**") will be the U.S. dollar value of the currency payment based on the spot rate of exchange on the date of receipt regardless of whether the payment in fact is converted into U.S. dollars. No foreign currency gain or loss should be recognised by a cash-method holder with respect to the receipt of such payment (other than foreign currency gain or loss realised on the disposition of the currency received). In the case of a Note that provides for payments in U.S. dollars determined by reference to a single foreign currency, a cash-method holder generally should recognise interest income on the Note in an amount equal to the U.S. dollars received. Both types of Notes are referred to herein as "**Foreign Currency Notes**."

A U.S. Holder that uses the accrual method of tax accounting (an "**accrual-method holder**") will accrue interest income on a Foreign Currency Note in the relevant foreign currency and translate the amount accrued into U.S. dollars based on:

- (a) the average exchange rate in effect during the interest accrual period, or portion thereof within the holder's taxable year; or
- (b) at the holder's election, at the spot rate of exchange on (1) the last day of the accrual period, or the last day of the taxable year within the accrual period if the accrual period spans more than

one taxable year, or (2) the date of receipt, if that date is within five business days of the last day of the accrual period.

Such an election must be applied consistently by the accrual-method holder to all foreign currency debt instruments from year to year and can be changed only with the consent of the IRS. An accrual-method holder will recognise foreign currency gain or loss on the receipt of an interest payment made on a Foreign Currency Note if the spot rate of exchange on the date the payment is received differs from the rate applicable to a previous accrual of that interest income. Such foreign currency gain or loss will be treated as ordinary income or loss, but generally will not be treated as an adjustment to interest income received on the Note.

Taxable Disposition of Notes

A U.S. Holder's tax basis in a Note generally will equal the cost of that Note to the holder, increased by any amounts includible in income by the holder as original issue discount ("**OID**") and market discount (each as described below) and reduced by any amortised premium and any payments on the Note other than payments of qualified stated interest (each as described below).

In the case of a Foreign Currency Note, the cost of the Note to a U.S. Holder generally will be the U.S. dollar value of the foreign currency purchase price on the date of purchase. In the case of a Foreign Currency Note that is traded on an established securities market, a U.S. Holder generally should determine the U.S. dollar value of the cost of the Note by translating the amount paid in foreign currency into its U.S. dollar value at the spot rate of exchange (1) on the settlement date of the purchase, in the case of a cash-method holder, and (2) on the trade date, in the case of an accrual-method holder, unless the holder elects to use the spot rate applicable to cash-method holders. Such an election by an accrual-method holder must be applied consistently by the accrual-method holder to all debt instruments from year to year and can be changed only with the consent of the IRS. The amount of any subsequent adjustments to a U.S. Holder's tax basis in a Foreign Currency Note in respect of OID, market discount and premium will be determined in the manner described under "*Original Issue Discount*," "*Market Discount*" and "*Notes Purchased at a Premium*" below.

Upon the sale, exchange, retirement or other taxable disposition of a Note (each, a "**taxable disposition**"), a U.S. Holder generally will recognise gain or loss equal to the difference between (1) the amount realised on the taxable disposition, less any accrued qualified stated interest (which will be treated as a payment of interest and taxed in the manner described above under "*Interest Payments on Notes*"), and (2) the U.S. Holder's adjusted tax basis in the Note.

If a U.S. Holder receives a currency other than the U.S. dollar in respect of the taxable disposition of a Foreign Currency Note, the amount realised generally will be the U.S. dollar value of the currency received calculated at the spot rate of exchange on the date of the taxable disposition of the Note. In the case of a taxable disposition of a Foreign Currency Note that is traded on an established securities market, a U.S. Holder that receives a currency other than the U.S. dollar generally should determine the amount realised by translating that currency into its U.S. dollar value at the spot rate of exchange (1) on the settlement date of the taxable disposition, in the case of a cash-method holder and (2) on the trade date, in the case of an accrual-method holder, unless the accrual-method holder elects to use the spot rate applicable to cash-method holders. Such an election by an accrual-method holder must be applied consistently by the accrual-method holder to all debt instruments from year to year and can be changed only with the consent of the IRS.

Gain or loss recognised by a U.S. Holder on the taxable disposition of a Note (other than a Short Term Note, Foreign Currency Note, Contingent Note, Foreign Currency Contingent Note or Market Discount Note, each as discussed below) generally will be long-term capital gain or loss if the U.S. Holder has held the Note for more than one year at the time of the taxable disposition and short-term capital gain or loss otherwise.

Gain or loss recognised by a U.S. Holder on the taxable disposition of a Foreign Currency Note generally will be treated as ordinary income or loss to the extent that the gain or loss is attributable to changes in exchange rates during the period in which the U.S. Holder held the Note. A U.S. Holder

might be required to file a disclosure statement with the IRS if the U.S. Holder recognises foreign currency loss above certain thresholds (as described below under "*Reportable Transactions*").

If the Issuer designates a Substitute for itself, the Notes could be treated for U.S. federal income tax purposes, in whole or in part, as retired and reissued, in which case a U.S. Holder would generally be required to recognise gain or loss (subject in the case of loss to the possible application of the wash sale rules) with respect to the Notes.

Original Issue Discount

Notes with a term greater than one year may be issued with OID for United States federal income tax purposes (such Notes, "**OID Notes**"). U.S. Holders generally must accrue OID in gross income over the term of an OID Note on a constant yield basis, regardless of their regular method of tax accounting. As a result, U.S. Holders may recognise taxable income in respect of an OID Note in advance of the receipt of cash attributable to such income.

OID generally will arise if the stated redemption price at maturity of a Note exceeds its issue price by an amount equal to or greater than 0.25 per cent. of the Note's stated redemption price at maturity multiplied by the number of complete years to maturity. In the case of an "instalment Note" (i.e., a Note that provides for payments prior to maturity other than qualified stated interest), this test is generally applied based on the Note's weighted average maturity. OID may arise if a Note is issued at a discount to its principal amount, and may also arise if a Note has particular interest payment characteristics, such as interest holidays, interest payable in additional securities or stepped interest. For this purpose, the issue price of a Note is the first price at which a substantial amount of Notes of that issue is sold for cash, other than to bond houses, brokers or similar persons or organisations acting in the capacity of underwriters, placement agents or wholesalers. The stated redemption price at maturity of a Note is the sum of all payments due under the Note, other than payments of qualified stated interest. The term qualified stated interest generally means stated interest that is unconditionally payable in cash or property, other than debt instruments of the issuer, at least annually during the entire term of a Note at a single fixed rate of interest or, under particular conditions, based on one or more floating interest rates described below under "*Variable Rate Debt Instruments*."

Under the OID rules, certain contingencies, including those that are remote, are disregarded for purposes of determining qualified stated interest on a Note. However, if a remote contingency actually occurs (for example, an early redemption event that the Issuer determines is remote in which the Early Redemption Amount is calculated as the "Principal Amount plus accrued interest (if any) at maturity with option for Fair Market Value at early redemption", as provided in General Condition 5(d)), the Note could be treated as retired and reissued with OID. Prospective purchasers of Notes should consult their tax advisors regarding the application of these rules.

For each taxable year of a U.S. Holder, the amount of OID that must be included in gross income in respect of an OID Note will be the sum of the daily portions of OID for each day during that taxable year or any portion of the taxable year in which the U.S. Holder holds the OID Note. Daily portions are determined by allocating to each day in an accrual period a pro rata portion of the OID allocable to that accrual period. Accrual periods may be of any length and may vary in length over the term of an OID Note. However, accrual periods may not be longer than one year, and each scheduled payment of principal or interest must occur on the first day or the final day of an accrual period.

The amount of OID allocable to any accrual period generally will equal (1) the product of the OID Note's adjusted issue price at the beginning of the accrual period multiplied by its yield to maturity (as adjusted to take into account the length of the accrual period), less (2) the amount, if any, of qualified stated interest allocable to that accrual period. The adjusted issue price of an OID Note at the beginning of any accrual period will equal the issue price of the OID Note, as defined above, (1) increased by previously accrued OID from prior accrual periods, and (2) reduced by any payment made on the Note, other than payments of qualified stated interest, on or before the first day of the accrual period.

The Notes may have special redemption, repayment or interest rate reset features, as indicated in the applicable Issue Terms, that may affect whether a Note is an OID Note and, if so, the proper timing of

recognition of the OID by a U.S. Holder. Notes containing such features may be subject to special rules that differ from the general rules discussed herein. Accordingly, prospective purchasers of Notes with such features should consult their tax advisors regarding these special rules.

In the case of an OID Note that is also a Foreign Currency Note, a U.S. Holder should determine the U.S. dollar amount includible in income as OID for each accrual period by calculating the amount of OID allocable to that accrual period in the relevant foreign currency, using the constant-yield method described above and translating that amount into U.S. dollars using the average exchange rate in effect during that accrual period (or a portion thereof) or, at the U.S. Holder's election, at the spot rate of exchange on (1) the last day of the accrual period, or the last day of the taxable year within the accrual period if the accrual period spans more than one taxable year, or (2) on the date such OID is treated as paid (as described in the following paragraph), if that date is within five business days of the last day of the accrual period. Such an election must be applied consistently by the U.S. Holder to all Foreign Currency Notes from year to year and can be revoked only with the consent of the IRS.

Each payment on an OID Note that is a Foreign Currency Note, other than payments of qualified stated interest, generally will be viewed first as a payment of previously accrued OID, to the extent thereof, with the payment attributed first to the earliest accrued OID, and then as a payment of principal. Upon the receipt of an amount attributable to OID, whether in connection with a payment of an amount that is not qualified stated interest or the taxable disposition of the OID Note, a U.S. Holder will recognize foreign currency gain or loss that is ordinary income or loss measured by the difference between (1) the amount received and (2) the corresponding amount(s) previously accrued. The amount received will be translated into U.S. dollars at the spot rate of exchange on the date of receipt, in the case of a payment on the OID Note, or on the date of the taxable disposition of the OID Note. The corresponding amount(s) accrued will be determined by using the rate(s) of exchange applicable to such previous accrual(s). Upon a taxable disposition of the Note, the amount of foreign currency income or loss recognised will be limited by the overall amount of gain or loss recognised on the taxable disposition.

A U.S. Holder that purchases an OID Note for an amount less than or equal to the remaining redemption amount (as defined below), but in excess of the OID Note's adjusted issue price, generally is permitted to reduce the daily portions of OID by a fraction. The numerator of this fraction is the acquisition premium (as defined below), and the denominator of the fraction is the excess of the remaining redemption amount over the OID Note's adjusted issue price. For the purposes of this section, acquisition premium means the excess of the U.S. Holder's adjusted tax basis in an OID Note over the OID Note's adjusted issue price and remaining redemption amount means the sum of all amounts payable on an OID Note after the purchase date other than payments of qualified stated interest. In the case of a Foreign Currency Note, the rules described in this paragraph are applied using units of the relevant foreign currency.

Variable Rate Debt Instruments

Certain Notes may be treated for U.S. federal income tax purposes as variable rate debt instruments ("**VRDIs**"). Prospective purchasers should note that other Notes providing for variable rates of interest are treated not as VRDIs but as "contingent payment debt instruments," with consequences discussed below under "*Contingent Payment Debt Instruments*."

Stated interest on a VRDI that provides for a single variable rate (a "**Single-Rate VRDI**") will be treated as qualified stated interest and will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received, in accordance with the U.S. Holder's method of tax accounting. If the stated principal amount of a Single-Rate VRDI exceeds its issue price by an amount equal to or greater than the *de minimis* amount described above under "*Original Issue Discount*," this excess will be treated as OID that a U.S. Holder must include in income as it accrues, generally in accordance with the constant-yield method described above under "*Original Issue Discount*." The constant-yield accrual of OID on a VRDI is determined by substituting the value of the variable rate on the issue date (or, in certain cases, a fixed rate that reflects the yield that is reasonably expected for the VRDI) for each scheduled payment of the variable rate. A VRDI that provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate where the variable rate on the issue date is intended to approximate the fixed rate (which will be conclusively presumed if the value of the variable

rate on the issue date does not differ from the value of the fixed rate by more than 0.25 per cent.) will be treated as a Single-Rate VRDI.

Different rules may apply to a VRDI that provides for (i) multiple variable rates or (ii) one or more variable rates and a single fixed rate (other than a fixed rate described in the preceding paragraph) (a "**Multiple-Rate VRDI**"). Under applicable Treasury regulations, in order to determine the amount of qualified stated interest and OID (if any) in respect of a Multiple-Rate VRDI, an equivalent fixed-rate debt instrument must be constructed. The equivalent fixed-rate debt instrument is constructed in the following manner: (i) if the Multiple-Rate VRDI contains a fixed rate, that fixed rate is converted to a variable rate that preserves the fair market value of the Note and (ii) each variable rate (including a variable rate determined under (i) above) is converted to a fixed rate substitute (which generally will be the value of that variable rate as of the issue date of the Multiple-Rate VRDI (or, in certain cases, a fixed rate that reflects the yield that is reasonably expected for the VRDI)) (the "**equivalent fixed-rate debt instrument**"). The rules discussed in "*Original Issue Discount*" are then applied to the equivalent fixed-rate debt instrument to determine the amount, if any, of OID and the amount of qualified stated interest. A U.S. Holder will be required to include any such OID in income for U.S. federal income tax purposes as it accrues, in accordance with a constant-yield method based on a compounding of interest, as described above under "*Original Issue Discount*." The U.S. Holder is required to make adjustments to income to account for differences between actual payments on the Multiple-Rate VRDI and payments on the equivalent fixed-rate debt instrument. Prospective purchasers of Multiple-Rate VRDIs should consult their tax advisors regarding the rules applicable to these Notes.

Upon the taxable disposition of a VRDI, a U.S. Holder generally will recognise capital gain or loss equal to the difference between the amount realised (other than amounts attributable to accrued qualified stated interest, which will be treated as described above under "*Interest Payments on Notes*") and the U.S. Holder's tax basis in the VRDI. A U.S. Holder's tax basis in a VRDI will equal the amount the U.S. Holder paid to purchase the VRDI, increased by the amounts of OID (if any) the U.S. Holder has previously included in income with respect to the VRDI and reduced by any payments the U.S. Holder has received other than qualified stated interest. Such gain or loss generally will be long-term capital gain or loss if the U.S. Holder has held the VRDI for more than one year at the time of the taxable disposition and short-term capital gain or loss otherwise. Special rules apply to VRDIs that are Foreign Currency Notes, Market Discount Notes and Notes purchased at a premium, as discussed above and below.

Contingent Payment Debt Instruments

Certain Notes may be treated for U.S. federal income tax purposes as contingent payment debt instruments ("**Contingent Notes**"). Under applicable U.S. Treasury regulations, interest on a Contingent Note is treated as OID and must be accrued on a constant-yield basis using (i) a yield to maturity that reflects the rate at which the Issuer would issue a comparable fixed-rate instrument with no contingent payments but with terms and conditions otherwise similar to the Contingent Note (the "**comparable yield**") and (ii) a projected payment schedule determined by the Issuer at the time the Contingent Note is issued (the "**projected payment schedule**"). This projected payment schedule must include each non-contingent payment on the Contingent Note and an estimated amount for each contingent payment, and must produce the comparable yield.

The Issuer is generally required to provide to holders, solely for U.S. federal income tax purposes, a schedule of the projected amounts of payments on the Contingent Notes. If required in respect of an issue of Notes, the applicable Issue Terms will either contain the comparable yield and projected payment schedule, or will provide contact information through which a U.S. Holder of a Contingent Note can submit a request for this information.

THE COMPARABLE YIELD AND PROJECTED PAYMENT SCHEDULE ARE NOT DETERMINED FOR ANY PURPOSE OTHER THAN FOR THE DETERMINATION OF INTEREST ACCRUALS AND ADJUSTMENTS THEREOF IN RESPECT OF THE CONTINGENT NOTES FOR U.S. FEDERAL INCOME TAX PURPOSES. THEY ARE BASED UPON A NUMBER OF ASSUMPTIONS AND ESTIMATES AND DO NOT CONSTITUTE A PROJECTION OR

REPRESENTATION REGARDING THE ACTUAL AMOUNTS PAYABLE TO THE HOLDERS OF, OR THE ACTUAL YIELD ON, THE CONTINGENT NOTES.

A U.S. Holder generally will be bound by the comparable yield and the projected payment schedule determined by the Issuer unless the U.S. Holder determines its own comparable yield and projected payment schedule and explicitly and timely discloses and justifies such schedule to the IRS. The Issuer's determination, however, is not binding on the IRS, and it is possible that the IRS could conclude that some other comparable yield or projected payment schedule should be used instead.

The amount of OID includible in income, as interest, by a U.S. Holder of a Contingent Note is the sum of the daily portions of OID with respect to the Contingent Note for each day during the taxable year or portion of the taxable year in which the U.S. Holder holds the Contingent Note, generally as described above in "*Original Issue Discount*" (determined by substituting in that discussion the comparable yield for the "yield to maturity" and the projected payment schedule for the actual payments on the Note and treating no payment as qualified stated interest). Any net differences between actual payments received by the U.S. Holder on the Contingent Note in a taxable year and the projected amounts of those payments will be accounted for as additional interest (in the case of a net positive adjustment) or as an offset to interest income in respect of the Contingent Note (in the case of a net negative adjustment) for that taxable year. If the net negative adjustment for a taxable year exceeds the amount of interest on the Contingent Note for that year, the excess will be treated as ordinary loss in that year, but only to the extent the U.S. Holder's total interest inclusions on the Contingent Note exceed the total amount of any ordinary loss in respect of the Contingent Note claimed by the U.S. Holder under this rule in prior taxable years. Such a loss (as well as any ordinary loss incurred in connection with the taxable disposition of a Contingent Note, as described in the following paragraph) is not subject to the limitation imposed on miscellaneous itemised deductions under Section 67 of the Code. Any net negative adjustment that is not allowed as an ordinary loss for the taxable year is carried forward to the next taxable year, and is taken into account in determining whether the U.S. Holder has a net positive or negative adjustment for that year. Any net negative adjustment that is carried forward to a taxable year in which the U.S. Holder sells or taxably disposes of the Contingent Note reduces the U.S. Holder's amount realised on the sale or other taxable disposition.

Upon the taxable disposition of a Contingent Note prior to its stated maturity, a U.S. Holder generally will recognise taxable income or loss equal to the difference between the amount received from the taxable disposition and the U.S. Holder's tax basis in the Contingent Note. A U.S. Holder's tax basis in the Contingent Note will equal the cost thereof, increased by any interest income the U.S. Holder has previously accrued (determined by taking into account any adjustments made because the U.S. Holder purchased the Contingent Note at more or less than its adjusted issue price, as discussed in the next paragraph, but not taking into account adjustments due to differences between projected and actual payments) and decreased by the projected amounts of any payments previously made on the Contingent Note (without regard to actual amounts paid). At maturity, a U.S. Holder will be treated as receiving the projected amount for that date (reduced by any carryforward of a net negative adjustment), and any difference between the amount received and that projected amount will be treated as a positive or negative adjustment governed by the rules described above. A U.S. Holder generally must treat any income realised on the taxable disposition of a Contingent Note as interest income and any loss as ordinary loss to the extent of previous interest inclusions (reduced by the total amount of net negative adjustments previously taken into account as ordinary losses), and the balance as capital loss, the deductibility of which is subject to limitations. If a U.S. Holder recognises a loss above certain thresholds, the U.S. Holder may be required to file a disclosure statement with the IRS (as described below under "*Reportable Transactions*"). U.S. Holders should consult their tax advisors regarding this reporting obligation.

The discussions below under "*Market Discount*" and "*Notes Purchased at a Premium*" do not apply to Contingent Notes. If a U.S. Holder purchases a Contingent Note for an amount that is less than its adjusted issue price, the U.S. Holder must (i) make a positive adjustment increasing the interest the U.S. Holder would otherwise accrue to the extent such amount is attributable to a change in interest rates and/or (ii) make a positive adjustment increasing the ordinary income (or decreasing the ordinary loss) that the U.S. Holder would otherwise recognise upon the date of a projected payment to the extent such amount is attributable to a change in expectations as to the amount of that projected payment. If a U.S.

Holder purchases a Contingent Note for an amount that is greater than its adjusted issue price, the U.S. Holder must (i) make a negative adjustment decreasing the interest that the U.S. Holder would otherwise accrue to the extent such amount is attributable to a change in interest rates and/or (ii) make a negative adjustment decreasing the ordinary income (or increasing the ordinary loss) that the U.S. Holder would otherwise recognise upon the date of a projected payment to the extent such amount is attributable to a change in expectations as to the amount of that projected payment.

Special rules may apply if all the remaining payments on a Contingent Note become fixed substantially contemporaneously. For this purpose, payments will be treated as fixed if the remaining contingencies with respect to them are remote or incidental. Under these rules, a U.S. Holder would be required to account for the difference between the original projected payments and the fixed payments in a reasonable manner over the period to which the difference relates. In addition, a U.S. Holder would be required to make adjustments to, among other things, its accrual periods and its tax basis in the Contingent Note. The character of any gain or loss on a sale or other taxable disposition of the Contingent Note also might be affected. If one or more (but not all) contingent payments on a Contingent Note became fixed more than six months prior to the relevant payment date(s), a U.S. Holder would be required to account for the difference between the original projected payment(s) and the fixed payment(s) on a present value basis. Prospective purchasers of Contingent Notes should consult their tax advisors regarding the application of these rules.

Foreign Currency Contingent Payment Debt Instruments

Special rules apply to determine the accrual of OID and the amount, timing, and character of any gain or loss on a Note that is a contingent payment debt instrument denominated in, or whose payments are determined by reference to, a foreign currency (a "**Foreign Currency Contingent Note**"). The term "Foreign Currency Contingent Note" also applies to certain debt instruments denominated in, or providing for payments determined by reference to, multiple currencies. The discussions below under "*Notes Purchased at a Premium*" and "*Market Discount*" do not apply to Foreign Currency Contingent Notes.

Under these rules, a U.S. Holder of a Foreign Currency Contingent Note generally will be required to accrue OID in the foreign currency in which the Foreign Currency Contingent Note is denominated, if applicable, or in the foreign currency with reference to which payments on the Note are determined (or, in the case of a Foreign Currency Contingent Note that has payments determined by reference to more than one foreign currency, in the "predominant currency" determined under applicable Treasury regulations) (the "**relevant foreign currency**"). A U.S. Holder of a Foreign Currency Contingent Note will apply rules similar to those applicable to Contingent Notes, as described above under "*Contingent Payment Debt Instruments*," to determine OID accruals, account for net positive or net negative adjustments, and calculate income or loss on the taxable disposition of the Foreign Currency Contingent Note. All such determinations are made in the relevant foreign currency. A highly complex set of rules governs the translation into U.S. dollars of the amounts determined in the relevant foreign currency and the related determination of foreign currency gain or loss. Prospective purchasers of Foreign Currency Contingent Notes should consult their tax advisors regarding these rules. A U.S. Holder might be required to file a disclosure statement with the IRS if the U.S. Holder recognises foreign currency loss above certain thresholds (as described below under "*Reportable Transactions*").

Short-Term Notes

Certain modifications to the general rules apply to Notes with a term of one year or less (from but excluding the issue date to and including the last possible date that the Notes could be outstanding pursuant to their terms) ("**Short-Term Notes**").

First, none of the interest on a Short-Term Note is treated as qualified stated interest. Instead, interest on a Short-Term Note is treated as part of the Short-Term Note's stated redemption price at maturity, thereby giving rise to OID equal to the sum of all payments on the Note less the Note's issue price. OID will be treated as accruing on a Short-Term Note rateably or, at the election of a U.S. Holder, under a constant yield method.

Second, a cash-method holder of a Short-Term Note generally will not be required to include OID in respect of the Short-Term Note in income on a current basis. However, the cash-method holder may not be allowed to deduct all of the interest paid or accrued on any indebtedness incurred or maintained to purchase or carry the Note until the maturity of the Note or its earlier taxable disposition. In addition, such a cash-method holder will be required to treat any gain realised on a taxable disposition of the Note as ordinary income to the extent of the holder's accrued OID on the Note, and as short-term capital gain to the extent the gain exceeds the accrued OID. A cash-method holder of a Short-Term Note may, however, elect to accrue OID into income on a current basis. In that case, the limitation on the deductibility of interest described above will not apply. An accrual-method holder generally will be required to include OID on a Short-Term Note in income on a current basis.

Third, Short-Term Notes will not be subject to the rules applicable to Contingent Notes. However, a Short-Term Note may have special redemption features or provide for other contingent payments. These features may cause uncertainty regarding the timing and character of income to be recognised on the Short-Term Note. Prospective purchasers of Short-Term Notes with such features should consult their tax advisors regarding these uncertainties.

Market Discount

If a U.S. Holder purchases a Note, other than a Short-Term Note, Contingent Note or Foreign Currency Contingent Note, for an amount that is less than the Note's stated redemption price at maturity or, in the case of an OID Note, for an amount that is less than the Note's revised issue price (i.e., the Note's issue price increased by the amount of accrued OID), the Note will be considered to have market discount (a "**Market Discount Note**"). The market discount rules are subject to a *de minimis* rule similar to the rule relating to *de minimis* OID described above (in the second paragraph under "*Original Issue Discount*"). Any gain recognised by the U.S. Holder on the taxable disposition of a Market Discount Note generally will be treated as ordinary income to the extent of the market discount that accrued on the Note while held by such U.S. Holder.

Alternatively, the U.S. Holder may elect to include market discount in income currently over the term of the Note. Such an election will apply to debt instruments with market discount acquired by the U.S. Holder on or after the first day of the first taxable year to which such election applies and may be revoked only with the consent of the IRS. Market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. Unless the U.S. Holder elects to include market discount in income on a current basis, as described above, the U.S. Holder generally will be required to defer the deduction of a portion of the interest paid on any indebtedness incurred or maintained to purchase or carry the Note.

Market discount on a Foreign Currency Note will be determined by a U.S. Holder in the relevant foreign currency. The amount includible in income by a U.S. Holder in respect of accrued market discount will be the U.S. dollar value of the amount accrued. This is generally calculated at the spot rate of exchange on the date that the Note is disposed of by the U.S. Holder. Any accrued market discount on a Foreign Currency Note that is currently includible in income generally will be translated into U.S. dollars at the average exchange rate for the accrual period or portion of such accrual period within the U.S. Holder's taxable year.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note (other than a Contingent Note or Foreign Currency Contingent Note) for an amount in excess of the remaining redemption amount (as defined above under "*Original Issue Discount*") will be considered to have purchased the Note at a premium. In that case, the OID rules will not apply to the Note. The U.S. Holder may elect to amortise the premium, as an offset to qualified stated interest, using a constant-yield method, over the remaining term of the Note. This election, once made, generally applies to all debt instruments held or subsequently acquired by the U.S. Holder on or after the beginning of the first taxable year to which the election applies and may be revoked only with the consent of the IRS. A U.S. Holder that elects to amortise bond premium must reduce its tax basis in a Note by the amount of the premium amortised during its holding period. Special rules may affect the U.S. Holder's ability to amortise bond premium if a Note may be redeemed at the

Issuer's election at a price in excess of the Note's stated redemption price at maturity. Prospective purchasers who anticipate acquiring Notes with such features at a premium should consult their tax advisors regarding these special rules. If a U.S. Holder does not elect to amortise bond premium, the U.S. Holder generally will treat the premium as capital loss when the Note matures.

Amortisable bond premium in respect of a Foreign Currency Note will be computed in the relevant currency and will reduce qualified stated interest in that currency. At the time amortised bond premium offsets interest income, foreign currency gain or loss, which will be taxable as ordinary income or loss, will be realised on the amortised bond premium on such Note based on the difference between (1) the spot rate of exchange on the date or dates such premium offsets interest payments on the Note and (2) the spot rate of exchange on the date on which the U.S. Holder acquired the Note.

Tax Consequences to Non-U.S. Holders

In General

This section describes certain generally applicable U.S. federal income tax consequences to Non-U.S. Holders in respect of Notes that the Issuer intends to treat as debt for U.S. federal income tax purposes, as evidenced by the statement under "*United States Tax Considerations*" in the applicable Issue Terms. It generally assumes that the Issuer's intended treatment is respected. The Issuer's intended treatment of the Notes is not binding on the IRS, and the IRS could disagree with it, in which case the tax consequences to a Non-U.S. Holder in respect of the Notes could be materially adversely affected. Certain exceptions to these general rules are discussed below under "*Effectively Connected Income*," "*Possible Application of Section 871(m) of the Code*" and "*FATCA Legislation*" and therefore this discussion is subject to, and should be read in conjunction with, the discussions contained in those sections. Interest payments on a Note issued by Citigroup Inc. or CGMHI (each, a "**U.S. Issuer**") should not be subject to U.S. federal withholding tax, provided that (1) the Non-U.S. Holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of the U.S. Issuer entitled to vote, (2) the Non-U.S. Holder is not (i) a controlled foreign corporation for U.S. federal income tax purposes that is related to the U.S. Issuer through stock ownership or (ii) a bank extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business, (3) such interest is not contingent on the U.S. Issuer's profits, revenues or changes in the value of its property and is not otherwise excluded from the definition of "portfolio interest" by Section 871(h)(4) of the Code, and (4) the Non-U.S. Holder provides a statement signed under penalties of perjury that certifies that it is a non-United States person in compliance with applicable requirements (generally, an appropriate IRS Form W-8) or satisfies certain documentary evidence requirements for establishing that it is a non-United States person. Interest payments on a Note issued by CGMFL (the "**Non-U.S. Issuer**") generally will not be subject to U.S. federal withholding tax. Gain realised by a Non-U.S. Holder on the taxable disposition of a Note generally will not be subject to U.S. federal withholding or income tax.

Effectively Connected Income

If a Non-U.S. Holder is engaged in a U.S. trade or business, and if income (including gain) from a Note is effectively connected with the conduct of that trade or business, the Non-U.S. Holder generally will be subject to regular U.S. federal income tax with respect to that income in the same manner as if the Non-U.S. Holder were a U.S. Holder, unless an applicable income tax treaty provides otherwise. If such a Non-U.S. Holder is a corporation, the Non-U.S. Holder should also consider the potential application of a 30 per cent. (or lower treaty rate) branch profits tax. A Non-U.S. Holder would be required to provide an IRS Form W-8ECI to the applicable withholding agent to establish an exemption from withholding for amounts, otherwise subject to withholding, paid on a Note.

Possible Withholding Under Section 871(m) of the Code

Section 871(m) imposes a 30 per cent (or lower treaty rate) withholding tax on certain "dividend equivalents" paid or deemed paid to Non-U.S. Holders with respect to U.S. equities or indices that include U.S. equities under certain circumstances. Treasury regulations promulgated under Section 871(m) may, when effective, require withholding on Non-U.S. Holders in respect of dividend

equivalents deemed paid under certain Notes, regardless of whether the Notes are issued by a U.S. Issuer or the Non-U.S. Issuer. Under these regulations, this withholding regime generally applies to Notes that substantially replicate the economic performance of one or more underlying U.S. equities, as determined upon the issuance, for U.S. tax purposes, of the Notes based on one of two tests set forth in the regulations (a "**Specified Note**"). Depending on the terms of the Notes, Section 871(m) will apply if, at issuance, either (i) the "delta" of the Notes is at least 0.80 or (ii) the Notes meet a "substantial equivalence" test. The regulations provide certain exceptions to this withholding regime, in particular for instruments linked to certain broad-based indices that meet requirements set forth in the regulations.

This regime will generally apply to Specified Notes issued beginning in 2017. If the terms of a Note are subject to a "significant modification," the Note will generally be treated as reissued for this purpose at the time of the significant modification.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Note or upon the date of maturity, lapse or other disposition by the Non-U.S. Holder of the Specified Note. The dividend equivalent amount will include the amount of any actual or, under certain circumstances, estimated dividend. The Issuer will not be required to pay any additional amounts in respect of amounts withheld under Section 871(m).

Upon the issuance of a series of Notes, the Issuer will generally state in the applicable Issue Terms if it has determined that they are Specified Notes, in which case a Non-U.S. Holder should expect to be subject to withholding in respect of any dividend-paying U.S. equities underlying those Notes. Prospective purchasers of the Notes should consult their tax advisors regarding the potential application of Section 871(m) to a particular Note. The Issuer's determination is binding on Non-U.S. Holders, but it is not binding on the IRS. The Section 871(m) regulations require complex calculations to be made with respect to Notes linked to U.S. equities and their application to a specific issue of Notes may be uncertain. Accordingly, even if the Issuer determines that certain Notes are not Specified Notes, the IRS could challenge the Issuer's determination and assert that withholding is required in respect of those Notes.

Prospective purchasers should note that if a Section 871(m) Event (as defined under "*Risk Factors—Possible Withholding Under Section 871(m) of the Code*") occurs, an Early Redemption Event will occur, in which case the relevant Notes may be redeemed as more fully set out in the terms and conditions of such Notes.

U.S. Federal Estate Tax

An individual Non-U.S. Holder or an entity the property of which is potentially includible in such an individual's gross estate for U.S. federal estate tax purposes (for example, a trust funded by such an individual and with respect to which the individual has retained certain interests or powers) should note that a Note that is treated as a debt obligation for U.S. federal estate tax purposes and that is issued by a U.S. Issuer generally will not be treated as U.S.-situs property subject to U.S. federal estate tax if payments on the Note, if received by the decedent at the time of death, would not have been subject to U.S. federal withholding or income tax because of the exemption from withholding of "portfolio interest." A holder that is such an individual or entity should consult its tax advisor regarding the U.S. federal estate tax consequences of investing in the Notes. A Note that is issued by the Non-U.S. Issuer generally will not be treated as U.S.-situs property.

Reportable Transactions

A taxpayer that participates in a "reportable transaction" is subject to information reporting requirements under Section 6011 of the Code. "Reportable transactions" include, among other things, "loss transactions" that result in a taxpayer's claiming certain losses in excess of specified amounts and certain transactions identified by the IRS. In October 2015, the U.S. Treasury Department and the IRS released notices designating certain "basket options", "basket contracts" and substantially similar transactions as reportable transactions. The notices apply to specified transactions in which a taxpayer or its "designee" has, and exercises, discretion to change the assets or an algorithm underlying the transaction. While an exercise of the type of discretion that would give rise to such reporting

requirements in respect of the Notes is not expected, if the Issuer, an index sponsor or calculation agent or other person were to exercise discretion under the terms of a Note or an index underlying a Note and were treated as a holder's "designee" for these purposes, unless an exception applied certain holders of the relevant Notes would be required to report certain information to the IRS, as set forth in the applicable Treasury regulations, or be subject to penalties. The Issuer might also be required to report information regarding the transaction to the IRS. Holders should consult their tax advisors regarding these rules.

