

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”) and regulations made thereunder; (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act (“FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA and regulations made thereunder; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA and regulations made thereunder (the “UK Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA and regulations made thereunder (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Notes are intended to qualify as eligible debt securities for purposes of the Federal Reserve's total loss-absorbing capacity ("TLAC") rule. As a result, in the event of a Citigroup Inc. bankruptcy, Citigroup Inc.'s losses and any losses incurred by its subsidiaries would be imposed first on Citigroup Inc.'s shareholders and then on its unsecured creditors, including the holders of the Notes. Further, in a bankruptcy proceeding of Citigroup Inc., any value realised by holders of the Notes may not be sufficient to repay the amounts owed on the Notes. For more information about the consequences of TLAC on the notes, you should refer to "Citi Resolution Plan (CSA, etc.) in relation to Notes issued by Citigroup Inc." in the section "Description of Citigroup Inc." in the Citigroup Inc. Rates Base Prospectus.

Subject as provided above, any person making or intending to make an offer of the Notes in any Member State of the EEA may only do so:

- (a) in those Public Offer Jurisdictions mentioned in item 8 of Part B below, provided such person is one of the persons mentioned in item 8 of Part B below and that such offer is made during the Offer Period specified for such purpose therein and that any conditions relevant to the use of the Base Prospectus are complied with; or

Each purchaser of the Notes or any beneficial interest therein will be deemed to have represented and agreed that it is outside the United States and is not a U.S. person and will not sell, pledge or otherwise transfer the Notes or any beneficial interest therein at any time within the United States or to, or for the account or benefit of, a U.S. person, other than the Issuer or any affiliate thereof. PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

Admission to trading and listing

Application is expected to be made for the Notes to be listed to the official list and admitted to trading on the regulated market of Euronext Dublin with effect from on or around the Issue Date.

No assurances can be given that such application for listing and admission to trading will be granted.

In addition, application is expected to be made by the *Direttore del Consorzio* (as defined below) for the Notes to be admitted to trading on the multilateral trading facility EuroTLX (“**EuroTLX Market**”) (managed by Borsa Italiana S.p.A.), which is not a regulated market for the purposes of Directive 2014/65/EU on Markets in Financial Instruments, with effect from or around the Issue Date. However, no assurance may be given that the Notes will be admitted to trading on the EuroTLX Market on such date or any specific date thereafter. The *Direttore del Consorzio* may act as liquidity provider in accordance with the conditions of the EuroTLX Market Rules, available for viewing on the website www.borsaitaliana.it. The execution of sale and purchase orders on the EuroTLX Market will occur pursuant to the operational rules of the EuroTLX Market, published on the website www.borsaitaliana.it.

2. RATINGS

Ratings:

The Notes are not rated.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

The *Direttore del Consorzio* and the Distributors may have a conflict of interest with respect to the distribution of the Notes because they will receive a distribution fee and a commission, respectively, from the Issuer, in each case determined as a percentage of the face amount of the Notes being placed, as indicated in “Distribution” below.

Moreover, conflicts of interest may arise with respect to the distribution of the Notes because the *Direttore del Consorzio* acts as hedging counterparty of Citigroup Global Markets Europe AG, which is part of the same group of the Issuer, in relation to the issuance of the Notes. The commission payable by the Issuer to the *Direttore del Consorzio* for its role is 0.40 per cent of the Aggregate Nominal Amount of the Notes effectively placed. The *Direttore del Consorzio* may act as liquidity provider, providing bid/ask quotes for the Notes for the benefit of the Noteholders. An application is expected to be made for the Notes to be admitted to trading on the EuroTLX Market which is organized and managed by Borsa Italiana S.p.A. The *Direttore del Consorzio* has elected one member of the Advisory Committee of Borsa Italiana S.p.A.

Intesa Sanpaolo S.p.A. and its affiliates may act as market maker or liquidity provider on the EuroTLX Market in respect of the Notes. Furthermore, Intesa Sanpaolo S.p.A. holds an equity stake in Euronext N.V., the parent company of Borsa Italiana S.p.A. that manages the EuroTLX

Market, and is party to the Reference Shareholders' agreement entered between Euronext N.V.'s reference shareholders.

The *Direttore del Consorzio* and the Distributors or their affiliates may, in the ordinary course of business, perform activities involving other securities issued by the Issuer or other entities belonging to the Issuer's group, and, in that context, may have access to information regarding the Issuer or its group, but the *Direttore del Consorzio*, the Distributors or their affiliates, as applicable, will be not obliged to, and may be prevented from, making such information available to potential investors.