Information Reporting and Backup Withholding

Amounts paid on the Notes, and the proceeds of a taxable disposition of the Notes, may be subject to information reporting and, if a holder fails to provide certain identifying information (such as an accurate taxpayer identification number for a U.S. Holder) or meet certain other conditions, may also be subject to backup withholding at the rate specified in the Code. A Non-U.S. Holder that provides an appropriate IRS Form W-8 generally will establish an exemption from backup withholding. Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against a holder's U.S. federal income tax liability, provided the relevant information is timely furnished to the IRS.

FATCA Legislation

Legislation commonly referred to as "FATCA" generally imposes a withholding tax of 30 per cent. on payments to certain non-U.S. entities (including financial intermediaries) with respect to certain financial instruments, unless various U.S. information reporting and due diligence requirements have been satisfied. An intergovernmental agreement between the United States and the non-U.S. entity's jurisdiction may modify these requirements. This legislation generally applies to interest on Notes of a U.S. Issuer and certain dividend equivalents, and, for dispositions of Notes after December 31, 2018, to payments of gross proceeds of the disposition (other than any portion treated as interest or a dividend equivalent). If withholding applies to the Notes, we will not be required to pay any additional amounts with respect to amounts withheld. Prospective purchasers should consult their tax advisors regarding FATCA, including the availability of certain refunds or credits.

THE TAX CONSEQUENCES TO HOLDERS OF OWNING AND DISPOSING OF NOTES MAY BE UNCLEAR. HOLDERS SHOULD CONSULT THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES OF OWNING AND DISPOSING OF NOTES, INCLUDING THE TAX CONSEQUENCES UNDER STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN U.S. FEDERAL OR OTHER TAX LAWS.

UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuers' understanding of current United Kingdom law and published HM Revenue & Customs ("HMRC") practice relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of person (such as dealers) to whom special rules may apply. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Interest on Notes

Payments of interest on the Notes may be made without deduction or withholding for or on account of United Kingdom income tax where such interest is not regarded as having a United Kingdom source for United Kingdom tax purposes. This will depend on the terms of the relevant Notes and prospective Noteholders should therefore take legal advice on the question of whether any particular Notes carry a right to United Kingdom source interest. In the case of interest on Notes which is regarded as having a United Kingdom source, such payments of interest may be made without deduction of or withholding on account of United Kingdom income tax in the following circumstances:

1. where the Notes are "listed on a recognised stock exchange", within the meaning of section 1005 of the Income Tax Act 2007. The Notes will satisfy this requirement if they are officially listed in Ireland, Italy or Luxembourg in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Irish Stock Exchange's Main Market or Global Exchange Market, the electronic "Bond Market" organised and managed by Borsa Italiana S.p.A, the Luxembourg Stock Exchange's regulated market, as applicable. Alternatively the Notes will satisfy this requirement if they are both: (i) admitted to trading on the London Stock Exchange's Main Market or Professional Securities Market; and (ii) included in the Official List. Provided, therefore that the Notes remain so listed and admitted to trading, interest on the Notes will be payable without withholding or deduction on account of United Kingdom tax. Notes listed on the Open Market (Regulated Unofficial Market) (Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG) will not meet the HMRC definition of "listed" for the purposes of Section 1005 of the Income Tax Act 2007;
2. where interest on the Notes is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exception is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax; or
3. where the maturity of the Notes is less than 365 days (and the Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days).

In other cases where interest on the Notes is regarded as having a United Kingdom source, an amount must generally be withheld from payments of interest on the Notes on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

HMRC has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

The information that HMRC can obtain may include details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid.

IN CERTAIN CIRCUMSTANCES THE INFORMATION WHICH HMRC HAS OBTAINED USING THESE POWERS MAY BE EXCHANGED WITH TAX AUTHORITIES IN OTHER JURISDICTIONS

LUXEMBOURG TAXATION

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and

prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject. Taxation of the holders of Notes

Withholding Tax

(i) *Non-resident holders of Notes*

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) *Resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg or to a residual entity (within the meaning of the laws of 21 June 2005 implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the **Territories**), as amended) established in an EU Member State (other than Luxembourg) or one of the Territories and securing such payments for the benefit of such individual beneficial owner will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.

AUSTRIAN TAXATION

This section on taxation contains a brief summary of the Issuers' understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Notes in Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes. Tax risks resulting from the Notes (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (*Investmentfondsgesetz 2011*)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Notes are legally and factually offered to an indefinite number of persons.

General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income taxation of the Notes

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- (a) income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest;
- (b) income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital, zero coupon bonds and broken-period interest; and
- (c) income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates.

Also the withdrawal of the Notes from a securities account (*Depotentnahme*) and circumstances leading to a loss of Austria's taxation right regarding the Notes vis-à-vis other countries, e.g., a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. sec. 27(6) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Notes as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Notes with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), the income is subject to withholding tax (*Kapitalertragsteuer*) at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). In case of investment income from the Notes without an Austrian nexus, the income must be included in the investor's income tax return and is subject to income tax at the flat rates mentioned above. In both cases upon application the option exists to tax all income subject to income tax at the flat rates mentioned above at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized claims vis-à-vis credit institutions (as of 1 January 2016, except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable

legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at the flat rates mentioned above may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income.

Pursuant to sec. 93(6) of the Austrian Income Tax Act, the Austrian custodian agent is obliged to automatically offset negative investment income against positive investment income, taking into account all of a taxpayer's securities accounts with the custodian agent. If negative and at the same time or later positive income is earned, then the negative income is to be offset against the positive income. If positive and later negative income is earned, then withholding tax on the positive income is to be credited, with such tax credit being limited to 25 per cent. of the negative income before 1 January 2016 and to 27.5 per cent. of the negative income after 31 December 2015. In certain cases the offsetting is not permissible. The custodian agent has to issue a written confirmation on each offsetting of losses to the taxpayer.

Individuals subject to unlimited income tax liability in Austria holding the Notes as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Notes with an Austrian nexus the income is subject to withholding tax at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rates mentioned above). In case of investment income from the Notes without an Austrian nexus, the income must always be included in the investor's income tax return (generally income tax at the flat rates mentioned above). In both cases upon application the option exists to tax all income subject to income tax at the flat rates mentioned above at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rates mentioned above, are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets; only parts of the remaining negative difference (namely 50 per cent. before 1 January 2016 and 55 per cent. after 31 December 2015) may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes at a rate of 25 per cent. In the case of income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes with an Austrian nexus, the income is subject to withholding tax at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015. However, the previous 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act also be applied by the withholding agent after 31 December 2015, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Notes can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Notes as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Interim tax does not fall due insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. In case of investment income from the Notes with an Austrian nexus, the income is in general subject to withholding tax at a rate of 25 per cent. before 1 January 2016 and at a rate of 27.5 per cent. after 31 December 2015. However, the previous 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act also be applied by the withholding agent after 31 December 2015, if the debtor of the

withholding tax is a corporation. Such withholding tax can be credited against the tax falling due. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on investment income from the Notes if they have a permanent establishment (*Betriebsstätte*) in Austria and the Notes are attributable to such permanent establishment (cf. sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). Individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of the Austrian EU Withholding Tax Act (*EU-Quellensteuergesetz*, see below) from the Notes if withholding tax is levied on such interest (this does not apply, *inter alia*, if the Issuers have neither their places of management nor their legal seats in Austria and are not acting through Austrian branches, which condition the Issuers understand to be fulfilled in the case at hand; cf. sec. 98(1)(5)(b) of the Austrian Income Tax Act).

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011 as amended in the course of the implementation of Directive 2011/61/EU, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organized in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. To date no guidance has been issued by the tax authorities on the interpretation of this new provision. In case of a qualification as a foreign investment fund the tax consequences would substantially differ from those described above.

EU withholding tax

Sec. 1 of the Austrian EU Withholding Tax Act – implementing Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments – provides that interest payments paid or credited by an Austrian paying agent (*Zahlstelle*) to a beneficial owner who is an individual resident in another EU Member State (or in certain dependent or associated territories, which currently include Anguilla, Aruba, the British Virgin Islands, Curaçao, Guernsey, the Isle of Man, Jersey, Montserrat, Sint Maarten and the Turks and Caicos Islands) are subject to EU withholding tax (*EU-Quellensteuer*) of 35 per cent. Sec. 10 of the Austrian EU Withholding Tax Act provides for an exemption from EU withholding tax if the beneficial owner presents to the paying agent a certificate drawn up in his/her name by the competent authority of his/her state of residence for tax purposes, indicating the name, address and tax or other identification number or, failing such, the date and place of birth of the beneficial owner, the name and address of the paying agent, and the account number of the beneficial owner or, where there is none, the identification of the security; such certificate shall be valid for a period not exceeding three years.

Regarding the issue of whether Notes linked to an index or indices are subject to EU withholding tax, the Austrian tax authorities distinguish between such Notes with and without a capital guarantee, a capital guarantee being the promise of repayment of a minimum amount of the capital invested or the promise of the payment of interest. The exact tax treatment of Notes linked to an index or indices (e.g. a Security Index, an Inflation Index, a Commodity Index or a Proprietary Index) furthermore depends on the underlying index or indices.

Pursuant to Council Directive (EU) 2015/2060 of 10 November 2015 repealing Council Directive 2003/48/EC, the latter shall in general be repealed with effect from 1 January 2016. However, pursuant to detailed grandfathering provisions, Austria shall in general continue to apply it until 31 December 2016.

Tax treaties Austria/Switzerland and Austria/Liechtenstein

The Treaty between the Republic of Austria and the Swiss Confederation on Cooperation in the Areas of Taxation and Capital Markets and the Treaty between the Republic of Austria and the Principality of Liechtenstein on Cooperation in the Area of Taxation provide that a Swiss, respectively Liechtenstein, paying agent has to withhold a tax amounting to 25 per cent. (regarding the Treaty with Switzerland, this rate will be changed to the rates of 25 per cent. and 27.5 per cent., as the case may be, under an adjustment mechanism as of 1 January 2016, which is also to be expected regarding the Treaty with Liechtenstein) on, *inter alia*, interest income, dividends and capital gains from assets booked with an account or deposit of such Swiss, respectively Liechtenstein, paying agent if the relevant holder of such assets (i.e. in general individuals on their own behalf and as beneficial owners of assets held by a domiciliary company (*Sitzgesellschaft*)) is tax resident in Austria. The same applies to such income from assets managed by a Liechtenstein paying agent if the relevant holder of the assets (i.e. in general individuals as beneficial owners of a transparent structure) is tax resident in Austria. For Austrian income tax purposes this withholding tax has the effect of final taxation regarding the underlying income if the Austrian Income Tax Act provides for the effect of final taxation for such income. The treaties, however, do not apply to interest covered by the agreements between the European Community and the Swiss Confederation, respectively the Principality of Liechtenstein, regarding Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. The taxpayer can opt for voluntary disclosure instead of the withholding tax by expressly authorising the Swiss, respectively Liechtenstein, paying agent to disclose to the competent Austrian authority the income, which subsequently has to be included in the income tax return.

Austrian inheritance and gift tax

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*) if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at the flat rates mentioned above. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with a higher rate of 25 per cent. applying in special cases. Special provisions apply to transfers of assets to entities falling within the scope of the tax treaty between Austria and Liechtenstein.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Notes may trigger income tax at the level of the transferor pursuant to sec. 27(6) of the Austrian Income Tax Act (see above).

BELGIAN TAXATION

Set out below is a summary of certain Belgian tax consequences of acquiring, holding and selling Notes. This summary is not intended to be an exhaustive description of all relevant

Belgian tax considerations and investors should consult their own tax advisors regarding such considerations in relation to their own particular circumstances. The description of certain taxes in the Kingdom of Belgium (**Belgium**) set out below is for general information only and does not purport to be comprehensive.

This summary is based on current legislation, published case law and other published guidelines and regulations as in force at the date of this document and remains subject to any future amendments, which may or may not have retroactive effect.

Belgian income tax

Under Belgian tax law, "interest" income includes: (i) periodic interest income, (ii) any amount paid by or on behalf of the Issuer in excess of the issue price (whether or not on the maturity date), and (iii) if the Notes qualify as "fixed income securities" (in the meaning of article 2, §1, 8° Belgian Income Tax Code), in the case of a disposal of the Notes between two interest payment dates to any third party, excluding the Issuer, the interest accrued during the holding period. In general, notes are qualified as fixed income security if there is a causal link between the amount of interest income and the holding period of the notes, on the basis of which it is possible to calculate the amount of pro rata interest income at the moment of the disposal of the notes during their lifetime.

Belgian resident individuals

For individuals subject to Belgian personal income tax, and who are not holding Notes as a professional investment, all interest payments (as defined in the Belgian Income Tax Code) will be subject to the tax regime described below.

Interest income paid or attributed is subject to a 25 per cent. withholding tax rate.

The Belgian withholding tax levied on interest income constitutes the final tax on the income received. As a consequence, interest income that has already been subject to Belgian withholding tax (e.g. through involvement of a Belgian financial intermediary) does not have to be declared in the Belgian personal income tax return. It should be noted however that in specific cases, it may be beneficial to individuals to opt to 'globalise' the interest income with other types of income by declaring the interest income in their personal income tax return, thereby subjecting the interest income to the progressive tax rates (instead of the fixed 25 per cent. withholding tax rate). Individuals will normally only do so when application of the progressive tax rates is more advantageous than the application of the fixed 25 per cent. withholding tax rate. In such case the taxpayer can opt to declare the interest income in his personal income tax return in order to benefit from the more advantageous regime (article 171 ITC '92).

On the other hand, if interest is collected outside Belgium (i.e. without involving a Belgian financial intermediary), the taxpayer must declare that interest in his/her personal income tax return. Such interest will be taxed separately at a rate of 25 per cent., unless globalisation of the income is more favourable.

Any capital gain upon a sale of Notes to a person other than the Issuer, provided it is not allocated to the professional activity of the individual, is in principle tax exempt (unless the tax authorities can prove that the capital gain does not result from the normal management of the individual's private estate, in which case the capital gains will be taxed at a fixed rate of 33 per cent. to be increased with municipal taxes). However, the interest accrued at the moment of the sale is taxable as interest income. This amount is determined on a pro rata basis. Capital losses upon a sale of Notes are in principle not deductible.

Belgian companies

Interest paid through an intermediary established in Belgium to a Belgian company subject to corporate income tax will generally be subject to Belgian withholding tax. However, an exemption may apply provided that certain formalities are complied with. The current applicable withholding tax rate is 25 per cent. For Belgian companies, the withholding tax is not the final tax as they need also to declare the

interest income in their annual corporate income tax return, where it is taxed at the normal corporate income tax rate which in most cases is 33.99 per cent.

Belgian companies are, under certain circumstances, entitled to credit Belgian withholding tax against their corporate income tax liability provided certain conditions are fulfilled. Any excess withholding tax is refundable.

For any Belgian company subject to Belgian corporate income tax, all interest and any gain on a sale of Notes will form part of that company's taxable basis. Losses on Notes are, in principle, tax deductible.

Other Belgian legal entities subject to the legal entities income tax

For other Belgian legal entities subject to the legal entities income tax, all interest payments (as defined by the Belgian Income Tax Code) will (subject to certain exceptions) be subject to withholding tax, currently at a rate of 25 per cent.

If interest is paid through a Belgian intermediary, such intermediary must levy withholding tax, currently at a rate of 25 per cent. This withholding tax is in principle a final tax. If no Belgian intermediary is involved, the interest must be declared and the applicable withholding tax must be paid by the legal entity itself.

Any capital gain on a sale of Notes to a party other than the relevant Issuer or the CGMFL Guarantor will, in principle, be tax exempt. However, the interest accrued at the moment of the transaction will be taxed as movable income in the hands of the seller. The interest accrued (but not yet paid) at the moment of sale is deemed to have been received by the seller (even though this interest has not yet been paid). Such interest is in principal subject to withholding tax at the rate of 25 per cent. This withholding tax must be paid by the legal entity itself.

Capital losses on Notes are (subject to certain exceptions) not tax deductible.

Tax on stock exchange transactions

The acquisition of Notes upon their issuance is not subject to the tax on stock exchange transactions.

The sale and acquisition of Notes on the secondary market is subject to a tax on stock exchange transactions if executed in Belgium through a professional intermediary. The tax is generally due at a rate of 0.09 per cent. on each sale and acquisition separately, with a maximum of EUR650.00 per taxable transaction. The tax is due separately by each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

However, the tax referred to above will not be payable if no professional intermediary intervenes in the transaction or, even if a professional intermediary intervenes in the transaction, by exempt persons acting for their own account, including investors who are Belgian non-residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors, as defined in Article 126/1, 2° of the Code of various duties and taxes.

As stated below, the European Commission has proposed a Directive for a FTT. The proposed Directive currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

REPUBLIC OF CYPRUS

The following is a general summary of certain tax aspects of the Notes under Cypriot law practice in force and applied as at the date of this Base Prospectus and does not purport to be a comprehensive description of all tax aspects relating to Notes. This summary does not analyse the tax position of the

Issuer and it does not constitute, nor should it be construed as, tax or legal advice. Prospective investors should consult their tax and other professional advisers as to the specific tax consequences of acquiring, holding and disposing of Notes and of receiving interest on any Notes.

Introduction

In accordance with the provisions of the Income Tax Law, Law 118(I)/2002 (as amended) (the "**Income Tax Law**") a person (natural or legal) is liable to tax on its worldwide income on the basis of residency.

A person is resident in Cyprus for the purposes of the Income Tax Law where, in the case of a natural person, that person is present in Cyprus for a period (or periods in aggregate) exceeding 183 days in the tax year and, in the case of a company, its management and control is exercised in Cyprus. The tax year for the purposes of the Income Tax Law coincides with the calendar year.

Non-Cyprus tax residents are taxed on income derived from sources in Cyprus or from a business activity which is carried out through a permanent establishment in Cyprus. A company is regarded as having a "permanent establishment" in Cyprus, if it has a fixed base of business through which the business is carried out fully or partially, including a management base, a branch or an office.

Interest Income

Non-Cyprus Tax Residents

Persons (natural and legal) who are not resident for tax purposes pursuant to the provisions of the Income Tax Law will not be liable for any income tax or for the special contribution defence tax (as described below). Payments of interest made by the Issuer to such persons will not be subject to any Cyprus withholding taxes.

Cyprus tax resident individuals

Interest income received by or credited to a Cyprus tax resident individual is subject to special defence contribution levy at the rate of 30 per cent. pursuant to the provisions of the Special Defence Contribution Law, Law 117(I)/2002 (as amended) (the "**SCDF Law**"). Interest received or credited by a Cyprus tax resident individual, considered to arise in the ordinary course of the individual's business or considered closely connected thereto shall be treated as personal income and subject to income tax pursuant to the Income Tax Law.

Cyprus tax resident companies that pay interest in respect of which special contribution defence tax is due to Cyprus tax resident individuals are obliged to withhold the special contribution defence tax at source and remit the tax to the Cypriot tax authorities.

Cyprus tax resident companies

Any interest accruing or received by a Cyprus resident company which is considered to arise in the ordinary course of the business or is considered closely connected thereto shall be subject only to (corporate) income tax at the rate of 12.50 per cent. Such income will not be liable to any tax under the SCDF Law.

Interest income not arising in the ordinary course of business or being considered closely connected thereto shall be exempt from (corporate) income tax and shall be subject to tax under the SCDF Law at the rate of 30 per cent.

Profit from the Disposal of the Notes

Any gains derived from the disposal of Notes by a Cyprus resident individual or company are exempt from income tax in Cyprus.

Any gains from the disposal of Notes are not subject to Cyprus income tax, irrespective of the trading nature of the gain, the number of Notes held or the period for which the Notes were held. Any gain is also outside the scope of application of the Capital Gains Tax Law 1980-2002 (as amended).

Interest income is, however, subject to the treatment set out above.

Stamp Duty

Following the enactment of the Stamp Duty (Amendment) (No. 2) Law 2002, section 4 of the Stamp Duty Law, Law 19/1963 as amended provides that:

"(1) every instrument specified in the First Schedule shall be chargeable with duty of the amount specified in the said Schedule as the proper duty therefore respectively if it relates to any asset situated in the Republic or to matter or things which shall be performed or done in the Republic irrespective of the place where the document is made."

In accordance with the principles of rulings of the Commissioner of Stamp Duty, an issue of Notes by the Issuer will not be liable to stamp duty where the proceeds of the issue will remain outside Cyprus, will be utilised for purposes outside Cyprus and the obligation under such Notes will be repaid outside Cyprus.

Transfers of Notes effected outside of Cyprus between non-residents of Cyprus do not attract stamp duty in Cyprus, provided that the transferor and the transferee are not residents of Cyprus.

CZECH TAXATION

General

The information set out below is only a summarised description of Czech withholding tax treatment and it does not deal with any other Czech tax consequences of the purchase, holding and disposition of Notes. The holders of Notes should consult their own tax advisors as to the consequences under the tax laws of the country of which they are residents for tax purposes and the tax laws of the Czech Republic concerning the purchase, holding and disposition of Notes and receiving payments of interest, principal and/or other payments under Notes, including, in particular, the application to their concrete situation of the tax considerations discussed below as well as the application of the state, local, foreign or other tax laws.

This summary is based on the tax laws of the Czech Republic as in effect on the date of this Base Prospectus and their prevailing interpretations available on or before such date. All of the foregoing is subject to change, which could apply retroactively and could affect the continued validity of this summary.

For the purposes of this summary, it has been assumed that the Issuer is not resident for tax purposes nor has it any permanent establishment in the Czech Republic.

Withholding tax

All interest payments to be made by the Issuer under the Notes may be made free of withholding or deduction of, for or on the account of any taxes of whatsoever nature imposed, levied, withheld or assessed by the Czech Republic or any political subdivision or taxing authority thereof or therein.

Securing tax

In general, pursuant to the Czech tax law, Czech tax residents (or Czech permanent establishments of Czech non-residents) acquiring the Notes are required, under their own responsibility, to withhold and to remit to Czech tax authorities a 1 per cent. securing tax from the purchase price when purchasing investment instruments, such as the Notes, from a seller who is resident for tax purposes outside the European Union or the European Economic Area. Such obligation can be eliminated under a tax treaty concluded between the Czech Republic and the country in which the seller is a tax resident. Furthermore, it can be waived in advance based on a decision of Czech tax authorities.

DUTCH TAXATION

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For the purposes of Netherlands tax law, a holder of Notes may include an individual or entity who does not have the legal title to the relevant Notes, but to whom nevertheless such Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in such Notes or the income thereof. This summary is intended as general information only for holders of Notes who are residents or deemed residents of the Netherlands for Netherlands tax purposes. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of in the acquisition, holding, settlement, redemption and disposal of any Notes.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) Investment institutions (*fiscale beleggingsinstellingen*);
- (ii) Pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or exempt from Netherlands corporate income tax;
- (iii) holders of Notes holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the relevant Issuer and holders of Notes of whom a certain related person holds a substantial interest in the relevant Issuer. Generally speaking, a substantial interest in the relevant Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (a) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the relevant Issuer, (b) rights to acquire, directly or indirectly, such interest or (c) certain profit sharing rights in the relevant Issuer;
- (iv) persons to whom the Notes and the income from the Notes are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands Gift and Inheritance Tax Act 1956 (*Successiewet 1956*);
- (v) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba, and such Notes are attributable to such permanent establishment or permanent representative; and
- (vi) individuals to whom Notes or the income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands.

For the purpose of the Netherlands tax consequences described herein, it is assumed that the relevant Issuer is neither a resident of the Netherlands nor deemed to be a resident of the Netherlands for Netherlands tax purposes.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Netherlands Withholding Tax

All payments made by the relevant Issuer under Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Netherlands Corporate and Individual Income Tax

If a holder of Notes is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes for individual income tax purposes income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are taxable at the progressive rates (at up to a maximum rate of 52 per cent.) under the Netherlands Income Tax Act 2001, if:

- (i) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Notes are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Notes are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Notes that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds any Notes, must determine taxable income with regard to such Notes on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a rate of 4 per cent. of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The 4 per cent. deemed return on income from savings and investments is taxed at a rate of 30 per cent.

Netherlands Gift and Inheritance Tax

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of any Notes by way of gift by, or on the death of, a holder of such Notes, unless:

- (i) the holder of such Notes is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions of The Netherlands gift and inheritance tax; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions of The Netherlands gift and inheritance tax.

Netherlands Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of Notes or in respect of a cash payment made under any Notes, or in respect of a transfer of any Notes.

Other Netherlands Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of any Notes.

FINNISH TAXATION

The following is a general description of certain tax considerations relating to Notes. They relate only to payments by the relevant Issuer, the CGMHI Guarantor (where the Issuer is CGMHI) or the

CGMFL Guarantor (where the Issuer is CGMFL) to beneficial owners of the Notes and may not apply to certain classes of persons such as Dealers. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Finland or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date, including changes with retroactive effect.

For the purpose of the Finnish tax consequences described herein, it is assumed that each of the relevant Issuer and the CGMHI Guarantor (where the Issuer is CGMHI) or the CGMFL Guarantor (where the Issuer is CGMFL) is neither a resident nor deemed to be a resident of Finland for Finnish tax purposes.

General

Finnish residents and non-residents are treated differently for tax purposes in Finland. Finnish residents are subject to taxation in Finland on their worldwide income. Non-residents who are not generally liable for tax in Finland are subject to taxation in Finland solely in respect of their Finnish source income. Generally, an individual is deemed to be a Finnish resident if such an individual continuously resides in Finland for more than six months or if the permanent home and dwelling of such an individual is in Finland. A citizen of Finland who has moved abroad is regarded as resident for Finnish tax purposes until three years have passed after the end of the year of emigration, even though the individual does not reside in Finland over six months or the permanent home and dwelling are not located in Finland, if such an individual cannot prove that he/she has not had any essential relationship to Finland in the tax year in question. Entities established under the laws of Finland are regarded as residents of Finland in accordance with domestic tax law. Double tax treaties may restrict the authority of the Finnish state to tax foreign source income of an individual or entity deemed as resident of Finland pursuant to Finnish domestic tax law.

Resident holders of Notes

Under present Finnish domestic tax law, holders of Notes, who are resident in Finland for tax purposes, are as a general rule subject to Finnish tax on interest payments received under the Notes and on gains realised on the sale, exchange, redemption or other disposition of the Notes.

Individuals

Interest and any similar income (e.g. interest compensation, FI: *jälkimarkkinahyvitys* and index compensation, FI: *indeksihyvitys*) received by individual holders of Notes and capital gain accrued on the Notes is generally taxed as capital income unless the Notes are considered to belong to the business activity of an individual. Capital income is taxed at a flat rate of 30 per cent to the extent the annual capital income of the individual does not exceed EUR 30,000. If the capital income exceeds EUR 30,000 the tax rate is 33 per cent.

Losses realised on the sale or redemption of Notes should be deductible against capital gains. The losses are only deductible against capital gains arising in the same year and the following five years.

Income and gains from Notes considered to belong to the business activity of an individual for Finnish tax purposes are included in the total business income of such individual. The business income will be divided according to the Finnish Income Tax Act to be taxed as capital income (taxed at the rate of 30 or 33 per cent.) and earned income taxed at a progressive tax rate.

Corporates

Interest and any similar income (e.g. interest compensation, FI: *jälkimarkkinahyvitys* and index compensation, FI: *indeksihyvitys*) received by corporate holders of Notes and capital gain accrued on the Notes is generally taxed as business income or other income, taxed at the corporate income tax rate of 20 per cent. Losses realised should be deductible against business income (where the Notes are considered business assets) or against capital gains in the other income source.

Tax exemptions may apply with respect to certain categories of corporate holders of Notes, such as tax exempt investment institutions, pension funds or other entities that are exempt from Finnish corporate income tax.

Non-Resident Holders of Notes

Holders of Notes who are not resident in Finland for tax purposes and who do not conduct business through a permanent establishment in Finland will not be subject to Finnish taxes either on payments in respect of the Notes or gains realised on the sale, exchange, redemption or other disposition of the Notes. Where the income under the Notes is attributable to a permanent establishment of a Non-resident holder of the Notes, the taxation would generally follow the taxation of resident holders of the Notes (see Corporates above).

Withholding

None of the relevant Issuer, the CGMHI Guarantor and the CGMFL Guarantor is under an obligation to perform any withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by Finland or any political subdivision or taxing authority thereof or therein in respect of any payments under the Notes. Further, such payments may be made free of any withholding when the recipient of the payment is not resident in Finland for tax purposes, or is a corporate resident in Finland for tax purposes.

An agent or intermediary resident in Finland shall deduct a preliminary withholding tax of 30 per cent from any interest, interest compensation (FI: *jälkimarkkinahyvitys*) or index compensation, (FI: *indeksihyvitys*) paid to an individual residing in Finland where such payment is made through the agent or intermediary.

Transfer Taxation

A transfer of the Notes is not subject to Finnish transfer taxation.

FRENCH TAXATION

The following is a summary addressing only the French compulsory withholding tax treatment of income arising from the Notes. This summary is (i) based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future, potentially with retroactive effect, and (ii) prepared on the assumption that Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor are not (and will not be) French residents for French tax purposes and the Notes, the CGMHI Deed of Guarantee and the CGMFL Deed of Guarantee (and any transaction in connection therewith) are not (and will not be) attributed or attributable to a French branch, permanent establishment or fixed place of business of an Issuer, the CGMHI Guarantor or the CGMFL Guarantor. Investors should be aware that the comments below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors are therefore advised to consult their own qualified advisors so as to determine, in the light of their individual situation, the tax consequences of the purchase, holding, redemption or sale of the Notes.

Withholding tax

All payments by an Issuer, if the Issuer is CGMHI, the CGMHI Guarantor and, if the Issuer is CGMFL, the CGMFL Guarantor in respect of the Notes will be made free of any compulsory withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

However, if the paying agent is established in France and subject to certain limited exceptions, interest and other similar revenues received by individuals who are fiscally domiciled in France are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on

interest and other similar revenues paid by paying agents established in France to individuals who are fiscally domiciled in France.

EU Savings Directive

The EC Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments (the **Savings Directive**) has been implemented into French law under article 242 ter of the French tax code (*Code général des impôts*), which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners resident in another Member State, including the identity and address of the beneficial owner and a detailed list of different categories of interest paid to the beneficial owner.

On 10 November 2015, the Council of the European Union adopted a Council Directive repealing the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The new regime under Council Directive 2011/16/EU (as amended) is in accordance with the Global Standard released by the Organisation for Economic Co-operation and Development in July 2014. Council Directive 2011/16/EU (as amended) is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

GERMAN TAXATION

The following is a general discussion of certain German tax consequences of the acquisition, ownership and the sale, assignment or redemption of Notes and the receipt of interest thereon. It does not purport to be a comprehensive description of all tax considerations, which may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

As each Series or Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Series or Tranche, the following section only provides some very generic information on the possible tax treatment and has to be read in conjunction with the more specific information on the taxation of each Series or Tranche of Notes as provided in the applicable Final Terms. Furthermore, the taxation of the different types of Notes may differ from each other. The following summary only describes the tax treatment of Notes in general and certain particularities with respect to individual types of Notes. Where the term "certificates" is used in the following summary it refers – according to a German understanding of the term – to certain types of Notes linked to an underlying.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the acquisition, the ownership and the sale, assignment or redemption of Notes and the receipt of interest thereon, including the effect of any state or local taxes, under the tax laws of Germany and each country of which they are residents. Only these advisers will be able to take into account appropriately the details relevant to the taxation of the respective holders of the relevant Notes.

Tax Residents

Private Investors

Interest/Capital gains

Interest payable on Notes to persons holding such Notes as private assets ("**Private Investors**") who are tax residents of Germany (i.e., persons whose residence or habitual abode is located in Germany) qualifies as investment income (*Einkünfte aus Kapitalvermögen*) according to Sec. 20 para 1 German Income Tax Act (*Einkommensteuergesetz*) and is, in general, taxed at a separate flat tax rate of 25 per cent. (*Abgeltungsteuer*, in the following also referred to as "**flat tax**"), plus 5.5 per cent. solidarity

surcharge thereon according to Sec. 32d para. 1 German Income Tax Act and, if applicable, church tax. Capital gains from the sale, assignment or redemption of Notes, including the original issue discount and interest having accrued up to the disposition of a Note and credited separately ("**Accrued Interest**", *Stückzinsen*), if any, qualify – irrespective of any holding period – as investment income pursuant to Sec. 20 para. 2 German Income Tax Act and are also taxed at the flat tax rate of 25 per cent., plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax. If the Notes are assigned, redeemed, repaid or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage in eine Kapitalgesellschaft*) rather than sold, as a rule, such transaction is treated like a sale.

Capital gains are determined by taking the difference between the sale, assignment or redemption price (after the deduction of expenses directly and factually related to the sale, assignment or redemption) and the acquisition price of the relevant Notes. Where the relevant Notes are issued in a currency other than Euro the sale, assignment or redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the acquisition date and the sale, assignment or redemption date respectively.

Expenses (other than such expenses directly and factually related to the sale, assignment or redemption) related to interest payments or capital gains under Notes are – except for a standard lump sum (*Sparer Pauschbetrag*) of Euro 801 (Euro 1,602 for married couples filing jointly) – not deductible.

According to the flat tax regime losses from the sale, assignment or redemption of Notes can only be set-off against other investment income including capital gains. If the set-off is not possible in the assessment period in which the losses have been realised, such losses can be carried forward into future assessment periods only and can be set-off against investment income including capital gains generated in these future assessment periods.

Particularities apply with respect to so-called full risk certificates with several payment dates. According to the decree of the German Federal Ministry of Finance (*Bundesfinanzministerium*) dated 9 October 2012 (IV C1 – S 2252/10/10013), which is subject to controversial discussions among tax experts, all payments to the investor under such full risk certificates that are made prior to the final maturity date shall qualify as taxable income from an "other capital receivable" (*sonstige Kapitalforderung*) pursuant to Sec. 20 para 1 no. 7 German Income Tax Act, unless the offering terms and conditions stipulate that such payments shall be redemption payments. If there is no final redemption payment, the final maturity date shall not constitute a sale-like event in the meaning of Sec. 20 para. 2 German Income Tax Act. Therefore, capital losses, if any, shall not be deductible. The same applies with respect to so-called knock-out and other certificates, if the investor does not receive any payment at the final maturity date or the relevant certificate will be prematurely cancelled according to its terms and conditions because the underlying reaches or breaks any knock-out threshold or barrier prior to the final maturity date.

Although this decree only refers to certain types of certificates, it cannot be excluded that the German tax authorities may apply the above described principles to other kinds of certificates as well. Further, the German Federal Ministry of Finance in its decree dated 9 October 2012 (IV C.1 – S 2252/10/10013) has taken the position that a bad debt loss (*Forderungsausfall*) and a waiver of a receivable (*Forderungsverzicht*) shall, in general, not be treated as a sale, so that losses suffered upon such bad debt loss or waiver shall not be deductible for tax purposes. Again, this position is subject to controversial discussions among tax experts. In this respect, it is not clear, as well, whether the position of the tax authorities may affect securities which are linked to a reference value in case such value decreases. Furthermore, restrictions with respect to the claiming of losses may also apply if certain types of Notes would have to be qualified as derivative transactions (*Termingeschäfte*) and mature worthless. Moreover, according to the decree dated 9 October 2012 (IV C 1 – S 2252/10/10013), as amended by decree dated 9 December 2014 (IV C 1 – S 2252/0810004 :015), the German Federal Ministry of Finance holds the view that a disposal (*Veräußerung*) (and, as a consequence, a tax loss resulting from such disposal) shall not be recognised if (i) the sales price does not exceed the actual transaction cost or (ii) the level of transaction costs is restricted because of a mutual agreement that the transaction costs are calculated by subtracting a certain amount from the sales price.

Withholding

If Notes are held in custody with or administered by a German credit institution, financial services institution (including a German permanent establishment of such foreign institution), securities trading company or securities trading bank ("**Disbursing Agent**"), the flat tax at a rate of 25 per cent. (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax) will be withheld by the Disbursing Agent on interest payments and the excess of the proceeds from the sale, assignment or redemption (after the deduction of expenses directly and factually related to the sale, assignment or redemption) over the acquisition costs for the relevant Notes (if applicable converted into Euro terms on the basis of the foreign exchange rates as of the acquisition date and the sale, assignment or redemption date respectively). In the case of interest and capital gains received after 31 December 2014, church tax is collected by way of withholding as a standard procedure unless the Private Investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*).

The Disbursing Agent will provide for the set-off of losses against investment income including capital gains from other securities. If, in the absence of sufficient investment income derived through the same Disbursing Agent, a set-off is not possible, the holder of Notes may – instead of having a loss carried forward into the following year – file an application with the Disbursing Agent until 15 December of the current fiscal year for a certification of losses in order to set-off such losses against investment income derived through other institutions in the holder's personal income tax return.

If custody has changed since the acquisition and the acquisition data is not proved as required by Sec. 43a para. 2 German Income Tax Act or not relevant, the flat tax rate of 25 per cent. (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax) will be imposed on an amount equal to 30 per cent. of the proceeds from the sale, assignment or redemption of the relevant Notes.

In the course of the tax withholding provided for by the Disbursing Agent foreign taxes may be credited in accordance with the German Income Tax Act.

If Notes are not kept in a custodial account with a Disbursing Agent, the flat tax will apply on interest paid by a Disbursing Agent upon presentation of a coupon (whether or not presented with the relevant Note to which it appertains) to a holder of such coupon (other than a non-German bank or financial services institution) (*Tafelgeschäft*), if any. In this case proceeds from the sale, assignment or redemption of the relevant Notes will also be subject to the withholding of the flat tax.

In general, no flat tax will be levied if the holder of a Note filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent (in the maximum amount of the standard lump sum of Euro 801 (Euro 1,602 for married couples filing jointly)) to the extent the income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no flat tax will be deducted if the holder of a Note has submitted to the Disbursing Agent a valid certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the competent tax office.

For Private Investors, the withheld flat tax is, in general, definitive. Exceptions apply e.g., if and to the extent the actual investment income exceeds the amount which was determined as the basis for the withholding of the flat tax by the Disbursing Agent. In such case, the exceeding amount of investment income must be included in the Private Investor's income tax return and will be subject to the flat tax in the course of the assessment procedure. According to the decree of the German Federal Ministry of Finance dated 9 October 2012 (IV C 1 – S 2252/10/10013), however, any exceeding amount of not more than Euro 500 per assessment period will not be claimed on grounds of equity, provided that no other reasons for an assessment according to Sec. 32d para. 3 German Income Tax Act exist. According to Sec. 32d para. 2 no. 1 German Income Tax Act the flat tax rate is also not available in situations where an abuse of the flat tax rate is assumed (e.g. "back-to-back" financing). Further, Private Investors may request that their total investment income, together with their other income, is subject to taxation at their personal, progressive income tax rate rather than the flat tax rate, if this results in a lower tax liability. In order to prove such investment income and the withheld flat tax thereon, the investor may request from the Disbursing Agent a respective certificate in officially required form.

Investment income not subject to the withholding flat tax (e.g. if there is no Disbursing Agent) must be included in the personal income tax return and will be subject to the flat tax rate of 25 per cent. (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax), unless the investor requests the investment income to be subject to taxation at lower personal, progressive income tax rate or the investment income is not subject to the flat tax rate according to Sec. 32d para. 2 no. 1 German Income Tax Act. Foreign taxes on investment income may be credited in accordance with the German Income Tax Act.

Business Investors

Interest payable on Notes to persons holding the relevant Notes as business assets ("**Business Investors**") who are tax residents of Germany (i.e. Business Investors whose residence, habitual abode, statutory seat or place of effective management and control is located in Germany) and capital gains from the sale, assignment or redemption of Notes, including the original issue discount and Accrued Interest, if any, are subject to income tax at the Business Investor's personal, progressive income tax rate (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax), or, in case of corporate entities, to corporate income tax at a uniform 15 per cent. tax rate (plus 5.5 per cent. solidarity surcharge thereon). Such interest payments and capital gains may also be subject to trade tax if the relevant Notes form part of the property of a German trade or business. Losses from the sale, assignment or redemption of Notes are, in general, recognised for tax purposes; this may be different if certain (in particular index linked) Notes qualify as derivative transactions.

Withholding tax, if any, including solidarity surcharge thereon is credited as a prepayment against the Business Investor's personal, progressive or corporate income tax liability and the solidarity surcharge in the course of the tax assessment procedure, i.e. the withholding tax is not definitive. Any potential surplus will be refunded. However, in general and subject to further requirements, no withholding deduction will apply on capital gains from the sale, assignment or redemption of Notes if (i) such Notes are held by a corporation, association or estate in terms of Sec. 43 para. 2 sentence 3 no. 1 German Income Tax Act or (ii) the proceeds from such Notes qualify as income of a domestic business and the investor notifies this to the Disbursing Agent by use of the required official form according to Sec. 43 para. 2 sentence 3 no. 2 German Income Tax Act (*Erklärung zur Freistellung vom Kapitalertragsteuerabzug*).

Foreign taxes may be credited in accordance with the German Income Tax Act. Alternatively, foreign taxes may also be deducted from the tax base for German income tax purposes.

Non-residents

Interest payable on Notes and capital gains, including Accrued Interest, if any, are not subject to German taxation, unless (i) the relevant Notes form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder of the relevant Notes; (ii) the interest income otherwise constitutes German-source income; or (iii) the relevant Notes are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the sale, assignment or redemption of the relevant Notes are paid by a Disbursing Agent upon presentation of a coupon to a holder of such coupon (other than a non-German bank or financial services institution) (*Tafelgeschäft*), if any. In the cases (i), (ii) and (iii) a tax regime similar to that explained above under "*Tax Residents*" applies.

Non-residents of Germany are, as a rule, exempt from German withholding tax and the solidarity surcharge thereon, even if the relevant Notes are held in custody with a Disbursing Agent. However, where the investment income is subject to German taxation as set forth in the preceding paragraph and the relevant Notes are held in a custodial account with a Disbursing Agent or in case of a *Tafelgeschäft*, withholding tax is levied as explained above under "*Tax Residents*", the withholding tax may be refunded based upon German national tax law or an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Note will arise under the laws of Germany if, in the case of inheritance tax, neither the decedent nor the beneficiary or, in the case of gift tax, neither the donor

nor the donee, is a resident of Germany and such Note is not attributable to a trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

According to the German Federal Constitutional Court (judgement of 17 December 2014) the current inheritance tax law does not comply with German constitutional law with regard to the inheritance tax privilege for business assets. Therefore, amendments to the German inheritance tax law have to be expected.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery, execution or conversion of Notes. Currently, net assets tax is not levied in Germany. Germany and other Member States of the European Union intend to introduce a financial transaction tax. However, it is unclear if and in what form such tax will be actually introduced. In case such tax is introduced, the acquisition and disposal of Notes (in the secondary market) would be subject to a tax of at least 0.1 per cent. of the acquisition or disposal price.

REPEAL OF THE EU SAVINGS DIRECTIVE AND INTRODUCTION OF THE EXTENDED AUTOMATIC EXCHANGE OF INFORMATION REGIME

The Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**") requires EU Member States to provide to the tax authorities of other EU Member States details of payments of interest and other similar income paid by a person established within its jurisdiction to (or secured by such a person for the benefit of) an individual resident or to (or secured for) certain other types of entity established in that other EU Member State, except that Austria currently imposes a withholding system instead and this is expected to last for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld) unless during such period it elects otherwise. A number of non-EU countries and territories have adopted similar measures to the Savings Directive.

On 24 March 2014, the Council of the European Union has adopted a Council Directive (the "**Amending Directive**") which would, if implemented, amend and broaden the scope of the requirements of the Savings Directive described above.

However, the Council of the European Union has adopted a Directive repealing the Savings Directive from 1 January 2016 (1 January 2017 in the case of Austria) (in each case subject to transitional arrangements). The recitals to the Directive also provide that EU Member States will not be required to implement the Amending Directive. Information reporting and exchange will however still be required under Council Directive 2011/16/EU (as amended), discussed below.

The Council of the European Union has also adopted Directive 2014/107/EU (the "**Amending Cooperation Directive**"), amending Directive 2011/16/EU on administrative cooperation in the field of taxation so as to introduce an extended automatic exchange of information regime in accordance with the Global Standard released by the OECD Council in July 2014. The Amending Cooperation Directive requires EU Member States to adopt national legislation necessary to comply with it by 31 December 2015, which legislation must apply from 1 January 2016 (1 January 2017 in the case of Austria). The Amending Cooperation Directive is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

GREEK TAXATION

*The following summary describes the principal Greek taxation consequences of the subscription, holding, redemption and disposal of the Notes by tax residents in the Hellenic Republic ("**Greece**") or investors otherwise subject to Greek taxation (due to a permanent establishment in Greece) (for the purposes of this summary, the "**Greek Investors**"), but it is not intended as tax advice to any particular investor nor does it purport to be a comprehensive description of all Greek taxation considerations thereof.*

As a general remark, Greek tax laws are very volatile and may be amended or interpreted differently from their current interpretation and application at any time and more than once during the life of an issue of Notes. This summary is based on the tax legislation, published case law, ministerial decisions and other regulatory acts of the respective Greek authorities as in force at the date of this *Base Prospectus* and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect. The Greek income taxation framework was significantly amended and reformed by virtue of the New Income Tax Code, introduced through Law 4172/2013, effective as of 11.1.2014, as amended by Greek Law 4223/2013, Greek Law 4254/2014 and Greek Law 4316/2014. The provisions of the New Income Tax Code have not yet been interpreted or clarified by the competent departments of the Greek Ministry of Finance in accordance with the Greek Ministry of Finance's past practice, consequently, the below is subject to any contrary or future interpretations or guidance that may be issued by the Greek Ministry of Finance in the form of circulars (POL), ministerial decisions or other secondary legislation. The following discussion is therefore based on the Greek taxation framework as well as practice and interpretation available at the date hereof, which is subject to change at any time, possibly with retroactive effect. Holders of Notes who are in doubt as to their personal tax position should consult their professional advisers.

For the purposes of this section, it is assumed that none of Citigroup Inc., CGMHI, the CGMHI Guarantor, CGMFL and the CGMFL Guarantor is a resident of Greece for Greek taxation purposes.

Furthermore, it is noted that the Greek tax legislation does not explicitly provide for specific rules for the tax treatment of combined instruments in terms of Notes, the performance of which is linked to the performance of an underlying, financial index or basket of assets. Therefore, the discussion below is limited to the payment of interest under the Notes and their corresponding treatment as debt securities.

Greek withholding tax on interest income

Payments of interest under the Notes to individual (non-corporate) holders of the Notes who are Greek tax residents or who maintain, for tax purposes, a permanent establishment in Greece are subject to a flat rate of 15% income tax. The withholding tax will be applied on the date of an interest payment of the Notes or on any date on which a holder sells any Notes with reference to the interest accrued during the relevant interest period from the date that the holder acquired the Notes to the date of such sale, while if no interest payment date has occurred, in each case, the tax basis for withholding shall be determined with reference to the nominal value of the Notes sold. Such withholding, however, will only be imposed by credit institutions registered or established in Greece, qualifying as paying agents in the sense of par. 2(a) of Article 4 of Law 3312/2005 (Gov. Gazette No A' 35/2005) implementing into Greek Law Directive 2003/48/EC on taxation of savings income in the form of interest payments (the **Implementing Law**), if appointed, upon collection of interest on behalf of the Greek tax residents and if no such "paying agent" has been appointed by any person located in Greece who has been authorised by the Issuer to make such payments on its behalf to the holders of the Notes. This withholding exhausts the tax liability of the individual holders. In the event no payment in Greece takes place, and the holder of the Notes is an individual, such individual has to pay the corresponding tax to the Greek tax authorities. Notwithstanding the above, no Greek withholding will be imposed on individual holders, providing evidence that they have not received or secured such interest for their own benefit, in the sense of Article 4 par. 1(a) to (c) of the Implementing Law.

Payments of interest under the Notes by the Issuer to corporate holders of the Notes who are either Greek tax residents or maintain a permanent establishment in Greece for tax purposes will be treated as part of their annual income and will be taxed at the prevailing corporate income tax rates, which are currently as follows: a 26% flat tax rate applies in respect of legal entities with double entry books, whereas in respect of companies which keep single entry books the applicable tax rates are progressive (26% for taxable income up to €50,000 and 33% for the excess). If payment is effected through a Greek paying or other similar agent, a withholding of 15% applies which will be able to be offset against the annual income corporate tax liability of the recipients (as reflected in their annual income tax returns) or refunded if no such income tax liability exists.

No Greek withholding tax will apply to interest payments under the Notes, by the Issuer to holders of the Notes (either individuals or legal entities) who are not Greek tax residents and/or do not have a permanent establishment in Greece for tax purposes, provided (and to the extent that) payments are effected outside Greece. Non-Greek tax residents may have to produce documentation evidencing residence in a state with which Greece has entered into a treaty for the avoidance of double taxation in order to claim a tax exemption or partial relief from Greek tax under such treaty. Capital gains realised from the disposal of the Notes

Generally, taxable capital gain equals the positive difference between the consideration received from the disposal of Notes and the acquisition price of those Notes. For these purposes, expenses directly linked to the acquisition or sale of the Notes are included in the acquisition or sale price. If losses result from the sale of the Notes, such losses can be carried forward for the following 5 fiscal years pursuant to the provisions set under the New Income Tax Code and be offset against future capital gains resulting from sale of the Notes (applicable only to individuals).

Capital gains resulting from the transfer of Notes and earned by:

- (a) holders of the Notes who are legal entities which neither reside nor maintain a permanent establishment in Greece for Greek tax law purposes will not be subject to Greek income tax;
- (b) holders of the Notes who are natural persons (individuals) and who reside in Greece for Greek tax law purposes will be subject to Greek income tax at a flat rate of 15%. In the event such transfer is treated as deriving from business activity, income tax will be imposed according to the applicable tax rate scale (26% for taxable income up to €50,000 and 33% for the excess); and
- (c) holders of the Notes who are legal persons or other entities who either reside or maintain a permanent establishment in Greece for Greek tax law purposes, will be subject to Greek corporate tax either at the rate of 26% (if keeping double entry books) or according to the tax rate scale of 26% for taxable income up to €50,000 and 33% for the excess (if keeping single entry books).

HUNGARIAN TAXATION

The following is a general discussion of certain Hungarian tax consequences relating to the acquisition and ownership of Notes. It does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. It is based on laws currently in force in Hungary and applicable on the date of this Base Prospectus, but subject to change, possibly with retrospective effect. The acquisition of Notes by non-Hungarian holders, or the payment of interest under Notes may trigger additional tax payments in the country of residence of the relevant holder, which is not covered by this summary, but where the provisions of the treaties on the avoidance of double taxation should be taken into consideration. Prospective purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any state or local taxes, under the tax laws of Hungary and each country of which they are residents.

Withholding tax (foreign resident individual holders)

The payments of interest on and capital gains realised upon the redemption or sale of publicly offered and traded Notes (**Interest Income**) is taxed at 16 per cent. Notes listed on a regulated market of an EEA member state are considered publicly offered and traded Notes.

The proceeds paid on privately placed Notes which are not listed on a regulated market of an EEA member state is considered as other income (**Other Income**) which is taxable as part of the individual's aggregated income (the tax payable is 16 per cent.). The capital gains realised on the sale of such Notes

is considered, as a general rule, capital gains income (**Capital Gains Income**). The tax rate applicable to Capital Gains Income is 16 per cent.

Foreign resident individual holders of Notes are subject to tax in Hungary if they realise Interest Income from Hungarian sources or income that is otherwise taxable in Hungary if the international treaty or reciprocity so requires. Interest Income should be treated as having a Hungarian source where:

- (i) the relevant Issuer is resident in Hungary for tax purposes;
- (ii) the relevant Issuer has a permanent establishment in Hungary and Interest Income realised on the basis of the Notes issued by it is paid by the Hungarian permanent establishment of the relevant Issuer; or
- (iii) the foreign resident individual holder has a permanent establishment in Hungary to which the Interest Income is attributable.

The tax on payments of the Interest Income is to be withheld by the "Payor" (*kifizető*) (as defined below).

Pursuant to Act XCII of 2003 on the Rules of Taxation (**ART**) a "Payor" means a Hungarian resident legal person, organization, or private entrepreneur who provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, "Payor" shall mean the borrower of a loan or, the issuer of a note, including, the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, "Payor" shall mean such stockbroker. The Hungarian permanent establishment of a foreign resident entity is also considered as a "Payor".

Interest, as defined by Schedule 7 of the ART (which implements the provisions of the Savings Directive), realised on the Notes by citizens of any other Member State of the European Union is not subject to Hungarian tax where a paying agent based in Hungary is obliged to provide data to the Hungarian state tax authority on the basis of Schedule 7 of the ART.

A foreign resident individual holder who does not have a permanent establishment in Hungary is not subject to tax in Hungary if he realises Capital Gains Income from Hungary since such income is not considered as Hungarian source income.

Please note that the provisions of the applicable double tax convention, if any, should be considered when assessing the Hungarian tax liabilities of a foreign resident individual holder.

Withholding tax (foreign resident corporate holders of the Notes)

Interest on Notes paid to foreign resident corporate holders, who do not have a permanent establishment in Hungary, by resident legal entities or other persons and any capital gains realised by such foreign resident holders on the sale of the Notes is not subject to tax in Hungary. The tax liability of a foreign resident corporate holder, which has a permanent establishment in Hungary is limited, in general, to the income from business activities realised through its Hungarian permanent establishment.

Taxation of Hungarian resident individual holders of the Notes

Act CXVII of 1995 on Personal Income Tax (the **Personal Income Tax Act**) applies to the tax liability of Hungarian and foreign private individuals. The tax liability of Hungarian resident private individuals covers the worldwide income of such persons.

According to the provisions of the Personal Income Tax Act, in the case of individual holders of the Notes, Interest Income is the income paid as interest and the capital gains realised upon the redemption or the sale of publicly offered and publicly traded debt securities.

The withholding tax on Interest Income is 16 per cent. Notes listed on a regulated market of an EEA member state are considered publicly offered and traded Notes.

The proceeds paid on privately placed Notes which are not listed on a regulated market of an EEA member state is considered as Other Income which is taxable as part of the individual's aggregated income (the tax payable is 16 per cent.). The capital gains realised on the sale or redemption of such Notes is considered, as a general rule, Capital Gains Income. The tax rate applicable to Capital Gains Income is 16 per cent. Pursuant to Act LXVI of 1998 on Healthcare Contributions (the **Healthcare Contributions Act**), Interest Income and Capital Gains Income realised by Hungarian resident individuals subject to further conditions is generally subject to 6 per cent. and 14 per cent. healthcare contributions respectively.

The rules of the Personal Income Tax Act may in certain circumstances impose a requirement upon the "Payor" (*kifizető*) (as defined below) to withhold tax on the interest payments to individual holders. In certain circumstances, the Healthcare Contributions Act also imposes a requirement upon the "Payor" to withhold healthcare contribution on the interest payments to individual holders.

Pursuant to the ART the definition of a "Payor" covers a Hungarian resident legal person, other organisation, or private entrepreneur that (who) provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, Payor shall mean the borrower of a loan or the issuer of a note including, the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, Payor shall mean such stockbroker. In respect of income that is earned in a foreign country and taxable in Hungary, Payor shall mean the "paying agent" (*megbízott*) (legal person, organisation, or private entrepreneur) having tax residency in Hungary, except in cases where the role of a financial institution is limited to performing the bank transfer or payment.

Taxation of Hungarian resident corporate holders of the Notes

Under Act LXXXI of 1996 on Corporate Tax and Dividend Tax (the **Corporation Tax Act**), Hungarian resident taxpayers have a full, all-inclusive tax liability. In general, resident entities are those established under the laws of Hungary (i.e. having a Hungarian registered seat). Foreign persons having their place of management in Hungary are also considered as Hungarian resident taxpayers.

In general, interest and capital gains realised by Hungarian resident corporate holders on the Notes will be taxable in the same way as the regular income of the holders. The corporation tax rate in Hungary is 10 per cent. up to the first HUF 500 million of the taxpayer's annual before tax income and 19 per cent. for the part exceeding the HUF 500 million threshold.

IRISH TAXATION

The following is a summary of the principal Irish tax consequences of ownership of the Notes for individuals who are resident and ordinarily resident in Ireland for tax purposes and for companies that are resident in Ireland for tax purposes. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland as at the date of this Base Prospectus and may be subject to change. The statements in this summary are based on the understanding that Notes will be treated as debt for Irish tax purposes. This summary applies to Noteholders who beneficially own Notes as an investment. Particular rules not discussed below may apply to certain classes of taxpayers holding

Notes including dealers in Notes and trusts. This summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Notes (including, but not limited to, social insurance and the Universal Social Charge ("USC")). Prospective investors in any Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of Notes and the receipt of payments thereon under any laws applicable to them.

Taxation of Noteholders

(a) Withholding Tax

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on any Notes so long as such payments do not constitute Irish source income. Interest paid on Notes should not be treated as having an Irish source unless:

- (i) the relevant Issuer is resident in Ireland for tax purposes; or
- (ii) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which is used to fund the payments on such Notes; or
- (iii) the Issuer is not resident in Ireland for tax purposes but the register for such Notes is maintained in Ireland; or (if the Notes are in bearer form) the Notes are physically held in Ireland.

It is anticipated that (i) none of Citigroup Inc., CGMHI and CGMFL are, or will be, resident in Ireland for tax purposes; (ii) none of Citigroup Inc., CGMHI and CGMFL will have a branch or permanent establishment in Ireland; and (iii) none of Citigroup Inc., CGMHI and CGMFL will maintain a register of any Registered Notes in Ireland and bearer notes will not be physically located in Ireland.

(b) Taxation of Payments

Notwithstanding that a Noteholder may receive payments of interest, premium or discount on the Notes free of Irish withholding tax, such Noteholder may still be liable to pay Irish income tax (currently up to 41 per cent. and in the case of individuals, the Universal Social Charge) or corporation tax (generally at the rate of 25 per cent.) on such interest and/or any payment in the nature of interest if (i) such interest has an Irish source, (ii) such Noteholder is resident or (in the case of a person other than a body corporate) ordinarily resident in Ireland for tax purposes (in which case there would also be a social insurance (PRSI) liability for an individual in receipt of interest on such Notes) or (iii) such Notes are attributed to a branch or agency of the Noteholder in Ireland.

Ireland operates a self assessment system in respect of income and corporation tax, and each person must assess its own liability to Irish tax.

Relief from Irish tax may also be available under the specific provisions of a double taxation agreement between Ireland and the country of residence of the recipient.

(c) Encashment Tax

In certain circumstances, Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) from payments on Notes issued by a company not resident in Ireland, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Noteholder who is Irish resident. Encashment tax does not apply where the Noteholder is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

(d) **Capital Gains Tax**

A Noteholder will be subject to Irish tax on capital gains on a disposal of Notes unless such holder is neither resident nor ordinarily resident in Ireland and does not carry on a trade or business in Ireland through a permanent establishment, branch or agency in respect of which the Notes are or were held.

(e) **Capital Acquisitions Tax**

A gift or inheritance comprising of Notes will be within the charge to capital acquisitions tax (which, subject to available exemptions and reliefs, is currently levied at 33 per cent. if either (i) the donor or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland or (ii) the Notes are regarded as property situate in Ireland. Registered Notes are situated in Ireland if the register is in Ireland. A foreign domiciled individual will not be regarded as being resident or ordinarily resident in Ireland at the date of the gift or inheritance unless that individual (i) has been resident in Ireland for the five consecutive tax years preceding that date, and (ii) is either resident or ordinarily resident in Ireland on that date.

(f) **Stamp Duty on Transfer of Notes**

As the Issuers will not be registered in Ireland, stamp duty will not arise on a document effecting a transfer of the Notes so long as the instrument of transfer of the Notes does not relate to:

- (i) any immoveable property situated in Ireland or any right over or interest in such property; or
- (ii) any stocks or marketable securities of a company which is registered in Ireland (other than an "investment undertaking" or a "qualifying company" within the meanings of Sections 739B and 110 respectively of the Taxes Consolidation Act 1997.

ITALIAN TAXATION

The following is a summary of current Italian law and practice relating to the taxation of Notes. The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of Notes.

Prospective Noteholders are advised to consult their own tax advisers concerning the overall tax consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws.

Tax treatment of Notes

Legislative Decree No. 239 of 1 April 1996, as subsequently amended, ("**Decree No. 239**") provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers.

For these purposes, debentures similar to bonds are defined as debentures that incorporate an unconditional obligation to pay, at redemption, an amount not less than their principal amount (whether or not providing for interim payments) and that do not give any right to directly or indirectly participate in the management of the relevant Issuer or of the business in relation to which they are issued nor any type of control on such management.

Where an Italian resident Noteholder is (i) an individual not engaged in an entrepreneurial activity to which the relevant Notes are connected (unless he has opted for the application of the "*risparmio gestito*" regime – see "*Capital Gains Tax*" below), (ii) a non-commercial partnership pursuant to Article 5 of the Italian Income Consolidated Code ("**TUIR**") (with the exception of general partnership, limited partnership and similar entities), (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to Notes, accrued during the relevant holding period, are subject to a withholding tax, referred to as "*imposta sostitutiva*", levied at the rate of 26 per cent. In the event that Noteholders described under (i) and (iii) above are engaged in an entrepreneurial activity to which the relevant Notes are connected, the *imposta sostitutiva* applies as a provisional tax.

Where an Italian resident Noteholder is a company or similar commercial entity pursuant to Article 73 of TUIR or a permanent establishment in Italy of a foreign company to which Notes are effectively connected and such Notes are deposited with an authorised intermediary, interest, premium and other income from such Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation ("**IRES**") and, in certain circumstances, depending on the "status" of the Noteholder, also to the regional tax on productive activities ("**IRAP**").

Under the current regime provided by Law Decree No. 351 of 25 September 2001, converted into Law No. 410 of 23 November 2001 (the "**Decree 351**"), Law Decree No. 78 of 31 May 2010, converted into Law n. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, Italian real estate investment funds and Italian real estate SICAFs, qualifying as such from a legal and regulatory perspective (the "**Real Estate Funds**") are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the Real Estate Funds.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund a SICAF (an investment company with fixed share capital) or a SICAV (an investment company with variable capital) established in Italy (the "**Fund**") and either (i) the Fund or (ii) its manager is subject to the supervision of a regulatory authority, and the relevant Notes are held by an authorised intermediary, interest, premium and other income accrued during the holding period on such Notes will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of 26 per cent., will apply, in certain circumstances to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**").

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) and Notes are deposited with an authorised intermediary, interest, premium and other income relating to such Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax.

Pursuant to Decree No. 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an "**Intermediary**").

An Intermediary to be entitled to apply the *imposta sostitutiva* must (i) be (a) resident in Italy or (b) a permanent establishment in Italy of a non-Italian resident financial intermediary or (c) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Department of Revenue of the Italian Ministry of Finance having appointed an Italian representative for the purposes of Decree No. 239; and (ii) intervene, in any way, in the collection of interest or in the transfer of Notes. For the purpose of the application of the *imposta*

sostitutiva, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which such Notes are deposited.

Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Noteholder.

Non-Italian Resident Noteholders

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Noteholder of interest or premium relating to Notes provided that, if Notes are held in Italy, the non-Italian resident Noteholder declares itself to be a non-Italian resident according to Italian tax regulations.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent.. For this purpose, debentures similar to bonds are debentures that incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value.

Such withholding tax does not apply to interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership (with the exception of general partnership, limited partnership and similar entities), or (iii) a commercial private or public institution.

Payments made by a non-resident guarantor

With respect to payments made to Italian resident Noteholders by a non-Italian resident guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non-resident guarantor could be treated, in certain circumstances, as a payment made by the Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

Notes issued by CGMHI will be guaranteed by the CGMHI Guarantor pursuant to the CGMHI Deed of Guarantee. Notes issued by CGMFL will be guaranteed by the CGMFL Guarantor pursuant to the CGMFL Deed of Guarantee. Notes issued by Citigroup Inc. will not be guaranteed by the CGMHI Guarantor, the CGMFL Guarantor or any other entity.

Capital Gains Tax

Any gain obtained from the sale, early redemption or redemption of Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the relevant Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the relevant Notes are connected.

Where an Italian resident Noteholder is an individual not holding Notes in connection with an entrepreneurial activity and certain other persons, any capital gain realised by such Noteholder from the sale, early redemption or redemption of such Notes would be subject to an *imposta sostitutiva*, levied at the current rate of 26 per cent. Under some conditions and limitations, Noteholders may set off losses with gains.

In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the "tax declaration" regime (*regime della dichiarazione*), which is the default regime for taxation of capital gains realised by Italian resident individuals not engaged in entrepreneurial activity

to which the relevant Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Noteholder holding Notes not in connection with an entrepreneurial activity pursuant to all sales, early redemption or redemptions of the relevant Notes carried out during any given tax year. Italian resident individuals holding Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Pursuant to Law Decree No. 66 of 24 April 2014, as converted into law with amendments by Law No. 89 of 23 June 2014 (the "**Decree No. 66**"), capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding Notes not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale, early redemption or redemption of the relevant Notes (the "*risparmio amministrato*" regime provided for by Article 6 of the Legislative Decree No. 461 of 21 September 1997, the "**Decree No. 461**"). Such separate taxation of capital gains is allowed subject to (i) Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express valid election for the *risparmio amministrato* regime being punctually made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale, early redemption or redemption of Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale, early redemption or redemption of Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in its annual tax return. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Pursuant to Decree No. 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

Any capital gains realised or accrued by Italian resident individuals holding Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including Notes, to an authorised intermediary and have validly opted for the so-called "*risparmio gestito*" regime (regime provided by Article 7 of Decree No. 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Noteholder is not required to declare the capital gains realised in its annual tax return. Pursuant to Decree No. 66, decreases in value of the management assets may be carried forward to be offset against any subsequent increase in value accrued as of 1 July 2014 for an overall amount of: (i) 48.08 per cent. of the relevant decreases in value registered before 1 January 2012; (ii) 76.92 per cent. of the decreases in value registered from 1 January 2012 to 30 June 2014.

Any capital gains realised by a Noteholder which is a Fund will be included in the result of the relevant portfolio accrued at the end of the tax period. The Fund will not be subject to taxation on such result, but the Collective Investment Fund Tax will apply.

Any capital gains realised by a Noteholder who is an Italian Real Estate Fund will be subject neither to *imposta sostitutiva* nor to any other income tax at the level of the Real Estate Fund.

Any capital gains realised by a Noteholder which is an Italian pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. substitute tax.

Capital gains realised by non-Italian resident Noteholders from the sale or redemption of Notes are not subject to Italian taxation, provided that the relevant Notes (i) are traded on regulated markets, or (ii) if not traded on regulated markets, are held outside Italy.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, Euro 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, Euro 100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rate mentioned above in (a), (b) and (c) on the value exceeding, for each beneficiary, €1,500,000.

Transfer Tax

Contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of Euro 200; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 (the "**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the Notes deposited in Italy. The stamp duty applies at a rate of 0.2 per cent and cannot exceed €14,000, for taxpayers different from individuals; this stamp duty is determined on the basis of the market value or - if no market value figure is available - the nominal value or redemption amount of the Notes held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory. The communication is deemed to be sent to the customers at least once a year, even for instruments for which it is not mandatory.

Wealth Tax on securities deposited abroad

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Notes outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent.

This tax is calculated on the market value of the Notes at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such Notes held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

NORWEGIAN TAXATION

Below is a summary of certain Norwegian tax matters related to the purchase, holding and disposal of the Notes. The summary is based on Norwegian Laws, rules and regulations applicable as of the date of this Base Prospectus, and is subject to any changes in law occurring after such date. Such changes could possibly be made on a retroactive basis. The summary does not address foreign tax laws.

The summary is of a general nature and does not purport to be a comprehensive description of all the Norwegian tax considerations that may be relevant for a decision to acquire, own or dispose of Notes. Specific tax consequences may occur for different categories of Noteholders, e.g. if the Noteholder ceases to be tax resident in Norway etc.

Norwegian tax legislation does not currently include statutory legislation relating specifically to Notes. Instead, taxation treatment must be derived from general tax rules and principles applicable to capital income and capital gains. Norwegian tax law is based on substance over form. If the applicable Final Terms includes conditions which are common to equity instruments and the relevant Notes, after an overall assessment, have more characteristics of equity instruments rather than debt, the economic reality might overrule the formalities for income tax purposes. Thus the applicable Final Terms may cause the taxation of the relevant Notes to depart from the taxation treatment described in this summary. In the following, it is assumed that the Notes do not qualify as equity instruments for income tax purposes.