The *Direttore del Consorzio* and its affiliates, in the ordinary course of business, have engaged or may in the future engage in lending, advisory, investment banking and corporate finance services for the Issuer, its parent and group companies and for companies involved directly or indirectly in the sector in which the Issuer operate. The *Direttore del Consorzio* and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. The *Direttore del Consorzio* and its affiliates that have a lending relationship with the Issuer's group routinely hedge their credit exposure to the Issuer's group consistent with their customary risk management policies. Typically, the *Direttore del Consorzio* and its affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of the Notes.

The *Direttore del Consorzio* and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

4. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

- (i) Reasons for the offer: The Notes are Social Bonds.

Use of Proceeds

The Issuer intends to apply an amount equal to the net proceeds of the Notes specifically to fund the financing or refinancing in whole or in part of a portion of the Group's portfolio of affordable housing assets (the **Affordable Housing Bond Asset Portfolio**), which consist of selected eligible financing instruments which are used to finance the construction, rehabilitation and/or the preservation of quality affordable housing for low-moderate income populations in the United States (the **Social Bond Eligibility Criteria**) in accordance with the Social Bond Framework.

Social Bond Framework

The Group has developed a Social Bond Framework for Affordable Housing (the **Social Bond Framework**) for securities issuances in order to finance projects that contribute to affordable and supportive housing. The Social Bond Framework may be amended or updated from time to time and you should therefore refer to

the most recent version of the Social Bond Framework which will be available on the Group's website

(https://www.citigroup.com/citi/fixedincome/housing_bonds.htm).

As at the date of these Final Terms, the Social Bond Framework has received a Second Party Opinion by an independent consultant as detailed therein. Any such opinion is only current as of the date that opinion was issued and is not, nor should be deemed to be, a recommendation by the relevant Issuer, the Dealers or any other person to buy, sell or hold Social Bonds. You must determine for yourself the relevance of any such opinion and/or the information contained therein for the purpose of any investment in Social Bonds. As at the date of these Final Terms, the providers of such opinions are not subject to any specific oversight or regulatory or other regime. For the avoidance of doubt, the Social Bond Framework and any such opinion are not, nor shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus.

Affordable Housing Bond Asset Portfolio and Management of Proceeds

If the investment in any asset in the Affordable Housing Bond Asset Portfolio is terminated or if an asset no longer meets the Social Bond Eligibility Criteria, the asset will be removed from the Affordable Housing Bond Asset Portfolio.

The Group's Affordable Housing Bond Asset Working Group (the **AFBA Working Group**) is responsible for oversight of the Affordable Housing Bond Asset Portfolio and monitoring the aggregate amount of Social Bonds issued by entities within the Group with the aim of ensuring that the aggregate amount in the Affordable Housing Bond Asset Portfolio is equal to or greater than the aggregate amount raised by such Social Bonds. For this purpose, the continued eligibility and aggregate size of the Affordable Housing Bond Asset Portfolio is monitored quarterly. If for any reason the aggregate amount in the Affordable Housing Bond Asset Portfolio is less than the outstanding amount of Social Bonds issued, the unallocated amount will be held in cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) until the amount can be allocated towards the Affordable Housing Bond Asset Portfolio.

The Group has developed a list of exclusionary criteria (**Exclusionary Criteria**) for the proceeds

of the Affordable Housing Bond Asset Portfolio (for example, certain loans or investments for projects outside the United States, mortgage-backed securities and other derivatives, etc., all as further described in the Social Bond Framework) and commits itself to not knowingly be involved in financing any such projects or activities through the proceeds of any such sale.

Reporting

Under the Social Bond Framework, a report (the **Affordable Housing Bond Report**) will be published by the Group on its website (https://www.citigroup.com/citi/fixedincome/housing_bonds.htm) within a year from any issuance of the inaugural Social Bonds and which will cover all Social Bonds issued during the reporting period specified therein and any material changes in the Affordable Housing Bond Asset Portfolio. You should note that no other or separate notification will be provided to investors in particular Social Bonds as to the Affordable Housing Bond Asset Portfolio.

The Affordable Housing Bond Report will provide information on (i) the total outstanding par amount of Social Bonds issued during the reporting period; (ii) the total outstanding amount of funded financial assets that comprise the Affordable Housing Bond Asset Portfolio; (iii) the total amount of unallocated proceeds, if any, assigned to cash, cash equivalent and/or other liquid marketable instruments; and (iv) social impacts of the Social Bonds by providing information about the housing properties associated with the Affordable Housing Bond Asset Portfolio. Any such report is only current as of the date that report was issued and is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold Social Bonds.

Under the Social Bond Framework, the Issuer will also engage external independent accountants to review that the assets included in the Affordable Housing Bond Asset Portfolio meet the Social Bond Eligibility Criteria and are not invested in assets as defined by the Exclusionary Criteria and that the aggregate amount in the Affordable Housing Bond Asset Portfolio is equal to or greater than the aggregate amount raised by the issuance of Social Bonds (or, to the extent the total amount of the outstanding Social Bonds is less than the aggregate amount in the Affordable Housing Bond Asset Portfolio, that the difference is held in the manner described in the Social Bond Framework). Any review report is only current as of the date that report was issued and you must determine for yourself the relevance of any such report and/or the

information contained therein for the purposes of your own investment considerations or expectations.