The summary is solely related to holders of Notes who are resident in Norway for tax purposes ("Norwegian Noteholders"). However, companies incorporated and resident abroad are liable to tax in Norway on distribution and gains from Notes in the same manner as Norwegian resident companies, if the Notes are effectively connected with a business carried out through a permanent establishment in Norway.

Due to the general nature of this summary, potential investors are advised to consult with and rely on their own tax advisers.

Taxation on Distribution to the Noteholder

Norwegian Noteholders, both physical persons and companies, are liable to tax in Norway on payments in respect of interest or similar payments in respect of Notes classified as debentures for Norwegian tax purposes. The tax rate is 27 per cent.

If a Note is repaid with a higher amount than the price at which it was issued (discounted bond), the excess amount shall be a part of the calculation of the gain or loss when the Note is sold or redeemed.

Taxation on sale and redemption of Notes

Norwegian Noteholders, both physical persons and companies, are taxable in Norway in respect of capital gains on the sale and redemption of Notes and have a corresponding right to deduct losses that arise from such redemption or realisation. The tax liability applies irrespective of how long the Notes have been owned and the number of Notes that have been redeemed or realised.

Gains or losses are calculated per Notes as the consideration received in respect of the Note less the tax basis of the Note. The tax basis of each Note is generally the Norwegian Noteholder's purchase price for the Note. Costs incurred in connection with the acquisition, redemption or realisation of the Note may be deducted from the Norwegian Noteholder's taxable ordinary income in the year of redemption or realisation.

Gains are taxable as ordinary income in the year of sale or redemption, and losses can be deducted from ordinary income in the year of sale or redemption. The tax rate for ordinary income is 27 per cent. If the Norwegian Noteholder owns Notes acquired at different points in time, the Notes that were acquired first will be regarded as the first to be disposed of, on a first-in, first-out basis (the FIFO principle).

Norwegian Withholding tax

Norwegian withholding tax is not applicable to payments in respect of interest or similar payments on Notes or on capital gains on sale or redemption of Notes.

Net wealth tax

Norwegian Noteholders that are limited liability companies and similar entities ("**Norwegian Corporate Noteholders**") are not subject to net wealth taxation in Norway.

Norwegian Noteholders that are physical persons ("**Norwegian Individual Noteholders**") are subject to net wealth taxation in Norway. Notes are included as part of the taxable base for this purpose. The value for assessment purposes for listed notes is the listed value as of 1 January in the year of assessment. Unlisted bonds are generally valued at face value. The maximum aggregate rate of net wealth tax is currently 0.85 per cent.

Stamp duty

There is no stamp duty or other charges in Norway on the purchase, redemption or realisation with cash settlement of Notes.

Foreign taxes

Income taxes or capital gains taxes payable by Norwegian Noteholders in other jurisdictions, or withholding tax payable on redemption amounts in respect of the Notes, may be deducted when calculating the Norwegian tax payable on the same income. The deduction is limited, however, to the corresponding amount of Norwegian tax applicable. The right for both Norwegian and other jurisdictions to tax Norwegian Noteholders directly or through the application of withholding taxes may be limited by an applicable tax treaty.

Inheritance tax

Norway does not impose inheritance tax or similar tax on inheritance or gifts. However, the heir acquires the donor's tax input value of the notes based on principles of continuity. Thus, the heir will be taxable for any increase in value in the donor's ownership, at the time of the heir's realisation of the notes. However, in the case of gifts distributed to other persons than heirs according to law or testament, the recipient will be able to revalue the received notes to market value.

POLISH TAXATION

General Information

The following is a discussion of certain Polish tax considerations relevant to an investor resident in Poland or which is otherwise subject to Polish taxation. This statement should not be deemed to be tax advice. It is based on Polish tax laws and, as its interpretation refers to the position as at the date of this Base Prospectus, it may thus be subject to change, including a change with retroactive effect. Any change may negatively affect the tax treatment, as described below. This description does not purport to be complete with respect to all tax information that may be relevant to investors due to their individual circumstances. Prospective purchasers of Notes are advised to consult their professional tax advisor regarding the tax consequences of the purchase, ownership, disposal, redemption or transfer without consideration of Notes.

The reference to "interest" as well as to any other terms in the paragraphs below means "interest" or any other term, respectively, as understood in Polish tax law.

Taxation of a Polish tax resident individual

(a) *Withholding Tax on Interest Income*

According to Article 30a of the Personal Income Tax ("PIT") Act (the "PIT Act"), interest income, including discount, derived by a Polish tax resident individual (a person who has his/her centre of personal or business interests located in Poland or who stays in Poland for longer than 183 days in a year, unless otherwise results from the respective tax treaty) does not cumulate with general income subject to the progressive tax rate but is subject to 19 per cent. flat rate tax.

Withholding tax incurred outside Poland (including countries which have not concluded a tax treaty with Poland), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. tax on the interest amount, could be deducted from the Polish tax liability. Particular double tax treaties can provide other methods of withholding tax settlements.

Under Article 41.4 of the PIT Act, the interest payer, other than an individual not acting within the scope of his/her business activity, should withhold the Polish 19 per cent. tax upon any interest payment. In practice, the obligation to withhold tax applies only to Polish interest payers and not foreign interest payers. Moreover, given that the term "interest payer" is not precisely defined in the law, under some interpretations issued by Polish tax authorities, in certain cases Polish banks or Polish brokerage houses maintaining securities accounts may refuse to withhold the tax based on the fact that they are acting only as an intermediary and therefore should not be obliged under the Polish law to remit due tax. According to Article 45.3b of the PIT Act, if the tax is not withheld, the individual is obliged to settle the tax himself/herself by 30 April of the following year.

If an individual holds the Notes as a business asset, in principle, interest should not be subject to withholding tax but taxed in the same way as other business income. The tax, at 19 per cent. flat rate or the 18 per cent. to 32 per cent. progressive tax rate depending on the choice and meeting of certain conditions by the individual, should be settled by the individual himself/herself.

(b) *Income from capital investments*

Income other than interest derived by a Polish tax resident individual from financial instruments, such as the Notes, held as non-business assets, qualify as capital income according to Article 17 of the Polish Personal Income Tax Act. Such income does not cumulate with the general income subject to the progressive tax scale but is subject to a 19 per cent. flat rate tax. The costs of acquiring the financial instruments are recognised at the time the revenue from their disposal is achieved. In principle, this income should be settled by the taxpayer by 30 April of the year following the year in which the income was earned. However, if the individual is also a taxpayer as referred to in Articles 31, 33, 34 and 35 of the PIT Act (which are mostly persons who obtain income from employment or pensions), under one of the possible interpretations of Article 40 of the PIT Act he/she is obliged to pay 19 per cent. monthly instalments by the twentieth day of the month following the month in which the income was earned. There are arguments as to whether this interpretation is incorrect, as it puts certain individuals in a worse financial position than they would otherwise have been in. Individuals are encouraged to seek professional advice in this respect.

If an individual holds the Notes as a business asset, in principle, the income should be taxed in the same way as other business income. The tax, at 19 per cent. flat rate or the 18 per cent. to 32 per cent. progressive tax rate depending on the choice and meeting of certain conditions by the individual, should be settled by the individual himself/herself.

Taxation of a Polish tax resident corporate income taxpayer

A Polish tax resident corporate income taxpayer will be subject to 19 per cent. income tax in respect of the Notes (both on any capital gain and on interest/discount) following the same principles as those which apply to any other income received from business activity. As a rule, for Polish income tax purposes interest is recognised as revenue on a cash basis, i.e. when it is received and not when it has

accrued. In respect of capital gains, the cost of acquiring the Notes will be recognised at the time the revenue is achieved.

Notes held by a non-Polish tax resident (natural person or corporation)

Non-Polish residents are subject to Polish income tax only with respect to their income earned in Poland. If the Notes are issued by a foreign entity, in principle, interest should not be considered as having been earned in Poland. Capital gains should also not be considered as arising in Poland unless the Notes are sold at a stock exchange in Poland (the "**Warsaw Stock Exchange**"). If the latter is the case, however, most of the tax treaties concluded by Poland provide for Polish tax exemption with respect to capital gains derived from Poland by a foreign tax resident. The treaties also mitigate Polish domestic withholding tax of 20 per cent. on interest (down to 15 per cent., 10 per cent., 5 per cent. or 0 per cent. depending on the relevant treaty and occasionally on the status of the recipient of the interest) if Polish withholding tax is applicable (with respect to Notes issued by a Polish entity). In order to benefit from a tax treaty, a foreign investor should present a relevant certificate of its tax residency.

If a foreign recipient of income acts through a permanent establishment in Poland, as a matter of principle it should be treated in the same manner as a Polish tax resident.

Notes held on omnibus accounts

Under Article 30a.2a of the PIT Act, if the Notes are held on omnibus accounts for the benefit of individuals whose identity has not be revealed to the tax remitter, the tax remitter is obliged to withhold 19 per cent. tax from any interest paid to the omnibus account holder.

Under Article 26.2a of the CIT Act, if the Notes are held on omnibus accounts for the benefit of corporate income taxpayers whose identity has not be revealed to the tax remitter, the tax remitter is obliged to withhold 20 per cent. tax from any interest paid to the omnibus account holder.

PORTUGUESE TAXATION

The following is a summary of the current Portuguese tax treatment at the date hereof in relation to certain aspects of payments of principal and income in respect of Notes. The statements do not deal with other Portuguese tax aspects regarding Notes and relate only to the position of persons who are absolute beneficial owners of Notes. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. Noteholders who are in any doubt as to their tax position should consult their professional advisers.

The reference to "investment income" and "capital gains" in the paragraphs below means "investment income" and "capital gains" as understood in Portuguese tax law. The statements below do not take any account of any different definitions of "investment income" or "capital gains" which may prevail under any other law or which may be created by the Conditions of the Notes or any related documentation.

Noteholder's Income Tax

Income generated by the holding ("**distributions**") and disposal of Notes is generally subject to the Portuguese tax regime for debt securities (*obrigações*).

Economic benefits derived from amortisation, reimbursement premiums and other types of remuneration arising from Notes are designated as investment income (*rendimentos de capital*) for Portuguese tax purposes.

Withholding tax

Under current Portuguese law, investment income payments in respect of Notes made to Portuguese tax resident companies are included in their taxable income and are subject to a Portuguese corporate income tax at a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent. for taxable profits up to Euro 15,000 and 21 per cent. on profits in excess thereof, to which may be added a municipal surcharge (*derrama municipal*) of up to 1.5 per cent. over the Portuguese corporate Noteholders' taxable profits,

where applicable. Corporate taxpayers with a taxable income of more than Euro 1,500,000 are also subject to a state surcharge (*derrama estadual*) of (i) 3 per cent. on the part of the taxable profits exceeding Euro 1,500,000 up to Euro 7,500,000, (ii) 5 per cent. on the part of the taxable profits exceeding Euro 7,500,000 up to Euro 35,000,000, and (iii) 7 per cent. on the part of the taxable profits that exceeds Euro 35,000,000.

As regards to investment income on Notes made to Portuguese tax resident individuals, they are subject to personal income tax which shall be withheld at the current final withholding rate of 28 per cent. if there is a Portuguese resident paying agent, unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000. Also, if the option of income aggregation is made an additional surcharge at the rate of 3.5 per cent. will also be due over the amount that exceeds the annual amount of the monthly minimum guaranteed wage. In this case, the tax withheld is deemed to be a payment on account on the final tax due.

Investment income payments due by non-resident entities to Portuguese tax resident individuals are subject to an autonomous taxation at a rate of 28 per cent. whenever those payments are not subject to Portuguese withholding tax unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000. Also, if the option of income aggregation is made an additional surcharge at the rate of 3.5 per cent. will also be due over the amount that exceeds the annual amount of the monthly minimum guaranteed wage. In this case, the tax withheld is deemed to be a payment on account on the final tax due.

Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

None of the relevant Issuer, where the relevant Issuer is CGMHI, the CGMHI Guarantor and, where the relevant Issuer is CGMFL, the CGMFL Guarantor, as the case may be, are responsible for withholding at source any amount in respect of Portuguese withholding tax, whenever applicable, on interest payments arising from the Notes.

Payments of principal on Notes are not subject to Portuguese withholding tax. For these purposes, principal shall mean all payments carried out without any income component.

Capital Gains

Under current Portuguese law, capital gains obtained by Portuguese tax resident companies on the disposal of Notes issued by non-resident entities are included in their taxable income and are subject to corporate income tax rate at a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent. for taxable profits up to Euro 15,000 and 21 per cent. on profits in excess thereof, to which is added a municipal surcharge of up to 1.5 per cent. over the Portuguese corporate Noteholders' taxable profits, where applicable. Corporate taxpayers with a taxable income of more than Euro 1,500,000 are also subject to a state surcharge (*derrama estadual*) of (i) 3 per cent. on the part of the taxable profits exceeding Euro 1,500,000 up to Euro 7,500,000, (ii) 5 per cent. on the part of the taxable profits exceeding Euro 7,500,000 up to Euro 35,000,000, And (iii) 7 per cent. on the part of the taxable profits that exceeds Euro 35,000,000.

Capital gains obtained by individuals who are resident in Portugal for tax purposes on the disposal of Notes are subject to a special tax rate of 28 per cent., levied on the positive difference between the capital gains and capital losses of each year unless the individual opts to include the income in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5

per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000. Also, if the option of income aggregation is made, an additional surcharge at the rate of 3.5 per cent. will also be due over the amount that exceeds the annual amount of the monthly minimum guaranteed wage.

No Portuguese withholding tax applies on capital gains.

EU Savings Directive

Portugal has implemented EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income into Portuguese law through Decree-Law no 62/2005, of 11 March 2005, as amended by Law no 39-A/2005, of 29 July 2005.

However, on 10 November 2015 the Council of the European Union adopted a Council Directive repealing the EU Savings Directive from 1 January 2016 in the case of Portugal (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). Accordingly, it is expected that Decree-Law no. 62/2005, of 11 March 2005, as amended by Law no. 39-A/2005, of 29 July 2005 will be revoked.

SPANISH TAXATION

The following is a summary of the main Spanish tax consequences deriving from the ownership, transfer, redemption or reimbursement of the Notes referred to in this Base Prospectus by individuals or legal persons who are resident in Spain for tax purposes and by Spanish Non-Resident Income Tax ("NRIT") taxpayers acting, with respect to the Notes, through a permanent establishment in Spain.

This summary is based on Spanish law in force as of the date of approval of this Base Prospectus and on administrative interpretations thereof, and therefore is subject to any changes in such laws and interpretations thereof occurring after that date, including changes having retroactive effect. In particular, this description is based on the provisions established in the Individual Income Tax Law (the "IIT Law") (Law 35/2006, of 28 November 2006, as amended), the Corporate Income Tax Law (the "CIT Law") (Law 27/2014, of 27 November 2014) and in the Consolidated Text of the NRIT Law (the "NRIT Law") (approved by Royal Legislative Decree 5/2004, of 5 March 2004, as amended) which may not apply to those individuals or legal persons subject to special tax regimes (such as financial entities, exempt entities, cooperatives, individuals who acquire the Notes by reason of employment, pension funds, collective investment in transferrable securities or look-through entities).

In addition, the following section does not cover those tax laws in force in the Spanish Basque provinces and Navarra as well as the particularities in force in the Spanish autonomous communities (comunidades autónomas), or the special rules applicable to transactions among related persons for Spanish tax purposes.

Accordingly, this summary of certain material Spanish taxation considerations is for general information only and is not tax advice, thus prospective investors in the Notes should consult their own tax advisors as to the applicable tax consequences of their purchase, ownership and disposition of the Notes, including the effect of tax laws of any other jurisdiction, based on their particular circumstances.

For the purposes of our analysis, we have assumed that the relevant Issuer is, in the case of Citigroup Inc. and CGMHI, a company resident for tax purposes in the United States and for the purposes of the Convention between the Kingdom of Spain and the United States for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income signed on 22 February 1990, and entitled to its benefits, and, in the case of CGMFL, is resident for tax purposes in Luxembourg and for the purposes of the Convention between the Kingdom of Spain and the Grand Duchy of Luxembourg for the avoidance of Double Taxation with respect to Taxes on Income and on Capital and the Prevention of Fiscal Fraud and Evasion signed on 4 August 1987, as amended, and entitled to its benefits, that the Issuers do not act with respect to the Notes through a permanent establishment in Spain, that the proceeds of the Notes are not used in Spain by the Issuers, and that the investors in the

Notes are resident in Spain for tax purposes or NRIT taxpayers acting, with respect to such Notes, through a permanent establishment in Spain.

Spanish tax resident individuals

(a) Individual Income Tax ("**IIT**") (*Impuesto sobre la Renta de las Personas Físicas*)

The Spanish IIT is regulated by the IIT Law and supplemented by the IIT Regulations approved by Royal Decree 439/2007, of 30 March 2007, as amended (the "**IIT Regulations**").

The Notes are deemed securities (*activos financieros*), in accordance with the definition set forth in Article 91 of the IIT Regulations and its interpretation by the Spanish tax authorities, and hence the rules provided with regard to securities must be taken into consideration.

According to Article 25.2 of the IIT Law and its interpretation by the Spanish tax authorities, interest as well as income arising on the transfer, redemption or reimbursement of the Notes obtained by individuals who are resident in Spain for tax purposes will be deemed income from movable property and therefore will be included in the investor's IIT savings taxable base and taxed in 2015, together with the other savings income obtained by such investor in that same tax year, at a flat tax rate of 20 per cent. on the first EUR6,000, 25 per cent. for taxable income between EUR 6,000.01 to EUR 50,000 and 24 per cent. for any amount in excess of EUR50,000. As from 1 January 2016, each investor's IIT savings taxable base will be taxed, together with the other savings income obtained by such investor in that same tax year at rate of 19 per cent for taxable income up to EUR 6,000; 21 per cent for taxable income between EUR 6,000.01 to EUR 50,000 and 23 per cent for any amount in excess of EUR 50,000.

Holders of Notes shall compute the gross interest obtained in the taxable base of the tax period in which it is due, including amounts withheld, if any. Income arising on the transfer, redemption or reimbursement of Notes will be calculated as the difference between (i) the transfer, redemption or reimbursement value of such Notes (deducting the additional costs and expenses incurred in the transfer, if they are duly justified) and (ii) their acquisition or subscription value (adding the additional costs and expenses incurred in the acquisition, if they are duly justified).

Should a holder of Notes acquire homogeneous securities within the two-month period prior or subsequent to the transfer of such Notes, negative income that may derive from such transfer cannot be included in his or her IIT taxable base until the homogeneous securities are transferred.

The net taxable income shall be determined by deducting the management and deposit expenses from the gross income, excluding those pertaining to discretionary or individual portfolio management.

Additionally, tax credits for the avoidance of international double taxation in accordance with the IIT Law or any applicable convention for the avoidance of double taxation entered into by Spain may apply in respect of taxes paid abroad, if any, on income deriving from Notes.

(b) Net Wealth Tax (*Impuesto sobre el Patrimonio*)

For tax year 2015, Spanish tax resident individuals are subject to Spanish Net Wealth Tax (Law 19/1991, of 6 June 1991, as amended), which imposes a tax on property and rights in excess of EUR 700,000 held by each relevant taxpayer on the last day of any year. Spanish tax resident individuals whose net worth is above EUR 700,000 and who hold Notes on the last day of any year would therefore be subject to the Spanish Net Wealth Tax for such year at marginal rates varying between 0.2 and 2.5 per cent of the relevant tax base.

From 2016 onwards, a general 100% tax relief applies (set forth by article 61 of Law 36/2014 of December 26 approving the General State Budget for 2015).

(c) Inheritance and Gift Tax ("**IGT**") (*Impuesto sobre Sucesiones y Donaciones*)

IGT is governed by Law 29/1987, of 18 December 1987, as amended, and supplemented by the IGT Regulations approved by Royal Decree 1629/1991, of 8 November 1991, as amended.

In the case of Spanish tax resident individuals, IGT is levied on their worldwide assets passing to them either by gift or upon death. Therefore, transfers of Notes upon death or by gift to Spanish tax resident individuals will be subject to IGT, the taxpayer being the transferee.

The applicable IGT tax rates for 2015 range between 7.65 and 34 per cent. although depending on certain particular circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor, the effective tax payable could range between 0 and 81.6 per cent. of the relevant tax base, subject to the specific rules passed by the relevant Spanish autonomous communities (*comunidades autónomas*) with respect to this tax.

Legal persons resident in Spain for tax purposes are not subject to IGT, thus the income that they may obtain from gift or inheritance, as the case may be, will be subject to Spanish Corporate Income Tax ("CIT") on the market value of Notes received, provided that the legal persons obtaining such income are Spanish CIT taxpayers.

Tax credits for the avoidance of international double taxation may apply in respect of similar taxes paid abroad, if any, in respect of Notes.

Spanish legal persons subject to Corporate Income Tax ("CIT") (*Impuesto sobre Sociedades*)

Interest and income arising on the transfer, redemption or reimbursement of Notes obtained by legal entities resident for tax purposes in Spain and regarded as CIT taxpayers shall be computed as taxable income of the tax period of its accrual, in accordance with the rules contained in the CIT Law and supplemented by the CIT regulations, approved by Royal Decree 1777/2004, of 30 July 2004 (the "**CIT Regulations**").

The general CIT rate for Spanish CIT taxpayers is currently 28 per cent (for CIT periods beginning during 2015) and, for CIT periods beginning as from 1 January 2016 and onwards, will be reduced up to 25 per cent. . However, this decrease rates will not be generally applicable to all CIT taxpayers and, for instance, it will not apply to banks.

Tax credits for the avoidance of international double taxation in accordance with the CIT Law or any applicable convention for the avoidance of double taxation entered into by Spain may apply in respect of taxes paid abroad, if any, on income deriving from Notes.

Non-resident entities acting with respect to Notes through a permanent establishment in Spain subject to NRIT (*Impuesto sobre la Renta de no Residentes*)

Based on the fact that none of the Issuers are resident in Spain for tax purposes, that the payments of the Notes are not effectively allocated to a permanent establishment in Spain of the Issuers and that the proceeds of the Notes are not used in Spain by the Issuers, no Spanish NRIT should, in principle, be levied on investors that are not resident in Spain for tax purposes, unless they are acting with respect to Notes through a Spanish permanent establishment. According to the general principles of the Spanish NRIT Law, Spanish permanent establishments of non-Spanish tax resident persons are taxed under the NRIT Law in a similar manner to Spanish CIT taxpayers, although some specific rules may apply. Due to the complexity of this matter, non-Spanish tax resident investors acting in Spain, with respect to Notes, through a permanent establishment are strongly urged to seek appropriate advice in respect of their own tax position in this regard.

Spanish withholding tax

Where a financial institution (either resident in Spain for tax purposes or acting through a permanent establishment in Spain) (a) acts as depositary of Notes, (b) manages the collection of any income under Notes, (c) intervenes in their transfer or (d) carries out the redemption or reimbursement of the Notes, on behalf of Noteholders either (i) resident in Spain for tax purposes or (ii) holding the Notes through a permanent establishment located in Spain, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the relevant Notes. The

current withholding tax rate in Spain is 20 per cent (to be reduced, to 19% as from 1 January 2016). Amounts withheld in Spain, if any, can be credited against the final Spanish IIT, CIT or NRIT liability, as applicable to the Noteholder.

Other Spanish taxes (indirect taxation)

The acquisition, transfer, redemption and reimbursement of Notes will be exempt from indirect taxes in Spain, i.e. exempt from Transfer Tax and Stamp Duty, in accordance with the Consolidated Text of such tax approved by Royal Legislative Decree 1/1993, of 21 September 1993, and exempt from Value Added Tax, in accordance with Law 37/1992, of 28 December 1992, regulating such tax.

SWEDISH TAXATION

The following discussion is a summary of certain material Swedish tax considerations relating to (i) Notes issued by any of the Issuers where the holder is tax resident in Sweden or has a tax presence in Sweden or (ii) Notes where the Paying Agent or custodian is located in Sweden. This summary of certain tax issues that may arise as a result of holding Notes is based on current Swedish tax legislation and is intended only as general information for holders of Notes who are resident or domiciled in Sweden for tax purposes, unless otherwise stated. This description does not deal comprehensively with all tax consequences that may occur for holders of Notes, nor does it cover the specific rules where Notes are held by a partnership or are held as current assets in a business operation. The summary does, moreover, not cover Notes held on a so-called investment savings account (Sw: investeringssparkonto). Special tax consequences that are not described below may also apply for certain categories of taxpayers, including investment companies and life insurance companies. It is recommended that potential investors in Notes consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Notes, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Withholding of tax

There is no Swedish withholding tax (*källskatt*) applicable on payments made by the Issuer in respect of the Notes. Sweden operates a system of preliminary tax (*preliminärskatt*) to secure payment of taxes. In the context of the Notes a preliminary tax of 30 per cent. will be deducted from all payments treated as interest in respect of the Notes made to any individuals or estates that are resident in Sweden for tax purposes provided the paying entity is tax resident in Sweden and subject to reporting obligations. A preliminary tax of 30 per cent. will also be deducted from any other payments in respect of the Notes not treated as capital gains, if such payments are paid out together with payments treated as interest. Depending on the relevant holder's overall tax liability for the relevant fiscal year the preliminary tax may contribute towards, equal or exceed the holder's overall tax liability with any balance subsequently to be paid by or to the relevant holder, as applicable.

Taxation of individuals resident in Sweden

Income from capital category

For individuals and estates of deceased Swedish individuals capital gains, interest payments, dividends and other income derived from the holding of an asset should be reported as income from capital category.

Capital gains and losses

Individuals and estates of deceased Swedish individuals, who sell their Notes, are subject to capital gains taxation. The current tax rate is 30 per cent. of the gain. The capital gain or loss is equal to the difference between the sales proceeds after deduction of sales costs and the acquisition cost of the Notes. The acquisition cost is calculated according to the so-called average method. This means that the costs of acquiring all Notes of the same type and class are added together and calculated collectively, with respect to changes to the holding. Optionally, the so-called standard rule under which the acquisition cost is deemed to be the equivalent of 20 per cent. of the net sales price may be applied on the disposal of listed Notes (except for options and forward contracts) that are taxed in the same manner as shares. A Note should be regarded as listed for Swedish tax purposes if it is listed on the Official List

and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange, the London Stock Exchange, the Irish Stock Exchange or any other foreign market that is considered to be a stock exchange under Swedish tax law.

As a main rule, 70 per cent. of a capital loss is deductible against any other taxable income derived from capital.

Capital losses on listed Notes that are taxed in the same manner as shares, are, however, fully deductible against taxable capital gains on such assets or capital gains on listed as well as non-listed shares in Swedish limited liability companies and foreign legal entities. Any excess amount is deductible at 70 per cent., according to the main rule.

Capital losses on listed Notes qualifying as Swedish receivables (i.e. denominated in SEK) are currently fully deductible in the capital income category. Moreover, under EC law receivables denominated in foreign currency are also fully deductible.

If a deficit arises in the income from capital category, a reduction of the tax on income from employment and from business, as well as the tax on real estate, is allowed. The tax reduction allowed amounts to 30 per cent. of any deficit not exceeding SEK 100,000 and 21 per cent. of any deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

Interest

Interest as well as other income derived from the holding of an asset is subject to tax at a rate of 30 per cent. The tax liability arises when the interest (or other income) is actually paid, in accordance with the so-called cash method.

No formal interest accrues on zero-coupon bonds. The profit from a redemption of a zero-coupon bond is regarded as interest, subject to tax at the time of redemption. However, the appreciation in value is regarded as interest compensation, should the zero-coupon bond be disposed of prior to maturity. If there is a loss on the bond, this is deductible as a capital loss in accordance with the principles referred to above.

Stamp duty

There is no stamp duty on the issuing, transfer or redemption of Notes in Sweden.

Gift, Inheritance and Wealth taxes

There is no gift, inheritance or wealth tax in Sweden.

Taxation of Swedish legal entities

Limited liability companies and other legal entities, except for estates of deceased Swedish individuals, are taxed on all income (including income from the sale of Notes) as income from business activities at a flat rate of 22 per cent. Regarding the calculation of a capital gain or loss and the acquisition cost, see "Taxation of individuals resident in Sweden" above. However, interest income as well as other income derived from the holding of an asset is taxed on an accruals basis.

Capital losses on Notes that are taxed in the same manner as shares (see further above) incurred by a corporate holder of a Note may only be offset against taxable capital gains on shares or such notes. Such capital losses may also, under certain circumstances, be deductible against capital gains on shares and Notes that are taxed in the same manner as shares within the same group of companies, provided the requirements for group contributions (tax consolidation) are met.

Capital losses on shares and Notes that are taxed in the same manner as shares which are not deducted against capital gains within a certain year may be carried forward and offset against taxable capital gains on shares and notes taxed in the same manner as shares in the future.

For limited liability companies and economic associations, capital gains on shares and certain share related rights held for business purposes are tax exempt. As a result, capital losses on shares and share related rights that are held for business purposes are not deductible. Notes under this offer are not treated as share related rights held for business purposes. However, a capital loss on the Notes is not deductible should the underlying assets, directly or indirectly, consist of shares or certain share related rights held for business purposes.

As mentioned above, there is no stamp duty on the issuing, transfer or redemption of Notes in Sweden.

Taxation of non-residents in Sweden

Holders of Notes who are not fiscally resident in Sweden and who are not carrying on business operations from a permanent establishment in Sweden are generally not liable for Swedish capital gains taxation on the disposal of Notes. The holders may, nevertheless, be subject to tax in their country of residence. However, as far as non-resident individuals are concerned, capital gains on the sale of certain Notes (such as Notes taxed in the same manners as shares) may in some cases be subject to Swedish tax if the individual has been resident or permanently lived in Sweden at any time during the calendar year of the sale or any of the 10 preceding calendar years. This provision is, nevertheless, in many cases limited by tax treaties for the avoidance of double taxation, which Sweden has concluded with other countries.

SWISS TAXATION

The following discussion is a summary of certain material Swiss tax considerations relating to (i) Notes issued by any of the Issuers where the Holder is tax resident in Switzerland or has a tax presence in Switzerland or (ii) Notes where the Paying Agent, custodian or Notes dealer is located in Switzerland. The discussion is based on legislation as of the date of this Base Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Notes. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisors as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Notes (or options embedded therein) in light of their particular circumstances.

Swiss Withholding Tax

Payments on a Note are currently not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On November 4, 2015 the Swiss Federal Council announced a mandate to the Swiss Federal Finance Department to institute a group of experts tasked with the preparation of a new proposal for a reform of the Swiss withholding tax system. The new proposal is expected to include in respect of interest payments the replacement of the existing debtor-based regime by a paying agent-based regime for Swiss withholding tax similar to the one published on December 17, 2014 by the Swiss Federal Council and repealed on June 24, 2015 following the negative outcome of the legislative consultation with Swiss official and private bodies. Under such a new paying agent-based regime, if enacted, a paying agent in Switzerland may be required to deduct Swiss withholding tax on any payments or any securing of payments of interest in respect of a Note for the benefit of the beneficial owner of the payment unless certain procedures are complied with to establish that the owner of the Note is not an individual resident in Switzerland.

Income Taxation

Notes held as Private Assets by a Swiss resident Holder

(a) *Structured Notes*

If a Note classifies as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each

other and whether the Note classifies as a structured note with or without a predominant one-time interest payment:

- *Non-transparent derivative financial instruments:* If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Note classifies as a non-transparent structured note and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under "*Transparent derivative financial instruments with a predominant one-time interest payment*".
- *Transparent derivative financial instruments without a predominant one-time interest payment:* If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield to-maturity predominantly derives from periodic interest payments and not from a one time interest payment (see below "*Transparent derivative financial instruments with a predominant one-time interest payment*"), then any periodic interest payment and the one-time interest payment, if any, is taxed when paid to the holder of the Note. A gain, including interest accrued, realised on the sale of a Note is a tax-free private capital gain. A loss realised on the sale of a Note is a non-tax-deductible private capital loss, (see below "*Capital Gains, Notes held as Private Assets by a Swiss resident Holder*"). The same applies if the Note is redeemed except that interest accrued is taxed when paid.
- *Transparent derivative financial instruments with a predominant one-time interest payment:* If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield to maturity predominantly derives from a one-time interest payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the redemption or sale of the Note the difference between the value of the embedded bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the exchange rate prevailing at the time of sale or redemption, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the embedded bond respectively realised on the sale or redemption of the Note may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss, respectively (see below "*Capital Gains, Notes held as Private Assets by a Swiss resident Holder*")

(b) *Bonds*

Bonds without a predominant one-time interest payment: If a Note classifies as a pure bond without a predominant one-time interest payment (i.e., the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, if any, converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, realised on the sale of a Note is a tax-free private capital gain. A loss, realised on the sale of a Note is a non tax deductible private capital loss (see below "*Capital Gains, Notes held as Private Assets by a Swiss resident Holder*").

Bonds with a predominant one-time interest payment: If a Note classifies as a pure bond with a predominant one-time interest payment (i.e., the yield-to-maturity predominantly derives from a one-time interest payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Notes (differential taxation method).

(c) *Pure Derivative Financial Notes*

Periodic and one-time dividend equalisation payments realised on a Note which classifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static Notes replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitute taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "*Capital Gains, Notes held as Private Assets by a Swiss resident Holder*").

(d) *Low Exercise Price Options*

According to the current practice of the Swiss Federal Tax Administration low exercise price options are given if the underlying of an option has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "*Capital Gains, Notes held as Private Assets by a Swiss resident Holder*").

(e) *Fund-like Notes*

A Note classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less costs attributable) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like Note as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain, and any respective loss on the underlying investments is a non-tax-deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised a non-tax-deductible capital loss (see below "*Capital Gains*" Notes held as Private Assets by a Swiss resident Holder").

Notes held as Assets of a Swiss Business

Corporate entities and individuals who hold Notes as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Notes (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who for income tax purposes, are classified as "professional Notes dealers" for reasons of, *inter alia*, frequent dealing and leveraged investments in Notes.

Capital Gains Taxation

Notes held as Private Assets by a Swiss resident Holder

A gain, realised by an individual resident in Switzerland for tax purposes upon the sale or other disposal of a Note held as part of his or her private assets is a tax-free private capital gain. A loss, realised by an individual resident in Switzerland for tax purposes upon the sale or other disposal of a Note held as part of his or her private assets is a non-tax deductible capital loss. In the case of a gain or a loss, unless

such individual is classified, for income tax purposes, as a "professional Notes dealer" for reasons of, *inter alia*, frequent dealing and leveraged investments in Notes. If an individual is classified as a "professional Notes dealer" he or she will be taxed in accordance with the principles set forth above under "*Notes held as Assets of a Swiss Business*". Concerning the bifurcation of a tax exempt capital gains component, non-tax deductible capital loss component, respectively, from taxable income components of a Note see the bifurcation principles set forth above with regard to the different instruments under "*Income Taxation, Notes held as Private Assets by a Swiss resident Holder*".

Notes held as Assets of a Swiss Business

Capital gains realised on Notes held as Assets of a Swiss Business are taxed in accordance with the taxation principles set forth above under "Income Taxation, Notes held as Swiss Business Assets").

Stamp Taxes

Swiss Federal Issue Stamp Tax

The Notes are not subject to Swiss federal stamp tax on the issuance of Notes.

Swiss Federal Notes Turnover Tax

Dealings in Notes which classify as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static Notes replicating an index or a basket of at least five shares and with a fixed maturity on an annual redemption right) are not subject to the Swiss federal Notes turnover tax.

Dealings in Notes which have been issued by an issuer outside of Switzerland and which classify as structured notes, share-like instruments (including Low Exercise Price Warrants on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal Notes turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss Notes dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealing in bonds and structured notes with a maturity not exceeding one year are exempt from Swiss federal turnover tax.

The delivery of an underlying taxable Note at exercise or redemption to the holder of the Note is subject to Swiss federal Notes turnover tax of 0.3 per cent. if a Swiss domestic Notes dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Gift, Inheritance and Estate Taxes

Subject to an applicable tax treaty in an international scenario, transfers of Notes may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person has had his or her last domicile in Switzerland, the donor is resident in Switzerland, respectively, or in the case of a foreign deceased or resident person the transfer involves an unincorporated business in Switzerland and Notes are held as part of such business. No such taxes exist at the federal level. Rates depend upon the existing relationship (i.e. the relationship between the deceased and the heirs, or between the donor and the donee) and the size of the inheritance or gift. Interspousal gifts and gifts to descendants and inheritances collected by the surviving spouse and descendants are frequently exempt or taxed at very low rates (up to 6 per cent.). Gifts and inheritances received from unrelated persons attract rates ranging from 20 per cent. to 40 per cent. The taxable base is usually the market value of the property transferred.

Net Worth and Capital Taxes

A holder of Notes who is an individual resident in Switzerland for tax purposes or is a non-Swiss resident holding Notes as part of a Swiss business operation or a Swiss permanent establishment is required to report Notes as part of private wealth or as part of Swiss business assets, as the case may be, and is subject to annual cantonal and/or communal private wealth tax on any net taxable wealth

(including the Notes), in the case of non-Swiss resident individual holding Notes as part of a Swiss business operation or a Swiss permanent establishment to the extent the aggregate taxable wealth is allocable to Switzerland. Incorporated holders of Notes are subject to cantonal and communal capital tax on net taxable equity, in the case of a non-Swiss resident person holding Notes as part of a Swiss permanent establishment, to the extent the aggregate taxable equity is allocable to Switzerland. No net worth and capital taxes exist at the federal level.

Non-Swiss resident Holders

A holder of a Note who is not resident in Switzerland for tax purposes and who during the taxation year has not engaged in trade or business carried on through a business operation or permanent establishment in Switzerland, will neither be subject to income tax and capital gains tax nor net wealth or capital tax in Switzerland.

EU Savings Tax

The Agreement between the European Community and the Confederation of Switzerland dated as of 26 October 2004 provides for measures equivalent to those laid down in the EU Savings Tax Directive and requires a Swiss paying agent to deduct EU savings tax on an interest payment to an individual resident in a EU Member State. The tax is withheld at a rate of 35 per cent. with the option of the individual to have the paying agent and Switzerland provide to the tax authorities of the EU Member State the details of the interest payments in lieu of the withholding. The individual may be entitled to a tax credit or refund of the withholding, provided that he or she is the beneficial owner of the interest payments and certain other conditions are met.

On November 10, 2015, the Council of the European Union adopted EU Council Directive 2015/2060 repealing the EU Savings Tax Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the EU Savings Tax Directive and a new automatic exchange of information regime to be implemented under EU Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by EU Council Directive 2014/107/EU).

Final Foreign Withholding Taxes

On 1 January 2013 treaties on final withholding taxes between Switzerland and the United Kingdom and between Switzerland and Austria entered into force. The treaties, *inter alia*, require a Swiss paying agent to levy final withholding tax at specified rates in respect of an individual resident in the United Kingdom or resident in Austria, as applicable, on interest or capital gain paid, or credited to an account, relating to the Notes. The final withholding tax substitutes the United Kingdom or Austrian income tax, as applicable, on such income of interest or capital gain. Such a person may, however, in lieu of the final withholding tax opt for voluntary disclosure of the interest or capital income to the tax authority of his or her country of residency. Note that Switzerland may conclude similar treaties with other European countries.

On 14 February 2013, the European Commission published a proposal (the "Commission's Proposal") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

References in these General Conditions of the Notes (the "**General Conditions**") and in the applicable Schedules to the "**Notes**" shall be references to the Notes of this Series, which shall be either English Law Notes or New York Law Notes, and shall mean (a) in relation to any Registered Notes (as defined below) represented by a global Note (a "**Global Registered Note Certificate**"), units of each Specified Denomination in the Specified Currency; (b) any Global Registered Note Certificate; (c) any definitive Registered Notes ("**Registered Note Certificates**"); (d) in relation to any Swedish Notes, units of each Specified Currency in the Specified Denomination and (e) in relation to any Finnish Notes, units of each Specified Currency in the Specified Denomination.

Whether the Notes are of the type of Registered Notes, Swedish Notes or Finnish Notes will be specified in the applicable Issue Terms but one type of Notes cannot be exchanged for another.

Notes are issued in Series and each Series may comprise one or more Tranches of Notes. Each Tranche is the subject of a Final Terms document (the "**Final Terms**") or, in the case of Notes which are neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under Directive 2003/71/EC (as amended) ("**Exempt Notes**"), a pricing supplement (the "**Pricing Supplement**") which, in the case of the Final Terms, completes or, (in the case of Exempt Notes) completes, modifies and/or supplements the General Conditions and the applicable Schedule(s). In the event of any inconsistency between (i) the General Conditions and the applicable Schedule(s) and (ii) the applicable Issue Terms, the applicable Issue Terms (as defined below) shall prevail.

For the purposes hereof, "**Issue Terms**" means either (i) where the Notes are not Exempt Notes, the applicable Final Terms or (ii) where the Notes are Exempt Notes, the applicable Pricing Supplement, and references should be construed accordingly.

The terms and conditions of a Tranche of Notes (the "**Terms and Conditions**") means, in relation to any Tranche of Notes, the General Conditions together with the additional terms and conditions contained in (i) in the case of all Notes, the Valuation and Settlement Schedule, (ii) in the case of Underlying Linked Notes which are (a) Inflation Rate Notes only, Underlying Schedule 1, (b) Rate Linked Notes only, Underlying Schedule 2 and (c) Credit Linked Interest Notes only, Underlying Schedule 3. The conditions of a Tranche of Notes (the "**Conditions**") means, in relation to any Tranche of Notes, the Terms and Conditions as completed or, (in the case of Exempt Notes) completed, modified and/or supplemented, as applicable, by the information set out in the applicable Issue Terms.

The Notes (other than Swedish Notes and Finnish Notes, except as provided herein) are issued pursuant to a Fiscal Agency Agreement dated 21 December 2015 (as amended, supplemented and/or restated from time to time, the "**Fiscal Agency Agreement**") between Citigroup Inc., Citigroup Global Markets Holdings Inc. ("**CGMHI**") and Citigroup Global Markets Funding Luxembourg S.C.A. ("**CGMFL**") each as an issuer, Citigroup Inc. as guarantor in respect of Notes issued by CGMHI where it is specified as such in the applicable Issue Terms (in its capacity as such guarantor, the "**CGMHI Guarantor**"), Citigroup Global Markets Limited ("**CGML**") as guarantor in respect of Notes issued by CGMFL where it is specified as such in the applicable Issue Terms (in its capacity as such guarantor, the "**CGMFL Guarantor**" and, together with the CGMHI Guarantor, the "**Guarantors**" and each, a "**Guarantor**"), Citibank, N.A., London branch as issuing agent and fiscal agent (in such capacity, the "**Fiscal Agent**", which expression shall include any successor fiscal agent and together with any other

- (A) the Calculation Agent shall notify the Issuer and each Paying Agent of the Fair Market Value of the Notes as soon as practicable following the occurrence of the relevant early redemption event and the Issuer shall notify the Noteholders (such notice by the Issuer to the Noteholders being the "**Issuer's Notice of Early Redemption**") as soon as reasonably practicable thereafter in accordance with General Condition 13 (*Notices*) that the Notes will be redeemed on the Maturity Date for an amount equal to the principal amount, plus (if any) accrued interest (to the date of the early redemption event) unless the Noteholders subject to and in accordance with the terms set out in the Issuer's Notice of Early Redemption and General Condition 5(d)(ii)(B) elect to receive an amount calculated as the Fair Market Value for the Notes (as determined pursuant to the definition of "Fair Market Value" as set out in General Condition 5(d)(iii)) on the early redemption date specified by the Issuer in the Issuer's Notice of Early Redemption.
 - (B) Upon receipt of the Issuer's Notice of Early Redemption, to exercise the right to redeem the Note at Fair Market Value, a Noteholder must:
 - (1) if such Note is in definitive form and held outside the Relevant Clearing System, deliver, at the specified office of the Registrar (in the case of Registered Notes) at any time during normal business hours of the Registrar falling within the notice period set out in the Issuer's Notice of Early Redemption, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Registrar (an "**Early Redemption Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this General Condition and, in the case of Registered Notes, the principal amount thereof to be redeemed at Fair Market Value and, if less than the full principal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of General Condition 2(h) (*Transfer Free of Charge*). If the relevant Note is in definitive form, the Early Redemption Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Early Redemption Put Notice, be held to its order or under its control.
 - (2) if the relevant Note is represented by a Global Registered Note Certificate and cleared through Euroclear or Clearstream, Luxembourg, within the notice period set out in the Issuer's Notice of Early Redemption, give notice to the Registrar of such exercise in accordance with the standard procedures of Euroclear or Clearstream, Luxembourg, as applicable (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg, as applicable, or any

common depositary or common safekeeper, as the case may be, for them, as applicable, to the Registrar by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg, as applicable, from time to time.

- (3) if the relevant Note is represented by a Global Registered Note Certificate and cleared through DTC, within the notice period set out in the Issuer's Notice of Early Redemption, give notice to the Registrar of such exercise in the form of an Early Redemption Put Notice acceptable to the Registrar and irrevocably instruct DTC to debit the relevant Noteholder's securities account with the relevant Notes on or before the Early Redemption Date in accordance with applicable DTC practice.

In the case of Swedish Notes, an Early Redemption Put Notice will not take effect against the Issuer before the date on which the relevant Notes have been transferred to the account designated by the Swedish Notes Issuing and Paying Agent and blocked for further transfers by the Swedish Notes Issuing and Paying Agent (such date will be the first date of a closed period for the purposes of General Condition 2(k) (*Transfer of Swedish Notes*)). The redemption procedures for Swedish Notes will be subject to the Swedish CSD Rules.

Notwithstanding anything to the contrary in the Conditions, if the Notes are Finnish Notes, the exercise of this option will not be effective against the Issuer before the date on which the relevant Finnish Notes have been transferred to the account operated by the Finnish Notes Issue and Paying Agent, which for the purposes of the relevant Finnish Notes is an account operator specifically authorised by Euroclear Finland and appointed by the Issuer in relation to a specific issue or issues to process and register issues in the system of the relevant central securities depositary and clearing institution, and blocked for further transfer on the Optional Redemption Date by the Finnish Notes Issue and Paying Agent.

The right to require redemption of any Finnish Notes in accordance with this General Condition must, notwithstanding the above, be exercised in accordance with the Euroclear Finland Rules and if there is any inconsistency between the terms set out herein and the Euroclear Finland Rules, then the Euroclear Finland Rules shall prevail.

Where the Notes have been originally offered by one or more distributors appointed by the Issuer or any of its Affiliates, the Issuer shall use all commercially reasonable efforts to procure that such distributor(s) pass the Issuer's Notice of Early Redemption on to purchasers of the Notes in respect of whom the distributor is aware remain Noteholders.

If a Noteholder does not exercise the right to redeem the Note at Fair Market Value, the relevant Noteholder shall receive the Early Redemption Amount on the Maturity Date of the Notes. For the avoidance of doubt, such Early Redemption Amount payable on the Maturity Date shall not be the "Fair Market Value" but shall be the "Principal Amount plus accrued interest (if any)" as determined by the Calculation Agent in accordance with General Condition 5(d)(i)(D) above.

- (iii) As used above:

"Amortised Face Amount" means an amount calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Amortisation Yield expressed as a decimal; and

"y" is the Day Count Fraction specified in the applicable Issue Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360 day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and payable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

"Early Redemption Date" means, in respect of each Note and the Early Redemption Amount payable in respect of such Note, a date notified by the Issuer to the relevant Noteholder in accordance with General Condition 13 (*Notices*) as the date for the payment of the Early Redemption Amount, provided that where the Early Redemption Amount is determined by the application of General Condition 5(d)(i)(D), there shall be no Early Redemption Date in respect of a Note if the relevant Noteholder has not exercised the option to early redemption of such Note as set forth in General Condition 5(d)(ii) (*Option to receive Fair Market Value at early redemption*) and the Early Redemption Amount shall be payable on the Maturity Date.

"Fair Market Value" means an amount in the Specified Currency determined by the Calculation Agent which represents the fair market value of such Calculation Amount (which shall include amounts in respect of interest) on a day selected by the Issuer (ignoring for the purposes of a redemption pursuant to General Condition 5(b)(ii), the relevant unlawfulness, illegality or prohibition) less (except in the case of any early redemption pursuant to General Condition 9 (*Events of Default*)) the proportionate cost to the Issuer and/or its Affiliates of unwinding any underlying and/or related hedging and funding arrangements in respect of the Notes (including, without limitation, any options relating to any Underlying hedging the Issuer's obligations under the Notes) and, for the purposes of determining the fair market value of such Calculation Amount for the purposes of General Condition 9 (*Events of Default*), no account shall be taken of the financial condition of the Issuer which shall be presumed to be able to perform fully its obligations in respect of the Notes;

"Greater of (I) Fair Market Value and (II) Principal Amount plus accrued interest (if any)" means, in respect of such Calculation Amount, an amount determined by the Calculation Agent as the greater of (i) "Fair Market Value" and (ii) "Principal Amount plus accrued interest (if any)";

"Principal Amount plus accrued interest" means, in respect of such Calculation Amount, its principal amount plus accrued interest (if any) up to but excluding the date of redemption;

"Principal Amount plus accrued interest (if any) at maturity with option for Fair Market Value at early redemption" means, in respect of such Calculation Amount, an amount determined by the Calculation Agent in accordance with the following, in relation to a Note of the Calculation Amount:

- (i) where the Noteholder has exercised the right to early redemption of the Note in accordance with the terms of the Issuer's Notice of Early Redemption and the terms of General Condition 5(d)(ii)(B), an amount determined by the Calculation Agent as the "Fair Market Value"; or
- (ii) otherwise, an amount determined by the Calculation Agent as the "Principal Amount plus accrued interest (if any)". For the purpose of determining accrued interest (if any), the Early Redemption Date specified in the notice by the Issuer to the relevant Noteholder in accordance with General Condition 5(d)(ii) (*Option to receive Fair Market Value at early redemption*) shall be deemed to be the date of redemption, notwithstanding that the Early Redemption Amount will be payable on the Maturity Date.

(e) *Redemption at the Option of the Issuer*

If, in respect of Notes other than Swedish Notes, Issuer Call is specified as applicable in the applicable Issue Terms, the Issuer may having given in the case of Registered Notes, the number of days' notice specified in the applicable Issue Terms or, if none is so specified:

- (i) not less than, five nor more than 60 days' notice to the Noteholders in accordance with General Condition 13 (*Notices*); and
- (ii) not less than five days' notice to the Registrar,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and, in respect of each principal amount of the Notes equal to the Calculation Amount at the Optional Redemption Amount specified in, or determined in the manner specified in, the Valuation and Settlement Schedule or specified in the applicable Issue Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a principal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Issue Terms.

In the case of a redemption of some only of the Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected, subject to mandatory provisions of Luxembourg law, individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of the Relevant Clearing System (in the case of Notes cleared through Euroclear and/or Clearstream, Luxembourg, to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a Global Registered Note Certificate, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with General Condition 13 (*Notices*) not less than five days prior to the date fixed for redemption. No exchange of the relevant Global Registered Note Certificate will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph.

If, in respect of Swedish Notes, Issuer Call is specified as applicable in the applicable Issue Terms, the Issuer may, having given:

- (i) not less than five nor more than 60 days' notice to the Noteholders in accordance with General Condition 13 (*Notices*); and

- (ii) not less than five days' notice to the Swedish Notes Issuing and Paying Agent and Euroclear Sweden, respectively,

(which notices shall be irrevocable and shall specify the date fixed for redemption and shall specify the Notes or the amount of the Notes as well as the closed period), redeem all of the Notes then outstanding on any Optional Redemption Date and, in respect of each principal amount of the Notes equal to the Calculation Amount at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Issue Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a principal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount in each case as may be specified in the applicable Issue Terms. The redemption procedures for Swedish Notes will be subject to the Swedish CSD Rules.

- (f) *Redemption at the Option of holders of Notes*

If Investor Put is specified as applicable in the applicable Issue Terms, upon the holder of any Note giving to the Issuer in accordance with General Condition 13 (*Notices*) the number of days' notice specified in the applicable Issue Terms or, if none is so specified, not less than 45 days' notice the Issuer will, upon the expiry of such notice, redeem such Note on the relevant Optional Redemption Date and at, in respect of each principal amount of the Notes equal to the Calculation Amount, the Optional Redemption Amount specified in, or determined in the manner specified in, the Valuation and Settlement Schedule and in the applicable Issue Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. Registered Notes may be redeemed under this General Condition 5(f) in any multiple of their lowest Specified Denomination.

To exercise the right to require redemption of a Note the holder of such Note must, if such Note is in definitive form and held outside the Relevant Clearing System, deliver, at the specified office of the Registrar (in the case of Registered Notes) at any time during normal business hours of the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this General Condition 5(f) and, in the case of Registered Notes, the principal amount thereof to be redeemed and, if less than the full principal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of General Condition 2(h) (*Transfer Free of Charge*). If the relevant Note is in definitive form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to its order or under its control.

If the relevant Note is represented by a Global Registered Note Certificate and cleared through Euroclear or Clearstream, Luxembourg or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of such Note the holder of such Note must, within the notice period, give notice to the Registrar of such exercise in accordance with the standard procedures of Euroclear or Clearstream, Luxembourg, as applicable (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg, as applicable, or any common depositary or common safekeeper, as the case may be, for them, as applicable, to the Registrar by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg, as applicable, from time to time.

If the relevant Note is represented by a Global Registered Note Certificate and cleared through DTC, to exercise the right to require redemption of such Note, the holder of such Note must, within the notice period, give notice to the Registrar of such exercise in the form of a Put Notice acceptable to the Registrar and irrevocably instruct DTC to debit the relevant Noteholder's securities account with the relevant Notes on or before the Optional Redemption Date in accordance with applicable DTC practice.

In the case of Swedish Notes, a Put Notice will not take effect against the Issuer before the date on which the relevant Notes have been transferred to the account designated by the Swedish Notes Issuing and Paying Agent and blocked for further transfers by the Swedish Notes Issuing and Paying Agent (such date will be the first date of a closed period for the purposes of General Condition 2(k) (*Transfer of Swedish Notes*)). The redemption procedures for Swedish Notes will be subject to the Swedish CSD Rules.

Notwithstanding anything to the contrary in the Conditions, if the Notes are Finnish Notes, the exercise of this option will not be effective against the Issuer before the date on which the relevant Finnish Notes have been transferred to the account operated by the Finnish Notes Issue and Paying Agent, which for the purposes of the relevant Finnish Notes is an account operator specifically authorised by Euroclear Finland and appointed by the Issuer in relation to a specific issue or issues to process and register issues in the system of the relevant central securities depository and clearing institution, and blocked for further transfer on the Optional Redemption Date by the Finnish Notes Issue and Paying Agent.

The right to require redemption of any Finnish Notes in accordance with this General Condition 5(f) must, notwithstanding the above, be exercised in accordance with the Euroclear Finland Rules and if there is any inconsistency between the terms set out herein and the Euroclear Finland Rules, then the Euroclear Finland Rules shall prevail.

(g) *Cancellation*

All Notes purchased by or on behalf of the Issuer, the CGMHI Guarantor or the CGMFL Guarantor may be surrendered for cancellation, if the Notes are Registered Notes, by surrendering the Note representing such Notes to the Registrar and if so surrendered, will, together with all Notes redeemed by the Issuer, be cancelled forthwith. Any Notes surrendered for cancellation may not be reissued or resold and the obligations of the Issuer, the CGMHI Guarantor and the CGMFL Guarantor in respect of any such Notes shall be discharged.

6. **Payments**

All references to the CGMHI Guarantor and the CGMHI Deed of Guarantee in the Conditions including but not limited to this General Condition shall be ignored in relation to Notes issued by Citigroup Inc. or CGMFL. Such payments will be made in the currency in which such payments are due by cheque drawn on a bank in the principal financial centre of the country of the currency concerned, or in the case of a payment in Euro, by a Euro cheque and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar before the Record Date, such payment of interest may be made by transfer to an account (which in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) in the relevant currency designated by the holder with a bank in the principal financial centre of the country of

that currency or, if the currency is Euro, into a Euro account (or any other account to which Euro may be credited or transferred) notified to the Registrar by such holder.

All amounts payable to DTC or its nominee as registered holder of a Global Registered Note Certificate in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Fiscal Agent to an account in the Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Fiscal Agency Agreement unless a holder has elected to receive payment in the relevant Specified Currency in accordance with applicable DTC practice.

(b) *Payments Subject to Law, etc.*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of General Condition 7 (*Taxation*). No commission or expenses shall be charged to the holders of Notes in respect of such payments.

The holder of a Global Registered Note Certificate shall be the only person entitled to receive payments in respect of Notes represented by such Global Registered Note Certificate and the Issuer or, as the case may be, the CGMHI Guarantor or the CGMFL Guarantor will be discharged by payment to, or to the order of, the holder of such Global Registered Note Certificate, as the case may be, in respect of each amount so paid. Each of the persons shown in the records of the Relevant Clearing System as the beneficial holder of a particular principal amount of Notes represented by such Global Registered Note Certificate, as the case may be, must look solely to the Relevant Clearing System for his share of each payment so made by the Issuer or, as the case may be, the CGMHI Guarantor or the CGMFL Guarantor to, or to the order of, the holder of such Global Registered Note Certificate, as the case may be.

(c) *Payments in respect of Swedish Notes*

General Condition 6(a) (*Registered Notes*) shall not apply to Swedish Notes. Payments in respect of Swedish Notes will be made on the due date for payments to the persons registered as holders in the Swedish Notes Register on the fifth (5th) Stockholm Banking Day (or such other date in accordance with the Swedish CSD Rules), prior to the due date for such payment.

In the Conditions, "**Stockholm Banking Day**" means a day on which Euroclear Sweden is open for business (including the making of payments) in accordance with the Swedish CSD Rules.

(d) *Payments in respect of Finnish Notes*

General Condition 6(a) (*Registered Notes*) shall not apply to Finnish Notes. In relation to Finnish Notes, Euroclear Finland will act as the central securities depository and clearing institution and the Issuer will appoint a Finnish Notes Issue and Paying Agent for Finnish purposes as specified in the applicable Issue Terms.

The Issuer is entitled to vary or terminate the appointment of the relevant central securities depository and clearing institution or the Finnish Notes Issue and Paying Agent, provided that the Issuer will appoint another central securities depository and clearing institution or Finnish Notes Issue and Paying Agent, each of them to be duly authorised under the Finnish Act on the Book-Entry System and Clearing (*Fin. laki arvo-osuusjärjestelmästä ja selvitystoiminnasta (749/2012)*). (f) *Payment Days*

If, in respect of Notes other than Swedish Notes, any date for payment in respect of any Note is not a Payment Day, the holder shall not be entitled to payment until the next following Payment Day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**Payment Day**" means:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

In this paragraph, Payment Day means a day which is a Stockholm Banking Day and:

- (i) (in the case of a payment in a currency other than Euro) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of such relevant currency; or

If, in respect of Finnish Notes, any date for payment in respect of any Finnish Notes is not a Payment Day, the holder shall not be entitled to payment until the next following Payment Day nor to any interest or other sum in respect of such postponed payment. In this paragraph, Payment Day means a day which is a Helsinki Banking Day and a TARGET Business Day (if applicable).

(g) *Business Day Convention*

If any date referred to in the Conditions is specified in the applicable Issue Terms to be subject to adjustment in accordance with a Business Day Convention and (x) such day would otherwise fall on a day which is not a Business Day or (y) there is no numerically

corresponding day in the calendar months in which such date should occur, then, if the Business Day Convention specified in the applicable Issue Terms is (i) the Floating Rate Convention, (1) in the case of (x) above such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment or (2) in the case of (y) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) above shall apply *mutatis mutandis*, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

All references to the CGMHI Guarantor and the CGMHI Deed of Guarantee in the Conditions including but not limited to this General Condition shall be ignored in relation to Notes issued by Citigroup Inc. or CGMFL. As stated above, all references to the CGMFL Guarantor and the CGMFL Deed of Guarantee in the Conditions including but not limited to this General Condition shall be ignored in relation to Notes issued by Citigroup Inc. or CGMHI.

The Issuer will, subject to the exceptions and limitations set forth below, pay as additional interest to the holder of any Note or entitled person under the Citigroup Inc. Deed of Covenant such amounts as may be necessary so that every net payment on such Note or the Citigroup Inc. Deed of Covenant, after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of such payment by the United States (or any political subdivision or taxing authority thereof or therein) will not be less than the amount provided in such Note or the Citigroup Inc. Deed of Covenant to be then due and payable. However, the Issuer will not be required to make any such payment of additional interest for or on account of:

- (i) any tax, assessment or other governmental charge that would not have been imposed but for (A) the existence of any present or former connection between such holder or beneficial owner or entitled person (or between a fiduciary, settlor or beneficiary of, or a person holding a power over, such holder or beneficial owner or entitled person, if such holder or beneficial owner or entitled person is an estate or a trust, or a member or shareholder of such holder or beneficial owner or entitled person, if such holder or beneficial owner or entitled person is a partnership or corporation) and the United States, including, without limitation, such holder or beneficial owner or entitled person (or such fiduciary, settlor, beneficiary, person holding a power, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in trade or business or present therein or having or having had a permanent establishment therein or (B) such holder's or beneficial holder's or entitled person's past or present status as a personal holding company or private foundation or other tax-exempt organisation with respect to the United States or as a corporation that accumulates earnings to avoid United States federal income tax;

 - (v) any tax, assessment or other governmental charge required to be deducted or withheld by any Paying Agent or the Registrar, as the case may be, from a payment on a Note or under the Citigroup Inc. Deed of Covenant if such payment can be made without such deduction or withholding by any other Paying Agent or the Registrar (if applicable);
 - (vi) any tax, assessment or other governmental charge that would not have been imposed but for a failure to comply with applicable certification, documentation, information or other reporting requirement concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of or entitled person under a Note or the Citigroup Inc. Deed of Covenant if, without regard to any tax treaty, such compliance is required by statute or regulation of the United States as a precondition to relief or exemption from such tax, assessment or other governmental charge;
 - (vii) any tax, assessment or other governmental charge imposed on a holder or beneficial holder or entitled person that actually or constructively owns 10 per cent. or more of the combined voting power of all classes of stock of the Issuer as described in Section 871(h)(3)(B) of the United States Internal Revenue Code of 1986, as amended (the "**Code**"), that is a bank receiving interest described in Section 881(c)(3)(A) of the Code, that receives contingent interest described in Section 871(h)(4) of the Code or that is a controlled foreign corporation related to the Issuer through stock ownership as described in Section 881(c)(3)(C) of the Code;
 - (viii) a payment on a Note or the Citigroup Inc. Deed of Covenant to a holder or entitled person that is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to the additional interest had such beneficiary, settlor, member or beneficial owner been the holder or entitled person of or under such Note or the Citigroup Inc. Deed of Covenant;
 - (ix) taxes imposed under Sections 871(m) or 1471 through 1474 of the Code, any regulations promulgated thereunder or official interpretations thereof, or any agreement entered into pursuant to such legislation or legislation enacted to comply with such an agreement; or
 - (x) any tax, assessment or governmental charge imposed on any Note that the Issuer indicates in the applicable Issue Terms it will not treat as a debt for United States federal income tax purposes.
- (b) *The provisions of this paragraph (b) apply only where CGMHI is the Issuer*

The Issuer will, subject to the exceptions and limitations set forth below, pay as additional interest to the holder of any Note or entitled person under the CGMHI Deed of Covenant or the CGMHI Deed of Guarantee such amounts as may be necessary so that every net payment on such Note or the CGMHI Deed of Covenant or the CGMHI Deed of Guarantee, after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of such payment by the United States (or any political subdivision or taxing authority thereof or therein) will not be less than the amount provided in such Note or the CGMHI Deed of Covenant or the CGMHI Deed of Guarantee to be then due and payable. However, the Issuer will not be required to make any such payment of additional interest for or on account of:

- (i) any tax, assessment or other governmental charge that would not have been imposed but for (A) the existence of any present or former connection between such holder or beneficial owner or entitled person (or between a fiduciary, settlor or beneficiary of, or a person holding a power over, such holder or entitled person, if such holder or beneficial owner or entitled person is an estate or a trust, or a member or shareholder of such holder or beneficial owner or entitled person, or if such holder or beneficial owner or entitled person is a partnership or corporation) and the United States, including, without limitation, such holder or beneficial owner or entitled person (or such fiduciary, settlor, beneficiary, person holding a power, member or shareholder) being or having been a citizen or resident thereof or being or having been engaged in trade or business or present therein or having or having had a permanent establishment therein or (B) such holder's or beneficial owner's or entitled person's past or present status as a personal holding company or private foundation or other tax-exempt organisation with respect to the United States or as a corporation that accumulates earnings to avoid United States federal income tax;
- (ii) any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, assessment or other governmental charge;
- (iii) any tax, assessment or other governmental charge that would not have been imposed but for the presentation for payment or demand for payment, as the case may be, by the holder or beneficial owner or entitled person of a Note or under the CGMHI Deed of Covenant or under the CGMHI Deed of Guarantee more than 15 days after the date on which such payment became due and payable or on which payment thereof was duly provided for, whichever occurs later (the "**Relevant Date**");
- (iv) any tax, assessment or other governmental charge that is payable otherwise than by deduction or withholding from a payment on a Note, under the CGMHI Deed of Covenant or under the CGMHI Deed of Guarantee;
- (v) any tax, assessment or other governmental charge required to be deducted or withheld by any Paying Agent or the Registrar, as the case may be, from a payment on a Note or under the CGMHI Deed of Covenant or under the CGMHI Deed of Guarantee if such payment can be made without such deduction or withholding by any other Paying Agent or the Registrar (if applicable);
- (vi) any tax, assessment or other governmental charge that would not have been imposed but for a failure to comply with applicable certification, documentation, information or other reporting requirement concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner or entitled person under a Note or the CGMHI Deed of Covenant or the CGMHI Deed of Guarantee if, without regard to any tax treaty, such compliance is required by statute or regulation of the United States as a precondition to relief or exemption from such tax, assessment or other governmental charge;
- (vii) any tax, assessment or other governmental charge imposed on a holder or beneficial owner or entitled person that actually or constructively owns 10 per cent. or more of the combined voting power of all classes of stock of the Issuer as described in Section 871(h)(3)(B) of the United States Internal Revenue Code of 1986, as amended (the "**Code**"), that is a bank receiving interest described in Section 881(c)(3)(A) of the Code, that receives contingent interest described in Section 871(h)(4) of the Code or that is a controlled foreign corporation related to the Issuer through stock ownership as described in Section 881(c)(3)(C) of the Code;
- (viii) a payment on a Note or the CGMHI Deed of Covenant or the CGMHI Deed of Guarantee to a holder or entitled person that is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would

not have been entitled to the additional interest had such beneficiary, settlor, member or beneficial owner been the holder or entitled person of or under such Note or the CGMHI Deed of Covenant or the CGMHI Deed of Guarantee;

- (ix) taxes imposed under Sections 871(m) or 1471 through 1474 of the Code, any regulations promulgated thereunder or official interpretations thereof, or any agreement entered into pursuant to such legislation or legislation enacted to comply with such an agreement; or
- (x) any tax, assessment or governmental charge imposed on any Note that the Issuer indicates in the applicable Issue Terms it will not treat as a debt for United States federal income tax purposes.

(c) *The provisions of this paragraph (c) apply only where CGMFL is the Issuer*

The Issuer and the CGMFL Guarantor will, subject to the exceptions and limitations set forth below, pay as additional interest to the holder of any Note or entitled person under the CGMFL Deed of Covenant or the CGMFL Deed of Guarantee such amounts as may be necessary so that every net payment on such Note, the CGMFL Deed of Covenant or the CGMFL Deed of Guarantee, after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of such payment by Luxembourg (in the case of payments by CGMFL) or the United Kingdom (in the case of payments by the CGMFL Guarantor (or, in either case, any political subdivision or taxing authority thereof or therein) will not be less than the amount provided in such Note, the CGMFL Deed of Covenant or the CGMFL Deed of Guarantee to be then due and payable. However, neither the Issuer nor the CGMFL Guarantor will be required to make any such payment of additional interest for or on account of:

- (i) any tax, assessment or other governmental charge that would not have been imposed but for the existence of any present or future connection between such holder or beneficial owner or entitled person and Luxembourg, (in the case of payments by CGMFL) or the United Kingdom (in the case of payments by the CGMFL Guarantor) other than the mere holding of the Note or being entitled under the CGMFL Deed of Covenant or the CGMFL Deed of Guarantee; or
- (ii) any Note, the CGMFL Deed of Covenant or the CGMFL Deed of Guarantee presented for payment in Luxembourg; or
- (iii) any tax, assessment or other governmental charge to which such holder or beneficial owner or entitled person would not be liable or subject by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (iv) any tax, assessment or governmental charge that would not have been imposed but for the presentation for payment or demand for payment, as the case may be, by the holder or beneficial owner or entitled person of a Note or under the CGMFL Deed of Covenant or the CGMFL Deed of Guarantee more than 15 days after the date on which such payment became due and payable or on which payment thereof was duly provided for, whichever occurs later (the "**Relevant Date**"); or
- (v) taxes imposed under Sections 871(m) or 1471 through 1474 of the Code, any regulations promulgated thereunder or official interpretations thereof, any agreement entered into pursuant to such legislation, or any law implementing an intergovernmental approach thereto.