For the avoidance of doubt, neither the Affordable Housing Bond Report nor the report of any third party is, or shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus.

Qualifications in audit report on historical financial information: There are no qualifications in the audit report of the Issuer on its audited historical financial information.

What are the key risks that are specific to the Issuer?

The Issuer is subject to the following key risks:

- The Issuer is a holding company that does not engage in any material amount of business activities that generate revenues. It services its obligations primarily with dividends and advances from its subsidiaries. Its subsidiaries that operate in the banking, insurance and securities businesses can only pay dividends if they are in compliance with applicable regulatory requirements imposed on them by federal and state regulatory authorities, and may also be subject to credit agreements that may restrict their ability to pay dividends. If such subsidiaries do not realise sufficient earnings to satisfy applicable regulatory requirements, or if such requirements are changed to further restrict the ability of such subsidiaries to pay dividends to the Issuer, the Issuer's ability to fulfil its obligations under the Notes may be adversely affected, and consequently the value of and return on the Notes may be adversely affected.
- The Issuer is expected to act as a source of financial strength for its subsidiary banks and to commit resources to support such banks. As a result, the Issuer may be required to commit resources (in the form of investments or loans) to its subsidiary banks in amounts or at times that could adversely affect its ability to also fulfil its obligations under the Notes, and consequently the value of and return on the Notes.
- The Issuer may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Issuer and/or any affiliate thereof, the liquidity and market value of the Notes are likely to be adversely affected. In addition, ratings downgrades could have a significant and immediate impact on the Issuer's funding and liquidity through cash obligations, reduced funding capacity and derivative triggers and additional margin requirements. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers. A reduction in the Issuer's or its subsidiaries' credit ratings could also widen the Issuer's credit spreads or otherwise increase its borrowing costs and limit its access to the capital markets. Any of the foregoing factors may negatively impact the value of and return on the Notes.
- Adequate liquidity and sources of funding are essential to the Issuer's businesses, and can be significantly and negatively impacted by factors the Issuer cannot control, such as general disruptions in the financial markets, governmental fiscal and monetary policies, regulatory changes or negative investor perceptions of the Issuer's creditworthiness. The Issuer's ability to obtain funding may be impaired if other market participants are seeking to access the markets at the same time, or if market appetite declines, as is likely to occur in a liquidity stress event or other market crisis. A sudden drop in market liquidity could also cause a temporary or lengthier dislocation of underwriting and capital markets activity. In addition, clearing organisations, central banks, clients and financial institutions with which the Issuer interacts may exercise the right to require additional collateral based on their perceptions or the market conditions, which could further impair the Issuer's access to and cost of funding. These factors may negatively impact the market value of the Notes.

- The COVID-19 pandemic has had, and may continue to have, negative impacts on the businesses and overall results of operations and financial condition of Citigroup Inc. and its subsidiaries (the "**Group**") which could be material. Any such negative impact on the Group (including the Issuer), could adversely affect the ability of the Issuer to fulfil its obligations under the Notes, and consequently the value of and return on the Notes may also be adversely affected.
- Following the military action by Russia in Ukraine, the U.S. has imposed, and is likely to impose material additional, financial and economic sanctions and export controls against certain Russian organisations and/or individuals, with similar actions implemented and/or planned by the European Union, the UK and other jurisdictions. The Group's ability to engage in activity with certain consumer and institutional businesses in Russia and Ukraine or involving certain Russian or Ukrainian businesses and customers is dependent in part upon whether such engagement is restricted under any current or expected U.S., European Union, UK or other countries' sanctions and laws, or is otherwise discontinued in light of these developments. Sanctions and export controls, as well as any actions by Russia, could adversely affect the Group's business activities and customers in and from Russia and Ukraine. Any negative impact of Russia's actions in Ukraine, and related sanctions, export controls and similar actions or laws on the Group, including the Issuer, could adversely affect the ability of the Issuer to fulfil its obligations under the Notes, and the value of and return on the Notes may also be adversely affected.

Acknowledgement of United States special resolution regimes: The Notes contain an express contractual recognition that, in the event the Issuer becomes subject to a proceeding under a U.S. special resolution regime, the transfer of Notes to which the relevant U.S. legislation applies (and the transfer of any interest and obligation in or under such Notes) from the Issuer will be effective to the same extent as the transfer would be effective under such U.S. special resolution regime. In addition, the Notes contain an express contractual recognition that, in the event the Issuer and any of its affiliates becomes subject to a proceeding under a U.S. special resolution regime, certain default rights against the Issuer with respect to such Notes, are permitted to be exercised to no greater extent than they could be exercised under such U.S. special resolution regime. The exercise of any power under the U.S. special resolution regimes could materially adversely affect the rights of the holders of such Notes, and accordingly, the price or value of their investment in such Notes.

Status of the Notes: The Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will at all times rank *pari passu* and rateably among themselves and at least *pari passu* with all other unsecured and unsubordinated outstanding obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

What are the key risks that are specific to the Notes?

The Notes are subject to the following key risks:

- Investment in the Notes involves the risk that if market interest rates subsequently increase above the amount and/or rate paid on the Notes, this will adversely affect the value of the Notes.
- **Credit Risk:** The Issuer's obligations under the Notes represent general contractual obligations of each respective entity and of no other person. Accordingly, payments under the Notes are subject to the credit risk of the Issuer. Noteholders will not have recourse to any secured assets of the Issuer in the event that the Issuer is unable to meet its obligations under the Notes, including in the event of an insolvency, and therefore risk losing some or all of their investment.
- **Market Risk:** Notes may have no established trading market when issued, and one may never develop, so investors should be prepared to hold the Notes until maturity. If a market does develop, it may not be very liquid. Consequently, you may not be able to sell your Notes easily or at all or at prices equal to or higher than your initial investment and in fact any such price may be substantially less than the original purchase price. Illiquidity may have a severely adverse effect on the market value of Notes.
- **Early redemption:** In certain circumstances (for example, following an event of default or for reasons relating to taxation or illegality), the Notes may be early redeemed. If the Notes are redeemed early, the amount paid may be less than your initial investment and you may therefore sustain a loss.

Why is the Prospectus being produced?

Use and estimated net amount of proceeds:

The estimated net amount of proceeds is up to the final aggregate principal amount of the Notes issued on the issue date less the commissions as described above.

The Issuer intends to apply an amount equal to the net proceeds of the Notes specifically to fund the financing or refinancing in whole or in part a portion of the Group's portfolio of affordable housing assets (the **Affordable Housing Bond Asset Portfolio**), which consist of selected eligible financing instruments which are used to finance the construction, rehabilitation and/or the preservation of quality affordable housing for low-moderate income populations in the United States (the **Social Bond Eligibility Criteria**) in accordance with the Social Bond Framework.

Social Bond Framework

The Group has developed a Social Bond Framework for Affordable Housing (the **Social Bond Framework**) for securities issuances in order to finance projects that contribute to affordable and supportive housing. The Social Bond Framework

may be amended or updated from time to time and you should therefore refer to the most recent version of the Social Bond Framework which will be available on the Group's website (https://www.citigroup.com/citi/fixedincome/housing_bonds.htm).

As at the date of these Final Terms, the Social Bond Framework has received a Second Party Opinion by an independent consultant as detailed therein. Any such opinion is only current as of the date that opinion was issued and is not, nor should be deemed to be, a recommendation by the relevant Issuer, the Dealers or any other person to buy, sell or hold Social Bonds. You must determine for yourself the relevance of any such opinion and/or the information contained therein for the purpose of any investment in Social Bonds. As at the date of these Final Terms, the providers of such opinions are not subject to any specific oversight or regulatory or other regime. For the avoidance of doubt, the Social Bond Framework and any such opinion are not, nor shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus.

Affordable Housing Bond Asset Portfolio and Management of Proceeds

If the investment in any asset in the Affordable Housing Bond Asset Portfolio is terminated or if an asset no longer meets the Social Bond Eligibility Criteria, the asset will be removed from the Affordable Housing Bond Asset Portfolio.

The Group's Affordable Housing Bond Asset Working Group (the **AFBA Working Group**) is responsible for oversight of the Affordable Housing Bond Asset Portfolio and monitoring the aggregate amount of Social Bonds issued by entities within the Group with the aim of ensuring that the aggregate amount in the Affordable Housing Bond Asset Portfolio is equal to or greater than the aggregate amount raised by such Social Bonds. For this purpose, the continued eligibility and aggregate size of the Affordable Housing Bond Asset Portfolio is monitored quarterly. If for any reason the aggregate amount in the Affordable Housing Bond Asset Portfolio is less than the outstanding amount of Social Bonds issued, the unallocated amount will be held in cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) until the amount can be allocated towards the Affordable Housing Bond Asset Portfolio.

The Group has developed a list of exclusionary criteria (**Exclusionary Criteria**) for the proceeds of the Affordable Housing Bond Asset Portfolio (for example, certain loans or investments for projects outside the United States, mortgage-backed securities and other derivatives, etc., all as further described in the Social Bond Framework) and commits itself to not knowingly be involved in financing any such projects or activities through the proceeds of any such sale.