(d) *The provisions of this paragraph (d) apply to all Notes, regardless of the Issuer*

References in the Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, any Redemption Amount, any Early Redemption Amount, any Optional Redemption Amount, in relation to Zero Coupon Notes, the Amortised Face Amount

and all other amounts in the nature of principal payable pursuant to General Condition 5 (*Redemption and Purchase*) and the Valuation and Settlement Schedule and the provisions of the applicable Issue Terms, (ii) "**interest**" shall be deemed to include any Interest Amount and all other amounts in the nature of interest payable pursuant to General Condition 4 (*Interest*) and the Valuation and Settlement Schedule and the provisions of the applicable Issue Terms and (iii) in any context, the payment of the principal of (or premium, if any) or interest on any Note, such mention shall be deemed to include mention of the payment of additional interest provided for in this General Condition 7 to the extent that, in such context, additional interest is, was or would be payable in respect thereof pursuant to the provisions of this General Condition 7 and express mention of the payment of additional interest (if applicable) in any provisions hereof shall not be construed as excluding additional interest in those provisions hereof where such express mention is not made. Where the Valuation and Settlement Schedule and the applicable Issue Terms do not provide for the payment of interest, references to interest in the Conditions shall be disregarded and the Conditions construed accordingly.

8. **Prescription**

(i) English Law Notes

Claims against the Issuer for payment in respect of English Law Notes shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date (as defined in General Condition 7 (*Taxation*)) in respect thereof.

(ii) Swedish Notes

Claims against the Issuer for payment in respect of Swedish Notes shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date. For the purposes of this General Condition 8, "**Relevant Date**" means the date on which such payment first becomes due, or such later date on which an interruption of the period of limitation (Sw. *preskriptionsavbrott*) is made in accordance with the Swedish Limitations Act 1981 (Sw. *preskriptionslagen (1991: 130)*).

(iii) Finnish Notes

Claims against the Issuer for payment in respect of Finnish Notes and any principal and interest shall be prescribed unless made within three years after the date on which such payment becomes due and payable therefor and thereafter any principal or interest payable in respect of such Finnish Notes shall be forfeited and revert to the Issuer.

(iv) New York Law Notes

Under New York's statute of limitations, any legal action to enforce the Issuer's payment obligations evidenced by New York Law Notes must be commenced within six years after payment is due. Thereafter the Issuer's payment obligations will generally become unenforceable.

9. **Events of Default**

As stated above, all references to the CGMHI Guarantor and the CGMHI Deed of Guarantee in the Conditions including but not limited to this General Condition shall be ignored in relation to Notes issued by Citigroup Inc. or CGMFL and all references to the CGMFL Guarantor and the CGMFL Deed of Guarantee in the Conditions including but not limited to this General Condition shall be ignored in relation to Notes issued by Citigroup Inc. or CGMHI.

- (a) "**Event of Default**" wherever used herein with respect to the Notes means any one of the following events:

- (i) default in the payment of any interest upon any Note, if any, when it becomes due and payable, and continuance of such default for a period of 30 days; or
- (ii) default in the payment of the principal of any Note at its due date and continuance of any such default for a period of ten days; or
- (iii) default in the performance, or breach, of any covenant of the Issuer or (where the Issuer is CGMFL) the CGMFL Guarantor in the Conditions or the Fiscal Agency Agreement (other than a covenant a default in whose performance or whose breach is elsewhere in this General Condition 9 specifically dealt with) or (where the Issuer is CGMFL) the CGMFL Guarantor under the CGMFL Deed of Guarantee and continuance of such default or breach for a period of 60 days after there has been given, by registered or certified mail, to the Issuer or (where the Issuer is CGMFL) the CGMFL Guarantor, as the case may be, by the holders of at least 25 per cent. in principal amount of the Outstanding Notes, a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder; or
- (iv) THIS GENERAL CONDITION 9(a)(iv) ONLY APPLIES WHERE THE ISSUER IS CITIGROUP INC. OR CGMHI: the entry of a decree or order for relief in respect of the Issuer by a court having jurisdiction in the premises in an involuntary case under the United States Federal bankruptcy laws, as now or hereafter constituted, or any other applicable United States Federal or State bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the Issuer or of the whole or substantially the whole of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days; or
- (v) THIS GENERAL CONDITION 9(a)(v) ONLY APPLIES WHERE THE ISSUER IS CITIGROUP INC. OR CGMHI: the commencement by the Issuer of a voluntary case under the United States Federal bankruptcy laws, as now or hereafter constituted, or any other applicable United States Federal or State bankruptcy, insolvency or other similar law, or the consent by it to the entry of an order for relief in an involuntary case under any such law or to the appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the Issuer or of the whole or substantially the whole of its property, or the making by the Issuer of an assignment for the benefit of its creditors generally, or the admission by the Issuer in writing of its inability to pay its debts generally as they become due; or
- (vi) THIS GENERAL CONDITION (9)(a)(vi) ONLY APPLIES WHERE THE ISSUER IS CGMFL:
 - (A) any order is made by any component court or any resolution passed for the winding up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation, (*insolvabilité, liquidation volontaire or judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert vérificateur, juge délégué or juge commissaire*) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement; or
 - (B) the entry of a decree or order for relief in respect of the CGMFL Guarantor by a court having jurisdiction in the premises in an involuntary case under the United Kingdom bankruptcy laws, as now or hereafter constituted, or any

- other applicable United Kingdom bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the CGMFL Guarantor or of the whole or substantially the whole of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days; or
- (C) the commencement by the CGMFL Guarantor of a voluntary case under the United Kingdom bankruptcy laws, as now or hereafter constituted, or any other applicable United Kingdom bankruptcy, insolvency or other similar law, or the consent by it to the entry of an order for relief in an involuntary case under any such law or to the appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the CGMFL Guarantor or of the whole or substantially the whole of its property, or the making by the CGMFL Guarantor of an assignment for the benefit of its creditors generally, or the admission by the CGMFL Guarantor in writing of its inability to pay its debts generally as they become due; or
- (vii) the CGMFL Deed of Guarantee ceases to be, or is claimed by the CGMFL Guarantor not to be, in full force and effect (except, for the avoidance of doubt, where this is a result of the CGMFL Guarantor becoming the Issuer pursuant to the Conditions). For the avoidance of doubt, for the purposes of this provision, the CGMFL Deed of Guarantee shall be deemed not to have ceased to be in full force and effect in circumstances where there is a consolidation or merger of the CGMFL Guarantor in accordance with General Condition 14 (*Consolidation or Merger*) or where a substitution of the CGMFL Guarantor is effected in accordance with General Condition 15 (*Substitution of the Issuer and the Guarantor*).
- (b) If an Event of Default with respect to the Notes at the time Outstanding occurs and is continuing, then in every such case the holders of not less than 25 per cent. in principal amount of the Outstanding Notes may declare the Notes, by a notice in writing to the Issuer, the CGMFL Guarantor and the Fiscal Agent, to be immediately due and payable, whereupon each principal amount of the Notes equal to the Calculation Amount shall become due and repayable at the Early Redemption Amount. Upon such payment in respect of any Note, all obligations of the Issuer and the CGMFL Guarantor in respect of such Note shall be discharged. For the avoidance of doubt, all references to "Notes" are references to Notes of a Series.
- (c) "**Outstanding**" when used with respect to the Notes, means, as of the date of determination, all Notes authenticated and delivered under the Conditions prior to such date, except:
- (i) Notes cancelled by the Fiscal Agent or the Registrar or delivered to the Fiscal Agent or the Registrar for cancellation;
- (ii) Notes or portions thereof for whose payment or redemption money in the necessary amount has been deposited with the Fiscal Agent or any other Paying Agent in accordance with the Fiscal Agency Agreement; provided, however, that if such Notes or portions thereof are to be redeemed, notice of such redemption has been duly given pursuant to the Conditions or provision therefor satisfactory to the Fiscal Agent has been made; and
- (iii) Notes in exchange for or in lieu of which other Notes have been authenticated and delivered pursuant to the Conditions, other than any such Notes in respect of which there shall have been presented to the Fiscal Agent or the Registrar proof satisfactory to it that such Notes are held by a bona fide purchaser in whose hands such Notes are valid obligations of the Issuer,

provided, however, that in determining whether the holders of the requisite principal amount of Notes Outstanding have performed any act hereunder, Notes owned by the Issuer or the CGMFL Guarantor or any person directly or indirectly controlling or controlled by or under direct or indirect common control of the Issuer or the CGMFL Guarantor shall be disregarded and deemed not to be Outstanding. Notes so owned that have been pledged in good faith may be regarded as Outstanding if the pledgee establishes to the satisfaction of the Fiscal Agent or the Registrar the pledgee's right to act with respect to such Notes and that the pledgee is not the Issuer or the CGMFL Guarantor or any person directly or indirectly controlling or controlled by or under direct or indirect common control of the Issuer or the CGMFL Guarantor.

10. **Meetings of Noteholders, Modifications and Determinations**

(a) *Meetings of Noteholders*

The Fiscal Agency Agreement contains provisions for convening meetings of holders of Notes to consider any matter affecting their interests, including modification by Extraordinary Resolution (as defined in the Fiscal Agency Agreement) of the Notes (including the Conditions insofar as the same may apply to the Notes) or the relevant Deed of Covenant, the CGMHI Deed of Guarantee or the CGMFL Deed of Guarantee, as applicable, as they relate to the Notes. An Extraordinary Resolution duly passed at any such meeting shall be binding on all the holders of the Notes, whether present or not, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, or any date for payment of interest thereon, (ii) to reduce or cancel the principal amount of the Notes, the Early Redemption Amount, the Redemption Amount or any other amount payable on redemption of the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest, (iv) if a Minimum Interest Rate and/or a Maximum Interest Rate is specified in the applicable Issue Terms, to reduce any such Minimum and/or Maximum Interest Rate, (v) to change any method of calculating the Early Redemption Amount, the Redemption Amount, (vi) to change the currency or currencies of payment of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of holders of Notes or any adjournment thereof or the majority required to pass the Extraordinary Resolution or (viii) to take any steps which as specified in the Terms and Conditions may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, will only be binding if passed at a meeting of the holders of Notes (or at any adjournment thereof) at which a special quorum (provided for in the Fiscal Agency Agreement is present. For the avoidance of doubt, all references to "Notes" are references to Notes of a Series.

If a holder of Swedish Notes held through a nominee (an "**Indirect Noteholder**") attends the meeting (in person or through a duly authorised agent) and shows a certificate from the relevant nominee showing that such Indirect Noteholder on the fifth (5th) Stockholm Business Day prior to the meeting was a holder of Swedish Notes, the Indirect Noteholder shall be regarded the holder of such Swedish Notes for the purposes of this General Condition 10.

In connection with a meeting of holders of such Swedish Notes, the Swedish Notes Issuing and Paying Agent shall, to the fullest extent permitted under the Swedish CSD Rules, have access to the CSD Register (*Sw. avstämningsregistret*) for the Swedish Notes.

- (b) Notwithstanding any provision to the contrary in the Conditions or any other transaction document, under Luxembourg law, a decision of the shareholders of CGMFL to amend the corporate objects of CGMFL, to change the legal form of CGMFL or its nationality and/or to increase the commitments of CGMFL's shareholders must be approved by a resolution of the Noteholders. Such resolution of the Noteholders may exclusively be taken, and their meeting resolving thereupon must be convened and held, in accordance with the Companies Act 1915, as long as any such specific requirements exist under the Companies Act 1915 (the "**Luxembourg Law Resolutions**").

A Luxembourg Law Resolution must be passed in accordance with the requirements of the Companies Act 1915. There are specific quorum requirements for Luxembourg Law

Resolutions set out in the Companies Act 1915. Certain Luxembourg Law Resolutions passed at any meeting of the Noteholders will be binding on all Noteholders, whether or not they are present at the meeting. If there ceases to be specific requirements under Luxembourg law for the above matters, any resolutions on these matters will be taken in the form of Extraordinary Resolutions (as defined in the Fiscal Agency Agreement).

(c) *Modifications*

The Issuer, the CGMHI Guarantor and the CGMFL Guarantor may make, without the consent of the Noteholders:

- (i) any modification (except as mentioned above) to, as applicable, the Notes, the Fiscal Agency Agreement, the relevant Deed of Covenant, the Swedish Notes Issuing and Paying Agency Agreement, the Finnish Notes Issuing and Paying Agency Agreement, the CGMHI Deed of Guarantee and/or the CGMFL Deed of Guarantee, as applicable, which is, in the opinion of the Issuer, not materially prejudicial to the interests of the Noteholders (without considering the individual circumstances of any Noteholder or the tax or other consequences of such modification in any particular jurisdiction); or
- (ii) any modification to the Notes, the Fiscal Agency Agreement, the relevant Deed of Covenant, the Swedish Notes Issuing and Paying Agency Agreement, the Finnish Notes Issuing and Paying Agency Agreement, the CGMHI Deed of Guarantee and/or the CGMFL Deed of Guarantee, as applicable, which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with General Condition 13 (*Notices*) as soon as practicable thereafter.

Save as provided therein, the Swedish Notes Issuing and Paying Agency Agreement may be amended by agreement among the parties thereto and without the consent of any holders of the Notes.

(d) *Determinations*

Whenever any matter falls to be determined, considered, elected, selected or otherwise decided upon by the Issuer, the Calculation Agent or any other person (including where a matter is to be decided by reference to the Issuer or the Calculation Agent's or such other person's opinion), that matter shall be determined, considered, elected, selected or otherwise decided upon by the Issuer, the Calculation Agent or such other person, as the case may be, in good faith and (i) where "Sole and Absolute Determination" is specified in the applicable Issue Terms, in its sole and absolute discretion or (ii) where "Commercial Determination" is specified in the applicable Issue Terms, in a commercially reasonable manner.

The Calculation Agent or such other person may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate. The Issuer may delegate any of its obligations and functions to a third party as it deems appropriate.

All discretions exercised and determinations, considerations, elections, selections or other decisions made in respect of the Notes by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Noteholders and (in the absence of wilful default or bad faith) neither the Issuer nor the Calculation Agent shall have responsibility to any person for any errors or omissions in (a) calculation by the Calculation Agent or the Issuer, as the case may be, of any amount due in respect of the Notes or (b) any determination made by the Calculation Agent or the Issuer, as the case may be.

(e) *Exercise of Discretion*

In exercising its discretion in respect of the Notes as provided herein, each of the Issuer and the Calculation Agent or such other person (described in (c) above) may take into account such factors as it determines appropriate in each case, which may include, in particular, any circumstances or events which have or may have a material impact on the hedging arrangements entered into by a Hedging Party (as defined in the Valuation and Settlement Schedule) in respect of the Notes. The exercise of the Issuer's and/or the Calculation Agent's and/or such other person's discretion in respect of the Notes as provided herein are necessary because certain circumstances or events (for example a material modification or disruption to an Underlying to which the Notes are linked) may occur subsequent to the issuance of the Notes which may materially affect the costs to a Hedging Party of maintaining the relevant Notes or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Notes. In addition, as a result of certain circumstances or events (e.g. unavailability or disruption to any reference source), it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of any Underlying or otherwise in connection with the Notes to be made, thus making it necessary for the Issuer and/or the Calculation Agent to exercise its discretion in such a case.

(f) *Hedging Arrangements*

As used in this General Condition 10, "**hedging arrangements**" means the arrangements, if any, the Issuer makes to have available to it the relevant cash amounts to be paid under the Notes as these fall due. This may involve a Hedging Party investing directly in an Underlying. Alternatively, a Hedging Party may make an indirect investment by entering into or acquiring a derivative contract referencing an Underlying. Such hedging arrangements may be carried out on a portfolio basis (i.e. where the Hedging Party maintains arrangements for hedging the Notes together with other obligations of the Issuer and/or its Affiliates). A Hedging Party will seek to select hedging arrangements which are efficient for it in the context of the tax, regulatory and business environment in which it operates, but will do so without having regard to the interests of Noteholders. A Hedging Party may also adjust hedging arrangements from time to time but will not always be able to avoid adverse costs, taxes or regulatory changes which affect its hedging arrangements. For the avoidance of doubt, no Hedging Party is under any obligation to enter into any hedging arrangements and, if any hedging arrangements are entered into, such arrangements will not confer any rights or entitlements on any Noteholder and no Noteholder will have recourse to any such hedging arrangements.

(g) *Determination of amounts payable*

The Issuer and/or the Calculation Agent and/or such other person will employ the methodology described in the Conditions (including the Valuation and Settlement Schedule) to determine amounts payable in respect of the Notes. When making any such determination in relation to any amounts so payable, the Issuer and/or the Calculation Agent and/or such other persons may in its/their sole and absolute discretion consider any relevant information, which may but is not required to include, without limitation, one or more of the following:

- (i) quotations (either firm or indicative) supplied by one or more third parties or information sources;
- (ii) information consisting of relevant market data in the relevant markets supplied by one or more third parties or information sources including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads correlation or other relevant market data in the relevant market; or
- (iii) information of the types described in (i) or (ii) above from internal sources (including any Affiliates of the Issuer and/or the Calculation Agent and/or such other persons) or other information of a type used by the Issuer and/or the Calculation Agent and/or such other persons in the regular course of its business or in connection with similar transactions.

Whenever the Issuer and/or the Calculation Agent and/or such other persons is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Issuer and/or the Calculation Agent and/or such other persons in the performance or exercise of any of its obligations or discretions under the Notes including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion.

(h) *Rounding*

For the purposes of any calculations required pursuant to the Conditions (unless otherwise specified), (x) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures will be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts which fall due and payable will be rounded to the nearest "**unit**" of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes unit means the lowest amount of such currency which is available as legal tender in the country of such currency.

(i) *Disclaimer of liability and responsibility*

The Issuer and/or the Calculation Agent and/or such other persons makes no express or implied representations or warranties as to (i) the advisability of investing in or obtaining exposure to the Notes, (ii) the value of the Notes at any particular time on any particular date, or (iii) any amounts that may become payable or deliverable in respect of the Notes.

Without limiting any of the foregoing, in no event shall the Calculation Agent and/or such other persons have any liability (whether in negligence or otherwise) to any Noteholders for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

The Calculation Agent and/or such other persons and/or such other persons shall not have any responsibility to any holder for any errors or omissions in any calculations or determinations in respect of the Notes and acts solely as an agent of the Issuer, the CGMHI Guarantor and the CGMFL Guarantor and does not assume any obligations towards or relationship of agency or trust for or with any holder.

(j) *Conflict of Interest*

In addition to providing calculation agency services to the Issuer, the Calculation Agent or any of its Affiliates may perform further or alternative roles relating to the Issuer and any Series of Notes including, but not limited to, for example, being involved in arrangements relating to any Underlying(s) (for example as a calculation agent or, in the case of a proprietary index for example, as index sponsor). Furthermore, the Calculation Agent or any of its Affiliates may contract with the Issuer and/or enter into transactions which relate to the Issuer, the Notes or any Underlying and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates' interests in other capacities. Subject to all regulatory obligations, neither the Issuer nor the Calculation Agent in respect of the Notes shall owe any duty or responsibility to any Noteholder to avoid any conflict or to act in the interests of any Noteholder.

11. **Replacement of Notes**

"Cut-off Date" means, in respect of a Payment Date, the day which is five Business Days prior to such Payment Date.

"DIR Inflation Linked Notes" are Notes which either bear interest payable at, or calculated by reference to, a rate determined by reference to movements in an inflation index and the specific interest payment date to allow interpolation between the two monthly fixings.

"Fallback Bond" means, in respect of an Inflation Index, if "Fallback Bond" is specified as applicable in the applicable Issue Terms, (a) the bond specified as such in the applicable Issue Terms; or (b) if no such bond is specified, a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation such Inflation Index relates and which pays a coupon or redemption amount which is calculated by reference to such Inflation Index, with a maturity date which falls on (i) the same day as the Maturity Date; (ii) the next longest maturity after the Maturity Date if there is no such bond maturing on the Maturity Date; or (iii) the next shortest maturity before the Maturity Date if no bond described in (i) or (ii) above is selected by the Calculation Agent. If the Inflation Index relates to the level of inflation across the European Monetary Union ("**EMU**"), then the Calculation Agent will select an inflation-linked bond which is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays interest or redemption amount which is calculated by reference to the level of inflation in the EMU. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, then the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond in respect of an Inflation Index redeems, then the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

"Index Sponsor" means, in respect of an Inflation Index, the corporation or other entity which (a) is responsible for setting and reviewing the rules and procedures and methods of calculation and adjustments, if any, related to such Inflation Index; and (b) announces (directly or through an agent) the level of such Inflation Index.

"Inflation Index" means each Underlying classified as such in the applicable Issue Terms or any Successor Index.

"Inflation Rate Notes" are Notes which either bear interest payable at, or calculated by reference to, a rate determined by reference to movements in an inflation index.

"Manifest Error Cut-off Date" means, in respect of a Payment Date, two Business Days prior to such Payment Date, unless otherwise specified in the applicable Issue Terms.

"Payment Date" means, in respect of a Valuation Date, the Interest Payment Date, the Maturity Date or other date to which such Valuation Date relates.

"Reference Month" means, in respect of an Inflation Index and a Valuation Date, each month specified as such for such Valuation Date in the applicable Issue Terms.

"Revision Cut-off Date" means, in respect of a Payment Date, two Business Days prior to such Payment Date, unless otherwise specified in the applicable Issue Terms.

2. **Valuation**

"Underlying Closing Level" means, in respect of an Inflation Index, a Valuation Date and a related Reference Month, the level of such Inflation Index in respect of such Reference Month, as displayed on the applicable Electronic Page.

Valuation Time and Underlying Level shall not apply to an Inflation Index.

3. **Disruption to Valuation**

(a) *Determination of the Underlying Closing Level of an Inflation Index on a Valuation Date*

Any Specified Valuation Date shall not be adjusted in relation to an Inflation Index and the Substitute Index Level provisions set out below shall apply thereto. The provisions of Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) shall only apply in relation to Underlying(s) which are not Inflation Indices (if any).

(b) *Substitute Index Level*

(i) Inflation Rate Notes

This paragraph (i) only applies in relation to Inflation Rate Notes.

If an Underlying Closing Level for a Reference Month has not been published or announced by the Cut-off Date for the relevant Payment Date, then the Calculation Agent shall, subject to any provisions specified in the applicable Issue Terms, determine a substitute index level (the **"Substitute Index Level"**) by using the following methodology:

- (A) if Fallback Bond is specified as applicable in the applicable Issue Terms, the Calculation Agent will take the same action to determine the Substitute Index Level for the affected Reference Month as that taken by the relevant calculation agent pursuant to the terms and conditions of any relevant Fallback Bond; and
- (B) if there is no Fallback Bond or sub-paragraph (A) does not result in a Substitute Index Level for the relevant Reference Month for any reason, then the Calculation Agent will determine the Substitute Index Level in accordance with the formula set out below:

Where:

"Base Level" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimate) published or announced by the relevant Index Sponsor in respect of the month which is 12 calendar months prior to the Reference Month for which the Substitute Index Level is being determined;

"Latest Level" means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any "flash" estimate) published or announced by the relevant Index Sponsor prior to the Reference Month in respect of which the Substitute Index Level is being determined;

"Reference Level" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimate) published or announced by the relevant Index Sponsor in respect of the month which is 12 calendar months prior to the Reference Month referred to in the definition for "Latest Level" above; and

- (C) if the Underlying Closing Level of an Inflation Index for a Reference Month is published or announced at any time after the Cut-off Date for the relevant Payment Date, then such Underlying Closing Level will not be used in any calculation. The Substitute Index Level determined pursuant to this Inflation Index Condition 3 will be the Underlying Closing Level in respect of the relevant Reference Month.

(ii) DIR Inflation Linked Notes

This paragraph (ii) only applies in relation to DIR Inflation Linked Notes.

If an Underlying Closing Level for a Reference Month has not been published or announced by the Cut-off Date for the relevant Payment Date, then the Calculation Agent shall, subject to any provisions specified in the applicable Issue Terms, determine a substitute index level (the "**Substitute Index Level**") by using the following methodology:

- (A) if Fallback Bond is specified as applicable in the applicable Issue Terms, the Calculation Agent will take the same action to determine the Substitute Index Level for the affected Reference Month as that taken by the relevant calculation agent pursuant to the terms and conditions of any relevant Fallback Bond; and
- (B) if there is no Fallback Bond or sub-paragraph (i) does not result in a Substitute Index Level for the relevant Reference Month for any reason, then the Calculation Agent will determine the Substitute Index Level as follows:
 - (1) in the definition of DIR Index, if the Underlying Closing Level of the specified Inflation Index is not available for either Month A or Month B (both as specified in the applicable Issue Terms), the DIR Index Figure applicable to the relevant Interest Payment Date will be the Latest Level, where

"Latest Level" means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any "flash" estimate) published or announced by the relevant Index Sponsor;
 - (2) in the definition of DIR Index, if the Underlying Closing Level of the specified Inflation Index is not available for both Month A and Month B, then Inflation Index Condition 6(d) (*Substitution of an Inflation Index*) will apply.
- (C) if the Underlying Closing Level of an Inflation Index for a Reference Month is published or announced at any time after the Cut-off Date for the relevant Payment Date, then such Underlying Closing Level will not be used in any calculation. The Substitute Index Level determined pursuant to this Inflation Index Condition 3 will be the Underlying Closing Level in respect of the relevant Reference Month.

4. **Additional Early Redemption Events**

The following Additional Early Redemption Events shall apply in respect of an Inflation Index:

- (a) the Calculation Agent determines that no Successor Index can be determined under Inflation Index Condition 5(d) (*Substitution of an Inflation Index*); and
- (b) the Calculation Agent determines that no adjustment can reasonably be made under Inflation Index Condition 5(e) (*Modification of an Inflation Index*).

5. **Additional Provisions**

- (a) *Correction of published or announced prices or levels*

The provisions of Valuation and Settlement Condition 2(j) (*Correction of published or announced prices or levels*) shall not apply in respect of an Inflation Index.

(b) *Revision of the level of an Inflation Index*

The operation of this Inflation Index Condition 5(b) is subject as provided in Inflation Index Condition 5(c) (*Correction of a manifest error in the level of an Inflation Index*) below.

If "Revision" is specified as applicable for an Inflation Index in the applicable Issue Terms, then the first publication and announcement of an Underlying Closing Level of such Inflation Index, or any revision to such Underlying Closing Level made no later than the relevant Revision Cut-off Date, shall be final and conclusive.

If "No Revision" is specified as applicable for an Inflation Index in the applicable Issue Terms, then the first publication and announcement of an Underlying Closing Level of such Inflation Index shall be final and conclusive, and any later revision to such Underlying Closing Level will not be used in any calculation.

If neither "Revision" nor "No Revision" is elected in the applicable Issue Terms, then "No Revision" shall be deemed to apply.

(c) *Correction of a manifest error in the level of an Inflation Index*

If the Calculation Agent determines that the Index Sponsor of an Inflation Index has corrected an Underlying Closing Level for such Inflation Index to correct a manifest error no later than the earlier to occur of (i) the relevant Manifest Error Cut-off Date; and (ii) 30 calendar days following the first publication and announcement of such Underlying Closing Level, then the Calculation Agent may use such corrected Underlying Closing Level for the purposes of any calculation in respect of any relevant Valuation Date. Any correction to an Underlying Closing Level of such Inflation Index published after the relevant Manifest Error Cut-off Date will not be used in any calculation in respect of any relevant Valuation Date. In the event of any inconsistency (as determined by the Calculation Agent) between this Inflation Index Condition 5(c) and Inflation Index Condition 5(b) (*Revision of the level of an Inflation Index*), the operation of this Inflation Index Condition 5(c) shall prevail.

(d) *Substitution of an Inflation Index*

If the Calculation Agent determines that either (i) a level for an Inflation Index has not been published or announced for two consecutive months; and/or (ii) the Index Sponsor announces that it will no longer continue to publish or announce such Inflation Index; and/or (iii) the Index Sponsor cancels such Inflation Index, then the Calculation Agent may replace such Inflation Index with a successor index (a "**Successor Index**") by using the following methodology:

- (i) if at any time a successor index has been designated in respect of an Inflation Index by the calculation agent under any relevant Fallback Bond pursuant to the terms and conditions of such Fallback Bond, then such successor index may be designated a "Successor Index" for such Inflation Index for the purposes of all subsequent Valuation Dates, notwithstanding that any other Successor Index may previously have been determined under sub-paragraph (ii) or (iii);
- (ii) if a Successor Index has not been determined under sub-paragraph (i) and a notice has been given or an announcement has been made by the relevant Index Sponsor, specifying that such Inflation Index will be superseded by a replacement inflation index specified by the relevant Index Sponsor, and the Calculation Agent determines that such replacement inflation index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, then such replacement index shall be such Inflation Index for purposes of the Notes from the date that such replacement Inflation Index comes into effect;

- (iii) if no Successor Index has been determined under sub-paragraph (i) or (ii) by the fifth Business Day prior to the Cut-off Date in respect of the next following Payment Date, then the Calculation Agent will determine an appropriate alternative index and such index will be deemed a "Successor Index".

If a Successor Index is determined in accordance with the above, the Calculation Agent may make such adjustment(s) to the Conditions as the Calculation Agent determines necessary or appropriate to account for such replacement and determine the effective date(s) of the adjustment(s) to the Notes.

If no Successor Index can be determined pursuant to the above, the provisions of Inflation Index Condition 4 (*Additional Early Redemption Events*) shall apply.

(e) *Modification of an Inflation Index*

If, on or prior to any Cut-off Date in respect of a Payment Date, an Index Sponsor announces that it will make a material change to an Inflation Index, then the Calculation Agent shall make such adjustments to the Conditions (i) (if a Fallback Bond is specified for the relevant Inflation Index) as are consistent with any adjustment made to the relevant Fallback Bond; or (ii) (if no Fallback Bond is specified for the relevant Inflation Index) as are necessary for such modified Inflation Index to continue as an Inflation Index.

If no such adjustment can reasonably be made pursuant to the above, the provisions of Inflation Index Condition 4 (*Additional Early Redemption Events*) shall apply.

(f) *Rebasing of the Inflation Index*

If the Calculation Agent determines that an Inflation Index has been or will be rebased at any time, then the Inflation Index as so rebased (the "**Rebased Index**") will be used for the purposes of determining any Underlying Closing Level of such Inflation Index from the date of such rebasing.

If a Fallback Bond is specified for the relevant Inflation Index, then the Calculation Agent shall make such adjustments to the levels of such Rebased Index as are made by the calculation agent pursuant to the terms and conditions of the relevant Fallback Bond, so that the levels of such Rebased Index reflect the same rate of inflation as the relevant Inflation Index before it was rebased.

If no Fallback Bond is specified for the relevant Inflation Index, then the Calculation Agent shall make such adjustments to the levels of such Rebased Index, so that the levels of such Rebased Index reflect the same rate of inflation as the relevant Inflation Index before it was rebased.

In each case, the Calculation Agent may make such adjustment(s) to the terms of the Conditions as the Calculation Agent determines necessary or appropriate to account for such rebasing and determine the effective date(s) of the adjustment(s) to the Notes.

Any such rebasing shall not affect any prior payments made under the Notes.

UNDERLYING SCHEDULE 2 RATE CONDITIONS

This Underlying Schedule shall apply to each Underlying classified in the applicable Issue Terms as a "Rate".

For the avoidance of doubt, defined terms used in this Underlying Schedule shall only apply in respect of Notes linked to Rates.

1. Definitions

"**Disrupted Day**" shall have the meaning given to it in Rate Condition 3 (*Disruption to Valuation*).

"**ISDA Definitions**" means the 2006 ISDA Definitions as amended and updated as at the Issue Date of the first Tranche of the Notes as published by the International Swaps and Derivatives Association, Inc.

"**Rate**" means each Underlying classified as such in the applicable Issue Terms.

"**Scheduled Trading Day**" shall, in respect of a Rate, have the meaning given to it for such Rate in the applicable Issue Terms.

2. Valuation

(a) Closing Valuations

"**Underlying Closing Level**" means, in respect of a Rate and a Valuation Date, the percentage rate of such Rate for such Valuation Date, which appears on the applicable Electronic Page as of the Valuation Time. For the avoidance of doubt, a Rate will be determined as of the Valuation Time which may not be the "closing time" and a Rate may only be determined once on any Scheduled Trading Day.

(b) Intraday Valuations

Underlying Level does not apply to an Underlying that is a Rate.

(c) Valuation Time

"**Valuation Time**" means, in respect of a Rate, the time specified for such Rate in the applicable Issue Terms.

3. Disruption to Valuation

"**Disrupted Day**" means, in respect of a Rate, any Scheduled Trading Day for such Rate on which the percentage rate of such Rate for such Scheduled Trading Day does not appear on the Electronic Page.

4. Additional Provisions

(a) Correction of published or announced prices or levels

Unless "Correction Provisions" are specified as applicable in the applicable Issue Terms, the provisions of Valuation and Settlement Condition 2(j) (*Correction of published or announced prices or levels*) do not apply in respect of a Rate.