Reporting

Under the Social Bond Framework, a report (the **Affordable Housing Bond Report**) will be published by the Group on its website (https://www.citigroup.com/citi/fixedincome/housing_bonds.htm) within a year from any issuance of the inaugural Social Bonds and which will cover all Social Bonds issued during the reporting period specified therein and any material changes in the Affordable Housing Bond Asset Portfolio. You should note that no other or separate notification will be provided to investors in particular Social Bonds as to the Affordable Housing Bond Asset Portfolio.

The Affordable Housing Bond Report will provide information on (i) the total outstanding par amount of Social Bonds issued during the reporting period; (ii) the total outstanding amount of funded financial assets that comprise the Affordable Housing Bond Asset Portfolio; (iii) the total amount of unallocated proceeds, if any, assigned to cash, cash equivalent and/or other liquid marketable instruments; and (iv) social impacts of the Social Bonds by providing information about the housing properties associated with the Affordable Housing Bond Asset Portfolio. Any such report is only current as of the date that report was issued and is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold Social Bonds.

Under the Social Bond Framework, the Issuer will also engage external independent accountants to review that the assets included in the Affordable Housing Bond Asset Portfolio meet the Social Bond Eligibility Criteria and are not invested in assets as defined by the Exclusionary Criteria and that the aggregate amount in the Affordable Housing Bond Asset Portfolio is equal to or greater than the aggregate amount raised by the issuance of Social Bonds (or, to the extent the total amount of the outstanding Social Bonds is less than the aggregate amount in the Affordable Housing Bond Asset Portfolio, that the difference is held in the manner described in the Social Bond Framework). Any review report is only current as of the date that report was issued and you must determine for yourself the relevance of any such report and/or the information contained therein for the purposes of your own investment considerations or expectations.

For the avoidance of doubt, neither the Affordable Housing Bond Report nor the report of any third party is, or shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus.

Underwriting agreement on a firm commitment basis: The offer of the Notes is not subject to an underwriting agreement on a firm commitment basis.

Description of any interest material to the issue/offer, including conflicting interests: Fees are payable to the *Direttore del Consorzio* and to the Distributors. The terms of the Notes confer on the Issuer, the calculation agent and certain other persons discretion in making judgements, determinations and calculations in relation to the Notes. Potential conflicts of

interest may exist between the Issuer, calculation agent and holders of the Notes, including with respect to such judgements, determinations and calculations. The Issuer, and/or any of its affiliates may also from time to time engage in transactions or enter into business relationships for its own account and/or possess information which affect or relate to the Notes. The Issuer and/or any of its affiliates have no obligation to disclose to investors any such information and may pursue actions and take steps that it deems necessary or appropriate to protect its interests without regard to the consequences for investors.

So far as the Issuer is aware, save as set out above and save as what is specified in the Final Terms with reference to (i) the *Direttore del Consorzio* acting as hedge counterparty (ii) the relationship between the *Direttore del Consorzio* and other companies of the Intesa Sanpaolo Group and Borsa Italiana S.p.A., (iii) the *Direttore del Consorzio* potentially acting as liquidity provider on EuroTLX Market in respect of the Notes and (iv) the Distributors' and *Direttore del Consorzio*'s and their affiliates' relationship with the Issuer and companies of its group - no person involved in the offer of the Notes has an interest material to the Offer.

Quali sono i principali fattori di rischio specifici relativi all'Emittente?

L'Emittente è esposto ai seguenti fattori di rischio principali:

- L'Emittente è una holding che non svolge alcuna attività commerciale rilevante che genera ricavi. Adempie alle proprie obbligazioni principalmente con dividendi e anticipi che riceve dalle proprie controllate. Le sue controllate che operano nel settore bancario, assicurativo e finanziario possono pagare i dividendi solo se sono conformi ai requisiti regolamentari a loro applicabili imposti dalle autorità regolamentari federali o statali e possono inoltre essere soggette a contratti di credito che possono limitarne la capacità di pagamento dei dividendi. Nel caso in cui tali controllate non realizzino utili sufficienti per soddisfare i requisiti regolamentari applicabili, o se tali requisiti sono cambiati limitando ulteriormente la capacità di tali controllate di pagare i dividendi all'Emittente, la capacità dell'Emittente di adempiere agli obblighi che gli competono ai sensi dei Titoli potrebbe risentirne negativamente e di conseguenza anche il valore e il rendimento dei Titoli potrebbero risentirne negativamente.
- L'Emittente è tenuto a conferire solidità finanziaria alle proprie banche controllate e ad impegnare risorse per sostenere tali banche. Di conseguenza, l'Emittente potrebbe essere tenuto a impegnare risorse (sotto forma di investimenti o prestiti) in favore delle sue banche controllate per importi o in momenti tali da incidere negativamente sulla sua capacità di adempiere agli obblighi che gli competono ai sensi dei Titoli e, di conseguenza, sul valore e sul rendimento dei Titoli.
- L'Emittente potrebbe non essere in grado di mantenere il proprio rating attuale. Qualora un'agenzia di rating riduca, sospenda o ritiri il rating assegnato all'Emittente e/o a una qualunque delle sue collegate, è probabile che la liquidità e il valore di mercato dei Titoli ne risentano negativamente. Inoltre, i declassamenti del rating potrebbero avere un

impatto significativo e immediato sulla capacità dell'Emittente di raccogliere fondi e liquidità, comportando obblighi di liquidità, riducendo la capacità di finanziamento, attivando trigger su derivati e imponendo requisiti di margine aggiuntivi. Un declassamento dei rating potrebbe avere un impatto negativo anche su altre fonti di finanziamento, ad esempio il finanziamento garantito e altri requisiti di margine, per le quali non esistono trigger espliciti. Una riduzione dei rating creditizi dell'Emittente o delle relative controllate potrebbe inoltre ampliare gli spread creditizi dell'Emittente o comunque aumentare gli oneri di finanziamento e limitarne l'accesso ai mercati dei capitali. Qualunque fattore sopramenzionato può influire negativamente sul valore e sul rendimento dei Titoli.

- Liquidità e fonti di finanziamento adeguate sono essenziali per le attività dell'Emittente e possono risentire in misura estremamente negativa di fattori che ricadono fuori del controllo dell'Emittente, come eventi di turbativa generale dei mercati finanziari, adozione di politiche fiscali e monetarie da parte delle autorità, modifiche regolamentari o percezioni negative degli investitori dell'affidabilità creditizia dell'Emittente. La capacità dell'Emittente di ottenere finanziamenti può risultare compromessa se altri operatori di mercato cercano di accedere ai mercati allo stesso tempo o se la propensione del mercato diminuisce, come è probabile in caso di tensioni di liquidità o altra crisi di mercato. Inoltre, un improvviso calo della liquidità di mercato potrebbe causare una dislocazione più o meno lunga dell'attività di sottoscrizione e dei mercati dei capitali. Inoltre, gli organismi di compensazione, le banche centrali, i clienti e gli istituti finanziari con cui l'Emittente interagisce possono esercitare il diritto di richiedere garanzie collaterali aggiuntive in base alle loro percezioni o alle condizioni di mercato, che potrebbero ulteriormente compromettere l'accesso dell'Emittente ai finanziamenti e il costo degli stessi. Questi fattori possono influire negativamente sul valore di mercato dei Titoli.
- La pandemia di COVID-19 ha prodotto, e potrebbe continuare a produrre, impatti negativi potenzialmente rilevanti sulle attività e i risultati complessivi delle operazioni e sulle condizioni finanziarie di Citigroup Inc. e relative controllate (il "**Gruppo**"). Qualsiasi impatto negativo di questo tipo sul Gruppo (Emittente incluso) potrebbe influire negativamente sulla capacità dell'Emittente di adempiere agli obblighi che gli competono ai sensi dei Titoli e, di conseguenza, anche il valore e il rendimento dei Titoli potrebbero esserne negativamente influenzati.
- A seguito dell'azione militare della Russia in Ucraina, gli Stati Uniti hanno imposto, e probabilmente imporranno ulteriori rilevanti sanzioni finanziarie ed economiche e controlli sulle esportazioni nei confronti di alcune organizzazioni e/o individui Russi, con azioni simili attuate e/o pianificate dall'Unione Europea, dal Regno Unito e da altre giurisdizioni. La capacità del Gruppo di impegnarsi in attività con determinate imprese di consumo e istituzionali in Russia e Ucraina o che coinvolgono alcune imprese e consumatori russi o ucraini dipende in parte dal fatto che tale impegno sia limitato o meno da qualsiasi azione in corso o prevista dagli Stati Uniti, Unione Europea, Regno Unito o da sanzioni e leggi di altri paesi, o sia diversamente interrotto alla luce di questi sviluppi. Sanzioni e controlli sulle esportazioni così come eventuali azioni da parte della Russia, potrebbero influenzare negativamente le attività commerciali del Gruppo e i clienti in e dalla Russia e dall'Ucraina. Qualsiasi impatto negativo delle azioni della Russia in Ucraina, e delle relative sanzioni, controlli sulle esportazioni e azioni o leggi simili sul Gruppo, incluso l'Emittente, potrebbe influenzare negativamente la capacità dell'Emittente di adempiere ai propri obblighi ai sensi dei Titoli, e anche il valore e il rendimento dei Titoli potrebbero essere influenzati negativamente.

Quali sono i principali fattori di rischio specifici relativi ai Titoli?