(b) Scheduled Trading Day

If any Specified Valuation Date(s) is not a Scheduled Trading Day for a Rate then, if neither "Preceding Scheduled Trading Day" nor "Modified Following Scheduled Trading Day" is specified in respect of such Rate in the applicable Issue Terms, then the provisions of

Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) applies in respect of that Rate; or,:

- (i) if "Preceding Scheduled Trading Day" is specified for such Rate in the applicable Issue Terms, the Valuation Date shall be the Scheduled Trading Day falling first preceding such Specified Valuation Date, unless such day is a Disrupted Day for the Underlying, in which case Rate Condition 5(c) (*Determination of the Underlying Closing Level of a Rate on a Disrupted Day*) shall apply; or
- (ii) if "Modified Following Scheduled Trading Day" is specified for such Rate in the applicable Issue Terms, the Valuation Date shall be the Scheduled Trading Day following first succeeding such Specified Valuation Date, unless such day would fall into the next calendar month, in which event the Valuation Date shall be the Scheduled Trading Day falling first preceding such Specified Valuation Date, unless, in either such case, such day is a Disrupted Day for the Underlying, in which case Rate Condition 5(c) (*Determination of the Underlying Closing Level of a Rate on a Disrupted Day*) shall apply.

Where "Move In Block" is specified in the applicable Issue Terms in relation to adjustments to Scheduled Trading Days and "Preceding Scheduled Trading Day" or "Modified Following Scheduled Trading Day" is specified in the applicable Issue Terms in respect of a Rate, then the adjustment provisions relating to Preceding Scheduled Trading Day or, as the case may be, Modified Following Scheduled Trading Day prevail and Valuation and Settlement Condition 2(c)(ii) shall be construed so as not to apply to such Rate and consequently all reference to "for all of the Underlyings" and "for any of the Underlyings" in Valuation and Settlement Condition 2(c)(ii) shall be construed not to include any such Rate.

(c) *Determination of the Underlying Closing Level of a Rate on a Disrupted Day*

The provisions of Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) do not apply in respect of a Rate.

If any Specified Valuation Date(s) (if applicable, adjusted in accordance with the provisions of Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) or, as the case may be, Rate Condition 5(b) (*Scheduled Trading Day*) above) is a Disrupted Day for a Rate, then (a) if ISDA Fallback Determination is not specified as applicable in the applicable Issue Terms, then the Calculation Agent shall determine the Underlying Closing Level of such Rate for the Valuation Date at such time and by reference to such sources as it deems appropriate; or (b) otherwise, if ISDA Fallback Determination is specified as applicable in the applicable Issue Terms, the Calculation Agent shall determine the Underlying Closing Level for such Rate on the Valuation Date as being the rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the applicable Issue Terms;
- (ii) the Designated Maturity is a period specified in the applicable Issue Terms; and
- (iii) the relevant Reset Date is the relevant Valuation Date,

Provided That, the Floating Rate Option shall always be determined by reference to the rate which appears on the relevant screen page or price source on the applicable Reset Date and, accordingly, all references in any Floating Rate Option to the contrary, including any references to the rate on any day other than that Reset Date shall be deemed to be deleted and the words "on the Reset Date" shall be substituted therefor, all as determined by the Calculation Agent.

For the purposes of this subparagraph, Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

Where "Move In Block" is specified in the applicable Issue Terms in relation to adjustments to Disrupted Days, then the adjustment provisions above prevail and reference to "for all of the Underlyings" in Valuation and Settlement Condition 2(d)(ii) shall be construed not to include any Underlying that is a Rate.

(d) *Cut-off Valuation Date*

If the Valuation Date for a Rate determined as provided above would otherwise fall on a day falling after the second Scheduled Trading Day for such Rate prior to the date on which a relevant payment is scheduled to be made under the Notes (the "**Cut-off Valuation Date**"), such Valuation Date shall be deemed to be the Cut-off Valuation Date (notwithstanding that such date either (A) is not a Scheduled Trading Day for such Rate; or (B) is a Disrupted Day for such Rate) and the provisions of Valuation and Settlement Condition 2(e)(ii) shall apply in respect thereof.

UNDERLYING SCHEDULE 3 CREDIT LINKED INTEREST CONDITIONS

"Credit Event" means the occurrence of any one or more of the Credit Events specified in the applicable Issue Terms which may include Bankruptcy, Failure to Pay, Governmental Intervention, Obligation Acceleration, Obligation Default, Repudiation/Moratorium or Restructuring, or any additional Credit Event specified in the applicable Issue Terms, as determined by the Calculation Agent.

If an occurrence would otherwise constitute a Credit Event, such occurrence will constitute a Credit Event whether or not such occurrence arises directly or indirectly from, or is subject to a defence based upon:

- (a) any lack or alleged lack of authority or capacity of a Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;
- (b) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;

For the avoidance of doubt, the Credit Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

"Credit Event Notice" means a notice from the Calculation Agent (which may be by telephone) to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Credit Event that occurred at or after 12.01 a.m. Greenwich Mean Time on the Issue Date or, if specified as applicable in the applicable Issue Terms, the Credit Event Backstop Date and at or prior to 11.59 p.m., Greenwich Mean Time, on the latest of:

- (b) each Reference Obligation of such Reference Entity specified in the applicable Issue Terms, unless specified as an Excluded Obligation; and

- (c) any Additional Obligation of such Reference Entity specified as such in the applicable Issue Terms.

Method for Determining Obligations. For the purposes of paragraph (a) of this definition of "**Obligation**", the term "**Obligation**" may be defined as each obligation of the Reference Entity described by the Obligation Category specified in the applicable Issue Terms, and having each of the Obligation Characteristics (if any) specified in the applicable Issue Terms, in each case, as of the date of the event which constitutes the Credit Event which is the subject of the Credit Event Notice or the notice to ISDA resulting in the occurrence of the Credit Event Resolution Request Date, as applicable. The following terms shall have the following meanings:

- (a) "**Obligation Category**" means Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan, only one of which shall be specified in the applicable Issue Terms, where:
- (i) "**Payment**" means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including, without limitation, Borrowed Money;
 - (ii) "**Borrowed Money**" means any obligation (excluding an obligation under a revolving credit arrangement for which there are no outstanding unpaid drawings in respect of principal) for the payment or repayment of borrowed money (which term shall include, without limitation, deposits and reimbursement obligations arising from drawings pursuant to letters of credit);

- (i) (A) "**Not Subordinated**" means an obligation that is not Subordinated to (i) the most senior Reference Obligation in priority of payment or (ii) if no Reference Obligation is specified in the applicable Issue Terms, any unsubordinated Borrowed Money obligation of the Reference Entity; provided that, if any of the events set forth under sub-paragraph (i) of the definition of "Substitute Reference Obligation" herein has occurred with respect to all of the Reference Obligations or if the events described in the final paragraph of the definition of "Successor" herein have occurred with respect to the Reference Obligation (each, in each case, a "**Prior Reference Obligation**") and no Substitute Reference Obligation has been identified for any of the Prior Reference Obligations at the time of the determination of whether an obligation satisfies the "Not Subordinated" Obligation Characteristic, "Not Subordinated" shall mean

an obligation that would not have been Subordinated to the most senior such Prior Reference Obligation in priority of payment. For purposes of determining whether an obligation satisfies the "Not Subordinated" Obligation Characteristic, the ranking in priority of payment of each Reference Obligation or each Prior Reference Obligation, as applicable, shall be determined as of the date as of which the relevant Reference Obligation or Prior Reference Obligation, as applicable, was issued or incurred, and shall not reflect any change to such ranking in priority of payment after such date;

- (B) "**Subordination**" means, with respect to an obligation (the "**Subordinated Obligation**") and another obligation of the Reference Entity to which such obligation is being compared (the "**Senior Obligation**"), a contractual, trust or other similar arrangement providing that (i) upon the liquidation, dissolution, reorganisation or winding up of the Reference Entity, claims of the holders of the Senior Obligation will be satisfied prior to the claims of the holders of the Subordinated Obligation or (ii) the holders of the Subordinated Obligation will not be entitled to receive or retain payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the Senior Obligation. "Subordinated" will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign;
- (ii) "**Specified Currency**" means an obligation that is payable in the currency or currencies specified as such in the applicable Issue Terms (or, if Specified Currency is specified in the applicable Issue Terms and no currency is so specified, any of the lawful currencies of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the Euro and any successor currency to any of the aforementioned currencies, which currencies shall be referred to collectively in the applicable Issue Terms as the "**Standard Specified Currencies**");

- (v) "**Not Domestic Law**" means any obligation that is not governed by the laws of (a) the relevant Reference Entity, if such Reference Entity is a Sovereign, or (b) the jurisdiction of organisation of the relevant Reference Entity, if such Reference Entity is not a Sovereign;

- (vii) "**Not Domestic Issuance**" means any obligation other than an obligation that was, at the time the relevant obligation was issued (or reissued, as the case may be) or incurred, intended to be offered for sale primarily in the domestic market of the relevant Reference Entity. Any obligation that is registered or qualified for

sale outside the domestic market of the relevant Reference Entity (regardless of whether such obligation is also registered or qualified for sale within the domestic market of the relevant Reference Entity) shall be deemed not to be intended for sale primarily in the domestic market of the Reference Entity; and

- (viii) the terms defined in (b)(i) to (b)(vii) above shall be subject to the following rules of interpretation:
- (A) If the Obligation Characteristic "Listed" is specified in the applicable Issue Terms, the applicable Issue Terms shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category; and
- (B) in the event that an Obligation is a Qualifying Guarantee, the following will apply:
- (1) For purposes of the application of the Obligation Category, the Qualifying Guarantee shall be deemed to be described by the same category or categories as those that describe the Underlying Obligation.
 - (2) For purposes of the application of the Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics, if any, specified in the applicable Issue Terms from the following list: Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency and Not Domestic Law. For these purposes, unless otherwise specified in the applicable Issue Terms, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the Euro shall not be a Domestic Currency and (B) the laws of England and the laws of the State of New York shall not be a Domestic Law.
 - (3) For purposes of the application of the Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics, if any, specified in the applicable Issue Terms from the following list: Listed, Not Contingent, Not Domestic Issuance, Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer.

Rules shall, in each case, be the Reference Entity for the purposes of the relevant Credit Linked Interest Notes, unless in the case of sub-paragraph (b) the Calculation Agent, acting in its sole and absolute discretion, determines that it is inappropriate to follow such DC Resolution for the purposes of the Credit Linked Interest Notes.

"Repudiation/Moratorium Extension Notice" means an irrevocable notice (which may be by telephone) from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Potential Repudiation/Moratorium that occurred on or after the Issue Date and on or prior to the Scheduled Maturity Date. - (b) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates;
- (c) a postponement or other deferral of a date or dates for either (x) the payment or accrual of interest or (y) the payment of principal or premium;
- (d) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
- (e) any change in the currency or composition of any payment of interest or principal to any currency which is not a Permitted Currency.

Notwithstanding the above provisions, none of the following shall constitute a Restructuring:

- (iii) the occurrence of, agreement to or announcement of any of the events described in (a) to (e) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity.

For purposes of the definition of Restructuring and the definition of Multiple Holder Obligation, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in the applicable Issue Terms, as provider of any Qualifying Guarantee. In the case of a Qualifying Guarantee and an Underlying Obligation, references to the Reference Entity in the initial paragraph and sub-paragraphs (a) to (e) of the definition of Restructuring shall be deemed to refer to the Underlying Obligor and the reference to the Reference Entity in paragraphs (i), (ii) and (iii) of this definition of Restructuring shall continue to refer to the Reference Entity.

"Restructuring Date" means, with respect to a Restructured Bond or Loan, the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

- (a) In the event that:
 - (i) a Reference Obligation in respect of such Reference Entity is redeemed in whole; or
 - (ii) in the opinion of the Calculation Agent (1) the aggregate amounts due under any Reference Obligation in respect of such Reference Entity have been materially

- reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments), (2) any Reference Obligation in respect of such Reference Entity is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of such Reference Entity enforceable in accordance with its terms or (3) for any other reason, other than due to the existence or occurrence of a Credit Event, any Reference Obligation in respect of such Reference Entity is no longer an obligation of a Reference Entity, the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation in respect of such Reference Entity.
- (b) Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that (A) ranks *pari passu* (or, if no such Obligation exists, then, at the Issuer's option, an Obligation that ranks senior) in priority of payment with such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date as of which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such date), (B) preserves the economic equivalent, as closely as practicable as determined by the Calculation Agent of the delivery and payment obligations of the Issuer and (C) is an obligation of a Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in the applicable Issue Terms, as provider of any Qualifying Guarantee). The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations.
 - (c) If more than one specific Reference Obligation is identified as a Reference Obligation in respect of such Reference Entity in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to one or more but not all of such Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each such Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.
 - (d) If more than one specific Reference Obligation is identified as a Reference Obligation in respect of such Reference Entity in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to all of such Reference Obligations, and the Calculation Agent determines that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.
 - (e) If:
 - (i) more than one specific Reference Obligation is identified as a Reference Obligation in respect of such Reference Entity in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to all of such Reference Obligations and the Calculation Agent determines that no Substitute Reference Obligation is available for any of such Reference Obligations; or
 - (ii) only one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in paragraph (a) above has occurred with respect to such Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for that Reference Obligation,

then the Calculation Agent shall continue to attempt to identify a Substitute Reference Obligation until the later of (1) the Scheduled Maturity Date, (2) the Grace Period Extension Date (if any) and (3) the Repudiation/Moratorium Evaluation Date (if any

- (f) For the purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

"Succession Event" means (i) with respect to a Reference Entity that is not a Sovereign, an event such as a merger, de-merger, consolidation, amalgamation, transfer of assets or liabilities, spin off or other similar event in which one entity succeeds to the obligations of another entity, whether by operation of law or pursuant to any agreement or (ii) with respect to a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other event that results in any direct or indirect successor(s) to such Reference Entity. Notwithstanding the foregoing, "Succession Event" shall not include an event (A) in which the holders of obligations of the Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a merger, demerger, consolidation, amalgamation, transfer of assets or liabilities, spin-off or other similar event or (B) if Succession Event Backstop Date is specified as applicable in the applicable Issue Terms, with respect to which the legally effective date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Succession Event Backstop Date.

"Succession Event Backstop Date" means (a) for purposes of any event that constitutes a Succession Event, as determined by DC Resolution, the date that is 90 calendar days prior to the Succession Event Resolution Request Date or (b) otherwise, the date that is 90 calendar days prior to the earlier of (i) the date on which the Calculation Agent becomes aware of the occurrence of a Succession Event and (ii) in circumstances where (A) the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraphs (a) and (b) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters and (C) the Calculation Agent determines a Successor not more than fourteen calendar days after the day on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters, the Succession Event Resolution Request Date. The Succession Event Backstop Date shall not be subject to adjustment in accordance with any Business Day.

"Succession Event Resolution Request Date" means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

- (a) whether an event that constitutes a Succession Event has occurred with respect to the relevant Reference Entity; and
- (b) if the relevant Credit Derivatives Determinations Committee Resolves that such event has occurred, (i) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event or (ii) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

"Successor" means:

- (a) in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined either in the sole discretion of the Calculation Agent, or alternatively, if elected by the Calculation Agent as set forth below:

- (i) if one entity directly or indirectly succeeds to seventy-five per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor;
 - (ii) if only one entity directly or indirectly succeeds to more than twenty-five per cent. (but less than seventy-five per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each directly or indirectly succeed to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Issue Terms will be adjusted as provided below;
 - (iv) if one or more entity each directly or indirectly succeed to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the applicable Issue Terms will be adjusted as provided below;
 - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of the Succession Event;
 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor; and
- (b) in relation to a Sovereign Reference Entity, any direct or indirect successor(s) to that Reference Entity irrespective of whether such successor(s) assumes any of the obligations of such Reference Entity.

In the case of paragraph (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the legally effective date of the Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under paragraph (a)(vi) above, as applicable; provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor in relation to the relevant Reference Entity, and in sub-paragraphs (a) and (b)(i) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant

Credit Derivatives Determinations Committee has Resolved not to determine a Successor or the request the subject of the Succession Event Resolution Request Date is withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event with respect to the relevant Reference Entity has occurred, unless in either case the Calculation Agent, acting in its sole and absolute discretion, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Credit Linked Interest Notes. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under paragraph (a)(vi) above, as applicable, the Calculation Agent shall use, in respect of each applicable Relevant Obligation included in such calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information and shall, as soon as practicable after such calculation, make such calculation available for inspection by Noteholder(s) at the specified office of the Registrar (in the case of Registered Notes).

In the case of (b) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the date of occurrence of the relevant Succession Event), and with effect from the date of occurrence of the Succession Event, each Sovereign and/or entity, if any, that qualifies under (b) above; provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor in relation to the relevant Reference Entity, and in sub-paragraphs (a) and (b)(ii) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor or the request the subject of the Succession Event Resolution Request Date is withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event with respect to the relevant Reference Entity has occurred, unless in either case the Calculation Agent, acting in its sole and absolute discretion, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Credit Linked Interest Notes.

Where pursuant to paragraph (a)(iii) or (a)(iv) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Terms and Conditions and/or the applicable Issue Terms as it in its sole and absolute discretion acting in a commercially reasonable manner shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Terms and Conditions and/or the applicable Issue Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Interest Notes under the provisions of the 2003 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with General Condition 13 (*Notices*), stating the adjustment to the Terms and Conditions and/or the applicable Issue Terms and giving brief details of the relevant Succession Event.

For the purposes of this definition of "Successor", "**succeed**" means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or

guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

Where:

- (x) a Reference Obligation is specified in the applicable Issue Terms; and
- (y) one or more Successors to the Reference Entity have been identified; and
- (z) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined in accordance with the definition of "Substitute Reference Obligation" above.

"Supranational Organisation" means any entity or organisation established by treaty or other arrangement between two or more Sovereigns or the Sovereign Agencies of two or more Sovereigns, and includes, without limiting the foregoing, African Development Bank, Asian Development Bank, Council of Europe Development Bank, European Investment Bank, Inter-American Development Bank, International Finance Corporation, Islamic Development Bank, Nordic Investment Bank, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and the European Bank for Reconstruction and Development.

If the Issuer shall fail to redeem each Credit Linked Interest Note when due, interest shall continue to accrue on the outstanding principal amount of such Credit Linked Interest Note from (and including) the due date for redemption until (but excluding) the earlier of (A) the date on which all amounts due in respect of such Credit Linked Interest Note have been paid, and (B) five days after the date on which the full amount of the moneys payable in respect of such Credit Linked Interest Note has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13 (*Notices*) at the Interest Rate applicable in respect of the last occurring Interest Period, provided that:

- (i) subject as provided in paragraph (ii) below, each Credit Linked Interest Note shall cease to bear interest from the Interest Period End Date immediately preceding the Credit Event Determination Date, or if the Credit Event Determination Date is an Interest Period End Date such Interest Period End Date or, if the Credit Event Determination Date falls prior to the first Interest Period End Date, no interest shall accrue on the Credit Linked Interest Notes; and
- (ii) if:
 - (A) Credit Linked Interest Conditions 3(c) (*Repudiation/Moratorium Extension*) or 3(d) (*Grace Period Extension*) applies in respect of the Credit Linked Interest

Notes and, in the case of Credit Linked Interest Condition 3(c) (*Repudiation/Moratorium Extension*), a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Interest Condition 3(d) (*Grace Period Extension*) a Failure to Pay has not occurred on or prior to the Grace Period Extension Date, as the case may be; and/or

- (B) Credit Linked Interest Condition 3(e) (*Maturity Date Extension*) applies in respect of the Credit Linked Interest Notes and the Scheduled Maturity Date, the Grace Period Extension Date or the Repudiation/Moratorium Evaluation Date, as the case may be, is postponed as provided therein,

then interest will accrue as provided in Credit Linked Interest Condition 3(c) (*Repudiation/Moratorium Extension*), 3(d) (*Grace Period Extension*) or 3(e) (*Maturity Date Extension*), as the case may be."

3. **Redemption and Cessation of Interest Provisions**

(a) *Redemption at Maturity*

For the purposes of these provisions only General Condition 5(a) (*Final Redemption*) will be replaced by the following:

"(a) *Redemption at Maturity.*

Unless previously redeemed or purchased and cancelled in accordance with these Conditions, each Calculation Amount of the Credit Linked Interest Notes will be redeemed on the Maturity Date by payment of the Redemption Amount."

(b) *Cessation of Accrual of Interest on Credit Linked Interest Notes*

Unless previously redeemed or purchased and cancelled, if Conditions to Settlement are satisfied during the Notice Delivery Period (the date on which the Conditions to Settlement are satisfied being the "**Credit Event Determination Date**"), the Issuer shall give notice to the Noteholders in accordance with General Condition 13 (*Notices*). The Credit Linked Interest Notes shall then cease to bear interest from the Interest Period End Date (or the Issue Date, if the Credit Event Determination Date occurs prior to the first Interest Period End Date) immediately preceding the Credit Event Determination Date in accordance with Credit Linked Interest Condition 2 (*Interest Provisions*).

(c) *Repudiation/Moratorium Extension*

Where Repudiation/Moratorium is specified as a Credit Event in the applicable Issue Terms, the provisions of this Credit Linked Interest Condition 3(c) shall apply.

Where Conditions to Settlement have not been satisfied on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if Credit Linked Interest Condition 3(c)(ii) below applies, the Postponed Maturity Date (as defined below) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium will in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Noteholders in accordance with General Condition 13 (*Notices*) that a Potential Repudiation/Moratorium has occurred and:

- (i) where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Period End Date immediately preceding the Scheduled Maturity Date (or, if none, the Interest Commencement Date) to (but excluding) the Scheduled Maturity Date but shall only be

obliged to make such payment of interest on the third Business Day following the Repudiation/Moratorium Evaluation Date and no further or other amount in respect of interest shall be payable and no additional interest or other amount shall be payable in respect of such delay; or

- (ii) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and Conditions to Settlement are satisfied in the Notice Delivery Period the Credit Event Determination Date shall be deemed to be the day immediately preceding the Final Interest Period End Date and interest shall cease to accrue in accordance Credit Linked Interest Condition 2 (*Interest Provisions*).

(d) *Grace Period Extension*

If "Grace Period Extension" is specified as applicable in the applicable Issue Terms, the provisions of this Credit Linked Interest Condition 3(d) shall apply:

- (i) Where Conditions to Settlement have not been satisfied on or prior to the Scheduled Maturity Date but a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date), then:

- (A) where such Potential Failure to Pay does not become a Failure to Pay on or prior to the Grace Period Extension Date:

- (1) the Issuer shall be obliged to pay interest calculated as provided herein, in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the third Business Day on which, in the sole and absolute discretion of the Calculation Agent, such Potential Failure to pay is no longer occurring; and
- (2) no further or additional interest shall be payable and no other amount shall be payable in respect of such delay; or

- (B) where a Failure to Pay has occurred as a result of such Potential Failure to Pay on or prior to the Grace Period Extension Date in relation to such Potential Failure to Pay and the Conditions to Settlement are satisfied in the Notice Delivery Period, the Credit Event Determination Date shall be deemed to be the day immediately preceding the Scheduled Maturity Date (and for the avoidance of doubt, no interest shall be payable as provided in (i) above).

(e) *Maturity Date Extension*

If:

- (i) on (A) the Scheduled Maturity Date or, (B) if applicable, the Repudiation/Moratorium Evaluation Date, or (C) if Grace Period Extension is specified as applying in the applicable Issue Terms, the Grace Period Extension Date, as the case may be, Conditions to Settlement have not been satisfied but, in the opinion of the Calculation Agent, a Credit Event may have occurred; or
- (ii) on the Scheduled Maturity Date, in the opinion of the Calculation Agent, a Potential Repudiation/Moratorium may have occurred,

the Calculation Agent may notify the Noteholders in accordance with General Condition 13 (*Notices*) that the Scheduled Maturity Date, the Repudiation/Moratorium Evaluation Date or the Grace Period Extension Date, as the case may be, has been postponed to a date (such date

the "**Postponed Maturity Date**") specified in such notice falling 30 calendar days after the Scheduled Maturity Date, the Repudiation/Moratorium Evaluation Date or the Grace Period Extension Date, as the case may be, or if such date is not a Business Day, the immediately succeeding Business Day and:

where:

(I) in the case of Credit Linked Interest Condition 3(e)(i) the Conditions to Settlement are not satisfied on or prior to the Postponed Maturity Date, or, in the case of Credit Linked Interest Condition 3(e)(ii), the Repudiation/Moratorium Extension Condition is not satisfied on or prior to the Postponed Maturity Date:

(A) subject as provided below each principal amount of Credit Linked Interest Notes equal to the Calculation Amount will be redeemed by the Issuer by payment of the Redemption Amount on the Maturity Date; and

(B) the Issuer shall be obliged to pay interest calculated as provided herein accruing from (and including) the Interest Period End Date immediately preceding the Scheduled Maturity Date (or if none the Interest Commencement Date) to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Postponed Maturity Date and no further or other amount in respect of interest shall be payable and no additional interest or other amount shall be payable in respect of such delay; or

(II) where:

(A) in the case of Credit Linked Interest Condition 3(e)(i) Conditions to Settlement are satisfied on or prior to the Postponed Maturity Date, the Credit Event Determination Date shall be deemed to be the day immediately preceding the Final Interest Period End Date and interest shall cease to accrue in accordance with Credit Linked Interest Condition 2 (*Interest Provisions*); or

(B) in the case of Credit Linked Interest Condition 3(e)(ii) the Repudiation/Moratorium Extension Condition is satisfied on or prior to the Postponed Maturity Date, the provisions of Credit Linked Interest Condition 3(e) shall apply to the Credit Linked Interest Notes save that the Credit Event Determination Date shall be deemed to be the day immediately preceding the Final Interest Period End Date and interest shall cease to accrue in accordance with Credit Linked Interest Condition 2 (*Interest Provisions*).

(f) *Provisions relating to Multiple Holder Obligation*

If this Credit Linked Interest Condition 3(f) is specified as applicable in the applicable Issue Terms, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a) to (e) of the definition of Restructuring shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

"**Multiple Holder Obligation**" means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in this sub-paragraph (ii).

4. **Calculation Agent and Calculation Agent Notices**

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to this Credit Linked Interest Condition 4 shall (in the absence of manifest error) be final and binding on the Issuer and the Noteholders. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. In performing its duties pursuant to the Credit Linked Interest Notes, the Calculation Agent shall act in its sole and absolute discretion. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit Linked Interest Notes including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and neither the Calculation Agent nor the Issuer shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

The Calculation Agent in making any determination in relation to the Conditions to Settlement may take account of any determination of a Credit Derivatives Determinations Committee. The Calculation Agent shall however be under no duty or obligation whatsoever to take account of any determination of a Credit Derivatives Determinations Committee, and for the avoidance of doubt, is entirely at liberty to take a contrary or different position to any Credit Derivatives Determination Committee.

In relation to the delivery by the Calculation Agent to the Issuer of any notice pursuant to this Credit Linked Interest Condition 4, a notice delivered on or prior to 4:00 p.m. (Calculation Agent City time) on a Calculation Agent City Business Day will be effective on such Calculation Agent City Business Day. A notice delivered after 4:00 p.m. (Calculation Agent City time) on a Calculation Agent City Business Day or on a day which is not a Calculation Agent City Business Day will be deemed effective on the next following Calculation Agent City Business Day, regardless of the form in which it is delivered. For purposes of the two preceding sentences, a notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.

Calculation Amount \times (the DIR Index Ratio in respect of such Interest Payment Date \pm Margin) \times DCF

- (ii) where an Interest Participation Rate is specified in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

Calculation Amount \times (the DIR Index Ratio in respect of such Interest Payment Date \pm Margin) \times DCF \times IPR

PROVIDED HOWEVER, in the case of each of (i) and (ii) above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar).

Where:

"DCF" means the Day Count Fraction (as defined in Valuation and Settlement Condition 3 (*Fixed Rate, Floating Rate and CMS Interest Linked Interest Amounts*) below) and, for which purpose, an Interest Period and Interest Period End Date shall be as defined in Valuation and Settlement Condition 3 (*Fixed Rate, Floating Rate and CMS Interest Linked Interest Amounts*) below.

"Base Index Figure" shall be as specified in the applicable Issue Terms.

"DIR Index" means any Underlying which is an Inflation Index and is designated as the DIR Index in the applicable Issue Terms.

Any reference to the **"DIR Index Figure"** applicable to a particular Interest Payment Date shall be calculated in accordance with the following formula:

$$\text{Index Month A} + \frac{(\text{Day of Interest Payment Date} - 1)}{(\text{Days in month of Interest Payment Date})} \times (\text{Index Month B} - \text{Index Month A})$$

and where:

"DIR Index Ratio" applicable to any Interest Payment Date means the DIR Index Figure applicable to such date divided by the Base Index Figure.

"Margin" means the percentage rate specified for such Interest Payment Date in the applicable Issue Terms, which shall be preceded with either a "+" (plus) or a "-" minus sign (provided that if the applicable Issue Terms specify Margin to be not applicable for such Interest Payment Date, it shall be deemed to be equal to zero).

"Index Month A" means the Underlying Closing Level of the DIR Index for the month that is the number of calendar months prior to the month in which the relevant Interest Payment Date falls, such number being as specified under Index Month A in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Index Month B" means the Underlying Closing Level of the DIR Index for the month that is the number of calendar months prior to the month in which the relevant Interest Payment Date falls, such number being as specified under Index Month B in the applicable Issue Terms and which shall be the month falling one month after Index Month A. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Interest Participation Rate" or **"IPR"** means, in respect of an Interest Payment Date, the amount or percentage rate specified for such Interest Payment Date under the heading "Interest Participation Rate" in the applicable Issue Terms.

In the case of Inflation Rate Notes and DIR Inflation Linked Notes, as soon as practicable the Calculation Agent will determine the Interest Amounts for the relevant Interest Period. The Interest Amounts so determined may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under General Condition 9 (*Events of Default*) of the General Conditions, the interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Valuation and Settlement Condition but no publication of the Interest Amount so calculated need be made.

The Calculation Agent will cause the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Fiscal Agent and any stock exchange on which the relevant Inflation Rate Notes or DIR Inflation Linked Notes are for the time being listed and notice thereof to be published in accordance with General Condition 13 (*Notices*) of the General Conditions as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. For the purposes of this paragraph, the expression **"London Business Day"** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

2. **Underlying Valuation Provisions**

(a) *General*

The provisions applicable to valuing each Underlying and to making any adjustment to Valuation Dates or following Adjustment Events are specified in this Valuation and Settlement Condition 2 and in the Underlying Schedule applicable to such Underlying, as amended and supplemented (where relevant) by the applicable Issue Terms.

(b) *Underlying Closing Level or Underlying Level on a Valuation Date*

The Underlying Closing Level or the Underlying Level (as applicable) of an Underlying on a Valuation Date shall be determined as specified in the Underlying Schedule applicable to such Underlying.

(c) *Adjustments to Valuation Dates (Scheduled Trading Days)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s), any Specified Valuation Date(s) specified in the applicable Issue Terms shall be adjusted in accordance with the following provisions:

(i) The following sub-paragraph shall apply to Notes linked to one Underlying.

If a Specified Valuation Date is not a Scheduled Trading Day for the Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for the Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for the Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

(ii) The following sub-paragraph shall apply to Notes linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for all of the Underlyings, unless in the opinion of the Calculation Agent such day is a Disrupted Day for any of the Underlyings, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

(iii) The following sub-paragraph shall apply to Notes linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then:

- (A) the Valuation Date for each Underlying for which such Specified Valuation Date is a Scheduled Trading Day shall be such Specified Valuation Date, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply; and
- (B) the Valuation Date for each Underlying for which such Specified Valuation Date is not a Scheduled Trading Day shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for such affected Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to*

Valuation Dates (Disrupted Days and Underlying Levels)) below (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

(d) *Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s), any Specified Valuation Date(s) (if applicable, as adjusted in accordance with the provisions of Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) above and/or, as the case may be, the provisions of the Underlying Schedules applicable to the relevant Underlying(s)) shall be adjusted in accordance with the following provisions:

- (i) The following sub-paragraph shall apply to Notes linked to one Underlying, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date for such Underlying is a Disrupted Day for such Underlying, then the Valuation Date shall be the earlier of: (I) the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day and which is not a Disrupted Day for the Underlying; and (II) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days immediately following such Specified Valuation Date.

- (ii) The following sub-paragraph shall apply to Notes linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then the Valuation Date shall be the earlier of: (I) the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for all the Underlyings and which is not a Disrupted Day for all of the Underlyings; and (II) the Scheduled Trading Day for all the Underlyings which is the Valuation Roll number of Scheduled Trading Days for all the Underlyings immediately following such Specified Valuation Date.

- (iii) The following sub-paragraph shall apply to Notes linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then:

- (A) if such Specified Valuation Date is not a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be such Specified Valuation Date; and
- (B) if such Specified Valuation Date is a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be the earlier of: (1) the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for such Underlying and which is not a Disrupted Day for such Underlying; and (2) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days for such Underlying immediately following such Specified Valuation Date.
- (iv) If the Valuation Date for any Underlying determined as provided above would otherwise fall on a day falling after the second Scheduled Trading Day (the "**Cut-off Valuation Date**") for such Underlying prior to the date on which a relevant payment or delivery, as applicable, is scheduled to be made under the Notes, such Valuation Date shall be deemed to be the Cut-off Valuation Date (notwithstanding that such date is a

Disrupted Day for such Underlying) and the provisions of Valuation and Settlement Condition 2(e)(ii) below shall apply in respect thereof.

(e) *Adjustments to Valuation Dates (Calculation Agent's determination of Underlying Closing Levels)*

- (i) If the Valuation Date for any Underlying (as determined in accordance with Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) above) is a Disrupted Day for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.
- (ii) If the Valuation Date for any Underlying (as determined in accordance with Valuation and Settlement Condition 2(d)(iv) above) is determined to occur on the Cut-off Valuation Date for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Cut-off Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.

(f) *Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*

If the Calculation Agent determines that the Underlying Level of an Underlying cannot be determined at any time on any Valuation Date by reason of the occurrence of an event giving rise to a Disrupted Day, then the Underlying Level at such time on such day shall be disregarded for the purposes of determining any amounts payable in respect of the Notes.

(g) *Adjustment Events*

If in the determination of the Calculation Agent any Adjustment Event occurs in respect of an Underlying or the Notes (as relevant), then (subject to the provisions of the Underlying Schedule applicable to such Underlying) the Calculation Agent shall (i) make such adjustment to the terms of the Notes as the Calculation Agent determines necessary or appropriate to account for the effect of such Adjustment Event subject to the provisions (if any) of such Underlying Schedule and (ii) determine the effective date of each such adjustment.

If an "Increased Cost of Hedging" occurs, the Calculation Agent may make such adjustment to the terms of the Notes as it determines necessary or appropriate to pass onto Noteholders the relevant increased cost of hedging, which adjustment may include, but is not limited to, reducing any of the amounts which would otherwise be payable under the Notes.