I Titoli sono esposti ai seguenti fattori di rischio principali:

- L'investimento nei Titoli comporta il rischio che qualora in un secondo momento i tassi di interesse di mercato dovessero aumentare superando l'importo/il tasso pagato sui Titoli, il valore dei Titoli ne risentirebbe negativamente.
- *Rischio di credito:* Gli obblighi dell'Emittente ai sensi dei Titoli rappresentano obblighi contrattuali generali per ciascuna rispettiva entità e nessun altro soggetto. Di conseguenza, i pagamenti effettuati ai sensi dei Titoli sono esposti al rischio di credito dell'Emittente. I portatori di Titoli non potranno fare ricorso ad alcuna attività garantita dell'Emittente nel caso in cui l'Emittente non sia in grado di soddisfare i propri obblighi ai sensi dei Titoli, neanche in caso di insolvenza, e quindi rischiano di perdere una parte o la totalità del proprio investimento.
- *Rischio di mercato:* I Titoli potrebbero non essere soggetti a negoziazioni attive al momento dell'emissione e tali negoziazioni potrebbe non svilupparsi mai. Di conseguenza, gli investitori devono essere pronti a detenere i Titoli fino alla scadenza. Qualora un mercato si sviluppasse, potrebbe non essere molto liquido. Di conseguenza, l'investitore potrebbe incontrare difficoltà a vendere facilmente i propri Titoli o potrebbe non riuscirvi affatto o potrebbe non essere in grado di venderli a prezzi pari o superiori all'investimento iniziale o, ancora, tale prezzo potrebbe essere sostanzialmente inferiore al prezzo di acquisto originale. L'illiquidità può incidere in misura particolarmente negativa sul valore di mercato dei Titoli.
- *Rimborso anticipato:* In talune circostanze, (ad esempio in seguito al verificarsi di un evento di *default* e circostanze relative a motivi fiscali o di illegalità), i Titoli potrebbero essere rimborsati anticipatamente. Se i Titoli sono rimborsati anticipatamente, l'importo pagato potrebbe essere inferiore rispetto all'investimento iniziale e si potrebbe quindi sostenere una perdita.

Perché viene prodotto il Prospetto?

Utilizzo e importo netto stimato dei proventi:

L'importo netto stimato dei proventi è fino al valore nominale complessivo finale dei Titoli emessi alla data di emissione meno le commissioni come sopra descritte.

L'Emittente intende utilizzare un importo pari ai proventi netti dei Titoli, specificamente per sovvenzionare il finanziamento o rifinanziamento in tutto o in parte di una porzione del portafoglio di *asset* del Gruppo di alloggi a prezzi accessibili (*"Affordable Housing Bond Portfolio"*), che consiste in selezionati strumenti di finanziamento idonei che sono utilizzati per finanziare la costruzione, la ristrutturazione e/o la conservazione di alloggi di qualità a prezzi accessibili per le popolazioni a basso-moderato reddito negli Stati Uniti (i *Social Bond Eligibility Criteria*) in conformità con il *Social Bond Framework*.

Social Bond Framework

Il Gruppo ha sviluppato un *Social Bond Framework for Affordable Housing* (il *Social Bond Framework*) per l'emissione di titoli al fine di finanziare progetti che contribuiscono ad alloggi accessibili e di supporto. Il *Social Bond Framework* può essere modificato o aggiornato di volta in volta e si dovrebbe quindi fare riferimento alla versione più recente del *Social Bond Framework* che sarà disponibile sul sito web del Gruppo (https://www.citigroup.com/citi/fixedincome/using_bonds.htm).

Alla data delle presenti Condizioni Definitive, il *Social Bond Framework* ha ricevuto un parere (*Second Party Opinion*) da parte di un consulente indipendente, come dettagliato all'interno dello stesso. Tale parere è vigente solo a partire dalla data in cui è stato emesso e non è, né deve essere considerato una raccomandazione da parte dell'Emittente, dei Dealers o di qualsiasi altro soggetto di acquistare, vendere o detenere *Social Bond*. Si deve determinare in autonomia la rilevanza di tale parere e/o delle informazioni in esso contenute ai fini di qualsiasi investimento nei *Social Bond*. Alla data delle presenti Condizioni Definitive, i fornitori di tali pareri non sono soggetti ad alcuna specifica supervisione o regime normativo o di altro tipo. A scanso di equivoci, il *Social Bond Framework* e tali pareri non sono, né saranno considerati, incorporati in e/o parte delle presenti Condizioni Definitive o del Prospetto di Base.

Affordable Housing Bond Asset Portfolio e gestione dei proventi

Se l'investimento in qualsiasi *asset* dell'*Affordable Housing Bond Asset Portfolio* è terminato o se un *asset* non soddisfa più i criteri di idoneità descritti dai *Social Bond Eligibility Criteria*, tale *asset* sarà rimosso dall'*Affordable Housing Bond Asset Portfolio*.