If so specified in the relevant Underlying Schedule, any adjustment(s) made by the Calculation Agent in response to an Adjustment Event may include a substitution of the relevant Underlying and the Calculation Agent may make such other adjustments to the terms of the Notes as it deems necessary or appropriate in relation to such substitution.

(h) *Early Redemption Events*

If, in the determination of the Calculation Agent, any Early Redemption Event occurs, then (in the case of an Additional Early Redemption Event pursuant to paragraph (i) of the definition of such term, subject to the provisions of the Underlying Schedule applicable to the relevant Underlying): (i) all (but not some only) of the Notes will, or (ii) in the case of a Hedging Disruption Early Termination Event, or a Section 871(m) Event, all (but not some only) of the Notes may, in each case of (i) and (ii), be redeemed on a day selected by the Issuer, each Calculation Amount being redeemed by payment of an amount equal to the Early Redemption Amount on the Early Redemption Date.

(i) *Realisation Disruption Event*

If "Realisation Disruption Event" is specified as applicable in the applicable Issue Terms and a Realisation Disruption Event occurs, then the Issuer may either (i) direct the Calculation Agent to make such consequential adjustments to any of the terms of the Notes (including any payment obligations) as it determines appropriate in order to reflect the economic effect of the particular Realisation Disruption Event or (ii) redeem all (but not some only) of the Notes on a day selected by the Issuer, each Calculation Amount being redeemed by payment of an amount equal to the Early Redemption Amount on the Early Redemption Date.

Any such adjustments by the Calculation Agent may include (but are not limited to) (I) payments under the Notes being made in the currency (the "**Local Currency**") in which the Hedging Positions are denominated or payable rather than the Specified Currency, (II) deduction of an amount equal to the applicable tax, charge or deduction from the relevant payment otherwise due under the relevant Notes resulting in reduced amounts paid in respect of the Notes, (III) non-payment of the relevant payment otherwise due under the relevant Notes until the relevant restrictions (including but not limited to all exchange and/or conversion and/or cross-border transfer restrictions) are lifted and/or (IV) determination of any relevant exchange rate by the Calculation Agent taking into consideration all available information that it deems relevant which may result in a different rate to that which would have applied had the Realisation Disruption Event not occurred. Any such adjustments will be effective as of the date determined by the Calculation Agent.

(j) *Correction of published or announced prices or levels*

In the event that any level, price, rate or value (as applicable) of an Underlying for any time on any day which is published or announced by or on behalf of the person or entity responsible for such publication or announcement and which is used for any calculation or determination made in respect of the Notes is subsequently corrected, and the correction (the "**Corrected Level**") is published by or on behalf of such person or entity within the relevant Correction Period after the original publication (and at least two Business Days prior to the relevant date on which a payment is scheduled to be made under the Notes (the "**Relevant Scheduled Payment Date**")), then such Corrected Level shall be deemed to be the level, price, rate or value for the relevant Underlying for the relevant time on the relevant day and the Calculation Agent shall use such Corrected Level in determining any amounts payable in respect of the Notes.

Corrections published after the day which is two Business Days prior to the Relevant Scheduled Payment Date shall be disregarded by the Calculation Agent for the purposes of determining any such amounts payable under the Notes.

(k) *Notifications*

The Calculation Agent shall notify the Issuer and each Paying Agent of any determination made by it in accordance with this Valuation and Settlement Condition and the action that it proposes to take in respect of any such determination. The Issuer shall notify the Noteholders thereof as soon as reasonably practicable thereafter in accordance with General Condition 13 (*Notices*) of the General Conditions. Failure by the Calculation Agent to notify the Issuer or any Paying Agent or failure by the Issuer to notify the Noteholders of any such determination will not affect the validity of any such determination.

(l) *Definitions*

"**Additional Early Redemption Event**" means each of: (i) in respect of an Underlying, each event (if any) specified as such in the Underlying Schedule applicable to such Underlying, and (ii) if Hedging Disruption Early Termination Event or Section 871(m) Event (or both) is specified to be applicable in the applicable Issue Terms, a Hedging Disruption Early Termination Event or Section 871(m) Event (or both), as the case may be (collectively, the "**Additional Early Redemption Events**").

"Adjustment Event" means, in each case, if specified to apply in the applicable Issue Terms, the occurrence at any time of a Change in Law, a Hedging Disruption, an Increased Cost of Hedging or an Increased Cost of Index Event.

"Change in Law" means that (a) due to the adoption of or any change in any applicable law, rule, order, directive or regulation (including, without limitation, any tax law), or (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation, (including any action taken by a taxing authority), the Calculation Agent determines that:

- (i) if **"Illegality"** is specified to apply in the applicable Issue Terms, holding, acquiring or disposing of any Hedging Position becomes or will become unlawful, illegal or otherwise prohibited in whole or in part, and such unlawfulness, illegality or prohibition cannot be cured or avoided by the Issuer (or its agents) taking all commercially reasonable measures available to it (including that any such measures will not result in the Issuer (or its agents) incurring a material loss); or
- (ii) if **"Material Increased Cost"** is specified to apply in the applicable Issue Terms, the Issuer will incur a materially increased cost in performing its obligations in relation to the Notes (including without limitation due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of any relevant Hedging Party) which cannot be avoided by the Issuer (or its agents) taking reasonable measures available to it (as determined by the Issuer) and for which it (or its agents) will not suffer a material loss.

"Correction Period" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"Early Redemption Event" means (i) following the occurrence of an Adjustment Event, the Calculation Agent determines that no adjustment or substitution can reasonably be made under this Valuation and Settlement Condition to account for the effect of such Adjustment Event, or (ii) the occurrence at any time of any Additional Early Redemption Event.

"Electronic Page" means, in respect of an Underlying and (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), the electronic page or source specified for such Underlying or such component, as the case may be, in the applicable Issue Terms, or either (i) any successor electronic page or source or information vendor or provider that has been designated by the sponsor of the original electronic page or source; or (ii) if such sponsor has not officially designated a successor electronic page or source or information vendor or provider, the successor electronic page or source or information vendor or provider designated by the relevant information vendor or provider (if different from such sponsor) or any alternative electronic page or source designated by the Calculation Agent PROVIDED THAT if, in the case of (i) and (ii), the Calculation Agent determines that it is not necessary or appropriate for the Electronic Page to be any such successor electronic page or source or information vendor or provider, then the Electronic Page may be either the originally designated electronic page or source or such other electronic page or source as selected by the Calculation Agent. Where more than one Electronic Page is specified in respect of an Underlying and/or (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), then the provisions of the preceding sentence shall be construed accordingly and (i) if there is any discrepancy between any relevant price or level displayed on the relevant Electronic Pages for any Valuation Date, the relevant price or level selected by the Calculation Agent shall be used for such Valuation Date; and (ii) if any relevant price or level is not published on all of such Electronic Pages but is published on one or more of such Electronic Pages, the Calculation Agent shall use such published price or level for the purpose of determining any calculation or determination in respect of the Notes and no Disrupted Day shall be deemed to have occurred in respect of the failure to publish on the other Electronic Page(s).

"Hedging Disruption" means that any Hedging Party is unable, after using commercially reasonable efforts to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose

of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Notes; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

"Hedging Disruption Early Termination Event" means any action, or any announcement of the intention to take any such action, including adoption of any law, regulation or order or the amendment, elimination, reinterpretation or promulgation of an interpretation, by any regulatory, self-regulatory, legislative or judicial authority with competent jurisdiction (including, without limitation, as implemented by the United States Commodity Futures Trading Commission ("CFTC") or any exchange or trading facility acting pursuant to CFTC authority) that (i) affects the definition of "bona fide hedging" as that term is used in CFTC regulations adopted under Section 4a(a) of the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**") (as at the Trade Date 17 CFR 150.3) or that withdraws or limits as a matter of practice or policy any "hedge exemptions" previously granted by the CFTC or any such exchange or trading facility acting under authority granted pursuant to the Commodity Exchange Act, or affects or otherwise amends such other applicable laws of any jurisdiction which has an analogous effect to any of the events specified in this sub-paragraph (i) or (ii) increases the cost of the performance of the Issuer's obligations in respect of the Notes or the cost of acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Notes, whether individually or on a portfolio basis, in each case occurring after the Trade Date and as determined by the Calculation Agent.

"Hedging Party" means any party which enters into any arrangement which hedges or is intended to hedge, individually or on a portfolio (or "book") basis, the Notes, which party may be the Issuer and/or any of its Affiliates and/or any other party or parties, as determined by the Calculation Agent.

"Hedging Position" means any one or more of (i) positions or contracts (as applicable) in securities, futures contracts, options contracts, other derivative contracts or foreign exchange; (ii) stock loan transactions; or (iii) other instruments or arrangements (however described) entered into by a Hedging Party in order to hedge, individually or on a portfolio (or "book") basis, the Notes.

"Increased Cost of Hedging" means that any Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Notes; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). Any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of any Hedging Party shall not be deemed an Increased Cost of Hedging.

"Increased Cost of Index Event" means, in respect of an Inflation Index, that the relevant Index Sponsor imposes on the Issuer and/or any of its Affiliates increased or unexpected fees and costs for the use of such Inflation Index, which the Calculation Agent determines are material.

"Realisation Disruption Event" means the Calculation Agent determines that:

- (i) either any restrictions or any taxes, charges or other deductions have been imposed by any applicable governmental, taxation, judicial or regulatory body on any dealing by any Hedging Party in any Hedging Positions held by any Hedging Party such that:
 - (A) any Hedging Party is or would be materially restricted from continuing to purchase, sell or otherwise deal in any Hedging Positions (or to enter into, continue or otherwise complete such transactions) and/or is or would be

- materially restricted from exercising its rights, or performing its obligations in respect of any Hedging Positions;
- (B) the Issuer is materially restricted from performing its obligations under the Notes and/or any Hedging Party is materially restricted from performing its obligations under any Hedging Positions; or
 - (C) the Issuer will (or is likely to) incur a materially increased cost in performing its obligations under the Notes and/or any Hedging Party will (or is likely to) incur a materially increased cost in performing its obligations under any Hedging Positions; or

 - (B) such that any Hedging Party is or would be materially restricted from transferring amounts payable under any Hedging Position or in respect of the Notes between (i) the Local Jurisdiction and the jurisdiction of a Hedging Party and/or (ii) the jurisdiction of any Specified Currency and the jurisdiction of a Hedging Party; and/or
 - (C) such that the Calculation Agent's ability to determine a rate at which the Local Currency can be exchanged for any Specified Currency (or vice versa), for any reason becomes restricted, or such determination is otherwise impracticable or such rate is subject to material charges or deductions.

The above provisions refer to "materially restricted", "materially increased" and "material" and any determination in respect of "materially" or "material" in respect of any such provision shall be made by the Calculation Agent which shall have regard to such circumstances as it deems appropriate.

"Section 871(m) Event" means that the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or where the Issuer is CGMFL, the CGMFL Guarantor and/or, in each case, any Hedging Party is (or, in the determination of the Calculation Agent, there is a reasonable likelihood that, within the next 30 Business Days, the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, in each case, any Hedging Party will become) subject to any withholding or reporting obligations pursuant to Section 871(m) of the Code with respect to the Notes and/or, where the Issuer is CGMHI, the CGMHI Deed of Guarantee and/or, where the Issuer is CGMFL, the CGMFL Deed of Guarantee, and/or, in each case, any Hedging Positions.

3. **Fixed Rate, Floating Rate and CMS Interest Linked Interest Amounts**

3.1 **Interest on Fixed Rate Notes**

The Fixed Rate Note Provisions apply to the Notes if specified to apply in the applicable Issue Terms or are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**Fixed Rate Notes**").

(a) *Accrual not applicable to Fixed Rate Notes*

If the applicable Issue Terms specify "Accrual" to be not applicable, in respect of each Interest Payment Date to which the Fixed Rate Note Provisions apply (as specified in the applicable Issue Terms), where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the Issuer will pay the Interest Amount specified for the relevant Interest Payment Date in the Specified Currency. For which purpose, the "**Interest Amount**" will be (i) the amount specified as such in the applicable Issue Terms or, (ii) where different amounts are specified in relation to different Interest Payment Dates, in respect of each Interest Payment Date, the amount specified in respect of such Interest Payment Date or, (iii) if an Interest Table is set out in the applicable Issue Terms, each amount specified in the Interest Table in the column entitled "Interest Amount" in the row corresponding to the date (specified in the column "Interest Payment Date(s)") on which such Interest Payment Date is scheduled to fall.

Payments of interest on any Interest Payment Date will, if so specified in the applicable Issue Terms, be the "Broken Amount" so specified for such Interest Payment Date or, if an Interest Table is set out in the applicable Issue Terms, each amount specified in the Interest Table in the column entitled "Broken Amount" in the row corresponding to the date (specified in the column "Interest Payment Date(s)") on which such Interest Payment Date is scheduled to fall.

(b) *Accrual applicable to Fixed Rate Notes*

If the applicable Issue Terms specify "Accrual" to be applicable, each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Fixed Interest Rate(s) (being an "**Interest Rate**"). Interest will be payable in arrears on each Interest Payment Date to which the Fixed Rate Note Provisions apply (as specified in the applicable Issue Terms). The amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such date will be the Interest Amount.

If an Interest Rate or a Reference Rate for any period or any relevant day is specified in any other Valuation and Settlement Condition or in the applicable Issue Terms to be a "Fixed Interest Rate", the relevant Interest Rate or Reference Rate will be determined in accordance with this Valuation and Settlement Condition 3.1(b).

A different Fixed Interest Rate may apply in respect of different Interest Periods and/or Interest Payment Dates, as specified in the applicable Issue Terms.

(i) Fixed Interest Rate

The "**Fixed Interest Rate**" in respect of each Interest Period shall be equal to the Specified Fixed Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such Specified Fixed Rate for such Interest Period), and further multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such Specified Fixed Rate for such Interest Period).

(ii) Calculation of Interest Amount

Interest shall be calculated in respect of any period by applying the relevant Fixed Interest Rate to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Registered Note Certificate, the aggregate outstanding principal amount of the Fixed Rate Notes represented by such Global Registered Note Certificate; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, (I) multiplying such product by the applicable Day Count Fraction, and (II) where the Range Accrual Note Provisions apply, multiplying the product calculated in (I) by the Accrual Rate, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

3.2 **Interest on Floating Rate Notes and CMS Interest Linked Notes**

(a) *Floating Rate Notes*

The Floating Rate Note Provisions apply to the Notes if specified to apply in the applicable Issue Terms or are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**Floating Rate Notes**").

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, such interest (being an "**Interest Amount**") will be payable in arrears on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Issue Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Issue Terms, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Issue Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date. The Interest Rate in respect of each Interest Period and/or Interest Payment Date to which the Floating Rate Note Provisions apply (as specified in the applicable Issue Terms) will be equal to the Floating Interest Rate.

If an Interest Rate or a Reference Rate for any period or any relevant day is specified in any other Valuation and Settlement Condition or in the applicable Issue Terms to be a "Floating Interest Rate", the relevant Interest Rate or Reference Rate will be determined in accordance with the provisions set out in Valuation and Settlement Condition 3.2(a)(A) or 3.2(a)(B), as applicable.

A different Floating Interest Rate may apply in respect of different Interest Periods and/or Interest Payment Dates, as specified in the applicable Issue Terms.

(A) *Screen Rate Determination*

If Screen Rate Determination is specified in the applicable Issue Terms as the manner in which a Floating Interest Rate is to be determined, the Floating Interest Rate for an Interest Period or a relevant day (such day, a "**Relevant Day**") will be the Screen Rate for such Interest Period or Relevant Day, plus or minus (as indicated in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such Screen Rate), and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such Screen Rate). For the purposes of this subparagraph (A), the Screen Rate for any Interest Period or any Relevant Day will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Page as at the Specified Time on the relevant Interest Determination Date in respect of such Interest Period or such Relevant Day. If five or more of such offered quotations are available on the Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided below) of such offered quotations.

If the Page is not available or if, in the case of (1), no offered quotation appears or, in the case of (2), fewer than three offered quotations appear, in each case as at the Specified Time or by 10.30 a.m. Sydney time in the case of BBSW the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Screen Rate for the

relevant Interest Period or the Relevant Day shall be the arithmetic mean of the offered quotations for the Reference Rate.

If, on any Interest Determination Date, one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Screen Rate for the relevant Interest Period or the Relevant Day shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the relevant Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the relevant Reference Rate Interbank Market (as defined below) or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the relevant Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates (rounded as provided below) for deposits in the relevant Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Calculation Agent it is quoting to leading banks in the relevant Reference Rate Interbank Market, PROVIDED THAT, if the Screen Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Screen Rate shall be determined as at the last preceding Interest Determination Date.

If the Reference Rate specified in the applicable Issue Terms is a rate other than LIBOR, EURIBOR, STIBOR, NIBOR, CIBOR, TIBOR, HIBOR, BBSW or BKBM, the Screen Rate (and the relevant Reference Rate) for any Interest Period or any Relevant Day will be determined as provided in the applicable Issue Terms.

The Calculation Agent shall not be responsible to the Issuer, the CGMHI Guarantor or the CGMFL Guarantor or to any third party as a result of the Calculation Agent having acted on any quotation given by any Reference Bank.

"Reference Rate Interbank Market" means (i) the London interbank market (if the Reference Rate is LIBOR), (ii) the Euro-zone interbank market (if the Reference Rate is EURIBOR), (iii) the Stockholm interbank market (if the Reference Rate is STIBOR), (iv) the Oslo interbank market (if the Reference Rate is NIBOR), (v) the Copenhagen interbank market (if the Reference Rate is CIBOR), (vi) the Tokyo interbank market (if the Reference Rate is TIBOR), (vii) the Hong Kong interbank market (if the Reference Rate is HIBOR), (viii) the Sydney interbank market (if the Reference Rate is BBSW), (ix) the New Zealand interbank market (if the Reference Rate is BKBM) or (x) any relevant interbank market as determined by the Calculation Agent (if the Reference Rate specified in the applicable Issue Terms is a rate other than LIBOR, EURIBOR, STIBOR, NIBOR, CIBOR, TIBOR, HIBOR, BBSW or BKBM).

(B) *ISDA Determination*

If ISDA Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such ISDA Rate) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such ISDA Rate). For the purposes of this subparagraph, **"ISDA Rate"** for an Interest Period means the rate equal to the Floating Rate that would

be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Issue Terms;
- (2) the Designated Maturity is a period specified in the applicable Issue Terms; and
- (3) the relevant Reset Date is as specified in the applicable Issue Terms.

provided that if the Calculation Agent determines that such ISDA Rate cannot be determined in accordance with the ISDA Definitions read with the above provisions, the ISDA Rate for an Interest Period shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to comparable benchmarks then available.

For the purposes of this subparagraph, Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

(b) *CMS Interest Linked Notes*

The CMS Interest Linked Note Provisions apply to the Notes if specified to apply in the applicable Issue Terms or are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**CMS Interest Linked Notes**").

Each CMS Interest Linked Note bears interest from (and including) the Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, such interest (being an "**Interest Amount**") will be payable in arrears on each Interest Payment Date(s) to which the CMS Interest Linked Note Provisions apply (as specified in the applicable Issue Terms).

Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date. The Interest Rate in respect of each Interest Period and/or Interest Payment Date to which the CMS Interest Linked Note Provisions apply (as specified in the applicable Issue Terms) will be equal to the CMS Interest Rate.

If an Interest Rate or a Reference Rate for any period or any relevant day (including any Interest Payment Date) is specified in any other Valuation and Settlement Condition or in the applicable Issue Terms to be a "CMS Interest Rate", the relevant Interest Rate or Reference Rate will be determined in accordance with this Valuation and Settlement Condition 3.2(b).

A different CMS Interest Rate may apply in respect of different Interest Periods and/or Interest Payment Dates, as specified in the applicable Issue Terms.

(i) *Single CMS Interest Rate*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "Single CMS Interest Rate", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the CMS Reference Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate), and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate), all as determined by the Calculation Agent.

(ii) *Worse of CMS Interest Rates*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "Worse of CMS Interest Rates", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the lesser of: (1) CMS Reference Rate 1 plus or minus (as specified in the applicable Issue Terms) Margin 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and multiplied by Interest Participation Rate 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and (2) CMS Reference Rate 2, plus or minus (as specified in the applicable Issue Terms) Margin 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2), and multiplied by Interest Participation Rate 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2). Where foregoing (1) and (2) are the same value, then such value will be the relevant CMS Interest Rate.

(iii) *CMS Spread Interest Rate*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "CMS Spread Interest Rate", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the difference between (1) CMS Reference Rate 1, plus or minus (as specified in the applicable Issue Terms) Margin 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and multiplied by Interest Participation Rate 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), minus (2) CMS Reference Rate 2, plus or minus (as specified in the applicable Issue Terms) Margin 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2), and multiplied by Interest Participation Rate 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2).

(iv) *CMS Reference Rate Fallback Provisions*

In respect of a CMS Reference Rate and the Relevant Swap Rate (used to determine such CMS Reference Rate), if a Page for such Relevant Swap Rate is not available, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate (expressed as a percentage rate per annum) at approximately the Relevant Time on the Interest Determination Date in question. If at least three quotations are provided, the relevant CMS Reference Rate for the relevant Interest Period or day shall be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

"**Reference Banks**" means, in the case of a determination of a CMS Reference Rate, (i) if the applicable Issue Terms specify "As specified in Valuation and Settlement Condition 3.2(b)(iv)" and the Relevant Swap Rate specified is: (a) EUR Swap Rate, the principal office of five leading swap dealers in the Euro-zone interbank market; (b) GBP Swap Rate, the principal London office of five leading swap dealers in the London interbank market, (c) USD Swap Rate, the principal New York City office of five leading swap dealers in the New York City interbank market, or (d) Mid-Market Swap Rate, the principal Relevant Financial Centre office of five leading swap dealers in the Relevant Financial Centre interbank market, in each case as selected by the Calculation Agent; or (ii) such leading swap dealers in the Relevant Financial Centre interbank market as specified in the applicable Issue Terms.

If, on any Interest Determination Date, one only or none of the Reference Banks provides the Calculation Agent with such quotations of the Relevant Swap Rate (used to determine a CMS Reference Rate) as provided in the preceding paragraph, the relevant CMS Reference Rate shall be determined by the Calculation Agent in accordance with standard market practice.

3.3 **Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates**

(a) *Maximum/Minimum Interest Rates*

If a Maximum Interest Rate or Minimum Interest Rate (or both) is specified in the applicable Issue Terms for an Interest Rate in respect of an Interest Period and/or any relevant day

(including any Interest Payment Date), then if the Interest Rate for such Interest Period and/or such day calculated in accordance with the other terms of this Valuation and Settlement Schedule would otherwise be (1) greater than such Maximum Interest Rate, the Interest Rate shall be such Maximum Interest Rate, or (2) less than such Minimum Interest Rate, the Interest Rate shall be such Minimum Interest Rate.

Unless otherwise stated in the applicable Issue Terms, the Minimum Interest Rate for each Interest Period shall be deemed to be zero.

If the Notes are New York Law Notes and the Principal Amount of the relevant Tranche is less than U.S.\$2,500,000 (or equivalent), in addition to any Maximum Interest Rate as provided above, where the Interest Rate is other than a fixed rate of interest, the Interest Rate will in no event be higher than the maximum rate permitted by applicable law.

(b) *Maximum/Minimum Reference Rates*

If a Maximum Reference Rate or Minimum Reference Rate (or both) is specified in the applicable Issue Terms for a Reference Rate in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), then if the Reference Rate for such Interest Period and/or such day calculated in accordance with the other terms of this Valuation and Settlement Schedule would otherwise be (1) greater than such Maximum Reference Rate, the Reference Rate shall be such Maximum Reference Rate, or (2) less than such Minimum Reference Rate, the Interest Rate shall be such Minimum Reference Rate.

Unless otherwise stated in the applicable Issue Terms, the Minimum Reference Rate in respect of any Reference Rate for an Interest Period or any relevant day (as applicable) shall be deemed to be zero.

If the Notes are New York Law Notes and the Principal Amount of the relevant Tranche is less than U.S.\$2,500,000 (or equivalent), in addition to any Maximum Reference Rate as provided above, where the Interest Rate is other than a fixed rate of interest, the Interest Rate will in no event be higher than the maximum rate permitted by applicable law.

3.4 Calculations

The Calculation Agent will calculate the Interest Amount payable on the Floating Rate Notes or the CMS Interest Linked Notes, as the case may be, for the relevant Interest Period by applying the relevant Interest Rate to:

- (a) in the case of Floating Rate Notes or CMS Interest Linked Notes, as the case may be, which are represented by a Global Registered Note Certificate, the aggregate outstanding principal amount of the Notes represented by such Global Registered Note Certificate; or
- (b) in the case of Floating Rate Notes or CMS Interest Linked Notes, as the case may be, in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such product by the applicable Day Count Fraction, and (ii) where the Range Accrual Note Provisions apply, multiplying the product calculated in (i) by the Accrual Rate. The resultant figure will be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Note or a CMS Interest Linked Note, is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

3.5 Determination and Publication of Interest Rates and Interest Amounts

As soon as practicable after each Interest Determination Date the Calculation Agent will determine the Interest Rate and calculate the Interest Amounts in respect of each Specified Denomination for the relevant Interest Period. The Interest Amounts and the Interest Rate so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under General Condition 9 (*Events of Default*) of the General Conditions, the interest (if any) and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Valuation and Settlement Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made.

3.6 **Notification of Interest Rate and Interest Amounts**

The Calculation Agent will cause the Interest Rate and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Fiscal Agent and any stock exchange on which the relevant Floating Rate Notes or CMS Interest Linked Notes are for the time being listed and notice thereof to be published in accordance with General Condition 13 (*Notices*) of the General Conditions as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

3.7 **Linear Interpolation**

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Issue Terms, the Interest Rate for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Issue Terms or in the case of CMS Interest Linked Notes) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Issue Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period PROVIDED HOWEVER THAT if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

3.8 **Definitions**

In this Valuation and Settlement Schedule, the following terms shall have the respective meanings set out below (and for the avoidance of doubt, the following terms apply to Notes other than Fixed Rate Notes, Floating Rate Notes and CMS Interest Linked Notes where the context requires):

"**Accrual Rate**" shall be determined in accordance with Valuation and Settlement Condition 4 (*Range Accrual Notes*).

Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.

Unless otherwise stated in the applicable Issue Terms, the Minimum Interest Amount shall be deemed to be zero.

If the Notes are New York Law Notes and the Principal Amount of the relevant Tranche is less than U.S.\$2,500,000 (or equivalent), where the interest rate on which the Interest Amount is calculated is based on other than a fixed rate of interest, such interest rate on which the Interest Amount is calculated will in no event be higher than the maximum rate permitted by applicable law.

(j) *Range Accrual Table*

If Range Accrual Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date:

- (A) the Barrier will be each amount specified in the Range Accrual Table in the column entitled "Barrier";

(b) *Determination of Reference Rate*

For the purposes of the Conditions and, in particular, Valuation and Settlement Condition 3, the Back Up Rate, the Digital Reference Rate, the Reserve Rate (including each Specified Rate (as defined below) and the Digital Rate are each a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is: (i) a Fixed Interest Rate, (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply, (iii) a CMS Interest Rate, (iv) a Spread Interest Rate, (v) a Relevant Spread Rate or (vi) a Spread Reference Rate.

The Reserve Rate may also be the sum of more than one rate (each a "**Specified Rate**") or one rate less another rate (each a "**Specified Rate**").

For the avoidance of doubt, where the Reference Rate (including any Back Up Rate, the Digital Reference Rate, the Reserve Rate (and/or any Specified Rate) and/or the Digital Rate) is to be determined by reference to either the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all back up provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such Reference Rate(s), as applicable.

A different Back Up Rate, Digital Reference Rate, Reserve Rate and/or Digital Rate may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(c) *Fixed Rate Note Provisions applicable to Digital Notes*

Each Digital Note will also be a Fixed Rate Note and interest will be determined and calculated as provided in Valuation and Settlement Condition 3.1(b) (*Accrual applicable to Fixed Rate Notes*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Digital Interest Rate was a Fixed Interest Rate. (a) *Interest Rate for Digital Band Notes*

If the Issue Terms specify Digital Band Note Provisions to be applicable to the Notes ("**Digital Band Notes**"), then the Interest Rate (the "**Digital Band Interest Rate**") in respect of each Interest Period and/or Interest Payment Date to which the Digital Band Note Provisions apply (as specified in the applicable Issue Terms) will be determined as follows:

- (i) where "Reference Rate Only" is specified as applicable in the applicable Issue Terms, by reference to within which band of specified fixed rates (the "**Band**") set out in the applicable Issue Terms, the reference rate (the "**Reference Rate**") specified as applicable for such Interest Period and/or Interest Payment Date on the Interest Determination Date specified for such Interest Period and/or Interest Determination Date in the applicable Issue Terms, falls; or
- (ii) where "Reference Rate One minus Reference Rate Two" is specified as applicable in the applicable Issue Terms, by reference to within which band of specified fixed rates (the "**Band**") set out in the applicable Issue Terms, the result (the "**Result**") of the reference rate specified in the applicable Issue Terms as "Reference Rate One" minus the reference rate specified in the applicable issue Terms as "Reference Rate Two", in each case as specified as applicable for such Interest Period and/or Interest Payment Date on the Interest Determination Date specified for such Interest Period and/or Interest Determination Date in the applicable Issue Terms, falls.

In each case of sub-paragraphs (i) and (ii), the Interest Rate in respect of an Interest Period will be the rate of interest specified in the applicable Issue Terms (which may be a Fixed Interest Rate, a Floating Interest Rate, a CMS Interest Rate or a rate equal to Band Rate One minus Band Rate Two, and plus or minus a Margin (if any is specified in the applicable Issue Terms in relation to such rate) as the "**Band Rate**" for the Band in which, in the case of sub-paragraph (i), the Reference Rate falls or, in the case of sub-paragraph (ii), the Result falls. The applicable Issue Terms will specify for each Band (each of which will be numerically identified as "Band 1" or "Band 2" etc. as necessary) the appropriate Band Rate for the relevant Band.

(b) *Determination of Reference Rate*

For the purposes of the Conditions and, in particular, Valuation and Settlement Condition 3, the Reference Rate, Reference Rate One and/or Reference Rate Two, as applicable, are each a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is (i) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply; or (ii) a CMS Interest Rate.

For the purposes of the Conditions and in particular Valuation and Settlement Condition 3, the Band Rate, Band Rate One and/or Band Rate Two, as applicable, are each a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is (i) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply; or (ii) a CMS Interest Rate.

In relation to each Reference Rate (including any Reference Rate One, Reference Rate Two, Band Rate, Band Rate One and/or Band Rate Two, as applicable), depending on which one of (i) or (ii) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including the Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate in each case in accordance with the relevant provisions for a Floating Interest Rate or CMS Interest Rate, in each case, as contained in the Conditions and, in the case of Notes that are not Exempt Notes, in the Pro Forma Final Terms or, in the case of Exempt Notes, in the Pro Forma Pricing Supplement.

For the avoidance of doubt, where the Reference Rate (including any Reference Rate One, Reference Rate Two, Band Rate, Band Rate One and/or Band Rate Two, as applicable) will be determined by reference to either the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all back up provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such Reference Rate(s), as applicable.

A different Reference Rate, Reference Rate One and/or Reference Rate Two, as applicable, may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms. In addition, a different Band Rate, Band Rate One and/or Band Rate Two, as applicable, may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(c) *Fixed Rate Note Provisions applicable to Digital Band Notes*

Each Digital Band Note for which the Band Rate is a Fixed Interest Rate will also be a Fixed Rate Note and interest will be determined and calculated as provided in Valuation and Settlement Condition 3.1(b) (*Accrual applicable to Fixed Rate Notes*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Digital Band Interest Rate was a Fixed Interest Rate. As with all Fixed Rate Notes, Digital Band Notes for which the Band Rate is a Fixed Interest Rate will bear interest from (and including) the Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, such interest (an "**Interest Amount**") will be payable in arrears on the Interest Payment Date(s) in each year specified in the applicable Issue Terms. Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.

(d) *Floating Rate Note Provisions applicable to Digital Band Notes*

Each Digital Band Note for which the Band Rate is a Floating Interest Rate or a CMS Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate or a CMS Interest Rate will also be a Floating Rate Note or CMS Interest Linked Note (as applicable), and interest will be determined and calculated as provided in Valuation and Settlement Condition 3.2(a) (*Floating Rate Notes*) or 3.2(b) (*CMS Interest Linked Notes*), as applicable and in the applicable Issue Terms as though the Band Rate was a Floating Interest Rate or a CMS Interest Rate, as applicable. As with all Floating Rate Notes and CMS Interest

Linked Notes, Digital Band Notes for which the Band Rate is a Floating Interest Rate or CMS Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate will bear interest from (and including) the Interest Commencement Date at the Interest Rate (determined in accordance with paragraph (a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, such interest (an "**Interest Amount**") will be payable in arrears on the Interest Payment Date(s) in each year specified in the applicable Issue Terms. Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.

(e) *Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*

(b) *Determination of Specified Rate*

In relation to the Inverse Reference Rate (and each Specified Rate), depending on which one of (i), (ii), (iii), (iv) or (v) above is specified in relation to such Specified Rate, the applicable Issue Terms will specify in relation to such Specified Rate, all the relevant terms for such Inverse Reference Rate or Specified Rate, including for the Inverse Reference Rate and each Specified Rate, the Interest Determination Date, any Margin, any Interest Participation Rate, any Spread Note Provisions, any Minimum Reference Rate and/or any Maximum Reference Rate in each case, in accordance with the relevant provisions for a Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, a Relevant Spread Rate or Spread Reference Rate, in each case, as contained in the Conditions and, in the case of Notes that are not Exempt Notes, in the Pro Forma Final Terms or, in the case of Exempt Notes, in the Pro Forma Pricing Supplement.

For the avoidance of doubt, where the Inverse Reference Rate and/or a Specified Rate is determined by reference to either the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all back up provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such rate(s), as applicable.

A different Inverse Fixed Rate, Inverse Reference Rate and/or Specified Rate may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

As with all Floating Rate Notes and CMS Interest Linked Notes, Inverse Floating Rate Notes for which a Specified Rate is a Floating Interest Rate or CMS Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate (as applicable) will bear interest from (and including) the Interest Commencement Date at the Interest Rate (determined in accordance with paragraph (a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, such interest (an "**Interest Amount**") will be payable in arrears on the Interest Payment Date(s) in each year specified in the applicable Issue Terms. Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.