Il Gruppo *Affordable Housing Bond Asset Working Group* (AFBA *Working Group*) è responsabile della supervisione dell'*Affordable Housing Bond Asset Portfolio* e del monitoraggio dell'importo complessivo dei *Social Bond* emessi da entità all'interno del Gruppo con l'obiettivo di assicurare che l'importo complessivo dell'*Affordable Housing Bond Asset Portfolio* sia pari o superiore all'importo complessivo raccolto da tali *Social Bond*. A tal fine, la continua ammissibilità e la dimensione complessiva dell'*Affordable Housing Bond Asset Portfolio* è monitorata trimestralmente.

Se per qualsiasi motivo, l'importo complessivo dell' Affordable Housing Bond Asset Portfolio è inferiore all'importo dei Social Bond emessi in circolazione, l'importo non allocato sarà tenuto in contanti, equivalenti in contanti e/o altri strumenti liquidi negoziabili (compresi titoli del Tesoro degli Stati Uniti) fino a quando l'importo non potrà essere allocato verso l' Affordable Housing Bond Asset Portfolio.

Il Gruppo ha sviluppato un elenco di criteri di esclusione (*Exclusionary Criteria*) per i proventi dell' Affordable Housing Bond Asset Portfolio (per esempio, alcuni prestiti o investimenti per progetti al di fuori degli Stati Uniti, titoli garantiti da ipoteca e altri derivati, ecc., come ulteriormente descritto nel Social Bond Framework) e si impegna a non essere consapevolmente coinvolto nel finanziamento di tali progetti o attività attraverso i proventi di tali vendite.

Reporting

Nell'ambito del Social Bond Framework, un report (*l' Affordable Housing Bond Report*) sarà pubblicato dal Gruppo, entro un anno da qualsiasi emissione inaugurale di Social Bond, sul suo sito web (https://www.citigroup.com/citi/fixedincome/using_bonds.htm) e coprirà tutti i Social Bond emessi durante il periodo di riferimento ivi specificato e qualsiasi cambiamento sostanziale nell' Affordable Housing Bond Asset Portfolio. Si noti che nessun'altra notifica separata sarà fornita agli investitori in specifici Social Bond per quanto riguarda l' Affordable Housing Bond Asset Portfolio.

L' *Affordable Housing Bond Report* fornirà informazioni su (i) l'importo totale in circolazione dei Social Bond emessi durante il periodo di riferimento; (ii) l'importo totale in circolazione delle attività finanziarie finanziate che compongono l' Affordable Housing Bond Asset Portfolio; (iii) l' importo totale dei proventi non assegnati, se presenti, mantenuti in contante, in equivalente del contante e/o altri strumenti liquidi negoziabili; e (iv) gli impatti sociali dei Social Bond, fornendo informazioni sulle proprietà immobiliari associate all' Affordable Housing Bond Asset Portfolio. Qualsiasi report di questo tipo è vigente solo alla data in cui il report è stato emesso e non è, né deve essere considerato una raccomandazione da parte dell'Emittente, dei Dealers o di qualsiasi altra persona di acquistare, vendere o detenere Social Bond.

Nell'ambito del Social Bond Framework, l'Emittente incaricherà anche dei contabili indipendenti esterni per verificare che gli asset inclusi nell' Affordable Housing Bond Asset Portfolio soddisfino i Social Bond Eligibility Criteria e non siano investiti in assets definiti dagli Exclusionary Criteria e che l'importo complessivo dell' Affordable Housing Bond Asset Portfolio sia pari o superiore all'importo complessivo raccolto dall'emissione di Social Bond (o, nella misura in cui l'importo totale dei Social Bond in circolazione è inferiore all'importo complessivo dell' Affordable Housing Bond Asset Portfolio, che la differenza sia detenuta nel modo descritto nel Social Bond Framework). Qualsiasi report di verifica è vigente solo a partire alla data in cui tale report è stato emesso e si deve determinare in autonomia la rilevanza di tale report e/o delle informazioni in esso contenute ai fini delle proprie considerazioni o aspettative di investimento.

A scanso di equivoci, né l' Affordable Housing Bond Report né il report di qualsiasi terza parte, sono, né saranno considerati, incorporati in e/o parte delle presenti Condizioni Definitive o del Prospetto di Base.

Accordo di sottoscrizione su una base di sottoscrizione vincolata: L'offerta dei Titoli non è soggetta a un accordo di sottoscrizione sulla base di una sottoscrizione vincolata.

Descrizione di qualsiasi interesse rilevante per l'emissione/offerta, inclusi conflitti di interesse: Le commissioni sono dovute al Direttore del Consorzio ed ai Collocatori. L'Emittente, e/o qualsiasi sua società collegata non ha alcun obbligo di rendere note agli investitori tali informazioni e possono intraprendere le azioni e adottare le misure che ritiene necessarie o appropriate per tutelare i propri interessi, senza tenere conto delle conseguenze per gli investitori.
